#### AMES NATIONAL CORPORATION

### AT A GLANCE

#### **BACKGROUND**

Ames National Corporation (ANC) is an lowa-based bank holding company. ANC was organized and incorporated on January 21, 1975, under the laws of the State of Iowa to serve as a holding company for its principal banking subsidiary, First National Bank, Ames, Iowa. In 1983, ANC acquired the stock of the State Bank & Trust Co. located in Nevada, Iowa; in 1991, ANC through a newly-chartered state bank known as Boone Bank & Trust Co., acquired certain assets and assumed certain liabilities of the former Boone State Bank & Trust Company located in Boone, Iowa; in 1995, ANC acquired the stock of the Reliance State Bank located in Story City, Iowa; and in 2002, ANC chartered and commenced operations of United Bank & Trust NA, located in Marshalltown, Iowa. In 2012, Reliance State Bank acquired an office located in Garner, Iowa. In 2014, First National Bank acquired three offices located in West Des Moines and Johnston, Iowa, and three locations in the Osceola, Iowa area in 2018. Today, each Affiliate Bank is operated as a wholly-owned subsidiary of ANC.

#### **AFFILIATE BANK STRUCTURE**

Each Affiliate Bank operates independently with a board of directors and a bank president. Decisions are made locally, which means customers receive quick responses to questions, and services are customized to meet customer needs in each community.

#### The principal sources of revenue for ANC are:

- Interest and fees earned on loans made and held by ANC and Affiliate Banks
- Interest on investments, fees on wealth management services, service charges on deposit accounts maintained by Affiliate Banks, merchant and card fees, gain on sale of loans and securities gains

The Affiliate Banks' lending activities consist primarily of short-term and medium-term commercial, agricultural and residential real estate loans, agricultural and business operating loans, lines of credit, home improvement loans and the origination of mortgage loans for sale into the secondary market. Affiliate Banks also offer a variety of checking, savings and time deposits accounts, cash management services, wealth management and trust services, merchant credit card processing and safe deposit box services. Convenient access to funds and account information is also available through: Online Banking, Video Banking, Mobile Banking, Online Bill Pay, Mobile Wallet, online statements and debit cards.

### SHAREHOLDERS

We are pleased to provide you the 2018 Ames National Corporation Annual Report and share a continuing story of growth and profitability. As we reflect on the 2018 results, we sincerely appreciate your ongoing participation in our success and are grateful for the opportunity to serve you.

The following report will provide an overview on financial results, drivers of these results, community involvement and our strategic focus.

We sincerely appreciate your ongoing participation in our success and are grateful for the opportunity to serve you.

#### **FINANCIAL RESULTS**

Financial results surpassed our expectations, and Ames National Corporation reached many milestones during 2018. The Company had forecasted earnings for 2018 in the range of \$1.70 to \$1.76 per share. For the year ended December 31, 2018, net income totaled a record \$17,014,000 or \$1.83 per share, compared to \$13,697,000 or \$1.47 per share earned in 2017.

There were three primary drivers of the improvement in earnings. First, loan interest income grew by approximately \$4 million, or 12%. Second, our provision for loan losses decreased by 58% compared to last year due to the decrease in the net charge offs and specific reserve levels. Finally, and most notably, our income tax expense decreased \$3.2 million, or 42%, as a result of the new lower corporate income tax rate.

The increase in earnings was offset by a \$2.4 million rise in interest expense on deposits. The Federal Reserve increased the federal funds rate four times in 2018, from 1.50% to 2.50% over the year. As a result, our Affiliate Banks were responsive to our clients and provided higher rates on checking, savings and certificates of deposit. A boost in loan interest rates will lag behind given the timing of loan renewals. Even with this shift in the yield curve, we are pleased to report that the Company's net interest margin remained relatively stable at 3.23% at year-end 2018 compared to a year ago.

In reviewing non-interest income results, it is important to note the contributions of Wealth Management, which consists of Investment Services and Financial Management & Trust Services.

Wealth Management reported a 9% increase in income and a growing number of relationships.

The 2016 acquisition of an Ames-based financial planning company has proven to be beneficial both to the bottom-line as well as to relationship expansion. The Company continues to see Wealth Management Services as significant area of growth as the team delivers an exceptional financial management experience at each stage of life for our clients.

Credit quality continues to be an essential driver of success. Our Affiliates are focused on effectively monitoring and managing credit quality and client relationships, which support profitability. Net loan charge offs were .03% of total outstanding loans, well below the average for lowa banks for the year ended December 31, 2018. Overall, economic conditions remain favorable in the communities we serve. Company management is seeing weakness in the lowa agricultural economy as a result of the current low grain prices; however, favorable yields in 2018 are generally providing break even cash flows for most of the Company's agricultural borrowers.

2018 ANNUAL REPORT | AMES NATIONAL CORPORATION

Assets, loans and deposits reached record highs in 2018. Total assets were \$1.5 billion, an \$81 million rise compared to December 31, 2017. Net loans as of December 31, 2018 grew 15%, to \$890 million as compared to \$772 million last year and deposits totaled \$1.2 billion at year-end 2018, compared to \$1.1 billion recorded at December 31, 2017. This balance sheet growth can be mainly attributed to the acquisition of Clarke County State Bank (CCSB) in Osceola, Iowa by the Company's largest affiliate bank, First National Bank, Ames, in September 2018. The acquired assets totaled approximately \$103 million.

The addition of CCSB to First National Bank is a good fit with their stable loan and deposit client base, a quality group of bankers, and improved geographic footprint for the Company. The synergies created between CCSB and First National Bank with customer service and community involvement are also crucial components in this strategic acquisition.

#### STRATEGIC FOCUS

We have high expectations for continual improvement and profitability. In our 2017 Annual Report, we highlighted two top priorities for our team as we work to enhance your shareholder value - Employee and Customer Engagement. These priorities have not changed. We know that to continue to grow and thrive, we must be committed to understanding our clients' financial goals and supporting our team members who help our clients reach those financial goals.

As we think strategically about employee and customer engagement, we must keep our core values of excellence, integrity, leadership, stability, trust and community at the center of our decision-making. Here are five key strategies important to building strong relationships and expanding in the markets we serve:

- Define clear expectations for the Personal Banking, Business Banking and Trust and Wealth Management customer journeys. Each of our communities is unique, and therefore, require unique growth and retention plans to helping clients succeed. We must find the right balance between high tech and personal interactions.
- Expand our Mobile Banking solutions. Mobile usage is definitely trending upward. "Over 55% of all adults now utilize mobile banking, and 60% of consumers under age 34 consider mobile deposit to be a "must have" or "nice to have" feature." We are dedicated to making smart technology choices that simplify banking for clients and make online processes seamless. As the number of digital channels and evolving customer expectations are becoming more and more complex, we must deliver tools and options that customize our clients' experiences.
- Build an exceptional employee experience. BAI Banking Outlook findings show that what is most important to employees and how they "derive the most satisfaction is through their company's work environment (54%), followed by ethics and values and career development tied at (49%); compensation ranks fourth in importance at 43%."<sup>2</sup> We are committed to helping our employees succeed by utilizing their strengths. Through expanded training and development efforts and

leadership initiatives as well as an ongoing focus on enhancing our benefits package, we are confident we can provide a positive environment that engages our team members.

- Maintain our focus on strong credit quality. Without excellent credit quality, a bank spends too much time and energy working on problems instead of taking advantage of opportunities. We take our responsibility of being good financial partners with our clients very seriously so they are well-positioned to succeed.
- **Grow through acquisition.** We couldn't be more pleased with the growth we have experienced in the past six years through acquisition, and we continue to see more opportunities for the future. Acquisitions provide increased revenue potential through a larger client base, diversified portfolios and expanded service offerings.

All of these principles will be essential to our Strategic Planning process. Through collaboration with our Board of Directors, Management Team and employees, we will develop and implement a five-year strategic plan in 2019. We are looking forward to bringing our leaders together to think strategically about the unique ways we will serve our clients, employees and shareholders in this ever-changing financial industry.

#### **IN SUMMARY**

We want to thank our employees for their dedication to making Ames National Corporation the strong and growing organization it is today. Clients value consistency, and the expertise and longevity we have at Ames National Corporation are distinct and valuable attributes.

Please mark your calendar and plan to join us on **Tuesday, April 23** as we celebrate a year of accomplishments for Ames National Corporation at our 44th Annual Meeting of Shareholders at Reiman Gardens. We encourage you to contact us if you have any questions.

#### COMMUNITY

# INVOLVEMENT

Living our core values is weaved throughout our corporate culture and there is no better example of our employees' dedication to community than by highlighting the many ways that they choose to serve. Each community is unique and our Affiliate Banks are play integral roles in helping our community members live more productive, educated and enriched lives.

We truly believe that the success our company is measured by the success of our stakeholders – our clients, community, business partners, employees and shareholders. We recognize our civic responsibility and appreciate all of our employees' efforts to support the communities that help us grow.
