#### **Dear Fellow Shareholders,**

Realty Income had a milestone year in 2019 as we celebrated the 50<sup>th</sup> anniversary of our company's founding, the 25<sup>th</sup> anniversary of our public listing on the New York Stock Exchange (NYSE), and another year of favorable operating results and shareholder returns. I am deeply proud of our company's track record of success, humbled by the team's many accomplishments, and extremely optimistic about

our future. As I reflect on Realty Income's bright prospects in this new decade, I am gratified that the mission which has guided the company since its inception remains core to our success.

William and Joan Clark founded Realty Income in 1969 with the mission to provide dependable monthly income that increases over time. We have sustained this commitment to our shareholders, whom we consider loyal customers, to the present day, as we were one of only a handful of REITs that continued raising dividends through the Great Recession and, as of year-end 2019, we had paid 593 consecutive monthly dividends. That achievement led to Realty Income being added to the S&P 500 Dividend Aristocrats® index this year, making us one of only 64 companies in this exclusive group and one of only three REITs. I share this incredible honor with all of you and thank you from the bottom of my heart for the loyalty, hard work, and passion that makes this possible.

Since our founding, the company has grown its market capitalization to more than \$32 billion, annual revenue to over \$1.4 billion, the real estate portfolio to 6,483 properties,

and the team to 194 employees. In addition, since our public listing in 1994, we have grown AFFO per share by a compound average annual growth rate of 5%, increased total market capitalization by a compound average annual growth rate of 19.1%, and delivered 16.5% compound average annual total shareholder return.

Our dedication to the company's mission has remained steadfast throughout this period of growth. However, the way we do business and serve our shareholders, clients, colleagues, and community has evolved. When we listed on the NYSE in 1994, our real estate portfolio of 628 properties was primarily concentrated in child care centers, restaurants, and automotive retailers. Today, our portfolio has expanded to include clients operating in 50 industries. Similarly, ten years ago, our real estate portfolio was entirely comprised of retail properties.

Today, our strategy has expanded to include industrial properties, which represents nearly 12% of revenue. As we entered 2019, our real estate portfolio was centered in the United States and Puerto Rico. Today, we serve clients internationally to include properties located in the United Kingdom.

We are excited about our international expansion, as it enhances our robust investment pipeline and represents a natural evolution of the company's growth strategy. We believe the size of the European net lease market and the need for a large-scale, well-capitalized institutional real estate partner offers a propitious environment for us to increase our total addressable market for growth, and that our company is ideally positioned to pursue this adjacent vertical given our standing as a leader in the net lease industry. Our prospects are further enhanced by our sector-leading cost of capital and ability to complete large-scale transactions without creating issues around tenant or industry concentration. Domestically, we will continue to seek to capitalize on our size and scale advantages to drive favorable operating and financial results.

#### **OUR 2019 RESULTS**

Our disciplined execution across all areas of our business culminates in healthy earnings and dividend growth. In 2019, we grew AFFO per share, or the cash earnings available to pay dividends to our shareholders, by 4.1% to \$3.32. This allowed us to increase the dividend five times throughout the year, and again in February 2020, raising the dividend by 3.1% as compared to February 2019. The continued strength of our operations enabled us to increase the dividend while achieving an AFFO payout ratio of 81.7% in 2019, which we believe provided a comfortable margin of safety for our shareholders. In 2019, the shareholders who owned our common stock for the full calendar year realized a total return of 21.3%, which is comprised of the change to our stock price as well as the dividends paid throughout the year, assuming reinvestment of dividends.

During 2019, we invested more than \$3.7 billion in high-quality real estate, acquiring only 6.5% of the \$57 billion in potential real estate transactions sourced and reviewed. Total international investments during 2019 were \$798 million, which includes our first international acquisition a portfolio of 12 properties located in the United Kingdom leased to Sainsbury's, a leading grocer. We ended the year with portfolio occupancy of 98.6% and achieved a 102.6% rent recapture rate on re-leasing activity during the year. We remain very well-positioned with a conservative capital structure and strong liquidity, ending the year with a Net Debt-to-Adjusted EBITDAre of 5.5x and approximately \$2.3 billion available on our \$3.0 billion multi-currency revolving credit facility.

### OUR TEAM - WE VALUE THOSE WE SERVE

In 2019, we revisited and refined our values, with an acute focus on those we serve—our shareholders, clients, colleagues, and community. Here are some of the key values which guide us:

We do business with integrity, respect, transparency and humility, because how we act is more important than what we accomplish

We do right by our clients, because their success is our success

We nurture and reward our team, so they will be inspired and engaged to give their best every day

We prioritize diversity and inclusion, because we are all equal

We aspire to give more than we take, in our community and the environment

Employees form the foundation of Realty Income's corporate culture and are our most valuable assets. Our team consists of 194 dedicated team members across 13 departments, and the talent and commitment of our colleagues drive the company's success. Our collective achievements are made possible through the guidance of the independent members of our Board of Directors, and we were pleased to welcome

Christie Kelly, former Global Chief Financial Officer of Jones Lang Lasalle Incorporated, to our board in 2019.

We are One Team, and we are dedicated to ensuring that we have the right people, processes, and systems in place, while fostering an environment in which all employees can excel. In 2019, we completed an employee engagement survey to assess, analyze, and respond to employee sentiment. The results were positive, affirming the continued strength of our corporate culture; however, we continuously monitor opportunities for improvement and will conduct employee engagement surveys on an ongoing basis. Additionally, we emphasize investing in proprietary technology solutions to ensure we have the tools to continue enhancing the scalability of our platform as we grow the company.

As a service-driven business, we are dedicated not only to our shareholders, clients, and colleagues, but also to our community. We have maintained a significant presence in San Diego County since our founding in 1969, devoting over 900 hours in employee volunteer time in 2019. We donate annually to a variety of charitable organizations and remain dedicated to operating our business in a socially and environmentally responsible manner. Environmental, social and governance ("ESG") issues increasingly factor into a

company's long-term prospects, and we are thus evolving our philosophy and strategy to take advantage of ESG opportunities and manage risks. We officially developed a Sustainability Department this year and are dedicating resources to numerous initiatives in 2020.

#### MACROECONOMIC OUTLOOK

We remain dedicated to creating longterm value across a variety of economic environments. This idea is core to our business, as we are focused on being a reliable safe harbor throughout all economic cycles. Although we believe our portfolio and investment strategies are well-positioned to deliver consistently on this goal, our team continuously monitors and analyzes macroeconomic factors and their potential impact on domestic and international economies. Considerations that could affect market performance include interest rate trends, the geopolitical climate, global trade, global health, and evolving consumer behavior. The U.S. presidential election, trade negotiations between the U.S. and China, Middle East geopolitical discussions, terms of the United Kingdom's withdrawal from the European Union, enhanced volatility in oil prices, and the impact of a global pandemic are key topics we are monitoring in 2020. Recently, the COVID-19 global pandemic has significantly impacted the stability of the capital markets, the health of certain industries and subsectors, and has weakened the forecast for global economic output. Despite these challenges, we continue to

believe that the strength of our balance sheet, defensive nature of our real estate portfolio, and overall credit quality of our tenant base support a resilient income stream that can perform as consistently as it has for over 50 years.

As of the end of 2019, approximately half of our annualized rental revenue was generated from tenants, their subsidiaries or affiliated companies with an investment-grade credit rating. Additionally, 96% of our annualized retail rental revenue was generated from tenants with a service, non-discretionary, and/or low price point component to their business. We believe these characteristics allow our tenants to operate effectively in a variety of economic environments and to compete effectively with e-commerce. We view our tenants as clients, and we are committed to helping them keep the cost of occupancy low so they can grow their business over time, and we can, in turn, do the same.

Macroeconomic and geopolitical uncertainty requires increased diligence and a commitment to stringent underwriting principles, but uncertainty also provides opportunity. Our international expansion is an example of capitalizing on uncertainty, as a historically weak British Pound, driven by Brexit uncertainty, contributed to favorable transactional and financing terms on our debut international acquisition. Further, historically-low interest rates in the U.K. provided favorable pricing on Sterling-denominated debt.

#### **LOOKING AHEAD**

Our strong track record of performance, which now spans more than 50 years, continued throughout 2019; however, we constantly seek to continue building upon our solid foundation. We entered 2020 well-positioned with a conservatively capitalized balance sheet with strong liquidity, a healthy global investment pipeline, and an experienced team prepared to execute on opportunistic growth initiatives. Our size, scale, and cost of capital advantages are fundamental to our continued success. We believe that these advantages, which are key differentiators within the net lease sector, position us to effectively expand our addressable market internationally, as well as to execute large-scale portfolio and sale-leaseback transactions on a negotiated basis.

The efficiency of our business demonstrates the scalability of our platform. In 2019, we generated more than \$1.42 billion of revenue with approximately \$1.34 billion of Adjusted EBITDAre. Effectively, for every dollar of revenue we generate, we retain approximately 94 cents as earnings for investors. This enables us to effectively expand our business across new verticals, and we continue to have the lowest general and administrative expense ratio in the net lease sector.

Our cost of capital, developed through our track record of performance and loyal shareholder support, affords us the ability to pursue high-quality transactions while generating meaningful earnings growth. We are pleased to be included in the small group of REITs with at least two 'A' credit ratings by the major credit rating agencies, with ratings of 'A3' and 'A-' by Moody's and S&P Global, respectively.

#### CONCLUSION

As I hope this letter shows, our strategy to ensure the stability and growth in earnings and dividends will continue to evolve, but our commitment to our mission is steadfast. Across all we do, we take the long view every day, in every relationship, to provide stability to the clients we serve, the team we nurture, the communities we support, and the people who invest in us.

As we celebrated the 50<sup>th</sup> anniversary of our company's founding and the 25<sup>th</sup> anniversary of our public listing, we took important steps to position the company to drive favorable shareholder results throughout the company's next chapter. Most notably, our international expansion complements our domestic business and significantly increases our addressable market for growth. As we continue to grow our company, we remain cognizant of the values which have dictated our prior successes.

Thank you for your continued support, and for joining us on our journey to be a great company and create a better world.

Sincerely,

Sumit Roy

President & Chief Executive Officer

<sup>&</sup>lt;sup>(7)</sup> Dividend yield was calculated by dividing the dividend paid per share, during the year, by the closing share price on December 31 or the last trading day of the preceding year. Dividend yield excludes special dividends

<sup>(8)</sup> The 1994 dividend yield is based on the annualized dividends for the period from August 15, 1994 (the date of the consolidation of the predecessors to the Company) to December 31, 1994. The 1994 total return is based on the price change from the opening on October 18, 1994 (the Company's first day of trading) to December 31, 1994 plus the annualized dividend yield

<sup>(9)</sup> Total return calculated as the difference between the closing stock price as of period end less the closing stock price as of previous period, plus dividends paid in period, divided by closing stock price as of end of previous period. Does not include reinvestment of dividends

#### **Real Estate Portfolio**

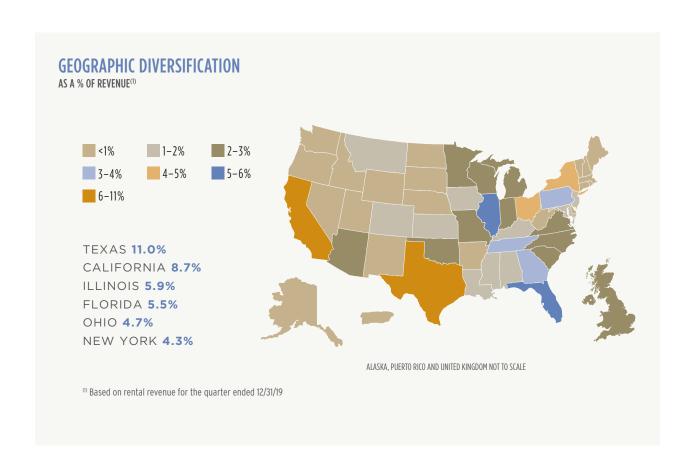

Our real estate portfolio of 6,483 properties primarily consists of freestanding, single-tenant commercial properties that are diversified by tenant, industry, geography, and property type. At the end of 2019, our properties were leased to tenants operating across 50 industries and located in 49 states, Puerto Rico and the United Kingdom. Most of our properties continue to be retail, with the largest asset type outside of

retail being industrial properties. Our tenant base remains healthy with approximately half of our annualized rental revenue generated from properties leased to tenants, their subsidiaries or affiliated companies, with an investment-grade credit rating. Maintaining a diversified portfolio of quality real estate leased to strong tenants helps ensure the stability of revenue that supports the payment of monthly dividends.

Property Type	Number of Properties	% of Revenue(1)
Retail	6,305	83.0%
Industrial	120	11.5%
Office	43	3.7%

 $<sup>^{\</sup>tiny{(1)}}$  Based on rental revenue for the quarter ended 12/31/19; The presentation of top 10 industries combines rental revenue contribution from U.S. and U.K. properties.

"DIVERSIFICATION OF THE PORTFOLIO BY INDUSTRY TYPE, TENANT AND GEOGRAPHIC LOCATION IS KEY TO ITS OBJECTIVE OF PROVIDING PREDICTABLE INVESTMENT RESULTS FOR ITS SHAREHOLDERS."

- PROSPECTUS, 1994

#### Real Estate Portfolio (continued)

The strength of our portfolio is further enhanced by the experience of our Asset Management and Real Estate Operations teams in maximizing the revenue generated from our properties. As one of the most seasoned net lease companies, we have re-leased or sold over 3,100 properties

with expiring leases throughout our history as a public company. This is unprecedented in our sector and, as a result, we have achieved stable occupancy that has never been below 96% at year-end since 1994 while achieving a long-term average rent recapture rate above 100% on re-leasing activity since 1996.

#### TENANT DIVERSIFICATION

% of Revenue <sup>(1)</sup>	Number of Leases	Tenant
6.1%	250	Walgreens*
4.8%	403	7-Eleven*

PHARMACY

"Our Asset Management and Real Estate Operations teams generate long-term value in the portfolio through active asset management, driving internal growth and positioning the portfolio for stability through any economic environment."

- Benjamin N. Fox,

Executive Vice President, Asset Management & Real Estate Operations

<sup>\*</sup>Investment-grade rated

#### **Disciplined Investment Process**

"WHEN THE PARTNERSHIPS WERE FORMED, THE GENERAL PARTNERS BELIEVED, AND CONTINUE TO BELIEVE, THAT THIS INVESTMENT STRATEGY REMAINS VIABLE DURING A VARIETY OF ECONOMIC AND REAL ESTATE CONDITIONS OVER AN EXTENDED PERIOD OF TIME."

#### - PROSPECTUS, 1994

We focus on acquiring freestanding, singletenant commercial properties leased to highquality tenants under long-term, net lease agreements, typically in excess of 10 years. During 2019, we reviewed approximately \$57 billion of investment opportunities that generally satisfied one or more of these criteria. These opportunities underwent a rigorous, multi-step internal underwriting and legal diligence process, resulting in the selection of over \$3.7 billion of real estate investments completed during the year.

The process begins with a review of the real estate. We target properties located in significant markets or strategic locations critical to generating revenue for the tenant. We examine the property-level attributes such as access and signage, demographic trends relative to the property's intended use, potential alternative uses, and overall viability of the market.

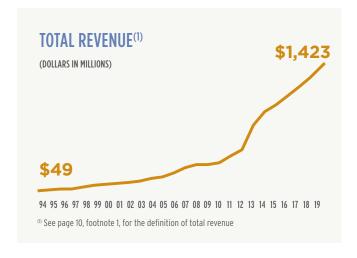

In addition to the real estate, we also carefully review the characteristics, credit, and overall financial strength of the tenant and its industry. Our team of research professionals conducts a thorough financial review and analysis of the tenant, including an assessment of the store-level performance of the retail operations, when available, to try to identify the tenant's highest-performing locations. Our team stays abreast of trends in the various industries and frequently meets with management representatives within these industries to better understand our tenants' operations.

The information gathered on the real estate, lease characteristics, tenant, and industry

informs the appropriate price for an investment. Our goal is to ensure the real estate that we acquire is appropriately priced relative to replacement cost and leased at rental rates that are generally in line with market rent in order to support strong long-term investment returns generated by each asset. Our Investment Committee collectively reviews these characteristics and metrics to make investment decisions. In addition, investment opportunities above a certain investment amount require approval by our Board of Directors. We believe this rigorous selection process maintains the quality of our investment portfolio and supports the stability of our cash flow over time.

"Our strategic focus continues to be on meaningfully increasing our growth rate while maintaining our conservative risk profile. Our international platform is the first of various initiatives that are intended to achieve this goal by significantly expanding our total addressable market. We are pleased with the strength of the international investment outlook and look forward to judiciously growing the international business and other initiatives in the coming years."

- **Neil Abraham**, Executive Vice President, Chief Strategy Officer

"Our size, scale, and cost of capital are important competitive advantages within the net lease sector, and we believe we are uniquely positioned to pursue large-scale portfolio and sale-leaseback transactions on a negotiated basis. To generate investment activity, our Acquisitions Department establishes and maintains strong relationships with tenants, property owners, developers, brokers, and advisors."

 Mark Hagan, Executive Vice President, Chief Investment Officer

#### **ACQUISITIONS SELECTIVITY**

(DOLLARS IN BILLIONS)

Year	Amount Sourced	Amount Acquired	Selectivity <sup>(1)</sup>
2010	\$5.7	\$0.71	12%
2011	\$13.3	\$1.02	8%
2012	\$17.0	\$1.16	7%
2013	\$39.4	\$4.67	12%
2014	\$24.3	\$1.40	6%
2015	\$31.7	\$1.26	4%
2016	\$28.5	\$1.86	7%
2017	\$30.4	\$1.52	5%
2018	\$32.1	\$1.80	6%
2019	\$57.4	\$3.72	7%

<sup>&</sup>lt;sup>(1)</sup> Selectivity is calculated as the amount of acquisitions acquired divided by the amount of acquisitions sourced

"THE INVESTMENT OBJECTIVES OF THE PARTNERSHIPS WERE AND CONTINUE TO BE TO PRESERVE ORIGINAL CAPITAL BY OWNING REAL ESTATE PROPERTIES WITH NO LOANS OR ENCUMBRANCES; TO PRODUCE MONTHLY SPENDABLE INCOME BY PRELEASING EACH PROPERTY TO COMMERCIAL RETAIL TENANTS UNDER LONG-TERM, TRIPLE-NET LEASE AGREEMENTS; AND TO HOLD PROPERTIES TO ALLOW FOR THE POTENTIAL FOR LONG-TERM CAPITAL APPRECIATION."

- PROSPECTUS, 1994

#### **Conservative Capital Structure**

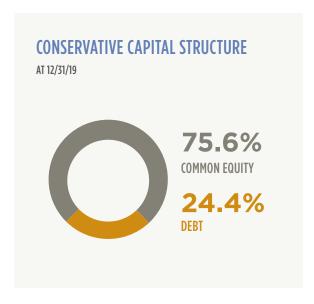

Our commitment to the dividend is demonstrated by the way we manage our balance sheet. We believe it is important to maintain a conservative capital structure that is primarily equity-focused in order to protect the dividend. At the end of 2019, our total market capitalization was \$32.5 billion, of which \$24.6 billion, or 75.6%, was common equity.

When we use debt to fund our growth, we strive to structure it in a conservative manner. Currently, 100% of our outstanding bonds are fixed rate and unsecured with a weighted average term to maturity of 8.3 years. As of December 31, 2019, our Net Debt-to-Adjusted EBITDAre<sup>(1)</sup> ratio was healthy at 5.5x and our fixed charge coverage ratio of 5.0x was the highest in our company's history. We maintain a \$3.0 billion multi-currency unsecured revolving line of credit, which provides us flexibility to close on acquisitions quickly and then opportunistically raise equity and/or long-term debt when capital market dynamics are most favorable to us. Our investment-grade credit ratings of A3/A- (Moody's/S&P) continue to provide us with a low cost of public unsecured debt.

(1) Adjusted EBITDAre is a non-GAAP financial measure. Refer to Management's Discussion and Analysis in the Company's 2019 Form 10-K for a definition and reconciliation to net income.

"Our collective efforts strive to perpetuate Realty Income's 25-year track record of providing above-average total shareholder return with below-average volatility. Our access to well-priced capital is an important competitive advantage, and we continue to believe a conservative capital structure positions us well throughout various economic environments."

- Jonathan Pong, Senior Vice President, Head of Capital Markets and Finance

#### **Dependable Monthly Dividends**

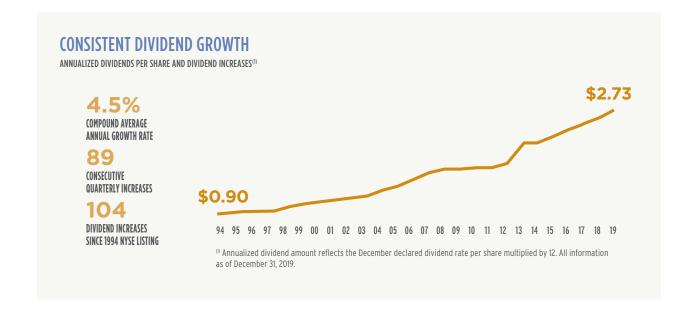

As The Monthly Dividend Company®, we remain committed to operating our company in a manner that provides our shareholders with dependable monthly dividends that increase over time. At the core of every business decision we make is the focus on positioning and preparing our portfolio and balance sheet to continue generating predictable cash flow. Our commitment is evidenced by our track record of dividend performance. Since our company's listing on the NYSE in 1994, we have increased the dividend every year at a compound average annual growth rate of approximately 4.5% and

have never reduced the dividend. We are one of only three REITs in the S&P 500 Dividend Aristocrats® index, which includes S&P 500 constituents that have increased their dividend every year for the last 25 consecutive years.

"THE INVESTMENT OBJECTIVES OF THE COMPANY WILL BE TO PAY REGULAR CASH DIVIDENDS TO ITS SHAREHOLDERS FROM A PORTFOLIO OF PROPERTIES UNDER LONGTERM, TRIPLE-NET LEASE AGREEMENTS."

- PROSPECTUS, 1994

#### **Corporate Responsibility**

We are committed to conducting our business according to the highest ethical standards. We are dedicated to operating our business in an environmentally conscious manner and upholding our corporate responsibilities as a public company for the benefit of our stakeholders - our shareholders, clients, colleagues, and community.

In recent years, our environmental, social, and governance ("ESG") efforts have quickly evolved from commitments to action. We continue to focus on how best to institutionalize efforts for a lasting and positive impact. We strive to be a leader in the net lease industry in ESG initiatives.

We believe that our commitment to corporate responsibility, which encompasses ESG principles, is critical to our performance and long-term success, and that we all have a shared responsibility to our community and the planet. That responsibility starts with our workforce and is demonstrated through sound governance and our ethical operating behaviors. The Nominating and Corporate Governance Committee of our Board of Directors has direct oversight of ESG matters.

In 2019, we approved resources needed to advance our sustainability agenda, including appointing a new dedicated Associate Vice President of Sustainability. We envision developments in the coming years as we build out the strategy, by and on behalf of our internal and external stakeholders, while engaging all levels of our organization in the process.

Relationships with our stakeholders are key to our success. Additionally, our corporate partners help us achieve our mission. Accordingly, we assess ways in which we can generate and sustain value for all stakeholders.

"Our focus is to conduct our business with the utmost integrity, transparency, respect and humility. We emphasize this in our interactions with all of our stakeholders, including our shareholders, clients, colleagues and our community."

- Mike Pfeiffer, Executive Vice President, Chief Administrative Officer, General Counsel and Secretary

We believe our dedication to corporate responsibility fosters our ability to grow in a sustainable manner.

Highlights of various environmental initiatives during 2019 include:

- Established a Sustainability Department
- Appointed a new dedicated Associate Vice President of Sustainability
- Expanded property acquisition diligence to collect important environmental efficiency characteristics and green building certifications when available
- · Continued tenant engagement to discuss sustainable operations
- Partnered with certain tenants to implement solar and electric vehicle charging installations
- Added a "Green Lease" clause to lease templates
- Our internal Green Team engaged in several community volunteer events focused on positively impacting the environment
- Increased employee engagement with a quarterly Green Team newsletter and additional educational events hosted throughout the year
- Reviewed breakroom and restroom supplies to substitute with recyclable, biodegradable or Forest Stewardship Council (FSC) sourced materials
- Reduced single-use disposables at our corporate headquarters

**2019 HIGHLIGHTS**

CONTRIBUTED

900+

VOLUNTEERS HOURS

25,714
POUNDS OF PAPER

Highlights of various social initiatives during 2019 include:

- Launched our first Employee Engagement Survey
- Participated in our Annual San Diego Habitat for Humanity volunteer day and donation
- Enhanced onsite and offsite employee training opportunities
- Increased our philanthropic efforts through employee charity donation match and "Dollars for Doers" volunteerism program

"Our continued commitment to corporate responsibility has united our employees while strengthening our company's culture. A culture that promotes individual philanthropy, employee engagement, and encourages personal and professional growth. A positive workplace that inspires new thinking that attracts and retains world-class talent. Together, we're a socially responsible employer with an aligned culture that in turn supports our domestic and international growth."

- Shannon Kehle, Senior Vice President, Human Resources

- Introduced new policies and events which support gender equity and diversity, such as expanded support for parental, maternity, and disability leave
- Instituted a new professionally appropriate dress code policy to accommodate our active workforce

Highlights of various governance initiatives during 2019 include:

- Announced the appointment of Christie Kelly to the Board of Directors
- Maintained Nominating and Corporate Governance Board Committee oversight on ESG
- Engaged with shareholders representing 34% of ownership

COMPOUND AVERAGE AN TOTAL RETU		16.5%		10.8%		10.7%		10.1%		10.3%	

Note: The dividend yields are calculated as annualized dividends based on the last dividend paid in applicable time period divided by the closing price as of period end. Dividend yield sources: NAREIT website and Bloomberg, except for the 1994 NASDAQ dividend yield which was sourced from Datastream / Thomson Financial.

<sup>(1)</sup> FTSE NAREIT US Equity REIT Index, as per NAREIT website.

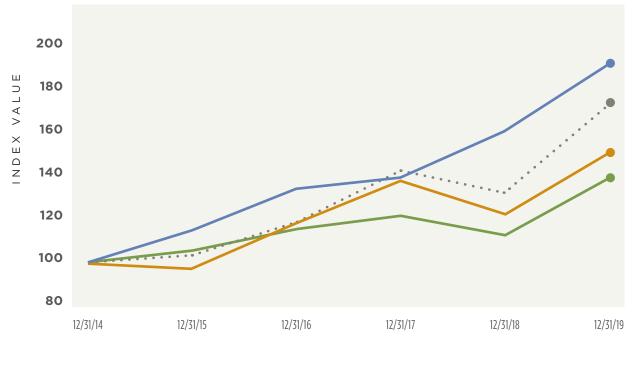

<sup>(2)</sup> Calculated as the difference between the closing stock price as of period end less the closing stock price as of previous period, plus dividends paid in period, divided by closing stock price as of end of previous period. Does not include reinvestment of dividends for the annual percentages.

<sup>&</sup>lt;sup>(3)</sup> Includes reinvestment of dividends. Source: NAREIT website and Factset.

<sup>(4)</sup> Price only index, does not include dividends as NASDAO did not report total return metrics for the entirety of the measurement period. Source: Factset.

<sup>(5)</sup> The Compound Average Annual Total Return rates are calculated in the same manner for each period from Realty Income's NYSE listing on October 18, 1994 through December 31, 2019, and (except for NASDAQ) assume reinvestment of dividends. Past performance does not quarantee future performance. Realty Income presents this data for informational purposes only and makes no representation about its future performance or how it will compare in performance to other indices in the future.
