PART I

Item 1. Business

We were organized as a Texas corporation on April 19, 1961. Until September 1969, we operated as a licensee under the Small Business Investment Act of 1958. At that time, we transferred to our wholly-owned subsidiary, Capital Southwest Venture Corporation ("CSVC"), certain assets and our license as a small business investment company ("SBIC"). CSVC is a closed-end, non-diversified investment company of the management type registered under the Investment Company Act of 1940 (the "1940 Act"). Prior to March 30, 1988, we were registered as a closed-end, non-diversified investment company under the 1940 Act. On that date, we elected to become a business development company subject to the provisions of Sections 55 through 65 of the 1940 Act, as amended by the Small Business Incentive Act of 1980. Because we wholly own CSVC, the portfolios of both entities are referred to collectively as "our", "we" and "us".

We are a venture capital investment company whose objective is to achieve capital appreciation through long-term investments in businesses believed to have favorable growth potential. Our investment interests are focused on expansion financings, management buyouts, recapitalizations, industry consolidations and early-stage financings in a broad range of industry segments. The portfolio is a composite of companies in which we have major interests as well as a number of developing companies and marketable securities of established publicly-owned companies. We make available significant managerial assistance to the companies in which we invest and believe that providing material assistance to such investee companies is critical to their business development activities.

The twelve largest investments we own had a combined cost of \$42,496,262 and a value of \$356,795,966, representing 87.7% of the value of our consolidated investment portfolio at March 31, 2004. For a narrative description of the twelve largest investments, see "Twelve Largest Investments - March 31, 2004" on pages 7 through 9 of our Annual Report to Shareholders for the Year Ended March 31, 2004 (our "2004 Annual Report") which is herein incorporated by reference. Certain of the information presented on the twelve largest investments has been obtained from the respective companies and, in certain cases, from public filings of such companies. The financial information presented on each of the respective companies is from such companies' financial statements, which in some instances are unaudited.

We compete for attractive investment opportunities with venture capital partnerships and corporations, venture capital affiliates of industrial and financial companies, SBICs and wealthy individuals.

The number of persons employed by us at March 31, 2004 was seven.

Our internet website address is www.capitalsouthwest.com. You can review the filings we have made with the U.S. Securities and Exchange Commission, free of charge by linking directly from our website to NASDAQ, a database that links to EDGAR, the Electronic Data Gathering, Analysis, and Retrieval System of the SEC. You should be able to access our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934. The charters adopted by the committees of our board of directors are also available on our website.

Item 2. Properties

We maintain our offices at 12900 Preston Road, Suite 700, Dallas, Texas, 75230, where we rent approximately 3,700 square feet of office space pursuant to a lease agreement expiring in February 2008. We believe that our offices are adequate to meet our current and expected future needs.

Item 3. Legal Proceedings

We have no material pending legal proceedings to which we are a party or to which any of our property is subject.

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of security holders during the quarter ended March 31, 2004.

Item 4A. Executive Officers

The names and ages of our executive officers as of June 1, 2004, together with certain biographical information, are as follows:

William M. Ashbaugh, age 49, has served as Vice President since 2001. He previously served as Managing Director in the corporate finance departments of Hoak Breedlove Wesneski & Co. from 1998 to 2001, Principal Financial Securities from 1997 to 1998 and Southwest Securities from 1995 to 1997.

Patrick F. Hamner, age 48, has served as Vice President since 1986 and was an Investment Associate from 1982 to 1986.

Susan K. Hodgson, age 42, has served as Secretary-Treasurer since 2001 and was Controller from 1994 to 2001.

Gary L. Martin, age 57, has been a director since July 1988 and has served as Vice President since 1984. He previously served as Vice President from 1978 to 1980. Since 1980, Mr. Martin has served as President of The Whitmore Manufacturing Company, a wholly-owned portfolio company.

William R. Thomas, age 75, has served as Chairman of the Board of Directors since 1982 and President since 1980. In addition, he has been a director since 1972 and was previously Senior Vice President from 1969 to 1980.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Pages 29 through 31 of our 2004 Annual Report are herein incorporated by reference.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

We are subject to financial market risks, including changes in marketable equity security prices. We do not use derivative financial instruments to mitigate any of these risks. The return on our investments is not materially affected by foreign currency fluctuations.

Our investment in portfolio securities consists of fixed rate debt securities which totaled \$4,729,493 at March 31, 2004, equivalent to 1.16% of the value of our total investments. Since these debt securities usually have relatively high fixed rates of interest, minor changes in market yields of

publicly-traded debt securities have little or no effect on the values of debt securities in our portfolio and no effect on interest income. Our investments in debt securities are generally held to maturity and their fair values are determined on the basis of the terms of the debt security and the financial condition of the issuer.

A portion of our investment portfolio consists of debt and equity securities of private companies. We anticipate little or no effect on the values of these investments from modest changes in public market equity valuations. Should significant changes in market valuations of comparable publicly-owned companies occur, there would be a corresponding effect on valuations of private companies, which would affect the value and the amount and timing of proceeds eventually realized from these investments. A portion of our investment portfolio also consists of restricted common stock of publicly-owned companies. The fair values of these restricted securities are influenced by the nature of applicable resale restrictions, the underlying earnings and financial condition of the issuers of such restricted securities and the market valuations of comparable publicly-owned companies. A portion of our investment portfolio also consists of unrestricted, freely marketable common stocks of publicly-owned companies. These freely marketable investments, which are valued at the public market price, are directly exposed to equity price risks, in that a change in an issuer's public market price would result in an identical change in the fair value of our investment in such security.

Item 8. Financial Statements and Supplementary Data

Exhibit 13.1

Twelve Largest Investments - March 31, 2004

Palm Harbor Homes, Inc. \$86,406,000

Palm Harbor Homes, Dallas, Texas, is an integrated manufacturer and retailer of manufactured and modular housing produced in 19 plants and sold in 30 states by 149 company-owned retail stores and builder locations and approximately 275 independent dealers, builders and developers. The company provides financing through its subsidiary, CountryPlace Mortgage, and through its jointly-owned mortgage banking company, BSM Financial, and sells insurance through its subsidiary, Standard Casualty. Palm Harbor's high-quality homes are designed to meet the need for attractive, affordable housing.

During the year ended March 26, 2004, Palm Harbor reported a net loss of \$6,017,000 (\$0.26 per share) on net sales of \$578,465,000, compared with earnings of \$3,221,000 (\$0.14 per share) on net sales of \$573,130,000 in the previous year. The March 31, 2004 closing Nasdaq bid price of Palm Harbor's common stock was \$20.99 per share.

At March 31, 2004, the \$10,931,955 investment in Palm Harbor by Capital Southwest and its subsidiary was valued at \$86,406,000 (\$11.00 per share), consisting of 7,855,121 restricted shares of common stock, representing a fully-diluted equity interest of 34.4%.

The RectorSeal Corporation \$60,000,000

The RectorSeal Corporation, Houston, Texas, with two plants in Texas and a plant in New York, manufactures specialty chemical products including pipe thread sealants, firestop sealants, plastic cements and other formulations for plumbing, HVAC, electrical and industrial applications. RectorSeal's subsidiary, Jet-Lube, Inc., with plants in Texas, England and Canada, produces anti-seize compounds, specialty lubricants and other products used in industrial and oil field applications. Another subsidiary produces a line of automotive chemical products sold under the Cargo and Blue Magic trade names. RectorSeal also owns a 20% equity interest in The Whitmore Manufacturing Company (described on page 8).

During the year ended March 31, 2004, RectorSeal earned \$6,235,000 on revenues of \$65,883,000, compared with earnings of \$6,799,000 (\$5,720,000 after subtracting extraordinary tax credits) on revenues of \$63,161,000 in the previous year. RectorSeal's earnings do not reflect its 20% equity in The Whitmore Manufacturing Company.

At March 31, 2004, Capital Southwest owned 100% of RectorSeal's common stock having a cost of \$52,600 and a value of \$60,000,000.

Encore Wire Corporation \$59,939,000

Encore Wire Corporation, McKinney, Texas, manufactures a broad line of copper electrical building wire and cable including non-metallic sheathed, underground feeder and THHN wire and cable for residential, commercial and industrial construction. Encore's products are sold through large-volume distributors and building materials retailers.

For the year ended December 31, 2003, Encore reported net income of \$14,376,000 (\$0.94 per share) on net sales of \$384,750,000, compared with net income of \$5,964,000 (\$0.39 per share) on net sales of \$285,207,000 in the previous year. The March 31, 2004 closing Nasdaq bid price of Encore's common stock was \$37.23 per share.

At March 31, 2004, the \$5,800,000 investment in 2,724,500 shares of Encore's restricted common stock by Capital Southwest and its subsidiary was valued at \$59,939,000 (\$22.00 per share), representing a fully-diluted equity interest of 16.9%.

Skylawn Corporation \$40,000,000

Skylawn Corporation, Hayward, California, owns and operates cemeteries, mausoleums and mortuaries. Skylawn's operations, all of which are in California, include a major cemetery in San Mateo, a mausoleum and an adjacent mortuary in Oakland and cemeteries, mausoleums and mortuaries in Hayward and Sacramento. The company recently acquired a funeral home in San Bruno and will soon begin building a major funeral home on the grounds of its San Mateo County cemetery. Its insurance company and funeral and cemetery trusts enable Skylawn's clients to make pre-need arrangements.

For the fiscal year ended March 31, 2004, Skylawn reported unaudited earnings of \$2,850,000 on revenues of \$25,452,000, compared with restated earnings of \$2,928,000 on revenues of \$24,871,000 in the previous year.

Notes to Portfolio of Investments

(a) The percentages in the "Equity" column express the potential equity interests held by Capital Southwest Corporation and Capital Southwest Venture Corporation (together, the "Company") in each issuer. Each percentage represents the amount of the issuer's common stock the Company owns or can acquire as a percentage of the issuer's total outstanding common shares, plus shares reserved for all warrants, convertible securities and employee stock options. The symbol "<1%" indicates that the Company holds a potential equity interest of less than one percent.

(b) Unrestricted securities (indicated by ++) are freely marketable securities having readily available market quotations. All other securities are restricted securities which are subject to one or more restrictions on resale and are not freely marketable. At March 31, 2004, restricted securities represented approximately 87.9% of the value of the consolidated investment portfolio.

(c) Under the valuation policy of the Company, unrestricted securities are valued at the closing sale price for listed securities and at the lower of the closing bid price or the last sale price for Nasdaq securities on the valuation date. Restricted securities, including securities of publicly-owned companies which are subject to restrictions on resale, are valued at fair value as determined by the Board of Directors. Fair value is considered to be the amount which the Company may reasonably expect to receive for portfolio securities if such securities were sold on the valuation date. Valuations as of any particular date, however, are not necessarily indicative of amounts which may ultimately be realized as a result of future sales or other dispositions of securities.

Among the factors considered by the Board of Directors in determining the fair value of restricted securities are the financial condition and operating results of the issuer, the long-term potential of the business of the issuer, the market for and recent sales prices of the issuer's securities, the values of similar securities issued by companies in similar businesses, the proportion of the issuer's securities owned by the Company, the nature and duration of resale restrictions and the nature of any rights enabling the Company to require the issuer to register restricted securities under applicable securities laws. In determining the fair value of restricted securities, the Board of Directors considers the inherent value of such securities without regard to the restrictive feature and adjusts for any diminution in value resulting from restrictions on resale.

(d) Agreements between certain issuers and the Company provide that the issuers will bear substantially all costs in connection with the disposition of common stocks, including those costs involved in registration under the Securities Act of 1933 but excluding underwriting discounts and commissions. These agreements cover common stocks owned at March 31, 2004 and common stocks which may be acquired thereafter through exercise of warrants and conversion of debentures and preferred stocks. They apply to restricted securities of all issuers in the investment portfolio of the Company except securities of the following issuers, which are not obligated to bear registration costs: Humac Company, Skylawn Corporation and The Whitmore Manufacturing Company.

(e) The descriptions of the companies and ownership percentages shown in the portfolio of investments were obtained from published reports and other sources believed to be reliable, are supplemental and are not covered by the report of independent auditors. Acquisition dates indicated are the dates specific securities were acquired. Certain securities were received in exchange for or upon conversion or exercise of other securities previously acquired.

Notes to Consolidated Financial Statements

1. Summary of Significant Accounting Policies

Capital Southwest Corporation ("CSC") is a business development company subject to regulation under the Investment Company Act of 1940. Capital Southwest Venture Corporation ("CSVC"), a wholly-owned subsidiary of CSC, is a Federal licensee under the Small Business Investment Act of 1958. Capital Southwest Management Corporation ("CSMC"), a wholly-owned subsidiary of CSC, is the management company for CSC and CSVC. The following is a summary of significant accounting policies followed in the preparation of the consolidated financial statements of CSC, CSVC and CSMC (together, the "Company"):

Principles of Consolidation. The consolidated financial statements have been prepared on the value method of accounting in accordance with accounting principles generally accepted in the United States of America for investment companies. All significant intercompany accounts and transactions have been eliminated in consolidation.

Cash and Cash Equivalents. All temporary cash investments having a maturity of three months or less when purchased are considered to be cash equivalents.

Investments. Investments are stated at market or fair value determined by the Board of Directors as described in the Notes to Portfolio of Investments and Note 2 below. The average cost method is used in determining cost of investments sold. Investments are recorded on a trade date basis. Dividends are recognized on the ex-dividend date and interest income is accrued daily.

Segment Information. The Company operates and manages its business in a singular segment. As an investment company, the Company invests in portfolio companies in various industries and geographic areas as presented in the portfolio of investments.

Indemnification. The Company enters into agreements that contain customary indemnification provisions. The maximum exposure under these indemnification agreements is unknown, but the Company has had no previous claims or losses and expects the risk of losses to be remote.

Related Parties. Several of the Company's directors, officers and employees serve on the boards of various portfolio companies.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Stock-Based Compensation. Effective April 1, 2003, the Company adopted the fair value method of recording compensation expense related to all stock options granted after March 31, 2003, in accordance with FASB Statement No. 123, "Accounting for Stock-Based Compensation" and SFAS No. 148 "Accounting for Stock-Based Compensation - Transition and Disclosure - an amendment of FASB Statement No. 123". Accordingly, the fair value of stock options as determined on the date of grant using the Black-Scholes option-pricing model will be expensed over the vesting period of the related stock options. No stock options were granted during the fiscal year ended March 31, 2004.

Prior to April 1, 2003, the Company accounted for its stock-based compensation under the recognition and measurement principles of Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees". No stock-based compensation cost is reflected in net asset value, as all options granted under those plans had an exercise price equal to the market value of the underlying common stock on the date of grant.

The following table illustrates the effect on net asset value and net asset value per share if the Company had applied the fair value recognition provisions of FASB Statement No. 123 to stock-based compensation.

	Years Ended March 31		
	2004	2003	2002
Net asset value, as reported	\$290,623,350	\$206,466,975	\$250,491,042
Deduct: Total fair value computed stock-based compensation	179,440	179,440	59,216
Pro forma net asset value	\$290,443,910	\$206,287,535	\$250,431,826
Net asset value per share:			
Basic - as reported	\$75.35	\$53.92	\$65.42
Basic - pro forma	\$75.30	\$53.87	\$65.40
Diluted - as reported	\$75.32	\$53.79	\$65.20
Diluted- pro forma	\$75.27	\$53.74	\$65.19

The diluted net asset value per share calculation assumes all vested outstanding options for which the market price exceeds the exercise price have been exercised.

2. Valuation of Investments

The consolidated financial statements as of March 31, 2004 and 2003 include securities valued at \$357,538,427 (87.9% of the value of the consolidated investment portfolio) and \$261,680,466 (91.2% of the value of the consolidated investment portfolio), respectively, whose values have been determined by the Board of Directors in the absence of readily ascertainable market values. Because of the inherent uncertainty of valuation, these values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

3. Income Taxes

For the tax years ended December 31, 2003, 2002 and 2001, CSC and CSVC qualified to be taxed as regulated investment companies ("RICs") under applicable provisions of the Internal Revenue Code. As RICs, CSC and CSVC must distribute at least 90% of their taxable net investment income (investment company taxable income) and may either distribute or retain their taxable net realized gain on investments (capital gains). Both CSC and CSVC intend to meet the applicable qualifications to be taxed as RICs in future years; however, either company's ability to meet certain portfolio diversification requirements of RICs in future years may not be controllable by such company.

For the year ended December 31, 2003, CSC and CSVC had net investment income for book and tax purposes of \$2,308,631 and \$693,569, respectively, all of which has been distributed. During 2003, CSC and CSVC had a net capital gain for book purposes of \$2,638,095 and \$2,676,859, respectively, and a net capital gain for tax purposes of \$2,579,248 and \$2,669,314, respectively, which were offset by a capital loss carryforward of \$4,792,370 and \$2,758,084, respectively. As of December 31, 2003, CSC and CSVC had capital loss carryforwards of \$2,213,122 (expires 2009-2010) and \$88,770 (expires 2009), respectively, which may be used to offset future taxable capital gains.

The aggregate cost of investments for federal income tax purposes as of March 31, 2004 was \$100,752,741. Such investments had unrealized appreciation of \$335,974,385 and unrealized depreciation of \$26,308,215 for book purposes, or net unrealized appreciation of \$309,666,170. They had unrealized appreciation of \$333,617,078 and unrealized depreciation of \$27,420,999 for tax purposes, or net unrealized appreciation of \$306,196,079 at March 31, 2004. The difference between book basis and tax basis unrealized appreciation is attributable primarily to interest income that was accrued for tax purposes, but not for book purposes.

CSC and CSVC may not qualify or elect to be taxed as RICs in future years. Therefore, consolidated deferred Federal income taxes of \$107,169,000 and \$67,790,000 have been provided on net unrealized appreciation of investments of \$309,666,170 and \$195,598,595 at March 31, 2004 and 2003, respectively. Such appreciation is not included in taxable income until realized. Deferred income taxes on net unrealized appreciation of investments have been provided at the then currently effective maximum Federal corporate tax rate on capital gains of 35% at March 31, 2004 and 2003.

4. Notes Payable

The note payable to bank at March 31, 2004 and 2003 was from an unsecured revolving line of credit of \$25,000,000 of which \$15,500,000 had been drawn at both March 31, 2004 and 2003. The revolving line of credit bears interest at the bank's base rate less .50% or LIBOR plus 1.25% and matures on July 31, 2004.

The notes payable to portfolio company were demand promissory notes to Skylawn Corporation with interest payable at the greater of prime minus 2.0% or the Applicable Federal Rate established by the Internal Revenue Service. Interest expense on these portfolio company notes was \$151,089 in 2004, \$75,531 in 2003 and \$216,280 in 2002.

5. Employee Stock Option Plan

Under the 1984 Incentive Stock Option Plan, options to purchase -0-, 28,000 and 28,000 shares of common stock at \$35.625 per share (the market price at the time of grant) were outstanding and exercisable at March 31, 2004, 2003 and 2002, respectively. During the three years ended March 31, 28,000 options were exercised in 2004, -0- were exercised in 2003 and 14,000 were exercised in 2002. The 1984 Incentive Stock Option Plan expired in 1994.

On July 19, 1999, shareholders approved the 1999 Stock Option Plan ("Plan"), which provides for the granting of stock options to employees and officers of the Company and authorizes the issuance of common stock upon the exercise of such options for up to 140,000 shares of common stock. All options are granted at or above market price and generally expire ten years from the date of grant and are generally exercisable on or after the first anniversary of the date of grant in five to ten annual installments.

At March 31, 2004, there were 85,500 additional shares available for grant under the Plan. The per share weighted average fair value of stock options granted during 2002 was \$20.76 on the date of grant using the Black Scholes option-pricing model with the following assumptions: expected dividend yield of .92%, risk-free interest rate of 5.14%, expected volatility of 20.6%, and expected life of 7 years.

The following summarizes activity in the stock option plans for the years ended March 31, 2004, 2003 and 2002:

	Number of shares -----	Weighted Average Exercise Price -----
Balance at April 1, 2001	80,000	\$55.856

	=====	=====

At March 31, 2004, the range of exercise prices and weighted average remaining contractual life of outstanding options was \$65.00 - \$84.70 and 6.12 years, respectively.

At March 31, 2004, 2003 and 2002, the number of options exercisable was 24,200, 44,750 and 36,100, respectively and the weighted average exercise price of those options was \$73.24, \$50.61, \$45.93, respectively.

6. Employee Stock Ownership Plan

The Company and one of its wholly-owned portfolio companies sponsor a qualified employee stock ownership plan ("ESOP") in which certain employees participate. Contributions to the plan, which are invested in Company stock, are made at the discretion of the Board of Directors. A participant's interest in contributions to the ESOP fully vests after five years of active service. During the three years ended March 31, 2004, the Company made contributions to the ESOP, which were charged against net investment income, of \$88,937 in 2004, \$44,417 in 2003 and \$28,322 in 2002.

7. Retirement Plans

The Company sponsors a qualified defined benefit pension plan which covers its employees and employees of certain of its wholly-owned portfolio companies. The following information about the plan represents amounts and information related to the Company's participation in the plan and is presented as though the Company sponsored a single-employer plan. Benefits are based on years of service and an average of the highest five consecutive years of compensation during the last ten years of employment. The funding policy of the plan is to contribute annual amounts that are currently deductible for tax reporting purposes. No contribution was made to the plan during the three years ended March 31, 2004.

The following tables set forth the qualified plan's benefit obligations and fair value of plan assets at March 31, 2004, 2003 and 2002:

	Years Ended March 31		
	2004	2003	2002

Net pension benefit from qualified plan	\$ (345,496)	\$ (502,243)	\$ (631,383)

The Company also sponsors an unfunded Retirement Restoration Plan, which is a nonqualified plan that provides for the payment, upon retirement, of the difference between the maximum annual payment permissible under the qualified retirement plan pursuant to Federal limitations and the amount which would otherwise have been payable under the qualified plan.

The following table sets forth the Retirement Restoration Plan's benefit obligations at March 31, 2004, 2003 and 2002:

	Years Ended March 31

The Retirement Restoration Plan expenses recognized during the years ended March 31, 2004, 2003 and 2002 of \$72,584, \$114,320 and \$126,847, respectively, are offset against the net pension benefit from the qualified plan.

The weighted-average discount rate and rate of increase in future compensation levels used in determining the actuarial present value of the projected benefit obligation were 5.75% and 5.0%, respectively, at March 31, 2004, 6.0% and 5.0%, respectively, at March 31, 2003 and 6.5% and 5.0%, respectively, at March 31, 2002. The expected long-term rate of return used to project estimated earnings on plan assets for the qualified plan was 6.0% for the years ended March 31, 2004 and March 31, 2003 and 7.5% for the year ended March 31, 2002. The calculations also assume retirement at age 65, the normal retirement age.

8. Commitments

The Company has agreed, subject to certain conditions, to invest up to \$2,700,025 in six portfolio companies.

The Company leases office space under an operating lease which requires base annual rentals of approximately \$75,000 through February, 2008. For the three years ended March 31, total rental expense charged to investment income was \$74,122 in 2004, \$60,482 in 2003 and \$58,984 in 2002.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders
Capital Southwest Corporation:

We have audited the accompanying consolidated statement of financial condition of Capital Southwest Corporation and subsidiaries, including the portfolio of investments on pages 10-14, as of March 31, 2004, and the related consolidated statements of operations, changes in net assets, and cash flows, and the selected per share data and ratios on page 26 for the year then ended. These financial statements and per share data and ratios are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and per share data and ratios based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included verification by examination of securities held by the custodian as of March 31, 2004 and confirmation of securities not held by the custodian by correspondence with others. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the consolidated financial statements and the selected per share data and ratios referred to above present fairly, in all material respects, the consolidated financial position of Capital Southwest Corporation and subsidiaries at March 31, 2004, the consolidated results of its operations, changes in its net assets, and its cash flows, and the selected per share data and ratios for the year then ended, in conformity with U.S. generally accepted accounting principles.

Results of Operations

The composite measure of the Company's financial performance in the Consolidated Statements of Operations is captioned "Increase (decrease) in net assets from operations" and consists of three elements. The first is "Net investment income", which is the difference between the Company's income from interest, dividends and fees and its combined operating and interest expenses, net of applicable income taxes. The second element is "Net realized gain (loss) on investments", which is the difference between the proceeds received from disposition of portfolio securities and their stated cost, net of applicable income tax expense. The third element is the "Net increase (decrease) in unrealized appreciation of investments", which is the net change in the market or fair value of the Company's investment portfolio, compared with stated cost, net of an increase or decrease in deferred income taxes which would become payable if the unrealized appreciation were realized through the sale or other disposition of the investment portfolio. It should be noted that the "Net realized gain (loss) on investments" and "Net increase (decrease) in unrealized appreciation of investments" are directly related in that when an appreciated portfolio security is sold to realize a gain, a corresponding decrease in net unrealized appreciation occurs by transferring the gain associated with the transaction from being "unrealized" to being "realized." Conversely, when a loss is realized on a depreciated portfolio security, an increase in net unrealized appreciation occurs.

Net Investment Income

The Company's principal objective is to achieve capital appreciation. Therefore, a significant portion of the investment portfolio is structured to maximize the potential return from equity participation and provides minimal current yield in the form of interest or dividends. The Company also earns interest income from the short-term investment of cash funds, and the annual amount of such income varies based upon the average level of funds invested during the year and fluctuations in short-term interest rates. During the three years ended March 31, the Company had interest income from temporary cash investments of \$10,247 in 2004, \$17,346 in 2003 and \$48,877 in 2002. The Company also receives management fees from its wholly-owned portfolio companies which aggregated \$597,000 in 2004 and \$458,400 in 2003 and 2002. During the three years ended March 31, 2004, the Company recorded dividend income from the following sources:

	Years Ended March 31		
	2004	2003	2002
AT&T Corp.	\$ 23,984	\$ 19,987	\$ 19,987

	-----	-----	-----
	\$3,860,937	\$3,360,990	\$3,293,633
	=====	=====	=====

Total operating expenses, excluding interest expense, increased by \$350,160 or 30.5% and by \$126,524 or 12.4% during the years ended March 31, 2004 and 2003, respectively. Due to the nature of its business, the majority of the Company's operating expenses are related to employee and director compensation, office expenses, legal and accounting fees and the net pension benefit. Interest expense decreased by \$452,611 during the year ended March 31, 2003 due to a decrease in interest rates and the payoff of the subordinated debenture on June 3, 2002. For the year ended March 31, 2002, interest expense decreased by \$214,965 due to a decrease in interest rates.

Net Realized Gain (Loss) on Investments

Net realized gain on investments was \$8,191,872 (after income tax expense of \$4,411,007) during the year ended March 31, 2004, compared with a gain of \$1,345,728 (after income tax expense of \$661,384) during 2003 and a loss of \$537,934 (after income tax benefit of \$224,180) during 2002. Management does not attempt to maintain a comparable level of realized gains from year to year, but instead attempts to maximize total investment portfolio appreciation. This strategy often dictates the long-term holding of portfolio securities in pursuit of increased values and increased unrealized appreciation, but may at opportune times dictate realizing gains or losses through the disposition of certain portfolio investments.

Net Increase (Decrease) in Unrealized Appreciation of Investments

For the three years ended March 31, the Company recorded an increase (decrease) in unrealized appreciation of investments before income taxes of \$114,067,574, \$(69,688,616) and \$36,971,348 in 2004, 2003 and 2002, respectively. As explained in the first paragraph of this discussion and analysis, the realization of gains or losses results in a corresponding decrease or increase in unrealized appreciation of investments. Set forth in the following table are the significant increases and decreases in unrealized appreciation (before the related change in deferred income taxes and excluding the effect of gains or losses realized during the year) by portfolio company for securities held at the end of each year.

	Years Ended March 31		
	2004	2003	2002
Alamo Group Inc.	\$ 8,464,000	\$ (8,464,000)	\$ 2,821,000
All Components, Inc.	2,900,000	--	(50,000)
AmPro Mortgage Corporation	(2,529,167)	--	--
Concert Industries Ltd.	(442,998)	(5,479,000)	(3,740,000)
Encore Wire Corporation	46,316,000	(10,898,000)	10,898,000
Extreme International, Inc. ..	4,613,661	551,750	--
Mail-Well, Inc.	5,115,674	(2,557,926)	(524,000)
Media Recovery, Inc.	7,000,000	--	(8,000,000)
Organized Living, Inc.	--	(2,999,999)	(3,000,000)
Palm Harbor Homes, Inc.	15,710,000	(39,275,000)	31,420,000
PETSMART, Inc.	4,335,000	(436,051)	5,298,343
The RectorSeal Corporation	5,000,000	5,000,000	2,500,000
Texas Capital Bancshares, Inc.	6,110,352	--	--

As shown in the above table for the year ended March 31, 2004, we sustained a major \$46,316,000 increase in the value of our investment in Encore Wire Corporation. This was due to the significant increase in Encore's sales and earnings which stemmed partly from higher copper prices. In the prior period, we experienced a \$10,898,000 decline in the value of our investment as overcapacity in the electric wire and cable industry led to intense price competition and lower profit margins. During the year ended March 31, 2004, the value of our investment in Palm Harbor Homes, Inc. increased by \$15,710,000 due to anticipated improvement of the manufactured housing industry resulting from substantially reduced inventories of foreclosed homes and reappearance of sources of chattel mortgage financing. In the prior period, the value of our investment decreased by \$39,275,000 due to the unfavorable outlook for the manufactured housing industry.

A description of the investments listed above and other material components of the investment portfolio is included elsewhere in this report under the caption "Portfolio of Investments - March 31, 2004."

Deferred Taxes on Unrealized Appreciation of Investments

The Company provides for deferred Federal income taxes on net unrealized appreciation of investments. Such taxes would become payable at such time as unrealized appreciation is realized through the sale or other disposition of those components of the investment portfolio which would result in taxable transactions. At March 31, 2004 consolidated deferred Federal income taxes of \$107,169,000 were provided on net unrealized appreciation of investments of \$309,666,170 compared with deferred taxes of \$67,790,000 on net unrealized appreciation of \$195,598,595 at March 31, 2003. Deferred income taxes at March 31, 2004 and 2003 were provided at the then currently effective maximum Federal corporate tax rate on capital gains of 35%.

Portfolio Investments

During the year ended March 31, 2004, the Company invested \$12,458,840 in various portfolio securities listed elsewhere in this report under the caption "Portfolio Changes During the Year," which also lists dispositions of portfolio securities. During the 2003 and 2002 fiscal years, the Company invested a total of \$11,904,639 and \$3,545,458, respectively.

Financial Liquidity and Capital Resources

At March 31, 2004, the Company had cash and cash equivalents of approximately \$10.2 million. Pursuant to Small Business Administration ("SBA") regulations, cash and cash equivalents of \$0.2 million held by CSVC may not be transferred or advanced to CSC without the consent of the SBA. Under current SBA regulations and subject to SBA's approval of its credit application, CSVC would be entitled to borrow up to \$64.5 million. The Company also has an unsecured \$25,000,000 revolving line of credit from a commercial bank, of which \$9,500,000 was available at March 31, 2004. With the exception of a capital gain distribution made in the form of a distribution of the stock of a portfolio company in the fiscal year ended March 31, 1996, the Company has elected to retain all gains realized during the past 36 years. Retention of future gains is viewed as an important source of funds to sustain the Company's investment activity. Approximately \$49.4 million of the Company's investment portfolio is represented by unrestricted publicly-traded securities, which have an ascertainable market value and represent a source of liquidity.

Funds to be used by the Company for operating or investment purposes may be transferred in the form of dividends, management fees or loans from Skylawn Corporation, The RectorSeal Corporation and The Whitmore Manufacturing Company, wholly-owned portfolio companies of the Company, to the extent of their available cash reserves and borrowing capacities. At March 31, 2004, the Company owed \$5,000,000 to Skylawn Corporation.

Management believes that the Company's cash and cash equivalents and cash available from other sources described above are adequate to meet its expected requirements. Consistent with the long-term strategy of the Company, the disposition of investments from time to time may also be an important source of funds for future investment activities.

Contractual Obligations

As shown below, the Company had the following contractual obligations as of March 31, 2004. For further information see Note 4 and Note 8 of the Consolidated Financial Statements.

Critical Accounting Policies

Valuation of Investments

In accordance with the Investment Company Act of 1940, investments in unrestricted securities (freely marketable securities having readily available market quotations) are valued at market and investments in restricted securities (securities subject to one or more resale restrictions) are valued at fair value determined in good faith by the Company's Board of Directors. Under the valuation policy of the Company, unrestricted securities are valued at the closing sale price for listed securities and at the lower of the closing bid price or the last sale price for Nasdaq securities on the valuation date. Restricted securities, including securities of publicly-owned companies which are subject to restrictions on resale, are valued at fair value, which is considered to be the amount the Company may reasonably expect to receive if such securities were sold on the valuation date. Valuations as of any particular date, however, are not necessarily indicative of amounts which may ultimately be realized as a result of future sales or other dispositions of securities.

Among the factors considered by the Board of Directors in determining the fair value of restricted securities are the financial condition and operating results of the issuer, the long-term potential of the business of the issuer, the market for and recent sales prices of the issuer's securities, the values of similar securities issued by companies in similar businesses, the proportion of the issuer's securities owned by the Company, the nature and duration of resale restrictions and the nature of any rights enabling the Company to require the issuer to register restricted securities under applicable securities laws. In determining the fair value of restricted securities the Board of Directors considers the inherent value of such securities without regard to the restrictive feature and adjusts for any diminution in value resulting from restrictions on resale.

Deferred Income Taxes

In future years, the Company may not qualify or elect to be taxed as a regulated investment company ("RIC") under applicable provisions of the Internal Revenue Code. Therefore, deferred Federal income taxes have been provided on net unrealized appreciation of investments at the then currently effective corporate tax rate on capital gains.

Impact of Inflation

The Company does not believe that its business is materially affected by inflation, other than the impact which inflation may have on the securities markets, the valuations of business enterprises and the relationship of such valuations to underlying earnings, all of which will influence the value of the Company's investments.

Risks

Pursuant to Section 64(b)(1) of the Investment Company Act of 1940, a business development company is required to describe the risk factors involved in an investment in the securities of such company due to the nature of the company's investment portfolio. Accordingly the Company states that:

The Company's objective is to achieve capital appreciation through investments in businesses believed to have favorable growth potential. Such businesses are often undercapitalized small companies which lack management depth and have not yet attained profitability. The Company's venture investments often include securities which do not yield interest or dividends and are subject to legal or contractual restrictions on resale, which restrictions adversely affect the liquidity and marketability of such securities.

Because of the speculative nature of the Company's investments and the lack of any market for the securities initially purchased by the Company, there is a significantly greater risk of loss than is the case with traditional investment securities. The high-risk, long-term nature of the Company's venture investment activities may prevent shareholders of the Company from achieving price appreciation and dividend distributions.

Shareholder Information

Stock Transfer Agent

American Stock Transfer & Trust Company, 59 Maiden Lane, New York, NY 10038 (telephone 800-937-5449) serves as transfer agent for the Company's common stock. Certificates to be transferred should be mailed directly to the transfer agent, preferably by registered mail.

Shareholders

The Company had approximately 700 record holders of its common stock at March 31, 2004. This total does not include an estimated 2,300 shareholders with shares held under beneficial ownership in nominee name or within clearinghouse positions of brokerage firms or banks.

Market Prices

The Company's common stock trades on The Nasdaq Stock Market under the symbol CSWC. The following high and low selling prices for the shares during each quarter of the last two fiscal years were taken from quotations provided to the Company by Nasdaq:

Quarter Ended	High	Low
June 30, 2002.....	\$79.24	\$66.31
September 30, 2002.....	70.25	58.00
December 31, 2002.....	60.24	45.35
March 31, 2003.....	53.00	43.00
Quarter Ended	High	Low
June 30, 2003.....	\$66.75	\$ 47.26

Dividends

The payment dates and amounts of cash dividends per share since April 1, 2002 are as follows:

Payment Date	Cash Dividend
May 31, 2002.....	\$0.20
November 29, 2002.....	0.40
May 30, 2003.....	0.20
November 28, 2003.....	0.40
May 28, 2004.....	0.20

The amounts and timing of cash dividend payments have generally been dictated by requirements of the Internal Revenue Code regarding the distribution of taxable net investment income (ordinary income) of regulated investment companies. Instead of distributing realized long-term capital gains to shareholders, the Company has ordinarily elected to retain such gains to fund future investments.

Automatic Dividend Reinvestment and Optional Cash Contribution Plan

As a service to its shareholders, the Company offers an Automatic Dividend Reinvestment and Optional Cash Contribution Plan for shareholders of record who own a minimum of 25 shares. The Company pays all costs of administration of the Plan except brokerage transaction fees. Upon request, shareholders may obtain information on the Plan from the Company, 12900 Preston Road, Suite 700, Dallas, Texas 75230. Telephone (972) 233-8242. Questions and answers about the Plan are on the next page.
