Securities for which there is a reporting obligation pursuant to Section 15(d) of the Act. **None**

Indicate the number of outstanding shares of each of the issuer's classes of capital or common stock as of the close of the period covered by the annual report:
47,592,384 common shares

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.

Yes No

If this report is an annual or transition report, indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934.

Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Emerging growth company

If an emerging growth company that prepares its financial statements in accordance with U.S. GAAP, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards[†] provided pursuant to Section 13(a) of the Exchange Act.

[†]The term "new or revised financial accounting standard" refers to any update issued by the Financial Accounting Standards Board to its Accounting Standards Codification after April 5, 2012.

Indicate by check mark which basis of accounting the registrant has used to prepare the financial statements included in this filing:

U.S. GAAP

International Financial Reporting Standards as issued
by the International Accounting Standards Board

Other

If "Other" has been checked in response to the previous question, indicate by check mark which financial statement item the registrant has elected to follow:

Item 17 Item 18

If this is an annual report, indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

INTRODUCTION

Except where the context otherwise requires and for purposes of this annual report only:

- we changed our fiscal year end from March 31 to December 31 in June 2017 and filed a transition report on Form 20-F covering the nine-month period from April 1, 2017 through December 31, 2017 (the “Transition Period”). Prior to such transition report on Form 20-F, we filed an annual report on Form 20-F covering the fiscal year ended March 31, 2017. Unless otherwise noted, all references to years are to the calendar year from January 1 to December 31 and references to our fiscal year or years are to the fiscal year or years which, prior to the Transition Period, ended March 31, and from and after the Transition Period, ended December 31;
- “we,” “us,” “our company,” “our,” the “Company” and “ATA” refer to ATA Inc., its subsidiaries and its consolidated variable interest entity as the context requires. On August 16, 2018, we completed the sale of ATA Online (Beijing) Education Technology Co., Ltd., or ATA Online, and its subsidiaries as well as its direct shareholding companies of ATA Learning (Beijing) Inc., or ATA Learning and Zhongxiao Zhixing Education Technology (Beijing) Limited, or Zhongxiao Zhixing, which were former subsidiaries of ATA incorporated under the laws of the PRC (collectively referred to as “ATA Online Business”). After the completion of such sale of the ATA Online Business, ATA’s subsidiaries no longer include ATA Online and its subsidiaries, ATA Learning and Zhongxiao Zhixing;
- “China,” “Chinese” and “PRC” refer to the People’s Republic of China, excluding, for purposes of this annual report only, Taiwan and the Special Administrative Regions of Hong Kong and Macau;
- all references to “Renminbi” or “RMB” are to the legal currency of China, and all references to “U.S. dollars,” “dollars,” “\$” or “US\$” are to the legal currency of the United States;
- “U.S. GAAP” refers to generally accepted accounting principles in the United States; and
- “PRC GAAP” refers to generally accepted accounting principles in the People’s Republic of China.

This annual report on Form 20-F includes (i) our audited consolidated statements of comprehensive income (loss) for the fiscal year ended March 31, 2017, the nine months ended December 31, 2017 and the fiscal year ended December 31, 2018, (ii) our unaudited financial data of comprehensive income (loss) for the nine months ended December 31, 2016 and the twelve months ended December 31, 2017, and (iii) our audited consolidated balance sheets as of December 31, 2017 and 2018. Each of our ADSs represents two common shares. Our ADSs are listed on the Nasdaq Global Market under the symbol “ATAF”.

FORWARD-LOOKING STATEMENTS

This annual report on Form 20-F contains forward-looking statements that are based on our current expectations, assumptions, estimates and projections about us and our industry. All statements other than statements of historical facts in this annual report are forward-looking statements. In some cases, these forward-looking statements can be identified by words and phrases such as “may,” “should,” “intend,” “predict,” “potential,” “continue,” “will,” “expect,” “anticipate,” “estimate,” “plan,” “believe,” “is /are likely to” or the negative form of these words and phrases or other comparable expressions. The forward-looking statements included in this annual report relate to, among others:

- our goals and strategies;
- our future prospects and market acceptance of our technologies, products and services;

- our future business development and results of operations;
- our plans for mergers and acquisitions;
- impact of the sale of ATA Online Business;
- projected revenues, profits, earnings and other estimated financial information;
- our plans to expand and enhance our products and services;
- competition in the markets of our products and services;
- our future development plans of our project-based learning (“PBL”) education services and other services;
- Chinese laws, regulations and policies, including those applicable to the education industry, internet content providers, internet content and foreign exchange; and
- the possibility of our ADSs being delisted from the Nasdaq Global Market.

These forward-looking statements involve various risks, assumptions and uncertainties. Although we believe that our expectations expressed in these forward-looking statements are reasonable, our expectations may turn out to be incorrect. Our actual results could be materially different from our expectations. Important risks and factors that could cause our actual results to be materially different from our expectations are generally set forth in Item 3.D. of this annual report, “Key information — Risk Factors” and elsewhere in this annual report.

The forward-looking statements made in this annual report relate only to events or information as of the date on which the statements are made in this annual report. All forward-looking statements included herein attributable to us or other parties or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Except to the extent required by applicable laws and regulations, we undertake no obligation to update any forward-looking statements to reflect events or circumstances after the date on which the statements are made or to reflect the occurrence of unanticipated events.

PART I.

ITEM 1. IDENTITY OF DIRECTORS, SENIOR MANAGEMENT AND ADVISERS

Not applicable.

ITEM 2. OFFER STATISTICS AND EXPECTED TIMETABLE

Not applicable.

ITEM 3. KEY INFORMATION

A. Selected Financial Data

Selected Consolidated Financial Data

We changed our fiscal year end from March 31 to December 31 in June 2017. The following selected consolidated statements of comprehensive income (loss) data (other than ADS data) for the fiscal year ended March 31, 2017, the nine months ended December 31, 2017 and the fiscal year ended December 31, 2018, and the selected consolidated balance sheets data as of December 31, 2017 and 2018 are derived from our audited consolidated financial statements included elsewhere in this annual report and should be read in conjunction with such consolidated financial statements and related notes. The unaudited financial data for the nine months ended December 31, 2016 and the twelve months ended December 31, 2017 are presented solely for the purpose of providing meaningful comparisons with the nine-month period ended December 31, 2017 and the fiscal year ended December 31, 2018, respectively. Our selected consolidated balance sheet data as of March 31, 2017 are based on the financial data derived from our consolidated financial statements not included in this annual report and adjusted to the presentation format with discontinued operations for comparative purpose to reflect the transaction stated below.

[Table of Contents](#)

On August 16, 2018, we completed the sale of ATA Online Business which historically operated our computer-based testing services, online education services and other related services. Consequently, our computer-based testing services, online education services and other related services were accounted for as discontinued operations in accordance with U.S. GAAP in our consolidated financial statements. As required by U.S. GAAP, we have reclassified the comparative operating results of the discontinued operations for the fiscal year ended March 31, 2017, the nine months ended December 31, 2016 and 2017, the twelve months ended December 31, 2017 and the fiscal year ended December 31, 2018 as presented below. We have not included the selected financial data for the fiscal years ended March 31, 2015 and 2016, as providing such information reflecting our discontinued operations, which is consistent with the consolidated financial information presented for the periods ended March 31, 2017, December 31, 2017 and 2018, would take a significant amount of time and cause us to incur unreasonable effort or expense.

The following information should also be read in conjunction with Item 5. “Operating and Financial Review and Prospects.” Our audited consolidated financial statements are prepared in accordance with U.S. GAAP.

Exchange Rate Information

We conduct our business primarily in China and a majority of our revenues and expenses are denominated in Renminbi. The conversion of Renminbi into U.S. dollars in this annual report is based on the noon buying rate in the City of New York for cable transfers of Renminbi per U.S. dollar certified for customs purposes by the Federal Reserve Bank of New York, as set forth in the H.10 weekly statistical release of Federal Reserve Board. Unless otherwise noted, all translations from Renminbi to U.S. dollars in this annual report were made at a rate of RMB 6.8755 to US\$1.00, which was the noon buying rate in effect as of December 31, 2018. The noon buying rate on April 12, 2019 was RMB 6.7039 to US\$1.00. We make no representation that any Renminbi or U.S. dollar amounts could have been, or could be, converted into U.S. dollars or Renminbi, as the case may be, at any particular rate, or at all. The Chinese government restricts or prohibits the conversion of Renminbi into foreign currency and foreign currency into Renminbi for certain types of transactions.

B. Capitalization and Indebtedness

Not applicable.

C. Reasons for the Offer and Use of Proceeds

Not applicable.

D. Risk Factors

Risks Relating to Our Business

We may fail to satisfy the continued listing requirements for Nasdaq Global Market. If we are unable to satisfy such continued listing requirements, our ADSs may be delisted from that market.

Our reporting obligations as a SEC registrant have not been affected as a result of completing the sale of ATA Online Business. For as long as we remain as such, we have an obligation to continue to comply with the applicable reporting requirements of the Exchange Act, which includes the filing with the SEC of periodic reports and other documents relating to our business, financial condition and other matters, even though compliance with such reporting requirements is economically burdensome. In addition, in order to continue to be listed on the Nasdaq Global Market, we must meet the continued listing requirements as set forth in Rule 5450(a) and at least one of the equity, market value and total assets/total revenue standards in Rule 5450(b) of the Nasdaq Listing Rules. Additionally, our ADSs may be subject to delisting by the Nasdaq under Rule 5810 of the Nasdaq Listing Rules, which provides that the Nasdaq Listing Qualifications Department may, based on its discretionary authority, determine to limit or prohibit continued listing of a company as a result of the company's failure to comply with the continued listing requirements. We have limited revenue generating businesses after our sale of ATA Online Business and are still exploring potential merger and acquisition targets in the international education sector. We cannot assure you, however, that our businesses are adequate for us to meet the foregoing continued listing requirements. Any delisting of our ADSs from the Nasdaq Global Market could adversely affect our ability to attract new investors, decrease the liquidity of our outstanding ADSs, reduce our flexibility to raise additional capital, reduce the trading price of our ADSs, and increase the transaction costs inherent in trading such shares with overall negative effects for our shareholders. In addition, delisting of our ADSs could deter broker-dealers from making a market in or otherwise seeking or generating interest in our ADSs, and might deter certain institutions and persons from investing in our securities at all. For these reasons and others, the delisting could adversely affect the price of our ADSs and our business, financial condition and results of operations.

Historically, we were dependent on revenues from ATA Online Business; after the completion of the sale of ATA Online Business, we may not be able to generate sufficient or any revenues from our current business operations.

ATA Online Business historically represented the principal source of revenues for the Company. On August 16, 2018, we completed the sale of ATA Online Business which was consequently reclassified as discontinued operations. As of the date of this annual report, our business operations include PBL education services and other related services. Given that our PBL education services have only a short operating history, we have not generated significant revenues from these businesses as of the date of this annual report. The revenue generated from our remaining businesses have been and are expected to continue to be immaterial. We expect to use the sale proceeds from the sale of ATA Online Business and additional equity and/or borrowed capital to continue to sustain our operations and acquire complementary businesses. However, we cannot estimate at this time if or when we will be able to generate sufficient or any revenue from our current business operations to be able to sustain our operations.

We have a limited operating history in providing our PBL education services. As a result, it is difficult for us to predict our results of operations and you should not rely on our historical results of operations as an indication of our future financial performance.

After the completion of the sale of ATA Online Business, we shifted our focus from computer-based testing services to PBL education services. Although we have been leveraging ATA's expertise in learning technologies and industry relationships, as well as the synergies between our operational capabilities, resources and competencies to pursue the development and expansion of our new businesses, given our limited operating history of our PBL education services, we may not be able to respond quickly to such major business changes, compete successfully in the new markets, build our brand in the new areas and generate net income from our new services. As a result, it is difficult for us to predict our results of operations with respect to our new business operations in the future. As our PBL education services are still in a developing phase and did not generate any revenue in fiscal year 2018, there are no comparable historical results of operations on which you can base your evaluation of the future financial performance of our new business operations.

Failure to develop or market our new businesses could impact our competitive position and have an adverse effect on our financial results.

Our operating results in the future will depend on our ability to develop our PBL education services and other services and bring those services to the market. This ability could be adversely affected by difficulties or delays in product development and marketing such as greater costs than anticipated development costs, technical difficulties, regulatory obstacles, competition, lack of demand, insufficient intellectual property protection, or lack of market acceptance of new products and services. There can be no assurance that any of the services we are currently developing or marketing, or could begin to develop or market in the future, will achieve substantial commercial success. If we fail to develop or market our PBL education services and other services in the way or on the timeline as we expect, or at all, our growth and operations will be impacted.

The market for our PBL education services in China is still emerging and evolving rapidly. If market acceptance of our PBL education services declines or fails to grow, our revenue growth may slow or we may experience a decrease in revenues.

Currently, we are focused on providing PBL education services to college students and professionals. As the market for PBL education services in China is still emerging and evolving, our success will depend to a large extent on our ability to convince our clients that our services are valuable as an educational experience complementary to classroom-based learning for college students and professionals. A decline in the demand for PBL education services by Chinese college students and professionals could negatively affect the demand for our services. Even if the demand for our PBL education services continues to grow, this demand may not grow as quickly as we anticipate. If market acceptance of our PBL education services declines or fails to grow, our revenue growth may slow or we may experience a decrease in revenues.

Our PBL education services in cooperation with a limited number of business partners are expected to account for a high percentage of our revenues with respect to PBL education services. If such business partners terminate their cooperation with us or cooperate with our competitors, our revenues could be significantly reduced and our results of operations could be adversely affected.

We plan to cooperate with high-tech enterprises and other institutions for the development of our PBL education services, where they authorize us to develop our vocational courses related to their technologies and businesses and provide us certain course materials for the development of relevant teaching plans and materials. Our PBL education services in cooperation with a limited number of high-tech enterprises and other institutions are expected to account for a high percentage of our revenues. Due to our dependence on a limited number of business partners, any one of the following events, among others, could cause material fluctuations or declines in our revenues and have a material adverse effect on our financial conditions or results of operations:

- cancellation or termination of cooperation from one or more of our major business partners;
- a decision by one or more of our major business partners to cooperate with our competitors; and

- a decision by one or more of our major business partners to significantly increase the price for their authorizations to us.

Any of these events could occur due to causes outside of our control, such as macro-economic conditions, changes in a business partner's management or the personnel with whom we interact, the actions of our competitors, and policies and changes in a business partner's budgeting or financial prospects.

We provided loans of US\$2.0 million to Beijing Biztour in connection with the aborted acquisition of Beijing Biztour. If Beijing Biztour and its affiliates fail to repay such loans, our results of operations may be adversely affected.

On March 26, 2018, we entered into a framework agreement for the acquisition of 100% of the shares of Beijing Biztour International Travel Service Co., Ltd. and its affiliates, or Beijing Biztour, a provider of international educational study tour and travel services for students in China. Under the framework agreement, we provided US\$2.0 million in loans, valid for one year at an annual interest rate of 8%, to Beijing Biztour in support of growing its operations. If ATA does not move forward with the acquisition, the principal of US\$2.0 million plus interest accrued thereon upon maturity shall be returned to ATA. On March 6, 2019, we terminated the acquisition of Beijing Biztour because Beijing Biztour and its shareholders did not satisfy certain closing conditions for such acquisition. Beijing Biztour agreed to repay the loans and interest accrued thereon to us and the de facto controller of Beijing Biztour provided a full joint liability guarantee and mortgage of real estate properties owned by him for the repayment. Such loans have matured as of the date of this annual report and Beijing Biztour is working on extending such loans for a certain period of time at an annual interest rate of 8% with us. If such loans are extended, we cannot assure you that Beijing Biztour is able to repay such loans and interest when they become due after extension. If such loans are not extended, Beijing Biztour may not be able to repay such loans and interest. The personal guarantee and property mortgage made by the de facto controller of Beijing Biztour may not be sufficient for a full repayment of such loans and interest either. If Beijing Biztour fails to repay the loans and interest in full or at all to us, we may incur substantial costs and spend additional time and efforts to enforce such repayments, and may also have to rely on legal remedies under PRC law, which we cannot assure to guarantee a full repayment.

We are currently in the process of evaluating the acquisition of Beijing Huanqiyimeng Education Consultation Corp, or ACG, of which the completion remains uncertain. If the acquisition of ACG is completed, our business may be different following such acquisition. If the acquisition of ACG is not completed, we may lose an aggregate deposit of RMB 20.0 million in connection with such acquisition and our financial results may be adversely impacted.

From February to April 2019, we have entered into non-binding framework agreements and certain related conditional share purchase agreement and deposit agreement with ACG and certain of its shareholders for a proposed acquisition of ACG, a leading provider of educational services for students in China who are interested in applying for overseas art study.

Under the terms of the above agreements, ACG and its major shareholders, including its founder, will negotiate exclusively with us until June 30, 2019 for an acquisition of 100% of the share capital of ACG. In connection with such acquisition, we will be paying an aggregate deposit of RMB 20.0 million to certain of ACG's major shareholders. If the acquisition is not completed by June 30, 2019 due to reasons contributable to us, then such major shareholders shall be entitled to retain the related deposit as damages. If the acquisition is not completed by June 30, 2019 due to reasons contributable to ACG and/or such major shareholders, then the deposit shall be returned to us and we are entitled to damages in equivalent amount. There is no assurance that all conditions precedent to the completion of such acquisition will be satisfied or waived. If the acquisition is not completed due to reasons contributable to us, we may lose the aggregate deposit of RMB 20.0 million, and as a result, our financial results may be adversely impacted. If this acquisition is completed, we will begin to provide overseas art education services as one of our main businesses. As a result, our businesses may be different following the acquisition of ACG. As such, our results of operation for any particular historical period may not be indicative of our future operating results. In addition, there is no assurance that the acquisition of ACG will produce the intended benefits or synergies, and our revenues and results of operations may be negatively affected if we fail to operate overseas art education business successfully as intended, if at all.

We may face challenges and risks in connection with our strategic investments and acquisitions as well as forming joint ventures, including producing the intended benefits or synergies, identifying suitable opportunities and integrating acquired or new businesses and assets with our existing operations, which could interrupt our business operations or adversely affect our results of operations.

As part of our business strategy, we previously made strategic investments in complementary businesses. In November 2013, we completed the acquisition of Xing Wei Institute (Hong Kong) Limited, or Xing Wei, a private education technology company that provides training solutions as well as online and mobile training platforms for corporations in China. In December 2014, we made a strategic investment in Master Mind Education Company, or Master Mind, which focuses on providing K-12 education services in China. In January 2015, we made a strategic investment in Beijing Satech Internet Educational Technology Ltd., or Satech, a company providing SAT exam-related training services, and subsequently increased our investment in Satech in April 2016. In September 2015, we made another strategic investment in Brilent Inc., or Brilent, a data science tech company developing software to help recruiters automatically identify the right candidates. In April 2016, we made a strategic investment in Beijing Empower Education Online, Co., Ltd., or EEO, an online education company that operates web-based virtual classroom platforms in China. In June 2016, we made a strategic investment in ApplySquare Education & Technology Co., Ltd., or ApplySquare, a company that provides college and graduate school application assistance services. In July 2016, we made a strategic investment in Beijing GlobalWisdom Information Technology Co., Ltd., or GlobalWisdom, a company that focuses on China's online language education services. In February 2017, we entered into a partnership with Nantong MOOC-CN Investment Center (Limited Partnership), or MOOC-CN Investment, a company that focuses on the development of K-12 education assessment tools and content. In April 2017, we made an additional investment of RMB 5.5 million in EEO, while our equity interest in EEO remained unchanged. In December 2018, we made a strategic investment in Beijing Xiaozhi Education Technology Co., Ltd. or Xiaozhi, which focuses on delivering online and offline training services for teachers and instructors in various industries and areas. We cannot assure you that any particular acquisition or investment will produce the intended benefits or synergies. For example, in the fiscal year ended December 31, 2018, we recorded an impairment loss of RMB 6.4 million (\$0.9 million) related to the investments in GlobalWisdom as GlobalWisdom failed to meet the expected milestones and operation forecasts and encountered shortage of working capital resulted from continuous negative operating cash flows.

Currently, we are still exploring potential merger and acquisition targets in the international education sector. In addition, we may also seek to broaden our service offerings in other business sectors, obtain additional clients and strengthen our service quality by acquiring other companies or businesses or making strategic investments. However, our ability to implement our acquisition or investment strategy will depend on a number of factors, including the availability of suitable acquisition candidates at an acceptable cost or at all, our ability to compete effectively to attract and reach agreements with acquisition or investment candidates or joint venture partners on commercially reasonable terms, and the availability of financing to complete acquisitions or investment or joint ventures as well as our ability to obtain any required government approvals or licenses. As such, the identification of suitable acquisition or investment targets or joint venture candidates and the consummation of proposed acquisition or investment or joint venture transactions could be difficult, time consuming and costly, and we may not be able to successfully capitalize on identified opportunities. In addition, we may not be successful in integrating acquisitions with our existing operations and personnel. Moreover, the acquisitions or investment we pursue may require us to expend significant management and other resources, which may result in interruption to our business operations.

There are other risks associated with acquisitions, including:

- unforeseen or hidden liabilities, including exposure to legal proceedings, associated with the acquired companies;
- failure to generate sufficient revenues to offset the costs and expenses of acquisitions;
- integration of the management of the acquired business into our own;
- potential impairment losses or amortization expenses relating to goodwill and intangible assets arising from any of such acquisitions, which may materially reduce our net income or result in a net loss;

- potential conflicts with our existing employees as a result of our integration of newly acquired companies;
- possible contravention of Chinese regulations applicable to such acquisitions; and
- possible disputes associated with terminated and failed acquisitions.

Furthermore, raising capital to finance acquisitions or investments could cause earnings or ownership dilution to your shareholding interests, which in turn could result in losses to you. Any one or a combination of the above risks could interrupt our business operations and adversely affect our results of operations.

Because there is limited business insurance coverage in China, any business disruption or litigation we experience might result in our incurring substantial costs and diverting significant resources to handle such disruption or litigation.

The insurance industry in China is not fully developed. Insurance companies in China offer limited business insurance products. While business disruption insurance may be available to a limited extent in China, we have determined that the risks of disruption and the difficulties and costs associated with acquiring such insurance render it commercially impractical for us to have such insurance. As a result, we do not have any business liability, disruption or litigation insurance coverage for our operations in China. Any business disruption or litigation might result in our incurring substantial costs and the diversion of resources.

Failure to comply with the regulations relating to information security and privacy protection, such as breaches or perceived breaches of our security measures relating to our service offerings, unauthorized disclosure or misuse of personal data through breach of our computer systems or otherwise, could result in negative publicity and clients loss, expose us to protracted and costly litigation, and harm our business and results of operations.

Our business is facing significant challenges regarding information security and privacy protection, particularly with regard to the collection, storage, transmission and sharing of confidential information, among others. As part of our service offerings, we collect, process, transmit and store personal information of customers and students. We are required under PRC law to maintain the security and confidentiality of such information. In December 2012, the Standing Committee of the PRC National People's Congress promulgated the Decision on Strengthening Network Information Protection, or the Network Information Protection Decision, to enhance the legal protection of information security and privacy on the internet. The Network Information Protection Decision specifically requires internet operators to take security measures to ensure confidentiality of information of users. We have adopted various security measures pertaining to the collection, processing, transmission or storage of user information. However, any breach or perceived breach in our security measures as a result of third-party action, employee error, and malfeasance or otherwise could result in liability claims and have a negative impact on our reputation.

The PRC regulatory and enforcement regime with regard to data security and data protection has also been evolving rapidly in recent years. On July 1, 2015, the National People's Congress Standing Committee promulgated the National Security Law, or the New National Security Law, which took effect on the same date and replaced the former National Security Law promulgated in 1993. Under the New National Security Law, we are obligated to safeguard national security by, for example, providing evidence related to activities endangering national security, providing convenience and assistance for national security work, and providing necessary support and assistance for national security institutions, public security institutions as well as military institutions. As such, we may have to provide data to the PRC government authorities and military institutions to ensure compliance with the New National Security Law. Complying with such regulations could cause us to incur substantial costs, require us to change our data practices in a manner adverse to our business, or even subject us to negative publicity which could harm our reputation with users and negatively affect our business operations and the trading price of our ADSs. In addition, in November 2016, the National People's Congress Standing Committee promulgated the Cyber Security Law, which took effect on June 1, 2017, to protect cyberspace security and order. The Cyber Security Law tightens control of cyber security and sets forth various security protection obligations for network operators. According to the Cyber Security Law, network operators shall, among others, take security measures to protect the network from unauthorized interference, damage and unauthorized access and prevent data from being divulged, stolen or tampered with. We are continuously vigilant about protecting and improving our cyber security and have not experienced any material cyber attacks on our cyber systems. We cannot assure you, however, that our current security measures will be adequate or sufficient to prevent any theft, misuse, or unauthorized interference, damage, or unauthorized or inappropriate disclosure of personal data of our customers. In case of any misuses of information collected from our clients or students or any unauthorized interference, damage, or unauthorized or inappropriate disclosure of such information due to our failure to protect it, we could be subject to negative publicity, liability claims or regulatory penalties. Any such negative publicity, liability claims or regulatory penalties could cause us to lose clients, expose us to costly litigation and have a material adverse impact on our business and results of operations.

If we fail to build and maintain a strong brand, our business may not grow and our financial results may be adversely impacted.

We believe that maintaining and enhancing the value of the “ATA” brand is important to attracting clients. Our success in maintaining brand awareness will depend on our ability to consistently provide high quality, value-adding and cost-efficient products and services. As we reorient our business to PBL education services, we are increasing our efforts to establish recognition of the “ATA” brand in the new markets. To establish such recognition of our “ATA” brand, we may need to spend significant resources on advertising. As we have limited experience with advertising and other activities required to establish a widely recognized brand, we cannot assure you that we will effectively allocate our resources for these activities or succeed in establishing and maintaining our brand recognition and appeal. If we fail to establish and maintain a strong brand, our business may not grow and our financial results may be adversely impacted.

We depend on our key personnel and our business may be severely disrupted if we lose their services and are unable to replace them.

Our future success is dependent upon the continued services of our key executives, as we rely on their industry experience and expertise in our business operations. In particular, we rely heavily on Kevin Xiaofeng Ma, our chairman and chief executive officer for his business vision, management skills, technical expertise, experience in education industries and working relationships with many of our clients, shareholders and other participants in education industries. If Mr. Ma is unable or unwilling to continue in his present positions, or if he joined a competitor or formed a competing company in violation of his employment agreement, we may not be able to replace him easily and our business may be severely disrupted.

We may face increasing competition from our competitors. If we fail to successfully compete, our revenues and market share may decrease, and our results of operations may be adversely affected.

As our PBL education services continue to develop, we will face increasing competition, including competition from both established brands and new entrants, who will try to gain market share from us. Competitors may introduce new products and services that have better performance, offer lower prices and gain broader acceptance than our products and services. Such new products may reduce the overall market for our products and services.

In the PBL education services market, we compete primarily on the basis of service quality, price, research and development competence, sales and brand. Our competitors include educational or training institutions engaging in vocational courses development services and also joint major vocational education services. Although we believe that our PBL education services in emerging high-tech technology areas are still new in the market, and hence the competition we currently face is not significant and we can compete effectively with our competitors, in the future, as more companies enter these markets, we believe pricing may become increasingly competitive as well. Increased competition could cause us to lose clients or make it necessary for us to reduce our prices in order to retain our clients, which may negatively affect our revenues and results of operations.

We may not be able to attract and retain the highly skilled employees we need to support our planned growth.

Due to intense market competition for highly skilled workers, we have faced difficulties locating experienced and skilled personnel in certain areas, such as sales, marketing, product development, technology development, finance and accounting. In particular, we have had difficulty finding personnel with experience in the PBL education services market. We cannot assure you that we will be able to attract or retain the key personnel that we will need to achieve our business objectives. Even if we can identify qualified candidates, they may be subject to non-competition agreements with their prior employers that prevent us from hiring them. In addition, we cannot assure you that we will be able to retain our current skilled personnel. According to our contracts with our employees, all of our employees are prohibited from engaging in any activities that compete with our business during the period of their employment and for two years after termination of their employment with us. Furthermore, all employees are prohibited, for a period of two years following termination, from soliciting other employees to leave us and, for a period of five years following termination, from soliciting our existing clients. However, we may have difficulty enforcing these non-competition and non-solicitation provisions in China because the Chinese legal system, especially with respect to the enforcement of such provisions, is still developing.

Unauthorized use of our intellectual property by third parties, including infringement of our “ATA” brand, and the expenses incurred in protecting our intellectual property rights, may adversely affect our business.

Our copyrights, trademarks, trade secrets, patents and other intellectual property are important to our success. Unauthorized use of any of our intellectual property may adversely affect our business and reputation. We rely on trademark, patent, and copyright law, trade secret protection and confidentiality agreements with our employees, clients, business partners and others to protect our intellectual property rights. Nevertheless, it may be possible for third parties to obtain and use our intellectual property without authorization. The unauthorized use of intellectual property is common and widespread in China and enforcement of intellectual property rights by Chinese regulatory agencies is inconsistent. Moreover, litigation may be necessary in the future to enforce our intellectual property rights. Future litigation could result in substantial costs and diversion of our management’s attention and resources, and could disrupt our business, as well as have a material adverse effect on our financial condition and results of operations. Given the relative unpredictability of China’s legal system and potential difficulties enforcing a court judgment in China, there is no guarantee that we would be able to halt the unauthorized use of our intellectual property through litigation.

We may be subject to intellectual property infringement claims, which may force us to incur substantial legal expenses and, if determined adversely against us, may materially disrupt our business.

We cannot assure you that our business operations, in particular, our trademarks, software, know-how and other technologies do not or will not infringe upon trademarks, valid copyrights, patents or other intellectual property rights held by third parties. We may become subject to legal proceedings and claims from time to time relating to the intellectual property of others in the ordinary course of our business. For example, we have been unable to register our “ATA” trademark with the China Trademark Office due to similarity with other trademarks. Although we have not received notice of trademark infringement claims since we began using the mark in 1999 and believe that the risk of litigation is remote, we may be subject to such claims in the future. If we were found to have violated the intellectual property rights of others, we may be enjoined from using such intellectual property, and we may incur licensing fees or be forced to develop alternatives. In addition, we may incur substantial expenses, and may be forced to divert management and other resources from our business operations, to defend against these third-party infringement claims, regardless of their merits. Successful infringement or licensing claims against us may result in substantial monetary liabilities or may materially disrupt the conduct of our business by restricting or prohibiting our use of the intellectual property in question.

We may need additional capital and any failure by us to raise additional capital on terms favorable to us, or at all, could limit our ability to grow our business and develop or enhance our product and service offerings to respond to market demands or competitive challenges.

Capital requirements are difficult to plan in the rapidly changing industries in which we operate. We believe that our current cash and expected future cash flows from operations will be sufficient to meet our anticipated working capital and capital expenditures for the next 12 months and the foreseeable future beyond that point. We may, however, require additional cash resources due to changed business conditions or other future developments, including any investments or acquisitions we may decide to pursue. If our sources of liquidity are insufficient to satisfy our cash requirements, we may seek to sell additional equity or debt securities or obtain a credit facility. The sale of additional equity securities could result in dilution to our shareholders. The incurrence of indebtedness would result in increased debt service obligations and could require us to agree to operating and financing covenants that would restrict our operations. Our ability to obtain additional capital on acceptable terms is subject to a variety of uncertainties, including:

- investors' perception of, and demand for, securities of international education companies;
- conditions of the U.S., PRC and other capital markets in which we may seek to raise funds;
- our future results of operations and financial condition;
- Chinese government regulations of foreign investment in China;
- economic, political and other conditions in China; and
- Chinese government policies relating to the borrowing and remittance of foreign currency outside China.

We cannot assure you that financing will be available in amounts or on terms acceptable to us, if at all. Any failure by us to raise additional funds on terms favorable to us, or at all, could limit our ability to grow our business and develop or enhance our product and service offerings to respond to market demand or competitive challenges.

We may be unable to maintain an effective system of internal control over financial reporting, and as a result we may be unable to accurately report our financial results or prevent fraud.

We are subject to provisions of the Sarbanes-Oxley Act of 2002. Section 404 of the Sarbanes-Oxley Act requires that we include a report from management on the effectiveness of our internal control over financial reporting in our annual reports on Form 20-F. Our management concluded that our internal control over financial reporting is effective as of December 31, 2018. However, if we fail to maintain effective internal control over financial reporting in the future, our management and our independent registered public accounting firm may not be able to conclude that we have effective internal control over financial reporting at a reasonable assurance level. Our failure to maintain effective internal control over financial reporting could result in a loss of investor confidence in the reliability of our reporting processes, which could materially and adversely affect the trading price of our ADSs.

Our reporting obligations as a public company will continue to place a significant strain on our management, operational and financial resources and systems for the foreseeable future. Our failure to maintain effective internal control over financial reporting could result in the loss of investor confidence in the reliability of our financial reporting processes, which in turn could harm our business and negatively impact the trading price of our ADSs.

Our independent registered public accounting firm's audit documentation related to their audit reports included in this annual report may include audit documentation located in China. The Public Company Accounting Oversight Board currently cannot inspect audit documentation located in China and, as such, you may be deprived of the benefits of such inspection.

Our independent registered public accounting firm that issues the audit reports included in our annual reports filed with the U.S. Securities and Exchange Commission, or SEC, as auditors of companies that are traded publicly in the United States and a firm registered with the U.S. Public Company Accounting Oversight Board (United States), or the PCAOB, is required by the laws of the United States to undergo regular inspections by the PCAOB to assess its compliance with the laws of the United States and professional standards. However, audit documentations located in China are not currently inspected by the PCAOB because the PCAOB is currently unable to conduct inspections without the approval of the PRC authorities.

Inspections conducted by the PCAOB outside of China have identified deficiencies in those firms' audit procedures and quality control procedures, which may be addressed as part of the inspection process to improve future audit quality. The lack of PCAOB inspections in China prevents the PCAOB from regularly evaluating audit documentation located in China and its related quality control procedures. As a result, investors may be deprived of the benefits of PCAOB inspections.

The inability of the PCAOB to conduct inspections in China makes it more difficult to evaluate the effectiveness of our auditor's audit procedures or quality control procedures as compared to audits outside of China that are subject to PCAOB inspections. Investors may lose confidence in our reported financial information and procedures and the quality of our financial statements.

Our independent registered public accounting firm may be temporarily suspended from practicing before the SEC if unable to continue to satisfy the SEC investigation requests in the future. If a delay in completion of our audit process occurs as a result, we could be unable to timely file certain reports with the SEC, which may lead to the delisting of our stock.

On January 22, 2014, Judge Cameron Elliot, an SEC administrative law judge, issued an initial decision suspending the Chinese member firms of the "Big Four" accounting firms, including our independent registered public accounting firm, from practicing before the SEC for six months. In February 2014, the initial decision was appealed. While under appeal and in February 2015, the Chinese member firms of the "Big Four" accounting firms reached a settlement with the SEC. As part of the settlement, each of the Chinese member firms of "Big Four" accounting firms agreed to settlement terms that include a censure, undertakings to make a payment to the SEC, procedures and undertakings as to future requests for documents by the SEC, and possible additional proceedings and remedies should those undertakings not be adhered to.

If the settlement terms are not adhered to, our independent registered public accounting firm may be suspended from practicing before the SEC, which could in turn delay the timely filing of our financial statements with the SEC. In addition, it could be difficult for us to timely identify and engage another qualified independent registered public accounting firm to replace our current one. A delinquency in our filings with the SEC may result in NASDAQ initiating investigation procedures, which could adversely harm our reputation and have other material adverse effects on our overall growth and prospects.

We may be classified as a passive foreign investment company, which could result in adverse U.S. federal income tax consequences to U.S. holders of our ADSs or common shares.

We believe that we were not a passive foreign investment company, or PFIC, for U.S. federal income tax purposes for the fiscal ended December 31, 2018. However, PFIC status is tested each year and depends on the composition of our assets and income and the value of our assets from time to time. Since we currently hold, and expect to continue to hold, a substantial amount of cash and other passive assets and, since the value of our assets is to be determined in large part by reference to the market prices of our ADSs and common shares, which is likely to fluctuate over time, there can be no assurance that we will not be a PFIC for any future taxable year. If we are a PFIC for any taxable year during which a U.S. investor held our ADSs or common shares, certain adverse U.S. federal income tax consequences would apply to any U.S. investor. See Item 10.E. "Additional Information — Taxation — United States Federal Income Taxation — Passive Foreign Investment Company."

If we are deemed an "investment company" under the Investment Company Act of 1940, it would adversely affect the price of our ADSs and ordinary shares and could have a material adverse effect on our business.

As part of our business strategy, we previously made strategic investments in complementary businesses and are still exploring potential investment targets in order to expand our service offerings into new markets. See Item 3.D. "Key Information — Risk Factors — Risks Relating to Our Business — We may face challenges and risks in connection with our strategic investments and acquisitions as well as forming joint ventures, including producing the intended benefits or synergies, identifying suitable opportunities and integrating acquired or new businesses and assets with our existing operations, which could interrupt our business operations or adversely affect our results of operations." These investments may be deemed to be "investment securities" within the meaning of the Investment Company Act of 1940, as amended, or the Investment Company Act. We may be deemed to be an investment company within the meaning of the Investment Company Act based on the value of the investment securities we hold and on other factors relevant to the definition of an investment company under the Investment Company Act.

As an issuer not organized under the laws of the United States, we would not be eligible to register under the Investment Company Act without an order from the Securities and Exchange Commission permitting such registration. Accordingly, if we are deemed to be an investment company within the meaning of the Investment Company Act, we would either have to obtain exemptive relief from the SEC, modify our contractual rights or dispose of investments in order to fall outside the definition of an investment company. We may also be required to forego potential future acquisitions of interests in companies that may be deemed to be investment securities within the meaning of the Investment Company Act. Further, we may rely on one or more exemptions from the Investment Company Act's definition of investment company. Failure to avoid being deemed an investment company under the Investment Company Act coupled with our inability as a foreign private issuer to register under the Investment Company Act could make us unable to comply with our reporting obligations as a public company in the United States and lead to our being delisted from the Nasdaq Global Market, which would have a material adverse effect on the liquidity and value of our ADSs and common shares. We would also be unable to raise capital through the sale of securities in the United States or to conduct business in the United States. In addition, we may be subject to SEC enforcement action or purported class action lawsuits for alleged violations of U.S. securities laws. Defending ourselves against any such enforcement action or lawsuits would require significant attention from our management and divert resources from our existing businesses and could have a material adverse effect on our results of operations and financial condition.

Risks Relating to Regulations of Our Business

If the China Securities Regulatory Commission, or CSRC, or another PRC regulatory agency determines that CSRC approval was required in connection with our initial public offering, we may become subject to penalties.

On August 8, 2006, six PRC regulatory agencies, including the CSRC, promulgated the Provisions Regarding Mergers and Acquisitions of Domestic Enterprises by Foreign Investors, or the M&A Rule, which became effective on September 8, 2006 and was revised in June 22, 2009. The M&A Rule, among other things, requires that an offshore company controlled by PRC companies or individuals that has acquired a PRC domestic company for the purpose of listing the PRC domestic company's equity interest on an overseas stock exchange must obtain the approval of the CSRC prior to the listing and trading of such offshore company's securities on an overseas stock exchange. On September 21, 2006, the CSRC, pursuant to the M&A Rule, published on its official website procedures specifying documents and materials required to be submitted to it by offshore companies seeking CSRC approval of their overseas listings.

Our PRC counsel, Jincheng Tongda & Neal Law Firm, advised us that CSRC approval was not required for our initial public offering in February 2008 because the CSRC approval required under the M&A Rule only applies to an offshore company that has acquired a domestic PRC company for the purpose of listing the domestic PRC company's equity interest on an overseas stock exchange, while (i) we obtained our equity interest in each of our PRC subsidiaries by means of direct investment other than by acquisition of the equity or assets of a PRC domestic company in 2008, (ii) our former contractual arrangements with ATA Online (see "Item 7.B. Major Shareholders and Related Party Transactions—Related Party Transactions." for more details) do not constitute the acquisition of ATA Online, (iii) the M&A Rule does not apply to the acquisition by ATA Learning, a wholly foreign owned enterprise, and (iv) although Article 11 of the M&A Rule prohibits the circumvention of the M&A Rule through establishing foreign-invested enterprises, or FIEs, ATA Learning was established in 2003 before the M&A Rule was promulgated, which makes this acquisition not a circumvention of the M&A Rule. However, if it is determined that CSRC approval was required, we may face regulatory actions or other sanctions from the CSRC or other PRC regulatory agencies. These regulatory agencies may impose fines and penalties on our operations in China, limit our operating privileges in China, or take other actions that could have a material adverse effect on our business, financial condition, results of operations, reputation and prospects, as well as the trading price of our ADSs.

Because we may rely on dividends and other distributions on equity paid by our current and future Chinese subsidiaries for our cash requirements, restrictions under Chinese law on their ability to make such payments could materially and adversely affect our ability to grow, make investments or acquisitions that could benefit our business, pay dividends to you, and otherwise fund and conduct our businesses.

We have adopted a holding company structure, and our holding companies may rely on dividends and other distributions on equity paid by our current and future Chinese subsidiaries for their cash requirements, including the funds necessary to service any debt we may incur or financing we may need for operations other than through our Chinese subsidiaries. Chinese legal restrictions permit payments of dividends by our Chinese subsidiaries only out of their accumulated after-tax profits, if any, determined in accordance with PRC GAAP. Our Chinese subsidiaries are also required under Chinese laws and regulations to allocate at least 10% of their after-tax profits determined in accordance with PRC GAAP to statutory reserves until such reserves reach 50% of the company's registered capital. Allocations to these statutory reserves and funds can only be used for specific purposes and are not transferable to us in the form of loans, advances or cash dividends. As of December 31, 2018, our Chinese subsidiaries allocated RMB 25.6 million (\$3.7 million) to the general reserve fund, which is restricted for distribution to the Company. We are in full compliance with PRC laws and regulations relating to such allocations. Any limitations on the ability of our Chinese subsidiaries to transfer funds to us could materially and adversely limit our ability to grow, make investments or acquisitions that could be beneficial to our business, pay dividends and otherwise fund and conduct our business.

The discontinuation of any of the preferential tax treatments currently enjoyed by our subsidiaries in the PRC could materially increase our tax obligations.

Effective from January 1, 2008 and amended on February 24, 2017 and December 29, 2018, the PRC Enterprise Income Tax Law, or the EIT Law, imposes a tax rate of 25% on all enterprises, including foreign-invested enterprises, and terminates many of the tax exemptions, reductions and preferential treatments available under previous tax laws. However, enterprises that were established before March 16, 2007 and already enjoyed preferential tax treatments may continue to enjoy them (i) in the case of certain preferential tax rates that are specified by tax legislations for a transition period of five years from January 1, 2008, or (ii) in the case of tax exemption or reduction for a specified term, until the expiration of such term.

Under the EIT Law, qualified "high-and-new technology enterprises eligible for key support from the State" ("HNTE") are entitled to a preferential income tax rate of 15%, subject to an annual self-assessment review during the valid period of their HNTE certificates. If an HNTE enterprise does not satisfy the related requirements stipulated by the State Administration of Taxation ("SAT") to enjoy the preferential income tax rate of 15% during the annual self-assessment review, it will not be able to implement the preferential income tax rate for the tax year being assessed. In December 2008, ATA Education Technology (Beijing) Limited, or ATA Education (formerly known as ATA Testing Authority (Beijing) Limited, or ATA Testing) obtained an HNTE certificate with a valid period of three years retrospectively starting from January 1, 2008 and renewed the certificate in 2011, 2014, and 2017 for another three years, respectively. As a result, ATA Education was and will be entitled to a preferential income tax rate of 15% for calendar years 2008 through 2019. In December 2009, Muhua Shangce Learning Data & Technology (Beijing) Limited ("Muhua Shangce", formerly known as ATA Learning Data & Technology (Beijing) Limited, or ATA Data and Beijing Jindixin Software Technology Limited, or Beijing JDX) obtained an HNTE certificate with a valid period of three years retrospectively starting from January 1, 2009 and renewed the certificate in 2012, 2015, and 2018 for another three years, respectively. As a result, Muhua Shangce was and will be entitled to a preferential income tax rate of 15% for calendar years 2009 through 2020. In the event ATA Education or Muhua Shangce is unable to meet all of the requirements stipulated by the SAT to enjoy the preferential income tax rate of 15% during the annual self-assessment review when holding the HNTE certificate or fail to renew its HNTE certificate, it will be subject to the standard statutory enterprise income tax rate of 25%. We cannot assure you that ATA Education and Muhua Shangce will continue to qualify as an HNTE after the expiration of their HNTE certificates, or that the local tax authorities will not, in the future, change their position and revoke any of our past preferential tax treatments.

The discontinuation of any of our preferential tax treatments could materially increase our tax obligations and adversely affect our business, operating results and financial condition.

Under the EIT Law, we may be classified as a “resident enterprise” of China. Such classification will likely result in unfavorable tax consequences to us and U.S. holders of our ADSs or common shares.

Under the EIT Law, an enterprise established outside of China with its “de facto management body” in China is considered a “resident enterprise,” meaning that it can be treated the same as a Chinese enterprise for enterprise income tax purposes. In addition, a tax circular issued by the SAT, on April 22, 2009 regarding the standards used to classify certain Chinese controlled enterprises established outside of China as “resident enterprises,” or Circular 82, clarified that dividends and other income paid by such “resident enterprises” will be considered to be PRC source income, subject to PRC withholding tax currently at a rate of 10%, when paid to non-PRC enterprise shareholders. Circular 82 also subjects such “resident enterprises” to various reporting requirements with the PRC tax authorities. Under the Implementation Rules to the EIT Law, a “de facto management body” is defined as a body that exercises “substantial and overall management and control over the manufacturing and business operations, personnel, and human resources, finances and properties of an enterprise.” In addition, Circular 82 details that certain Chinese-controlled enterprises will be classified as “resident enterprises” if the following are located or resident in China: senior management personnel and departments that are responsible for daily production, operation and management; financial and personnel decision making bodies; key properties, accounting books, company seal, and minutes of board meetings and shareholders’ meetings; and half or more of the senior management or directors having voting rights.

Currently, a substantial majority of the members of our management team as well as the management team of some of our offshore holding companies are located in China. However, Circular 82 only applies to offshore enterprises controlled by PRC enterprises or PRC enterprise groups, not those controlled by PRC individuals or foreign entities like us. In the absence of detailed implementing regulations or other guidance determining that offshore companies controlled by PRC individuals or foreign entities like us are PRC resident enterprises, we do not currently consider our company or any of our overseas subsidiaries to be a PRC resident enterprise.

However, the SAT may take the view that the determining criteria set forth in Circular 82 reflects the general position on how the “de facto management body” test should be applied in determining the tax resident status of all offshore enterprises. Or additional implementing regulations or guidance may be issued determining that our Cayman Islands holding company is a “resident enterprise” for PRC enterprise income tax purposes. If the PRC tax authorities determine that our Cayman Islands holding company is a “resident enterprise” for PRC enterprise income tax purposes, a number of unfavorable PRC tax consequences could follow. First, we will be subject to enterprise income tax at a rate of 25% on our worldwide income as well as PRC enterprise income tax reporting obligations. This would mean that income such as interest on offering proceeds and other non-China source income would be subject to PRC enterprise income tax rate at 25%, in comparison to no taxation in the Cayman Islands. Second, although under the EIT Law and its implementing rules dividends paid to us by our PRC subsidiaries would qualify as “tax-exempt income”, we cannot guarantee that such dividends will not be subject to a 10% withholding tax, as the PRC foreign exchange control authorities, which enforce the withholding tax, have not yet issued guidance with respect to the processing of outbound remittances to entities that are treated as resident enterprises for PRC enterprise income tax purposes. Finally, a 10% withholding tax will be imposed on dividends we pay to our non-PRC enterprise shareholders, and future guidance may extend the withholding tax to dividends we pay to our non-PRC individual shareholders and gains derived by our non-PRC shareholders from transferring our ADSs or common shares. Similar results would follow if our BVI holding company is considered a PRC “resident enterprise”. In addition to the uncertainty in how the new “resident enterprise” classification could apply, it is also possible that the rules may change in the future, possibly with retroactive effect. We are closely monitoring the development of this area of rules and are evaluating appropriate arrangements of our management activity to avoid being classified as a PRC “resident enterprise”.

China's regulations of loans and direct investments by offshore holding companies to their Chinese subsidiaries and consolidated variable interest entity may restrict our ability to execute our business strategy.

In order to execute our business strategy, we must invest the funds in our Chinese subsidiaries and consolidated variable interest entity through loans or capital contributions. Under applicable Chinese laws, any loan made by us to ATA Education, a foreign-invested enterprise, cannot exceed statutory limits tied to each company's registered capital and total investment as approved by the Ministry of Commerce or its local counterpart, and all such loans must be registered with China's State Administration of Foreign Exchange, or SAFE, or its local counterpart. According to a notice issued by the People's Bank of China regarding foreign debt on January 11, 2017, the maximum amount of foreign debt that each of our PRC subsidiaries or consolidated variable interest entity or other PRC domestic entities is allowed to borrow is two times of their respective net assets. Pursuant to this notice and other PRC laws and regulations regarding foreign debt, within a one-year grace period starting from January 11, 2017, the statutory limit for the total amount of foreign debt of a foreign-invested company, which is subject to its own election, is either the difference between the amount of total investment and the amount of registered capital as approved by the Ministry of Commerce or its local counterpart, or two times of their respective net assets. With respect to our consolidated variable interest entity or other domestic PRC entities, the limit for the total amount of foreign debt is twice of their respective net assets pursuant to the notice.

We may also decide to finance ATA Education by increasing its registered capital through capital contributions. Any capital contributions to ATA Education must be filed with the Ministry of Commerce or its local counterpart. SAFE promulgated the Circular of the State Administration of Foreign Exchange on Reforming the Management Approach regarding the Settlement of Foreign Exchange Capital of Foreign-invested Enterprises, or SAFE Circular 19, on March 30, 2015. According to SAFE Circular 19, a foreign-invested enterprise will be able to convert foreign exchange in its capital account into RMB at any time. In order to use the converted RMB, the foreign-invested enterprise still needs to provide supporting documents and go through the review process with the banks. A failure by us to obtain the necessary government approvals or complete any required registrations or other procedures for a capital contribution, an increase in approved total investment or a loan on a timely basis, may restrict our ability to execute our business strategy.

In June 2016, SAFE promulgated the Notice of the State Administration of Foreign Exchange on Reforming and Standardizing the Administrative Provisions on Capital Account Foreign Exchange Settlement, or SAFE Circular No. 16, which removed certain restrictions previously provided under several SAFE circulars, including the Notice of the General Affairs Department of the State Administration of Foreign Exchange on the Relevant Operating Issues concerning the Improvement of the Administration of Payment and Settlement of Foreign Currency Capital of Foreign-invested Enterprises, or SAFE Circular No. 142, in respect of conversion by a foreign-invested enterprise of foreign currency registered capital into RMB and use of such RMB capital. However, SAFE Circular No. 16 continues to prohibit foreign-invested enterprises from, among other things, using RMB fund converted from its foreign exchange capitals for expenditure beyond its business scope, and providing loans to non-affiliated enterprises except as permitted in the business scope.

A failure by our shareholders who are Chinese citizens or residents in China to comply with regulations issued by SAFE could restrict our ability to distribute profits, restrict our overseas and cross-border investment activities or subject us to liabilities under Chinese laws, which could adversely affect our business and prospects.

SAFE promulgated the Circular on Relevant Issues Concerning Foreign Exchange Control on Domestic Residents' Offshore Investment and Financing and Roundtrip Investment through Special Purpose Vehicles, or SAFE Circular 37, on July 4, 2014. SAFE Circular 37 requires PRC residents to register with local branches of SAFE in connection with their direct establishment or indirect control of an offshore entity, for the purpose of overseas investment and financing, with such PRC residents' legally owned assets or equity interests in domestic enterprises or offshore assets or interests, referred to in SAFE Circular 37 as a "special purpose vehicle". SAFE Circular 37 further requires amendment to the registration in the event of any significant changes with respect to the special purpose vehicle, such as increase or decrease of capital contributed by PRC individuals, share transfer or exchange, merger, division or other material event. In the event that a PRC shareholder holding interests in a special purpose vehicle fails to fulfill the required SAFE registration, the PRC subsidiaries of that special purpose vehicle may be prohibited from making profit distributions to the offshore parent and from carrying out subsequent cross-border foreign exchange activities, and the special purpose vehicle may be restricted in its ability to contribute additional capital into its PRC subsidiary. Moreover, failure to comply with the various SAFE registration requirements described above could result in liability under PRC law for evasion of foreign exchange controls.

Our significant shareholder, Kevin Xiaofeng Ma, has previously completed his registration with SAFE and has submitted relevant materials to update his registration, and we have urged our other Chinese resident shareholders to register under SAFE Circular 37 and they are currently in the application process. However, we cannot assure you that their applications will be accepted by SAFE. Failure by such shareholders to comply with SAFE Circular 37 could subject us to fines or legal sanctions, restrict our overseas or cross-border investment activities, limit our subsidiaries' ability to make distributions or pay dividends or affect our ownership structure, which could adversely affect our business and prospects. See Item 3.D. "Key Information — Risk Factors — Risks Relating to Regulations of Our Business — Because we may rely on dividends and other distributions on equity paid by our current and future Chinese subsidiaries for our cash requirements, restrictions under Chinese law on their ability to make such payments could materially and adversely affect our ability to grow, make investments or acquisitions that could benefit our business, pay dividends to you, and otherwise fund and conduct our businesses."

Furthermore, as there is uncertainty concerning the reconciliation of these SAFE regulations with other approval requirements, it is unclear how these regulations, and any future regulation concerning offshore or cross-border transactions, will be interpreted, amended and implemented by the relevant government authorities. We cannot predict how these regulations will affect our business operations or future strategy. For example, we may be subject to a more stringent review and approval process with respect to our foreign exchange activities, such as remittance of dividends and foreign currency-denominated borrowings, which may adversely affect our financial condition and results of operations. In addition, if we decide to acquire a PRC domestic company, we cannot assure you that we or the owners of such company, as the case may be, will be able to obtain the necessary approvals or complete the necessary filings and registrations required by the foreign exchange regulations. This may restrict our ability to implement our acquisition strategy and could adversely affect our business and prospects.

We may be subject to fines and legal sanctions imposed by SAFE or other Chinese government authorities if we or our Chinese employees fail to comply with Chinese regulations relating to employee share options granted by offshore listed companies to Chinese citizens.

Under applicable PRC regulations, Chinese citizens who are granted share options by an offshore listed company are required, through a Chinese agent, which can be a Chinese branch or representative of the offshore listed company, a Chinese institution which has controlling relationship or actual control relationship with the offshore listed company or a Chinese institution qualified for asset custody business, to register with SAFE and complete certain other procedures, including applications for foreign exchange payment quotas and opening special bank accounts. We and our Chinese employees who have been granted share options are subject to such PRC regulations. If we or our Chinese employees fail to comply with these regulations, we or our Chinese employees may be subject to fines and legal sanctions imposed by SAFE or other Chinese government authorities, which may prevent us from further granting options under our share incentive plans to our employees. Such events could adversely affect our business operations. See Item 4.B. "Information on the Company — Business overview — Regulation — SAFE Regulations on Employee Share Options."

Risks Relating to Doing Business in the People's Republic of China

China's economic, political and social conditions, as well as changes in any government policies, laws and regulations, could adversely affect the overall economy in China or the prospects of the industries in which we operate, which in turn could reduce our net revenues.

Substantially all of our operations are conducted in China. Accordingly, our business, financial condition, results of operations and prospects are subject, to a significant extent, to economic, political and social developments in China.

The Chinese economy differs from the economies of most developed countries in many respects, including the amount of government involvement, level of development, growth rate, control of foreign exchange and allocation of resources. Although the Chinese economy has been transitioning from a planned economy to a more market-oriented economy since the late 1970s, the Chinese government continues to play a significant role in regulating industry development by imposing industrial policies. The Chinese government also exercises significant control over China's economic growth through the allocation of resources, controlling the incurrence and payment of foreign currency-denominated obligations, setting monetary policy and providing preferential treatment to particular industries or companies. Changes in any of these policies, laws and regulations could adversely affect the overall economy in China or the prospects of the industries in which we operate, which could harm our business.

China's social and political conditions are also not as stable as those of the United States and other developed countries. Any sudden changes to China's political system or the occurrence of widespread social unrest could have negative effects on our business and results of operations. In addition, China has contentious relations with some of its neighbors. A significant further deterioration in such relations could have negative effects on the Chinese economy and lead to changes in governmental policies that would be adverse to our business interests.

The Chinese legal system has inherent uncertainties that could limit the legal protections available to you and us.

Unlike common law systems, the Chinese legal system is based on written statutes and decided legal cases have little precedential value. Since 1979, the Chinese government has promulgated a comprehensive system of laws and regulations governing economic matters in general. The overall effect of legislation since then has been to significantly enhance the protections afforded to various forms of foreign investment in China. Our Chinese operating subsidiary, ATA Education, is a wholly foreign-owned enterprise, which is an enterprise incorporated in China and wholly-owned by foreign investors, and is subject to laws and regulations applicable to foreign investment in China in general and laws and regulations applicable to wholly foreign-owned enterprises in particular. Relevant Chinese laws, regulations and legal requirements may change frequently, and their interpretation and enforcement involve uncertainties. In addition, we may have to resort to administrative and court proceedings to enforce the legal protection that we enjoy either by law or contract. However, since Chinese administrative and court authorities have significant discretion in interpreting and implementing statutory and contractual terms, it may be more difficult to evaluate the outcome of administrative and court proceedings and the level of legal protection we enjoy than in more developed legal systems. Such uncertainties, including the inability to enforce our contracts and intellectual property rights, could materially and adversely affect our business and operations. Accordingly, we cannot predict the effect of future developments in the Chinese legal system, particularly with regard to the PBL education services sectors, including the promulgation of new laws, changes to existing laws or the interpretation or enforcement thereof, or the preemption of local regulations by national laws. These uncertainties could limit the legal protections available to us and other foreign investors, including you.

Restrictions on currency exchange may limit our ability to utilize our revenues effectively and the ability of our Chinese subsidiaries to obtain financing.

Majority of our revenues and operating expenses are denominated in Renminbi. Restrictions on currency exchange imposed by the Chinese government may limit our ability to utilize revenues generated in Renminbi to fund our business activities outside China, if any, or expenditures denominated in foreign currencies. Under current Chinese regulations, Renminbi may be freely converted into foreign currency for payments relating to "current account transactions," which include, among other things, dividend payments and payments for the import of goods and services, by complying with certain procedural requirements. Revenues generated in the PRC can be converted into foreign currency to pay salaries of employees located outside of the PRC upon the employee completing registration procedures. Revenues generated in the PRC can also be used to pay off debt generated outside of the PRC, provided that the Company completes relevant foreign debt registration or approval requirements. Although the Renminbi has been fully convertible for current account transactions since 1996, we cannot assure you that the relevant Chinese government authorities will not limit or eliminate our ability to purchase and retain foreign currencies for current account transactions in the future.

Conversion of Renminbi into foreign currencies and of foreign currencies into Renminbi for payments relating to “capital account transactions,” which include, among other things, investments, loans and acquisitions of land and other fixed assets overseas, generally requires the approval of SAFE and other relevant Chinese governmental authorities. Restrictions on convertibility of Renminbi for capital account transactions could affect the ability of our Chinese subsidiaries to make investments overseas or to obtain foreign exchange through debt or equity financing, including by means of loans or capital contributions from us.

Fluctuations in exchange rates could result in foreign currency exchange losses.

Because substantially all of our revenues and expenditures are denominated in Renminbi, fluctuations in the exchange rate between U.S. dollar and Renminbi will affect our balance sheet and earnings per share in U.S. dollars. In addition, appreciation or depreciation in value of the Renminbi relative to the U.S. dollar would affect our financial results reported in U.S. dollar terms without giving effect to any underlying change in our business or results of operations. Fluctuations in exchange rate will also affect the relative value of any dividend we issue that will be exchanged into U.S. dollars and earnings from and the value of any U.S. dollar-denominated investments we make in the future.

The value of the Renminbi against the U.S. dollar and other currencies is affected by, among other things, changes in China’s political and economic conditions and China’s foreign exchange policies. It is difficult to predict how economic conditions, or PRC or U.S. government policy, in particular, the outbreak of trade war between PRC and U.S. and the imposition of additional tariffs on goods to each other in 2018, may impact the exchange rate between the Renminbi and the U.S. dollar in the future. The People’s Bank of China regularly intervenes in the foreign exchange market to limit fluctuations in Renminbi exchange rates and achieve policy goals. Very limited hedging transactions are available in China to reduce our exposure to exchange rate fluctuations. To date, we have not entered into any hedging transactions in an effort to reduce our exposure to foreign currency exchange risk. While we may decide to enter into hedging transactions in the future, the availability and effectiveness of these hedging transactions may be limited and we may not be able to successfully hedge our exposure at all. In addition, our currency exchange losses may be magnified by Chinese exchange control regulations that restrict our ability to convert Renminbi into foreign currency.

Any future outbreak of severe acute respiratory syndrome or avian flu in China, or similar adverse public health developments, may disrupt our business and operations.

Our business and operations could be materially and adversely affected by the outbreak of avian influenza, severe acute respiratory syndrome, or SARS, or other similar adverse public health developments. In recent years, there have been reports on the occurrences of avian influenza in various parts of China and neighboring countries, including confirmed human cases. Any prolonged adverse public health development may result in health or other government authorities requiring the closure of our offices or the offices of our clients, or the cancellation of study projects to avoid the spread of disease. Such occurrences would disrupt our business operations and adversely affect our results of operations. We have not adopted any written preventive measures or contingency plans to combat any future outbreak of avian flu, SARS or any other epidemic.

Risks Related to Our Corporate Structure

If the PRC government deems that the contractual arrangements in relation to our variable interest entity do not comply with PRC regulatory restrictions on foreign investment in the relevant industries, or if these regulations or the interpretation of existing regulations change in the future, we could be subject to severe penalties or be forced to relinquish our interests in those operations.

We are a Cayman Islands company and our PRC subsidiaries are considered as foreign-invested enterprises. Accordingly, they are not eligible to provide certain restricted services related to our businesses. As a result, we conduct or will conduct such business activities through ATA Intelligent Learning (Beijing) Technology Limited, or ATA Intelligent Learning.

[Table of Contents](#)

ATA Intelligent Learning is 90% owned by Mr. Kevin Xiaofeng Ma, our chairman of the board and chief executive officer, and 10% owned by Mr. Haichang Xiong, our general counsel. Mr. Ma and Mr. Xiong are PRC citizens. We entered into a series of contractual arrangements with ATA Intelligent Learning and its shareholders, which enable us to:

- exercise effective control over ATA Intelligent Learning;
- receive substantially all of the economic benefits of ATA Intelligent Learning; and
- have an exclusive option to purchase all or part of the equity interests in ATA Intelligent Learning when and to the extent permitted by PRC law.

Because of these contractual arrangements, we are the primary beneficiary of ATA Intelligent Learning and hence consolidate its financial results as ATA Intelligent Learning. For a detailed discussion of these contractual arrangements, see Item 4.A. “Information on the Company— History and Development of the Company— Contractual Arrangements with ATA Intelligent Learning”.

In the opinion of Jincheng Tongda & Neal Law Firm, our PRC legal counsel, the above contractual arrangements are legally binding and enforceable and do not violate current PRC laws and regulations. However, there are uncertainties regarding the interpretation and application of existing and future PRC laws and regulations. The Company cannot assure that the PRC regulatory authorities will not ultimately take a contrary view to its opinion. If the current ownership structure of the Company and the contractual arrangements with ATA Intelligent Learning are found to be in violation of any existing or future PRC laws and regulations, the PRC government could:

- revoke the Company’s business and operating licenses;
- levy fines on the Company;
- confiscate any of the Company’s income that they deem to be obtained through illegal operations;
- shut down a portion or all of the Company’s servers or block a portion or all of the Company’s website;
- discontinue or restrict the Company’s operations in PRC;
- impose conditions or requirements with which the Company may not be able to comply;
- require the Company to restructure its corporate and contractual structure;
- take other regulatory or enforcement actions that could be harmful to the Company’s business.

We have relied and expect to continue to rely on contractual arrangements with ATA Intelligent Learning and its shareholders to explore opportunities and operate businesses in the international education business sector, which include but are not limited to, training courseware, trainings, study tours, online trainings and platforms. For a description of these contractual arrangements, see Item 4.A. “Information on the Company— History and Development of the Company— Contractual Arrangements with ATA Intelligent Learning.” These contractual arrangements may not be as effective as direct ownership in providing us with control over ATA Intelligent Learning.

If we had direct ownership of ATA Intelligent Learning, we would be able to exercise our rights as a shareholder to effect changes in its board of directors, which in turn could effect changes, subject to any applicable fiduciary obligations, at the management level. However, under the current contractual arrangements, we rely on the performance by ATA Intelligent Learning and its shareholders of their obligations under the contracts to exercise control over ATA Intelligent Learning. However, the shareholders of ATA Intelligent Learning may not act in the best interests of our company or may not perform their obligations under these contracts. Such risks exist throughout the period in which we intend to operate our business through the contractual arrangements with ATA Intelligent Learning. We may replace the shareholders of ATA Intelligent Learning at any time pursuant to our contractual arrangements with them and its shareholders. However, if any dispute relating to these contracts remains unresolved, we will have to enforce our rights under these contracts through the operations of PRC law and courts and therefore will be subject to uncertainties in the PRC legal system. See Item 3.D. “Key Information — Risk Factors — Risks Related to Our Corporate Structure — Any failure by ATA Intelligent Learning or its shareholders to perform their obligations under our contractual arrangements with them would have a material and adverse effect on our business.” Therefore, our contractual arrangements with ATA Intelligent Learning may not be as effective in ensuring our control over the relevant portion of our business operations as direct ownership would be.

Any failure by ATA Intelligent Learning or its shareholders to perform their obligations under our contractual arrangements with them would have a material and adverse effect on our business.

If ATA Intelligent Learning or its shareholders fail to perform their obligations under the contractual arrangements, we may have to incur substantial costs and expend additional resources to enforce such arrangements. We may also have to rely on legal remedies under PRC law, including seeking specific performance or injunctive relief, and claiming damages, which we cannot assure to be effective. For example, if the shareholders of ATA Intelligent Learning were to refuse to transfer their equity interest in ATA Intelligent Learning to us or our designee when we exercise the purchase option pursuant to these contractual arrangements, or if they were otherwise to act in bad faith toward us, we may have to take legal actions to compel them to perform their contractual obligations.

All the agreements under our contractual arrangements are governed by PRC law. Accordingly, these contracts would be interpreted in accordance with PRC law and any disputes would be resolved in accordance with PRC legal procedures. The legal system in the PRC is not as developed as in some other jurisdictions, such as the United States. See Item 3.D. “Key Information — Risk Factors — Risks Relating to Doing Business in the People’s Republic of China—The Chinese legal system has inherent uncertainties that could limit the legal protections available to you and us.” Meanwhile, there are very few precedents and little formal guidance as to how contractual arrangements in the context of a variable interest entity should be interpreted or enforced under PRC law, and as a result it may be difficult to predict how an arbitration panel would view such contractual arrangements. As a result, uncertainties in the PRC legal system could limit our ability to enforce these contractual arrangements. Additionally, under PRC law, rulings by arbitrators are final, parties cannot appeal the arbitration results in courts, and if the losing parties fail to carry out the arbitration awards within a prescribed time limit, the prevailing parties may only enforce the arbitration awards in PRC courts through arbitration award recognition proceedings, which would require additional expenses and delay.

In the event we are unable to enforce our contractual arrangements, we may not be able to exert effective control over ATA Intelligent Learning, and our ability to conduct relevant businesses may be negatively affected.

The shareholders of ATA Intelligent Learning may have potential conflicts of interest with us, which may materially and adversely affect our businesses and financial conditions.

Mr. Kevin Xiaofeng Ma and Mr. Haichang Xiong are the shareholders of ATA Intelligent Learning. Mr. Kevin Xiaofeng Ma is our chairman and chief executive officer, and Mr. Haichang Xiong is our general counsel. The shareholders of ATA Intelligent Learning may have potential conflicts of interest with us. These shareholders may breach, or cause ATA Intelligent Learning to breach, or refuse to renew, the existing contractual arrangements we have with them and we would have a material and adverse effect to effectively control ATA Intelligent Learning, and hence substantially all the economic benefits received by ATA Intelligent Learning. For example, the shareholders may cause our agreements with ATA Intelligent Learning to perform in a manner adverse to us by, among other things, failing to remit payments due to us under the contractual arrangements on a timely basis. We cannot assure you that when conflicts of interest arise, any or all of these shareholders will act in the best interests of our company or such conflicts will be resolved in our favor.

Currently, we do not have any arrangements to address potential conflicts of interest between these shareholders and our company. Mr. Kevin Xiaofeng Ma is also the chairman of the board of directors and chief executive officer of the Company. We rely on Mr. Ma to abide by the laws of the Cayman Islands and China, where directors owe fiduciary duties to the company that requires them to act in good faith and in what they believe to be the best interests of the company and not to use their positions for personal gains. If we cannot resolve any conflicts of interest or dispute between us and the shareholders of ATA Intelligent Learning, we would have to rely on legal proceedings, which could result in disruption of our business and subject us to substantial uncertainty as to the outcome of any such legal proceedings.

Contractual arrangements in relation to ATA Intelligent Learning may be subject to scrutiny by the PRC tax authorities and they may determine that we or our PRC variable interest entity owe additional taxes, which could negatively affect our financial condition and the value of your investment.

Under applicable PRC laws and regulations, arrangements and transactions among related parties may be subject to audit or challenge by the PRC tax authorities. We could face material and adverse tax consequences if the PRC tax authorities determine that the contractual arrangements between ATA Education and ATA Intelligent Learning in China, and its shareholders were not entered into on an arm's length basis and in such a way as to result in an impermissible reduction in taxes under applicable PRC laws, rules and regulations, and to adjust ATA Intelligent Learning's income in the form of a transfer pricing adjustment. A transfer pricing adjustment could, among other things, result in a reduction of expense deductions recorded by ATA Intelligent Learning for PRC tax purposes, which could in turn increase the tax liabilities. In addition to transfer pricing adjustment, the PRC tax authorities may also enquire about the substance of the consulting fee to be paid to ATA Education pursuant to applicable PRC laws. If the consulting fees do not have business substance or are not authentic, they may not be deductible and may result in additional tax liability to ATA Intelligent Learning.

Moreover, the PRC tax authorities may impose punitive interest on ATA Intelligent Learning for the adjusted but unpaid taxes at the rate of 5% over the basic RMB lending rate published by the People's Bank of China to be applied for a period according to the applicable regulations. Our financial position could be materially and adversely affected if ATA Intelligent Learning's tax liabilities increase or if they are required to pay punitive interest.

We may be affected by the Cayman Economic Substance Law 2018

We are a holding company incorporated in Cayman Islands. During 2017, the European Union Economic and Financial Affairs Council released a list of non-cooperative jurisdictions for tax purposes. The stated aim of this list, and accompanying report, was to promote good governance worldwide in order to maximize efforts to prevent tax fraud and tax evasion. Cayman Islands was not on the list of non-cooperative jurisdictions; however, Cayman Islands did feature in the report as having committed to address concerns relating to economic substance by December 31, 2018.

In accordance with such commitment, Cayman Islands enacted the the International Tax Co-operation (Economic Substance) Law, 2018 (the "ES Law") in December 2018. Under the ES Law, if a Cayman Islands company is carrying on as a business one or more "relevant activity" (including: banking, distribution and service center, financing and leasing, fund management, headquarters, holding company, insurance, intellectual property or shipping) it will be required to maintain a substantial economic presence in Cayman Islands and to comply with the economic substance requirements set forth in the ES Law. Companies subject to the economic substance requirements will be required to file a declaration with the Cayman Islands Tax Information Authority stating whether or not they are carrying out relevant activities on an annual basis.

At present, the impact of the ES Law is unclear and it is impossible to predict the nature and effect of these requirements on us. We are currently evaluating the potential effect that the ES Law will have on us.

Risks Relating to Our ADSs

Our ADS price and the ADS or stock prices of other technology companies with business operations primarily in China, have fluctuated widely in recent years, which could result in substantial losses to investors.

The trading prices of our ADSs are volatile, and this volatility may continue. For instance, between January 1, 2018 and December 31, 2018, our ADS price as reported on Nasdaq ranged between a low of \$0.8201 and a high of \$6.87. Numerous factors that are beyond our control may cause the market price of our ADSs to fluctuate significantly. In particular, the performance and fluctuation of the market prices of other technology companies with business operations mainly in China that have listed their securities in the United States may affect the volatility in the price of and trading volumes for our ADSs. The trading performances of these Chinese companies' securities at the time of or after their offerings may affect the overall investor sentiment towards Chinese companies listed in the United States and consequently may impact the trading performance of our ADSs. These broad market and industry factors may significantly affect the market price and volatility of our ADSs, regardless of our actual operating performance.

In addition to market and industry factors, the price and trading volume for our ADSs may be highly volatile for specific business reasons. Factors such as variations in our revenues, earnings and cash flow, announcements of new investments, cooperation arrangements or acquisitions, and fluctuations in market prices for our services could cause the market price of our ADSs to change substantially. Any of these factors may result in large and sudden changes in the volume and price at which our ADSs will trade. We cannot give any assurance that these factors will not occur in the future.

Although publicly traded, the trading market in our ADSs has been substantially less liquid than the ADSs or stock of many companies quoted on the Nasdaq Global Market, and this low trading volume may adversely affect the price of our ADSs.

Although our ADSs are traded on the Nasdaq Global Market, the trading volume of our ADSs has generally been very low. Reported average daily trading volume of our ADSs for the three-month period ended March 31, 2019 was approximately 81,289 ADSs. Limited trading volume will subject our ADSs to greater price volatility and may make it difficult for our shareholders to sell their ADSs at a price that is attractive to them, if at all.

The sale or availability for sale of substantial amounts of our ADSs could adversely affect their market price.

Sales of substantial amounts of our ADSs in the public market or the perception that these sales could occur, could adversely affect the market price of our ADSs and could materially impair our future ability to raise capital through offerings of our ADSs.

As of April 12, 2019, there were 48,646,094 common shares outstanding. In addition, there were outstanding options to purchase an aggregate of 1,035,650 common shares, including options to purchase an aggregate of 16,666 common shares immediately exercisable as of April 12, 2019. All of the ADSs sold in our initial public offering are freely tradable without restriction or further registration under the U.S. Securities Act of 1933, or the Securities Act, unless held by our "affiliates" as that term is defined in Rule 144 under the Securities Act. Subject to applicable restrictions and limitations under Rule 144 of the Securities Act of 1933, all of our shares outstanding as of the date of this annual report are eligible for sale in the public market. In addition, the common shares subject to options for the purchase of our common shares will become eligible for sale in the public market to the extent permitted by the provisions of various vesting agreements, and Rules 144 and 701 under the Securities Act of 1933. If these additional shares are sold, or if it is perceived that they will be sold in the public market, the trading price of our common shares could decline.

A significant percentage of our outstanding common shares are held by a small number of our existing shareholders, and these shareholders may have significantly greater influence on us and our corporate actions by nature of the size of their shareholdings relative to our public shareholders.

One of our existing shareholders, Kevin Xiaofeng Ma, beneficially owns over 50.0% of our outstanding common shares as of April 12, 2019. Accordingly, Mr. Ma has had, and may continue to have, significant influence in determining the outcome of any corporate transaction or other matter submitted to the shareholders for approval, including mergers, consolidations and the sale of all or substantially all of our assets, election of directors and other significant corporate actions. In addition, without the consent of Mr. Ma, we could be prevented from entering into transactions that could be beneficial to us.

In addition, as of the date of this annual report, Kevin Xiaofeng Ma owns substantial equity interest in ATA Online. In addition, Kevin Xiaofeng Ma also acts as the chairman of the board of directors of ATA Online. A potential conflict of interest may exist as the businesses of ATA Online may divert more time and attention of Kevin Xiaofeng Ma. In particular, if we are not able to effectively acquire new business or expand our operations subsequent to the sale of ATA Online, Kevin Xiaofeng Ma's interest in ATA Online may outweigh his interest in us and, as a result, his interest may not be best aligned with the interest of our shareholders.

Anti-takeover provisions in our organizational documents may discourage our acquisition by a third party, which could limit your opportunity to sell your shares at a premium.

Our third amended and restated memorandum and articles of association include provisions that could limit the ability of others to acquire control of us, modify our structure or cause us to engage in change of control transactions, including, among other things, the following:

- provisions that provide for a staggered board which operates to prevent a third party from obtaining control of our board in a relatively short period of time because at least two annual shareholders' meetings, instead of one, would generally be required to effect a change in majority of the board.
- provisions that restrict the ability of our shareholders to call meetings and to propose special matters for consideration at shareholder meetings; and
- provisions that authorize our board of directors, without action by our shareholders, to issue preferred shares and to issue additional common shares, including common shares represented by ADSs.

These provisions could have the effect of depriving you of an opportunity to sell your ADSs at a premium over prevailing market prices by discouraging third parties from seeking to acquire control of us in a tender offer or similar transactions.

The voting rights of holders of ADSs must be exercised in accordance with the terms of the deposit agreement, the ADRs, and the procedures established by the depositary. The process of voting through the depositary may involve delays that limit the time available to you to consider proposed shareholders' actions and also may restrict your ability to subsequently revise your voting instructions.

A holder of ADSs may exercise its voting rights with respect to the underlying common shares only in accordance with the provisions of the deposit agreement and the ADRs. We do not recognize holders of ADSs representing our common shares as our shareholders, and instead we recognize the ADS depositary as our shareholder.

When the depositary receives from us notice of any shareholders meeting, it will distribute the information in the meeting notice and any proxy solicitation materials to you. The depositary will determine the record date for distributing these materials, and only ADS holders registered with the depositary on that record date will, subject to applicable laws, be entitled to instruct the depositary to vote the underlying common shares. The depositary will also determine and inform you of the manner for you to give your voting instructions, including instructions to give discretionary proxies to a person designated by us. Upon receipt of voting instructions of a holder of ADSs, the depositary will endeavor to vote the underlying common shares in accordance with these instructions. You may not receive sufficient notice of a shareholders' meeting for you to withdraw your common shares and cast your vote with respect to any proposed resolution, as a holder of our common shares. In addition, the depositary and its agents may not be able to send materials relating to the meeting and voting instruction forms to you, or to carry out your voting instructions, in a timely manner. We cannot assure you that you will receive the voting materials in time to ensure that you can instruct the depositary to vote your shares. The additional time required for the depositary to receive from us and distribute to you meeting notices and materials, and for you to give voting instructions to the depositary with respect to the underlying common shares, will result in your having less time to consider meeting notices and materials than holders of common shares who receive such notices and materials directly from us and who vote their common shares directly. If you have given your voting instructions to the depositary and subsequently decide to change those instructions, you may not be able to do so in time for the depositary to vote in accordance with your revised instructions. The depositary and its agents will not be responsible for any failure to carry out any instructions to vote, for the manner in which any vote is cast or for the effect of any such vote.

Except in limited circumstances, the depositary for our ADSs will give us a discretionary proxy to vote our common shares underlying your ADSs if you do not vote at shareholders' meetings, which could adversely affect your interests.

Under the deposit agreement for the ADSs, the depositary will give us a discretionary proxy to vote our common shares underlying your ADSs at shareholders' meetings if you do not vote, unless we notify the depositary that:

- we do not wish to receive a discretionary proxy;
- we think there is substantial shareholder opposition to the particular question; or
- we think the subject of the particular question would have a material adverse impact on our shareholders.

The effect of this discretionary proxy is that, absent the situations described above, you cannot prevent our common shares underlying your ADSs from being voted and it may make it more difficult for shareholders to influence the management of our company. Holders of our common shares are not subject to this discretionary proxy.

You may not receive distributions on our common shares or any value for them if such distribution is illegal or if any required government approval cannot be obtained in order to make such distribution available to you.

The depositary of our ADSs has agreed to pay to you the cash dividends or other distributions it or the custodian for our ADSs receives on our common shares or other deposited securities after deducting its fees and expenses. You will receive these distributions in proportion to the number of our common shares your ADSs represent. However, the depositary is not responsible to make a distribution available to any holders of ADSs if it decides that it is unlawful to make such distribution. For example, it would be unlawful to make a distribution to a holder of ADSs if it consisted of securities that required registration under the Securities Act but that were not properly registered or distributed pursuant to an applicable exemption from registration. The depositary is not responsible for making a distribution available to any holders of ADSs if any government approval or registration required for such distribution cannot be obtained after reasonable efforts made by the depositary. We have no obligation to take any other action to permit the distribution of our ADSs, common shares, rights or anything else to holders of our ADSs. This means that you may not receive the distributions we make on our common shares or any value for them if it is unlawful or unreasonable from a regulatory perspective for us to make them available to you. These restrictions may have a material adverse effect on the value of your ADSs.

You may be subject to limitations on transfer of your ADSs.

Your ADSs represented by ADRs are transferable on the books of the depositary. However, the depositary may close its books at any time or from time to time when it deems expedient in connection with the performance of its duties. The depositary may close its books from time to time for a number of reasons, including in connection with corporate events such as a rights offering, during which time the depositary needs to maintain an exact number of ADS holders on its books for a specified period. The depositary may also close its books in emergencies, and on weekends and public holidays. The depositary may refuse to deliver, transfer or register transfers of our ADSs generally when the books of the depositary are closed, or at any time if we or the depositary thinks it is advisable to do so because of any requirement of laws or any government or government body, or under any provision of the deposit agreement, or for any other reason.

We are a Cayman Islands company and, because judicial precedent regarding the rights of shareholders is more limited under Cayman Islands law than under U.S. federal or state laws, you may have less protection of your shareholder rights than you would under U.S. federal or state laws.

Our corporate affairs are governed by our third amended and restated memorandum and articles of association, the Cayman Islands Companies Law and the common law of the Cayman Islands. The rights of shareholders to take action against the directors, actions by minority shareholders and the fiduciary responsibilities of our directors to us under Cayman Islands law are to a large extent governed by the common law of the Cayman Islands. The common law of the Cayman Islands is derived in part from comparatively limited judicial precedent in the Cayman Islands as well as from English common law, which has persuasive, but not binding, authority on a court in the Cayman Islands. The rights of our shareholders and the fiduciary responsibilities of our directors under Cayman Islands law are not as clearly established as they would be under statutes or judicial precedent in some jurisdictions in the United States. In particular, the Cayman Islands has a less developed body of securities laws than the United States. In addition, some jurisdictions, such as Delaware, have more fully developed and judicially interpreted bodies of corporate law than the Cayman Islands. As a result of all of the above, public shareholders may have more difficulty in protecting their interests in the face of actions taken by management, members of the board of directors or controlling shareholders than they would as public shareholders of a U.S. company.

Certain judgments obtained against us by our shareholders may not be enforceable.

We are a Cayman Islands company and substantially all of our assets are located outside of the United States. Nearly all of our current operations are conducted in China. In addition, most of our directors and officers are nationals and residents of countries other than the United States. A substantial portion of the assets of these persons are located outside the United States. As a result, it may be difficult for you to effect service of process within the United States upon these persons. It may also be difficult for you to enforce in U.S. court judgments obtained in U.S. courts based on the civil liability provisions of the U.S. federal securities laws against us and our officers and directors, none of whom is resident in the United States and the substantial majority of whose assets is located outside of the United States. In addition, there is uncertainty as to whether the courts of the Cayman Islands or China would recognize or enforce judgments of U.S. courts against us or such persons predicated upon the civil liability provisions of the securities laws of the United States or any state. In addition, there is uncertainty as to whether such Cayman Islands or Chinese courts would be competent to hear original actions brought in the Cayman Islands or China against us or such persons predicated upon the securities laws of the United States or any state.

Your right to participate in any future rights offerings may be limited, which may cause dilution to your holdings.

We may from time to time distribute rights to our shareholders, including rights to acquire our securities. However, we cannot make rights available to you in the United States unless we register the rights and the securities to which the rights relate under the Securities Act or an exemption from the registration requirements is available. We are under no obligation to file a registration statement with respect to any such rights or securities or to endeavor to cause such a registration statement to be declared effective. Moreover, we may not be able to establish an exemption from registration under the Securities Act. Accordingly, you may be unable to participate in our rights offerings and may experience dilution in your holdings.

ITEM 4. INFORMATION ON THE COMPANY

A. History and Development of the Company

Our predecessor company, American Testing Authority, Inc., a New York company, began operations in 1999, and in the same year established ATA Testing Authority (Beijing) Limited, or ATA Testing, as a wholly-owned subsidiary in China. In November 2001, our founders established ATA Testing Authority (Holdings) Limited, or ATA BVI, in the British Virgin Islands. In the following year, American Testing Authority, Inc. merged into ATA BVI and ATA BVI became our holding company.

[Table of Contents](#)

In June 2003, we established a Chinese joint venture company, ATA Learning (Beijing) Inc., or ATA Learning, with Yinchuan Economic and Technological Development Zone Investment Holding Co. Ltd., or Yinchuan Holding. Initially, we held a 40% equity interest in ATA Learning. In May 2005, we acquired Yinchuan Holding's 60% equity interest and converted ATA Learning into a wholly-owned subsidiary of ATA BVI.

We incorporated ATA Inc. in the Cayman Islands in September 2006 as our listing vehicle. ATA Inc. became our ultimate holding company in November 2006 when it issued shares to the existing shareholders of ATA BVI in exchange for all of the outstanding shares of ATA BVI.

In February 2009, we completed the acquisition of the entire equity of Beijing JDX, and JDX Holdings Limited, or JDX BVI, which are related companies incorporated in China and the British Virgin Islands, respectively, engaged in the development and marketing of software for computer-based tests. JDX BVI was dissolved in October 2009.

In November 2013, we completed the acquisition of the entire equity interest of Xing Wei Institute (Hong Kong) Limited, or Xing Wei, a private education technology company that provides training solutions as well as online and mobile training platforms for corporations in China.

In connection with the listing of our testing service business on the New Third Board, we acquired the entire equity interest of ATA Online through ATA Learning and Zhongxiao Zhixing Education Technology (Beijing) Limited, or Zhongxiao Zhixing, in May 2015, with ATA Learning owning 90% and Zhongxiao Zhixing owning 10% of ATA Online's share equity.

In May 2016, ATA Testing acquired from ATA Inc. the entire equity interest of Beijing JDX, which changed its company name to ATA Learning Data & Technology (Beijing) Limited, or ATA Data, in August 2016. In June 2017, MOOC-CN Investment and an individual shareholder acquired a total of 20% equity interest in ATA Data. Such investment aimed to help us expand into the K-12 education assessment market, with particular focus on the development of K-12 education assessment tools and content. ATA Data changed its company name to Muhua Shangce Learning Data & Technology (Beijing) Limited, or Muhua Shangce, in connection with such investment. After the investment, ATA Testing, MOOC-CN Investment and the individual shareholder each holds 56%, 18% and 2% equity interests in Muhua Shangce respectively, with the remaining 24% equity interests being transferred to a limited partnership named Ningbo Meishan Bonded Port Area Zunming Investment Management Center (Limited Partnership) in December, 2018.

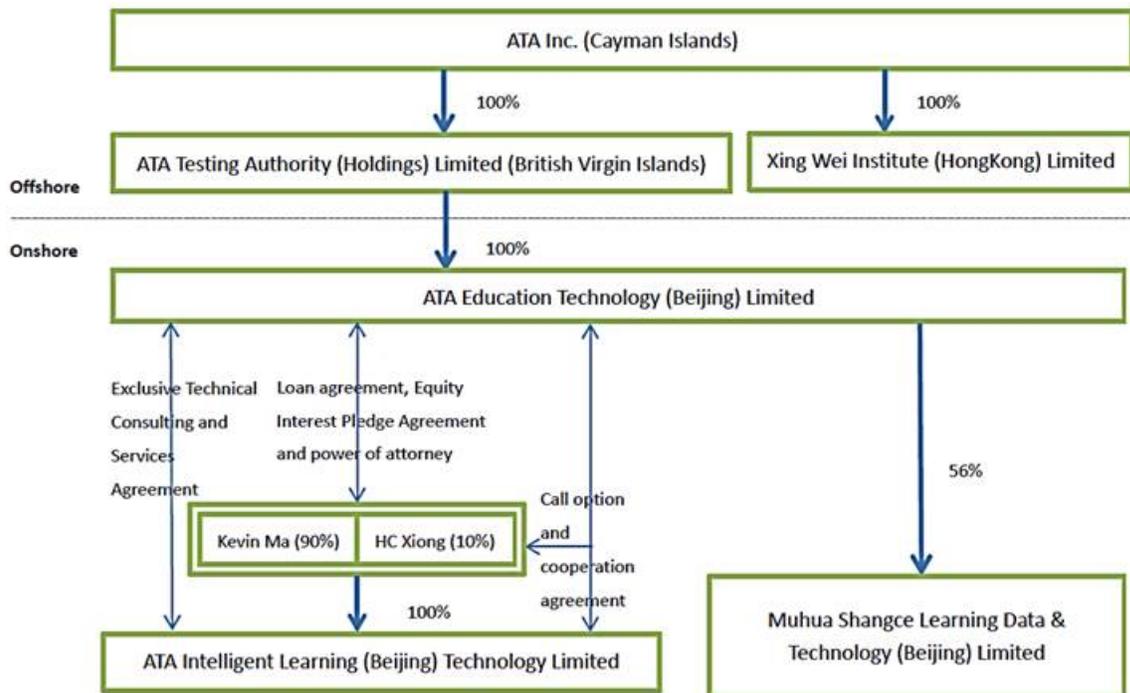

On August 16, 2018, we completed the sale of 100% equity interests of ATA Online held by us through ATA Learning and Zhongxiao Zhixing for a total consideration of US\$200.0 million in cash to a group of buyers, among which, 17.5% of the equity interest of ATA Online was transferred to two entities affiliated with funds managed by CDH Investments, a major Chinese alternative asset management firm based in Beijing, or the CDH Entities, for a consideration of US\$35.0 million, 16.5% of the equity interest of ATA Online was transferred to three holding entities controlled by certain management members of ATA Online, or the Management Entities, for a consideration of US\$33.0 million, 15% of the equity interest of ATA Online was transferred to Zhuhai Lihonghuaying Equity Investment Partnership (LP), a China-based entity principally engaged in private equity investments, or the LHHY Entity, for a consideration of US\$30.0 million, and 51% of the equity interest of ATA Online was transferred to New Beauty Holdings, a company controlled by Kevin Xiaofeng Ma, for a consideration of US\$102.0 million. See Form 6-Ks filed by us on February 6, 2018 and August 16, 2018 for details of the sale of ATA Online. As a result of the sale of ATA Online, we no longer hold, directly or indirectly, any interest in ATA Online and its subsidiaries, ATA Learning and Zhongxiao Zhixing.

On February 18, 2019, ATA Testing changed its company name to ATA Education Technology (Beijing) Limited, or ATA Education, in connection with our strategic change from computer-based testing business to focusing on providing PBL education services and other related services.

On August 16, 2018, we entered into an acquisition agreement for the acquisition of 100% of the shares of Beijing Biztour International Travel Service Co., Ltd. and its affiliates, or Beijing Biztour, a provider of international study tour and travel services for students in China who are interested in international study tours primarily in the U.S., United Kingdom and Australia. On March 6, 2019, we terminated the acquisition of Beijing Biztour because Beijing Biztour and the shareholders of Beijing Biztour did not satisfy certain closing conditions for such acquisition. Beijing Biztour had agreed that ATA shall not be restricted to conduct any international study tour business and that ATA may subsequently employ many of the employees of Beijing Biztour. See Form 6-Ks filed by us on August 16, 2018 and March 6, 2019 for details of the proposed acquisition and its termination.

From February to April 2019, we have entered into non-binding framework agreements and certain related conditional share purchase agreement and deposit agreement with ACG and certain of its shareholders for a proposed acquisition of 100% of the shares of ACG, a leading provider of educational services for students in China who are interested in applying for overseas art study. Under the terms of the above agreements, ACG and its major shareholders, including its founder, will negotiate exclusively with us until June 30, 2019 for an acquisition of 100% of the share capital of ACG. There is no assurance that all conditions precedent to the completion of such acquisition will be satisfied or waived.

The following diagram illustrates our current corporate structure including our principal subsidiaries and consolidated variable interest entity. Except for ATA BVI and Xing Wei, which are incorporated in the British Virgin Islands and Hong Kong Special Administrative Region of the PRC, respectively, all of our subsidiaries and variable interest entity are incorporated in Mainland China.

Our principal executive offices are located at 1/F East Gate, Building No. 2, Jian Wai Soho, No. 39 Dong San Huan Zhong Road, Chao Yang District, Beijing, China, and our telephone number is (86-10) 6518-1133. Our website address is <http://www.atai.net.cn>. The information on our website does not form a part of this annual report. On February 1, 2008, we completed our initial public offering, which involved the sale by us of 4,874,012 of our ADSs, representing 9,748,024 of our common shares. Our agent for service of process in the United States is CT Corporation System, located at 111 Eight Avenue, New York, New York 10011. The SEC maintains an Internet site at <http://www.sec.gov> that contains electronic reports, proxy and information statements, and other information regarding us.

Our Consolidated Variable Interest Entity

To preserve flexibility for operating, investing in or holding business that is restricted for foreign investment, ATA Intelligent Learning was established in March 2018. We obtained control over ATA Intelligent Learning in March 2018 by entering into a series of contractual arrangements among ATA Education (formally known as ATA Testing), ATA Intelligent Learning and the shareholders of ATA Intelligent Learning, which we refer to as the ATA Intelligent Learning Agreements. As a result of these contractual arrangements, we became the primary beneficiary of ATA Intelligent Learning in March 2018. We treat ATA Intelligent Learning as our variable interest entity and have consolidated its financial results in our consolidated financial statements in accordance with U.S. GAAP. The establishment of ATA Intelligent Learning will have no impact on our consolidated financial statements for the nine-month period ended December 31, 2017 and for the fiscal year ended March 31, 2017.

ATA Intelligent Learning Agreements allow us to:

- exercise effective control over ATA Intelligent Learning;
- receive substantially all of the economic benefits of ATA Intelligent Learning; and
- have an exclusive option to purchase all or part of the equity interests in ATA Intelligent Learning when and to the extent permitted by PRC law.

In the opinion of Jincheng Tongda & Neal Law Firm, our PRC legal counsel:

- the ownership structures of ATA Intelligent Learning and our wholly owned subsidiaries in PRC are in compliance with existing published PRC laws and regulations;
- our contractual arrangements among our wholly owned subsidiaries in PRC and ATA Intelligent Learning and its shareholders, are valid and binding, will not result in any material violation of published PRC laws or regulations currently in effect, and are enforceable in accordance with their terms and conditions; and
- the business operations of our company, all of our Chinese subsidiaries and ATA Online, as described in this annual report, are in compliance with existing published Chinese laws and regulations in all material aspects.

However, there are substantial uncertainties regarding the interpretation and application of current or future PRC laws and regulations, including the laws and regulations governing the enforcement and performance of our contractual arrangements in the event of imposition of statutory liens, bankruptcy and criminal proceedings. Accordingly, we cannot assure you that the PRC regulatory authorities will not ultimately take a contrary view. If the PRC government finds that the agreements that establish the structure of our operations in PRC do not comply with PRC government restrictions on foreign investment in our industry, we could be subject to severe penalties.

Contractual Arrangements with ATA Intelligent Learning

The following is a summary of the currently effective ATA Intelligent Learning Agreements.

Agreements that Provide Us with Effective Control over ATA Intelligent Learning

Equity Interest Pledge Agreements. On March 15, 2018, ATA Education and ATA Intelligent Learning and each of the shareholders of ATA Intelligent Learning entered into an equity interest pledge agreement. Pursuant to the equity interest pledge agreements, each of the shareholders of ATA Intelligent Learning has pledged all of his equity interest in ATA Intelligent Learning to guarantee his and ATA Intelligent Learning's performance of his obligations under, where applicable, the exclusive technical consulting and services agreement and the call option and cooperation agreement. If ATA Intelligent Learning or the shareholders of ATA Intelligent Learning breach their contractual obligations under these agreements, ATA Education, as pledgee, will have the right to dispose the pledged equity interests. The shareholders of ATA Intelligent Learning agree that, during the term of the equity interest pledge agreements, they will not dispose the pledged equity interests or create or allow any encumbrance on the pledged equity interests, and they also agree that ATA Education's rights relating to the equity pledge should not be suspended or hampered by the shareholders, their successors or their designates. During the term of the equity interest pledge agreements, ATA Education has the right to receive all of the dividends and profits distributed on the pledged equity. The term of the equity interest pledge agreements shall commence on the date on March 15, 2018 and shall expire on the earlier of (a) the date on which all outstanding secured obligations are paid in full or otherwise satisfied (as applicable); (b) ATA Education enforces the equity interest pledge agreements pursuant to the terms and conditions, to satisfy its rights under the secured obligations and pledged collateral in full, or (c) the shareholders of ATA Intelligent Learning complete their transfer of the equity interest to another party (individual or legal entity) pursuant to the "Call Option and Cooperation Agreement" and no longer holds any equity interest in ATA Intelligent Learning. ATA Intelligent Learning has registered these equity interest pledge agreements with the competent Administration for Industry and Commerce on April 27, 2018. The registration of the equity pledge enables ATA Testing to enforce the equity pledge against third parties who acquire the equity interests of ATA Intelligent Learning in good faith.

Powers of Attorney. On March 15, 2018, each of the shareholders of ATA Intelligent Learning granted an irrevocable power of attorney. Pursuant to the irrevocable powers of attorney, each of the shareholders of ATA Intelligent Learning appointed ATA Education or any eligible person designated by ATA Education as his attorney-in-fact to exercise all voting rights and other shareholder rights of ATA Intelligent Learning, including but not limited to appointing or electing their directors and executive officers. The person designated by ATA Education is entitled to sign the transfer documents necessary for the fulfillment of the exclusive technical consulting and services agreement and the call option and cooperation agreement, and to join the liquidation group and participate in the liquidation of ATA Intelligent Learning. The term of the powers of attorney shall be consistent with the term of the equity interest pledge agreements and call option and cooperation agreement and shall be extended along with the equity interest pledge agreements and call option and cooperation agreement.

Agreements that Allow Us to Receive Economic Benefits from ATA Intelligent Learning

Exclusive Technical Consulting and Services Agreement On March 15, 2018, ATA Education and ATA Intelligent Learning entered into an exclusive technical consulting and services agreement. Pursuant to the exclusive technical consulting and services agreement, ATA Education has the sole and exclusive right to provide specified technology consulting and services to ATA Intelligent Learning. The Parties agree that the intellectual property rights created by ATA Education in the course of performing this agreement, including without limitation any copyrights, trademarks or logos registered or not, patents and proprietary technology, shall belong to ATA Education. The consulting fee payable by ATA Intelligent Learning to ATA Education shall be confirmed by ATA Education in writing and be calculated based on the actual time spent by ATA Education in providing services to ATA Intelligent Learning on a quarterly basis. The consulting fee shall be settled on a quarterly basis, and at the end of each year, ATA Education shall confirm the total consulting and other fees incurred for the year in writing and ATA Intelligent Learning shall settle any outstanding on a timely basis. This agreement shall continue for a period of 30 years from March 15, 2018 and shall be automatically extended for another 10 years unless ATA Education gives its written notice terminating this agreement 3 months before the expiration of this agreement.

Agreements that Provide Us with the Option to Purchase the Equity Interest in ATA Intelligent Learning

Call Option and Cooperation Agreement On March 15, 2018, ATA Education, ATA Intelligent Learning and the shareholders of ATA Intelligent Learning entered into a call option and cooperation agreement. Pursuant to the call option and cooperation agreement, when permitted by applicable laws, ATA Education (or any eligible party designated by ATA Education) shall have the right to acquire, at any time, all of ATA Intelligent Learning's assets or its share equity owned by the shareholders of ATA Intelligent Learning, at a price equal to the sum of the principles of the loans (RMB 10.0 million) from ATA Education to the shareholders of ATA Intelligent Learning. If ATA Education elects to purchase a portion of ATA Intelligent Learning's share equity or assets, the exercise price for such purpose shall be adjusted accordingly based on the percentage of such share equity or assets to be purchased over the total share equity or assets. Without the prior written consent of ATA Education, ATA Intelligent Learning may not sell or otherwise dispose of its assets or beneficial interest, create or allow any encumbrance on its assets or other beneficial interests, enter into any material contracts (except those contracts entered into in the ordinary course of business), or distribute dividends to the shareholders. The call option and cooperation agreement shall be effective upon the execution date and shall remain effective thereafter.

Loan Agreements. On March 15, 2018, ATA Education and each of the shareholders of ATA Intelligent Learning entered into a loan agreement. Pursuant to the loan agreements, ATA Education made loans in an aggregate amount of RMB 10.0 million to the shareholders of ATA Intelligent Learning solely for the capitalization of ATA Intelligent Learning. The shareholders can only repay the loans by transferring all their equity interest in ATA Intelligent Learning to ATA Education or its designated persons. In the event that shareholders transfer their equity interests to ATA Education or its designated person with a price equivalent to or less than the amount of the principal, the loans will be interest free. If the price is higher than the amount of the principal, the excess amount will be paid to ATA Education as loan interest. The maturity date of the loans is on the tenth anniversary of the execution date of the loan agreement. The term of the loans can be extended under written consent of ATA Education and ATA Intelligent Learning. On March 19, 2019, ATA Education, ATA Intelligent Learning and each of the shareholders of ATA Intelligent Learning entered into a supplementary agreement to the ATA Intelligent Learning Agreements, pursuant to which the aggregate amount of loans made by ATA Education to the shareholders of ATA Intelligent Learning for the capitalization of ATA Intelligent Learning increased from RMB 10.0 million to RMB 30.0 million with all other terms and conditions under the ATA Intelligent Learning Agreements remain unchanged.

B. Business Overview

Overview

We are a company dedicating to providing students with quality educational experiences and services in China and abroad. Historically, we focused on providing computer-based testing services, online education services and other related services in China. On August 16, 2018, we completed the sale of ATA Online Business, which previously operated our computer-based testing services, online education services and other related services. See Form 6-Ks filed by us on August 30, 2017, February 6, 2018 and August 16, 2018 for details of our sale of ATA Online Business.

Leveraging the resources, know-how, experience and cooperative relationship accumulated during our delivery of certification examination tests, we currently focus on providing college students and professionals in China with project-based educational experience complementary to classroom-based learning by offering short-term learning experiences in a specific subject through comprehensive learning methods, including in-class and out-of-class methods, and online and offline modes. We refer such service offering as “Project-Based Learning”, or PBL business. We believe we can leverage our competence of developing and integrating education content, as well as our previous experience in delivering project-based tests to quickly expand our PBL education services.

Over the years, we have noted in the traditional vocational education service industry a market need for the service that provides college students and professionals the opportunity to procure professional skills they actually need at workplaces, particularly for emerging high-tech industries, such as big data, artificial intelligence, e-sports, drone or other subjects, to better prepare them for jobs hunting. Our PBL education services are designed to fulfill such market needs. The main ideas of our PBL education services are “experience, discovery, learning and achievement”. We believe that these ideas are key elements for college students’ extracurricular learning and skills enhancement, among which, learning is the most important element. Based on these ideas and sharing the resources from our product department and subject matter experts in the industry, we integrate and develop China and overseas education resources and provide college students and professionals the vocational skill enhancement PBL programs, or “Vocational PBL Education Services”, riding on vocational courses and certain other supporting services.

Our department of education resources integration and development, or DERID, focuses on developing and tailoring education solutions for college students and professionals, such as designation of teaching plans, compilation of courseware, integration of digital learning resources, and construction of laboratories. DERID makes learning the most important and prominent element in our Vocational PBL Education Services and distinguishes us from other PBL service providers.

Based on the development of our Vocational PBL Education Services and leveraging our resources in the field, including business partners, project developing team and external experts, we can expand our PBL education services and product offerings into sectors such as study tour services for K-12 and college students in future.

In line with our business strategy of transforming our company into a leading international education service provider, we are currently in the process of evaluating the acquisition of ACG, a leading provider of educational services for students in China who are interested in applying for overseas art study. If this acquisition is completed, we will begin to provide overseas art education services. There is no assurance, however, that such acquisition will be completed.

Our Service Offerings

Vocational PBL Education Services

We offer Vocational PBL Education Services to college students and professionals in China who aim to enhance professional skills. Our Vocational PBL Education Services include providing practical skills training to college students and professionals with courses in emerging high-tech industries, such as big data, artificial intelligence, e-sports and drone.

We cooperate with leading enterprises and institutions for vocational certification authorization, design and develop our vocational course content in accordance with the professional requirements and industry standards for such vocational certifications, and provide vocational courses and supporting services to college students and professionals through our partner schools. We also provide teachers training services and equip them with the essential knowledge to teach our courses. The term for our courses is typically two or three semesters. Such courses prepare, college students and professionals to take tests organized by related certifying enterprises and institutions, and obtain relevant vocational certifications should they pass the tests, therehence equip them with competing advantages for job exploration.

Our Vocational PBL Education Services are designed to fill the gap between knowledge that college students and professionals grasped in schools and professional skills they actually need at workplaces. Our products and services include trainings and tailored education solutions addressing specific needs of our partner schools. Our training services include (a) vocational certification training for college students and professionals, such as courses in connection with big data analysis and application technology; (b) training of teachers from our partner schools; and (c) practical training of case studies for college students with emerging engineering majors. Our tailored education solutions include the design and development of training plans, teaching plans, courses, question banks and digital resources.

We are in the process of developing courses relating to big data analysis and plan to expand our Vocational PBL Education Services to intelligent manufacturing, drone technology application and other areas.

Other Service Offerings

We also provide other services including K-12 education assessment services, Nanjing University Shuang Chuang Project, and the research project with Research Institute of Future Education and Assessment of Tsinghua University.

K-12 Education Assessment Services. We offer comprehensive diagnostic assessment services throughout the entire learning process for primary schools, secondary schools and education bureaus at all levels who aim to improve students' competencies and teaching qualities. We develop our own tests for K-12 students and collect and analyze their test results to evaluate the current learning competencies of students and teaching qualities of schools, and provide advice to help schools and local education bureaus to enhance education developments. We provide evaluation services for various schools and organizations in China and analyze data for more than hundred thousand of students every year.

Nanjing University Project Shuang Chuang. Nanjing University Project Shuang Chuang is a pilot project aiming to build a learning-oriented assessment platform associated with database models for capturing, analyzing and improving the innovative and entrepreneurial qualities of students among colleges and higher education institutions. Through data generated along the learning process, students will be assessed on their innovative and entrepreneurial capabilities, for which we will provide tailor-made solutions, identifying routes and methodologies for improving their weak areas. We have launched the platform in around 10 colleges in China, and are expanding into more colleges.

Research Project with the Research Institute of Future Education and Assessment of Tsinghua University Our research project with the Research Institute of Future Education and Assessment of Tsinghua University focuses on the assessments of Chinese skills and competencies of non-native Chinese learners. We currently are developing new content and measures for assessments of Chinese skills and competences together with the Research Institute of Future Education and Assessment of Tsinghua University and plan to carry out commercialization activities relating to this research project in the coming years.

Department of Education Resources Integration and Development

Our department of education resources integration and development, or DERID, is comprised of two main functions, vocational PBL education content development and training implementation. Vocational PBL education content development focuses on vocational PBL course content development, expert team building and policy research. Training implementation focuses on the planning, marketing, management and delivery of vocational certificate training, teacher training, forum and conference organization.

Through DERID, we have established a product and course development team to design and develop our PBL products. DERID works closely with external education experts to select PBL education subjects and form corresponding learning models, integrating the selected themes with tailored learning courses, where we design training plans, teaching plans, courses, question banks, and prepare digital resources.

Our Business Partners

To better develop and integrate our PBL education services, we have formed a network of external experts from prestigious colleges and institutions in various subjects, including emerging high-tech themes such as big data, artificial intelligence, e-sports and drone. We leverage expertise of these external experts to polish the courseware and teaching materials.

We have also accumulated a network of business partners from our previous examination delivery business. These business partners authorize and/or cooperate with us to design and compile teaching plans and materials related to their technologies and businesses. Most of these business partners are enterprises and institutions engaging in emerging high-tech industries. Our relationships with these partners provide us opportunities to develop PBL programs related to certification examinations.

Marketing, Sales and Business Development

Our clients for PBL education services are colleges, which normally will purchase courseware or other relevant materials related to practical skills training. We primarily cooperate with sales channels and network of educational associations and institutions, which is more cost-effective for sales and market penetration.

We engage in a variety of marketing activities to generate demand and market awareness on our PBL education services, and at the same time, build and promote wider recognition of our “ATA” brand in education services. We attend various education conferences, exhibitions, trade shows and promotional activities held by educational associations and schools to demonstrate and promote our PBL education services. We also make presentations on topics including big data, artificial intelligence, e-sports, drone and other emerging technologies, to promote our products and service offerings.

Competition

In the PBL education services market, we compete primarily on the basis of service quality, price, research and development competence, sales and brand. Our competitors include educational or training institutions engaging in vocational courses development services or joint major vocational education services. We believe that our Vocational PBL Education Services in emerging high-tech areas are still new in the market, and hence the competition we currently face is not significant. We believe we can compete effectively with our competitors based on our consistent and competitive product quality, cost level, course content, research and development competence, marketing and sales capability, and our established relationships with schools, educational institutions and government agencies.

Seasonality

We have experienced seasonality in net revenues related to our K-12 education assessment services, with the quarters ending September 30 and March 31 typically having higher net revenues compared with the other quarters. This is primarily because schools tend to implement education assessments prior to summer and winter breaks, which are normally in the quarters ending September 30 and March 31. For our Vocational PBL Education Services, quarters ending March 31 are expected to have lower net revenues compared with other quarters, mainly because it coincides with the Chinese New Year holidays when few people will attend vocational trainings. Seasonality in other services is less apparent.

Intellectual Property

Intellectual property protections, including copyrights, trademarks, patents, and trade secrets are important to our success. We rely on copyright, trademark and patent law, trade secret protection and confidentiality agreements with our employees, clients, business partners and others to protect our intellectual property rights. All of our senior management and engineering employees are required to sign agreements acknowledging that all inventions, trade secrets, works of authorship, innovations and other processes generated by them that relate to our business are our property, and to assign to us any ownership rights in those works. Despite our efforts, it may be possible for third parties to obtain and use our intellectual property without authorization.

As of December 31, 2018, we have registered 9 trademarks for our products and services with the Trademark Office of the State Administration for Industry and Commerce in China.

As of December 31, 2018, we have registered 59 software copyrights relevant to our product and service offerings with the National Copyright Administration of the People's Republic of China, or NCA, including 11 software copyrights which were newly registered in the fiscal year ended December 31, 2018.

As of December 31, 2018, we have also registered 53 domain names relating to our websites, including www.atai.net.cn, the primary URL for our website, with the Internet Corporation for Assigned Names and Numbers and the China Internet Network Information Center, a domain name registration service provider in China.

Regulation

This section sets forth a summary of the most significant laws, regulations, policies and requirements that affect our business activities in China, the industries in which we operate, and our shareholders' right to receive dividends and other distributions from us.

Regulation of the Software Industry

In China, holders of computer software copyrights enjoy protection under the Copyright Law of the People's Republic of China, or the Copyright Law. Under the Copyright Law, China's State Council and the State Copyright Administration have also promulgated various regulations relating to the protection of software copyrights in China. Under these regulations, computer software that is independently developed and exists in a physical form will be protected, and software copyright owners may license or transfer their software copyrights to others. Registration of software copyrights and exclusive licensing and transfer contracts with the Copyright Protection Center of China (previously, the State Copyright Administration) or its local branches are encouraged. Such registration is not mandatory under Chinese laws, but can enhance the protections available to the registering parties. For example, the registration certificate serves an evidentiary function enabling the registering parties to prove they have protectable rights. We have registered 59 software copyrights with the NCA as of December 31, 2018.

China's Ministry of Industry and Information Technology (and its predecessors), or MIIT, has promulgated regulations to regulate the production, sale, import or export of software products in China. Under these regulations, all domestically produced software products to be operated or sold in China must be duly registered and filed with the provincial branches of MIIT. We have complied with the registration and filing requirements necessary to sell our software products in China. These registrations generally remain in effect for five years and are subject to renewal.

Regulation on the Wholesale, Retail and Rental of Book and Audio-Video Products

According to the Administrative Regulations on Publication, or the Publication Regulations, promulgated by the State Council, which was published on December 25, 2001, and further revised on March 19, 2011, July 18, 2013, July 29, 2014 and February 6, 2016, respectively, publications are defined as "newspapers, periodicals, books, audio-video products, electronic publications, and others."

Under the Administrative Measures for the Publication Market, or Administrative Measures, which was jointly promulgated by the State Press and Publication Administration and the Ministry of Commerce People's Republic of China, or MOFCOM, and became effective on March 25, 2011, any enterprise or individual wishing to engage in publication distributing activities must obtain permission from the press and publication agency at relevant levels. "Publications" and "distributing" are defined, respectively, in the Administrative Measures, as "books, newspapers, periodicals, audio-video products, and electronic publications" and "general distribution, wholesale, retail, rental, exhibition and other activities." Any enterprise or individual who engages in publication wholesale shall obtain a publication business license issued by the press and publication agency at the provincial level. A publication wholesale enterprise can engage in retail distribution as well. Any enterprise or individual who engages in publication rental shall file a record to the press and publication agency at the county level.

On May 31, 2016, the MOFCOM issued Administrative Provisions on the Publications Market, or the New Administrative Provisions, which became effective on June 1, 2016 and cancelled the Administrative Measures. Pursuant to the New Administrative Provisions, where an enterprise or individual that has obtained a publication business license is engaged in the publications distribution via the Internet or other information networks within the approved business scope, it or he/she shall make the record-filing with the publication administrative department that granted such approval within 15 days after launching its online distribution business. If our services include the sale of textbooks, handouts or other publications, we may need to apply to the press and publication agency at the provincial level for a publication business license and make the record-filing with the press and publication agency that granted such approval within 15 days after launching our online distribution business.

Regulation on E-commerce

China's e-commerce industry has developed quickly and a handful of PRC laws and regulations broadly regulate all goods and services provided through the Internet. In January 2005, the State Council adopted the Several Opinions on Promotion of the Development of E-commerce, which provides the guideline for the administration of e-commerce business in the PRC. To further implement this regulation, the Ministry of Commerce adopted in March 2007 the Guiding Opinions on Online Trading (for Tentative Implementation), which defines online trading as the trade of goods or services conducted between buyers and sellers via the Internet. All online trading participants must abide by the relevant PRC laws and are prohibited from carrying out illegal activities through online trading. In January 2014, SAIC adopted the Administrative Measures for Online Trading, which provides that online sellers must display their business licenses or the links to their business licenses on relevant web pages, take measures to ensure the safety of online transactions and issue purchase vouchers to consumers in accordance with relevant laws or business practices.

On June 19, 2015, MIIT promulgated the Circular on Removing the Restrictions on Shareholding Ratio Held by Foreign Investors in Online Data Processing and Transaction Processing (Operating E-commerce) Business. The circular stipulates that the ceiling of foreign ownership ratio of online data processing and transaction processing (operating e-commerce) business may be up to 100 percent.

Regulation of Vocational Education

Chinese laws and regulations impose restrictions on foreign investment in educational institutions in China. However, Chinese laws and regulations do not impose restrictions on foreign investment in companies providing course content or related products and services to educational institutions. According to the Catalog of Industries for Guiding Foreign Investment amended in 2017 and Special Administrative Measures for Access of Foreign Investment (Negative List) effective as of July 28, 2018, foreign investment in non-academic vocational education institutions is encouraged and there is no limitation to the maximum percentage of foreign ownership in a company operating non-academic vocational education business.

In addition, the Chinese government has issued a series of circulars and regulations promoting the development of vocational education, including “The Decision to Enhance the Promotion of the Reform and Development of Vocational Education”, “The Decision to Enhance the Development of Vocational Education” and “The Decision to Enhance the Development of Modern Vocational Education” published by the State Council on September 24, 2002, October 28, 2005 and May 2, 2014, respectively. These circulars and regulations require all levels of governments in China to intensify their support for vocational education and to gradually increase the financial resources that local and provincial governments allocate to vocational education.

On April 20, 2018, the Ministry of Education, or the MOE issued for public comments the Draft Revision of the Regulations on the Implementation of the Law for Promoting Private Education of the PRC (the Draft for Comments), or the MOE Draft for Comments. As the consultation period for the MOE Draft for Comments ended in May 2018, on August 10, 2018, the Ministry of Justice of the People’s Republic of China, or the MOJ published the committee draft of the Regulations on the Implementation of the Law on Promoting Private Education in PRC (Revised Draft), or the MOJ Draft for Approval, which further provides that private training institutions for language, art, sports, science and technology teaching and private training institutions for adults for cultural education or non-academic continuing education can directly apply for the registration with the local administrative departments for industry and commerce. Pursuant to the MOJ Draft for Approval, a privately-run school carrying out online training and education activities and occupational qualification training and occupational skills training activities by using Internet technology, or an Internet technology service platform providing services for the aforementioned online activities, shall obtain the corresponding Internet operating license, apply to the educational administrative department and human resources and social security department of the people’s government at the provincial level at the place where it is located for record-filing, and shall not carry out the education and teaching activities for which a permit for running schools shall be obtained. The MOJ has not provided the timeframe for the promulgation of the revised implementation rules on the Law for Promoting Private Education of the PRC, even though the public consultation on the MOJ Draft for Approval has ended on September 10, 2018. If the abovementioned MOJ Draft for Approval is enacted as proposed, certain service platform, such as our service platform, may be required to obtain a permit from education authorities. However, as the MOJ Draft for Approval is still in draft form, there can be no assurance that it will be enacted as proposed or at all.

Regulations regarding Internet Content Provider Licensure Requirements

If our services include online distribution of textbooks, handouts or other publications , which are subject to PRC regulations including but not limited to Telecommunications Regulations, the Administrative Rules on Foreign-Invested Telecommunications Enterprises, the Notice on Strengthening the Administration of Foreign Investment in Operating Value-added Telecom Business, the Administrative Measures for Telecommunications Business Operating Licenses (2017), the Internet Information Services Administrative Measures, and Certain Rules on Regulating the Order of Internet Information Service Market.

In the opinion of Jincheng Tongda & Neal Law Firm, our PRC legal counsel:

- the ownership structures of our wholly-owned subsidiaries in China are in compliance with existing published Chinese laws and regulations; and
- the business operations of our company, all of our Chinese subsidiaries, as described in this annual report, are in compliance with existing published Chinese laws and regulations in all material aspects.

Regulation of Online and Distance Education

Pursuant to the Administrative Regulations on Educational Websites and Online and Distance Education Schools issued by the MOE in 2000, educational websites and online education schools may provide education services in relation to higher education, elementary education, pre-school education, teaching education, occupational education, adult education, other education and public educational information services. “Educational websites” refers to organizations providing education or education-related information services to website visitors by means of a database or online education platform connected via the Internet or an educational television station through an Internet service provider, or ISP. “Online education schools” refer to education websites providing academic education services or training services with the issuance of various certificates.

Setting up educational websites and online education schools is subject to approval from relevant education authorities, depending on the specific types of education provided. Any educational website and online education school shall, upon receipt of approval, indicate on its website such approval information as well as the approval date and file number.

According to the Administrative License Law promulgated by the Standing Committee of the National People’s Congress on August 27, 2003 and effective as of July 1, 2004, only laws promulgated by the National People’s Congress and regulations and decisions promulgated by the State Council may set down administrative license. On June 29, 2004, the State Council promulgated the Decision on Setting Down Administrative Licenses for the Administrative Examination and Approval Items Really Necessary to be Retained, in which the administrative license for “online education schools” was retained, while the administrative license for “educational websites” was not retained. On January 28, 2014, the State Council promulgated the Decision to Cancel or to Delegate another Batch of Administrative Approval Items to Lower Level, in which the administrative license for “online education schools” was cancelled for higher education. On February 3, 2016, the State Council promulgated the Decision of State Council to Cancel the Second Batch of Administrative Approval Items (152 Items) that Delegated to Lower Level, in which the administrative license for “online education schools” and “educational websites” were cancelled.

Regulation of Broadcasting Audio-Visual Programs through the Internet or Other Information Network

The State Administration of Radio, Film and Television, or SARFT, promulgated the Rules for Administration of Broadcasting of Audio-Video Programs through the Internet and Other Information Networks, or the Broadcasting Rules, in 2004, which became effective on October 11, 2004. The Broadcasting Rules apply to the activities of broadcasting, integration, transmission, downloading of audio-video programs with computers, televisions or mobile phones as the main terminals and through various types of information networks. Pursuant to the Broadcasting Rules, a Permit for Broadcasting Audio-video Programs via Information Network is required to engage in these Internet broadcasting activities. On April 13, 2005, the State Council announced a policy on private investments in businesses in China that relate to cultural matters, which prohibits private investments in businesses relating to the dissemination of audio-video programs through information networks. On April 25, 2016, the SARFT promulgated the Private Network and Directional Broadcasting Audio-Video Programs Regulations, which came into effect on June 1, 2016 and replaced the Broadcasting Rules. The Broadcasting Audio-Video Programs Regulations provide, among other things, that a Permit for Broadcasting Audio-Video Programs via Information Network is required for engaging in broadcasting services through private network and directional communication. According to such Regulations, the Broadcasting Services through Private Network and Directional Communication shall mean the services and activities provided to the public through the private transmission channels that include internet, LAN and VPN based on Internet and through the receiving terminals of televisions, and other handheld electronic equipment, and such services and activities include the activities of content supply, integrated broadcast control, transmission and distribution with IPTVs, private-network mobile televisions, internet televisions. According to such Regulations, only the entities wholly or substantially owned by the State could apply for such Permit.

On September 2, 2016, the SARFT issued a Notice on Problems regarding Strengthening the Administration of Internet Audio-video Programs Live Broadcasting Services, which provides that (i) the provision of audio-video live broadcasting of important political, military, economic, social, cultural, sports and other activities and events and (ii) the provision of audio-video live broadcasting of cultural activities by general social organizations, sports events and activities alike require an audio-video program transmission license.

On November 4, 2016, the Cyberspace Administration of China promulgated the Provisions on the Administration of Online Live Broadcasting Services, which became effective as of December 1, 2016. On August 1, 2018, the Cyberspace Administration of China promulgated the Circular on Tightening the Administration of Online Live Services. Such Provisions provide that anyone who provides online live broadcasting services through online performances, internet video/audio programs and so forth, shall obtain relevant qualifications as required by laws and regulations.

In November 2016, the SARFT issued a Notice on Strengthening the Administration of Audio-video Programs Transmission on Weibo, WeChat and Other Internet Social Networking Platforms, which further clarifies that anyone who operates internet audio/video services through Weibo, WeChat and other internet social networking platforms must obtain an audio-video program transmission license and operate its business pursuant to the scope as provided in such license.

On December 20, 2007, SARFT and MIIT issued the Internet Audio-Video Program Measures, which became effective on January 31, 2008 and was revised on August 28, 2015. Among other things, the Internet Audio-Video Program Measures stipulate that no entities or individuals may provide Internet audio-video program services without a license for disseminating audio-video programs through information network issued by SARFT or its local counterparts or completing the relevant registration with SARFT or its local counterparts and only entities wholly owned or controlled by the PRC government may engage in the production, editing, integration or consolidation, and transfer to the public through the Internet, of audio-video programs, and the provision of audio-video program uploading and transmission services. On February 3, 2008, SARFT and MIIT jointly held a press conference in response to inquiries related to the Internet Audio-Video Program Measures, during which SARFT and MIIT officials indicated that providers of audio-video program services established prior to the promulgation date of the Internet Audio-Video Program Measures that do not have any regulatory non-compliance records can re-register with the relevant government authorities to continue their current business operations. After the conference, the two authorities published a press release that confirms the above guidelines. On September 15, 2009, SARFT promulgated the Notice on Several Issues regarding the license for disseminating audio-video programs through information network. The Notice restates the necessity of applying for such license and sets forth the legal liabilities for those providing Internet audio-video program services without the license.

On March 16, 2018, the SARFT promulgated the Notice on Further Regulating the Transmission Order of Internet Audio-Visual Program Services, which provides that the classic literary works, radio, film and television programs, and original internet audio-visual programs shall not be re-edited, re-dubbed, re-subtitled or partly captured and consolidated as a new program without authorizations, and providers of internet audio-visual program services shall strictly manage and supervise such re-edited programs uploaded by the internet users and shall not provide any transmission channel for those internet audio-visual programs with political orientation issues, copyright issues or content issues.

Regulations Relating to Internet Content and Information Security

Internet content in the PRC is regulated and restricted by the PRC government. The Administrative Measures on Internet Information Services, which was amended in 2011, specify that internet information services regarding news, publications, education, medical and health care, pharmacy and medical appliances, among other things, are to be examined, approved and regulated by the relevant authorities. Internet information providers are prohibited from providing services beyond those included in the scope of their ICP licenses or filings. Furthermore, these measures clearly specify a list of prohibited content. Internet information providers are prohibited from producing, copying, publishing or distributing information that is humiliating or defamatory to others or that infringes the lawful rights and interests of others. Internet information providers that violate the prohibition may face criminal charges or administrative sanctions by the PRC authorities. Internet information providers must monitor and control the information posted on their websites. If any prohibited content is found, they must remove the offending content immediately, keep a record of it and report to the relevant authorities.

Internet information in the PRC is also regulated and restricted from a national security standpoint. In 2009, the Standing Committee of the National People's Congress has enacted the Decision of the Standing Committee of the National People's Congress on Preserving Computer Network Security, which may subject violators to criminal punishment for any effort to: (1) gain improper entry into a computer or system of strategic importance; (2) disseminate politically disruptive information; (3) leak state secrets; (4) spread false commercial information; or (5) infringe intellectual property rights.

In addition, the Standing Committee of the National People's Congress promulgated the Cyber Security Law of the People's Republic of China, or the Cyber Security Law, which took effect on June 1, 2017, to protect cyberspace security and order. Pursuant to the Cyber Security Law, any individual or organization using the network must comply with the constitution and the applicable laws, follow the public orders and respect social moralities, and must not endanger cyber security, or engage in activities by making use of the network that endanger the national security, honor and interests, or infringe on the fame, privacy, intellectual property and other legitimate rights and interests of others. The Cyber Security Law sets forth various security protection obligations for network operators, which are defined as "owners and administrators of networks and network service providers", including, among others, complying with a series of requirements of tiered cyber protection systems; verifying users' real identities; localizing the personal information and important data gathered and produced by key information infrastructure operators during operations within the PRC; and providing assistance and support to government authorities where necessary for protecting national security and investigating crimes.

Furthermore, on May 2, 2017, the Cyberspace Administration issued the Measures for Security Review of Cyber Products and Services (for Trial Implementation), or the Cybersecurity Review Measures, which came into effect on June 1, 2017. Under the Cybersecurity Review Measures, the following cyber products and services are subject to cybersecurity review: (1) important cyber products and services purchased by networks, and information systems related to national security; and (2) purchases of cyber products and services by operators of critical information infrastructure in key industries and sectors, such as public communications and information services, energy, transportation, water resources, finance, public service, electronic administration, and other critical information infrastructure, that may affect national security. The Cyberspace Administration is responsible for organizing and implementing cybersecurity reviews, while the competent departments in key industries such as finance, telecommunications, energy, and transport are responsible for organizing and implementing security review of cyber products and services in their respective industries and sectors. There are still substantial uncertainties with respect to the interpretation and implementation of the Cybersecurity Review Measures.

Regulation of Domain Names and Website Names

PRC laws require owners of Internet domain names to register their domain names with qualified domain name registration agencies approved by MIIT and obtain a registration certificate from such registration agencies. A registered domain name owner has an exclusive usage right over its domain name. Unregistered domain names may not receive proper legal protections and may be misappropriated by unauthorized third parties. As of December 31, 2018, we have registered 53 domain names relating to our websites, including www.atai.net.cn, the primary URL for our website, with the Internet Corporation for Assigned Names and Numbers and the China Internet Network Information Center, a domain name registration service provider in China.

PRC law requires entities operating commercial websites to register their website names with SAIC or its local offices and obtain a commercial website name registration certificate. If any entity operates a commercial website without obtaining such certificate, it may be charged a fine or suffer other penalties imposed by the SAIC or its local offices.

Regulation of Privacy Protection

PRC law does not prohibit Internet content providers from collecting and analyzing personal information from their users. PRC law prohibits Internet content providers from disclosing to third parties any information transmitted by users through their networks unless otherwise permitted by law. If an Internet content provider violates these regulations, MIIT or its local offices may impose penalties and the Internet content provider may be liable for damages caused to its users.

On July 16, 2013, the MIIT issued the Order for the Protection of Telecommunication and Internet User Personal Information. Most requirements under the order that are relevant to internet content provision operators are consistent with pre-existing requirements, but the new requirements are often more stringent and have a wider scope. If an internet content provision operator wishes to collect or use personal information, it may do so only if such collection is necessary for the services it provides. Further, it must disclose to its users the purpose, method and scope of any such collection or use, and must obtain consent from its users whose information is being collected or used. Internet content provision operators are also required to establish and publish their rules relating to personal information collection or use, keep any collected information strictly confidential, and take technological and other measures to maintain the security of such information. Internet content provision operators are required to cease any collection or use of the user personal information and de-register the relevant user account when a given user stops using the relevant internet service. Internet content provision operators are further prohibited from divulging, distorting or destroying any such personal information, or unlawfully selling or providing such information to other parties. In addition, if an internet content provision operator appoints an agent to undertake any marketing and technical services that involve the collection or use of personal information, the internet content provision operator is still required to supervise and manage the protection of such information. As for penalties, violators may face warnings, fines, and disclosure to the public and, in most severe cases, criminal liability under the order.

Pursuant to the Ninth Amendment to the Criminal Law issued by the Standing Committee of the National People's Congress in August 2015, which became effective in November 2015, any internet service provider that fails to fulfill the obligations related to internet information security administration as required by applicable laws and refuses to rectify upon orders, shall be subject to criminal penalty for the result of (i) any dissemination of illegal information in large scale; (ii) any severe effect due to the leakage of the client's information; (iii) any serious loss of criminal evidence; or (iv) other severe situation, and any individual or entity that (i) sells or provides personal information to others in a way violating the applicable law, or (ii) steals or illegally obtains any personal information, shall be subject to criminal penalty in severe situation.

On November 7, 2016, the Standing Committee of the National People's Congress issued the Cyber Security Law of the People's Republic of China, or the Cyber Security Law, which took effect on June 1, 2017. The Cyber Security Law requires providers of services over Internet networks to keep user information that they have collected in strict confidence and to establish improved systems for the protection of user information. Such service providers must provide notice of the purpose, methods and scope of their collection and use of user information, and obtain the consent of each person whose personal information will be collected. Providers of services over Internet networks may not collect any personal information that is not related to the services they provide, or disclose or tamper with personal information that they have collected, unless such information is encoded to prevent identification of individuals whose information is so disclosed or tampered with. Service providers who do not comply with the Cyber Security Law may be subject to fines, suspension of their businesses, shutdown of their websites, and revocation of their business licenses.

On May 8, 2017, the Supreme People's Court and the Supreme People's Procuratorate jointly issued the Interpretations on Several Issues concerning the Application of Law in the Handling of Criminal Cases Involving Infringement of Citizens' Personal Information which further clarified the meaning of certain terms of Article 253A of the Criminal Law, including but not limited to the terms of "personal information of a citizen", "one providing citizen's personal information" and "serious case".

Regulation of Foreign Investment

According to the Sino-foreign Equity Joint Venture Enterprise Law, the Sino-foreign Cooperative Joint Venture Enterprise Law and the Wholly Foreign-invested Enterprise Law, foreign invested enterprises can be established in the form of a sino-foreign equity joint venture, a sino foreign cooperative joint venture or a wholly foreign-owned enterprise. Prior to its registration, the enterprise must be approved by the commerce authorities, upon which a certificate of approval for a foreign-invested enterprise will be issued.

The Foreign Investment Law of the People's Republic of China, adopted at the Second Session of the 13th National People's Congress on March 15, 2019, has been promulgated and shall come into effect as of January 1, 2020. When the Foreign Investment Law becomes effective, the trio of existing laws regulating foreign investment in China, namely, the Sino-foreign Equity Joint Venture Enterprise Law, the Sino-foreign Cooperative Joint Venture Enterprise Law and the Wholly Foreign-invested Enterprise Law, together with their implementation rules and ancillary regulations, will be abolished.

After the formal implementation of the Foreign Investment Law, the organization form and institutional framework of a newly established foreign-funded enterprise may be subject to the relevant provisions of the Company Law of the People's Republic of China or the Partnership Enterprise Law of the People's Republic of China. Foreign-funded enterprises established in accordance with the laws on the foregoing three types of foreign-funded enterprises before the implementation of the Foreign Investment Law may continue to retain their original organizational forms for five years after the implementation of the Foreign Investment Law. In other words, existing foreign-funded enterprises will have a transition period of five years to modify their existing organizational forms and organizational structure to meet and abide by the relevant provisions of the Company Law of the People's Republic of China or the Partnership Enterprise Law of the People's Republic of China.

Regulation of Foreign Exchange

The PRC government imposes restrictions on the convertibility of the Renminbi and on the collection and use of foreign currency by PRC entities. Under current regulations, the Renminbi is convertible for current account transactions, which include dividend distributions, interest payments, and the import and export of goods and services. Conversion of Renminbi into foreign currency and foreign currency into Renminbi for capital account transactions, such as direct investment, portfolio investment and loans, however, is still generally subject to the prior approval of SAFE.

Under current PRC regulations, foreign-invested enterprises such as our PRC subsidiaries are required to apply to SAFE or its designated banks for Foreign Exchange Registration. With such a registration, a foreign-invested enterprise may open foreign exchange bank accounts at banks authorized to conduct foreign exchange business by SAFE and may buy, sell and remit foreign exchange through such banks, subject to documentation and approval requirements. Foreign-invested enterprises are required to open and maintain separate foreign exchange accounts for capital account transactions and current account transactions. In addition, there are restrictions on the amount of foreign currency that foreign-invested enterprises may retain in such accounts.

According to Article 22 of the Regulations on the Foreign Exchange System of the People's Republic of China, if the Company's PRC subsidiaries liquidate, the Renminbi distributable to its foreign shareholders after the liquidation and payment of relevant taxes can be freely converted into foreign currency and remitted abroad. Therefore, there are no legal impediments to remitting the proceeds from a liquidation of our PRC subsidiaries outside of China to investors who are not PRC nationals.

Further, SAFE promulgated a new circular (known as Circular 142) in August 2008 with respect to the administration of conversion of foreign exchange capital contributions of a foreign invested enterprise. The circular clarifies that Renminbi converted from foreign exchange capital contributions can only be used for the activities within the approved business scope of such foreign invested enterprise and cannot be used for domestic equity investments unless otherwise permitted.

In addition, SAFE also strengthened its oversight over the flow and use of Renminbi converted from the foreign currency denominated capital of a foreign-invested company. The use of such Renminbi may not be changed without approval from SAFE, and such Renminbi may not be used to repay Renminbi loans if the proceeds of such loans have not yet been used. Violations of Circular 142 may result in severe penalties, including substantial fines as set forth in the related foreign exchange administration rules. In addition, SAFE promulgated a circular on November 9, 2010, or Circular 59, which tightens the regulation over settlement of the fund which is raised from overseas offerings such as our initial public offering and follow-on public offering and is transferred back to the PRC and requires that the settlement of such fund must be consistent with the description in the prospectuses for the initial public offering and follow-on public offering. Furthermore, it has recently come to our attention that SAFE issued an internal guideline to its local counterparts, referred to as Circular 45, in November 2011. Circular 45 has never been formally announced by SAFE to the public or posted on SAFE's website. Based on the version made publicly available by certain local governmental authorities on their websites, we understand that Circular 45 requires SAFE's local counterparts to strengthen the control imposed by Circulars 142 and 59 over the conversion of a foreign-invested company's capital contributed in foreign currency into RMB. Circular 45 stipulates that a foreign-invested company's RMB funds, if converted from such company's capital contributed in foreign currency, may not be used by such company to (i) extend loans (in the form of entrusted loans), (ii) repay borrowings between enterprises, or (iii) repay bank loans it has obtained and on-lent to third parties.

On May 10, 2013, SAFE released Circular 21, which came into effect on May 13, 2013. According to Circular 21, SAFE has simplified the foreign exchange administration procedures with respect to the registration, account openings and conversions, receipt and payment, settlements and sale of foreign exchange in relation to foreign direct investment.

SAFE promulgated the Circular of the State Administration of Foreign Exchange on Reforming the Management Approach regarding the Settlement of Foreign Exchange Capital of Foreign-invested Enterprises, or SAFE Circular 19, on March 30, 2015, which abolished Circular 142. According to SAFE Circular 19, up to all of the foreign exchange capital in the capital account of foreign-invested enterprises can be settled at the banks based on the actual operation needs of the foreign-invested enterprises. The capital in Renminbi obtained by foreign-invested enterprises from the discretionary settlement of foreign exchange capital shall be managed under the account pending foreign exchange settlement payment. The expenditure scope of such account includes: the expenditure within the scope of business, the payment of the capital of domestic equity investment and deposits in Renminbi, the repayment of the used loans in Renminbi, the purchase payment of foreign exchange or direct external repayment of foreign debts or other expenditure approved by the foreign exchange bureaus, but the capital of foreign-invested enterprises and capital in Renminbi obtained by them from foreign exchange settlement shall not be used for the following purposes: (1) directly or indirectly used for the payment beyond the business scope of the enterprises or the payment prohibited by national laws and regulations; (2) directly or indirectly used for investment in securities unless otherwise provided by laws and regulations; (3) directly or indirectly used for granting the entrusted loans in Renminbi (unless permitted by the scope of business), repaying the inter-enterprise borrowings (including advances by the third party) or repaying the bank loans in Renminbi that have been sub-lent to the third party; and (4) paying the expenses related to the purchase of real estate not for self-use, except for the foreign-invested real estate enterprises.

On February 13, 2015, SAFE promulgated the Notice on Further Simplifying and Improving the Policies of Foreign Exchange Administration Applicable to Direct Investment, or SAFE Circular 13, which became effective on June 1, 2015. Pursuant to SAFE Circular 13, annual foreign exchange inspection of direct investment is not required anymore and the registration of existing equity is required. SAFE Circular 13 also grants the authority to banks to directly examine and process foreign exchange registration with respect to both domestic and overseas direct investment.

Regulation of Foreign Exchange in Certain Onshore and Offshore Transactions

SAFE promulgated the Circular on Relevant Issues Concerning Foreign Exchange Control on Domestic Residents' Offshore Investment and Financing and Roundtrip Investment through Special Purpose Vehicles, or SAFE Circular 37, on July 4, 2014. SAFE Circular 37 requires PRC residents to register with local branches of SAFE in connection with their direct establishment or indirect control of an offshore entity, for the purpose of overseas investment and financing, with such PRC residents' legally owned assets or equity interests in domestic enterprises or offshore assets or interests, referred to in SAFE Circular 37 as a "special purpose vehicle". SAFE Circular 37 further requires amendment to the registration in the event of any significant changes with respect to the special purpose vehicle, such as increase or decrease of capital contributed by PRC individuals, share transfer or exchange, merger, division or other material event. In the event that a PRC shareholder holding interests in a special purpose vehicle fails to fulfill the required SAFE registration, the PRC subsidiaries of that special purpose vehicle may be prohibited from making profit distributions to the offshore parent and from carrying out subsequent cross-border foreign exchange activities, and the special purpose vehicle may be restricted in its ability to contribute additional capital into its PRC subsidiary. Moreover, failure to comply with the various SAFE registration requirements described above could result in liability under PRC law for evasion of foreign exchange controls.

Our significant shareholder, Kevin Xiaofeng Ma, has previously completed his registration with SAFE and has submitted relevant materials to update his registration, and we have urged our other Chinese resident shareholders to register under SAFE Circular 37 and they are preparing for such application. However, we cannot assure you that the application will be accepted by SAFE.

Failure by such shareholders to comply with SAFE Circular 37 could subject us to fines or legal sanctions, restrict our overseas or cross-border investment activities, limit our subsidiaries' ability to make distributions or pay dividends or affect our ownership structure, which could adversely affect our business and prospects. Failure to register or comply with relevant requirements may also limit our ability to contribute additional capital to our PRC subsidiaries and limit our PRC subsidiaries' ability to distribute dividends to our company. These risks may have a material adverse effect on our business, financial condition and results of operations.

Regulation of Overseas Listings

On August 8, 2006, six PRC regulatory agencies, including the Chinese Securities Regulatory Commission, or CSRC, promulgated the Provisions Regarding Mergers and Acquisitions of Domestic Enterprise by Foreign Investors, or the M&A Rule, which became effective on September 8, 2006 without retroactive effect and was amended by the PRC Ministry of Commerce on June 22, 2009. The M&A Rule, among other things, requires that an offshore company controlled by PRC companies or individuals that has acquired a PRC domestic company for the purpose of listing the PRC domestic company's equity interest on an overseas stock exchange must obtain the approval of the CSRC prior to the listing and trading of such offshore company's securities on an overseas stock exchange. On September 21, 2006, the CSRC, pursuant to the M&A Rule, published on its official website procedures specifying documents and materials required to be submitted to it by offshore companies seeking CSRC approval of their overseas listings.

We believe CSRC approval was not required for our initial public offering in February 2008 because the CSRC approval required under the M&A Rule only applies to an offshore company that has acquired a domestic PRC company for the purpose of listing the domestic PRC company's equity interest on an overseas stock exchange, while (i) we obtained our equity interest in each of our PRC subsidiaries by means of direct investment other than by acquisition of the equity or assets of a PRC domestic company in 2008, (ii) our former contractual arrangements with ATA Online do not constitute the acquisition of ATA Online, (iii) the M&A Rule does not apply to the acquisition by ATA Learning, a wholly foreign owned foreign enterprise, and (iv) although Article 11 of M&A Rule prohibits the circumvention of the M&A Rule through establishing FIEs, ATA Learning was established in 2003 before the M&A Rule was promulgated, which makes this acquisition not a circumvention of the M&A Rule. See Item 3.D. "Key Information — Risk Factors — Risks Relating to Regulations of Our Business — If CSRC or another PRC regulatory agency determines that CSRC approval was required in connection with our initial public offering, we may become subject to penalties."

SAFE Regulations on Employee Share Options

On February 15, 2012, SAFE issued the Notice on Issues concerning the Foreign Exchange Administration for Domestic Individuals Participating in Stock Incentive Plan of Overseas Publicly-Listed Company, or the Stock Option Rules. According to the Stock Option Rules, PRC residents who participate in an employee share incentive plan of an overseas publicly-listed company are required to register with SAFE and complete certain other procedures. These participants should retain a PRC agent, which can be a branch or representative office of the overseas listed company in China, a Chinese institution which has controlling relationship or actual control relationship with the offshore listed company, or a Chinese institution qualified for asset custody business, to handle various foreign exchange matters associated with their employee share incentive plan. The PRC agent should file on behalf of the PRC resident an application with SAFE to register such employee share incentive plan, apply annually for a quota for the payment of foreign currencies in connection with the exercise of the employee share options by the PRC resident and open a special foreign exchange account at a PRC domestic bank to hold the funds required in connection with the share incentive plan. In addition, the PRC agent is required to amend the SAFE registration with respect to the stock incentive plan if there is any material change to the employee share incentive plan, PRC agent or overseas entrusted institution.

In addition, the SAT has issued a few circulars concerning employee share options. Under these circulars, our employees working in China who exercise share options will be subject to PRC individual income tax. Our PRC subsidiaries have obligations to file documents relating to employee share options with relevant tax authorities and withhold individual income taxes of those employees who exercise their share options. If our employees fail to pay and we fail to withhold their income taxes, we may face sanctions imposed by tax authorities or other PRC government authorities.

Employment Laws

In accordance with the Labor Law, which became effective in January 1995, amended on December 29, 2018, and the Labor Contract Law, which was promulgated on June 29, 2007, amended on December 28, 2012 and became effective on July 1, 2013, employers must execute written labor contracts with full-time employees in order to establish an employment relationship. According to the Labor Contract Law, an employer is under an obligation to sign an unlimited-term labor contract with any employee who has worked for the employer for ten consecutive years. Further, if an employee requests or agrees to renew a fixed-term labor contract that has already been entered into twice consecutively, the resulting contract must have an unlimited term, with certain exceptions. The employer must also pay severance to an employee in nearly all instances where a labor contract, including a contract with an unlimited term, is terminated or expires. All employers must compensate their employees equal to at least the local minimum wage standards. All employers are required to establish a system for labor safety and sanitation, strictly abide by state rules and standards and provide employees with appropriate workplace safety training. In addition, the government has continued to introduce various new labor-related regulations after the Labor Contract Law. Among other things, new annual leave requirements mandate that annual leave ranging from 5 to 15 days is available to nearly all employees and further require that the employer compensate an employee for any annual leave days the employee is unable to take in the amount of three times his daily salary, subject to certain exceptions. In addition, companies operating in China are required to participate in social insurance and housing fund plans in which the employers must pay for the employees' social welfare and housing fund based upon certain percentages of employees' salaries.

C. Organizational Structure

For information on our organizational structure and a detailed description of the Company's significant subsidiaries, see Item 4.A. "Information on the Company — History and Development of the Company."

D. Property, Plant and Equipment

Our principal executive offices are located in approximately 845 square meters office space used by us at 1/F East Gate, Building No.2, Jian Wai Soho, No.39 Dong San Huan Zhong Road, Chao Yang District, Beijing 100022, China. We also own 2,124 square meters office space, 1,062 square meters for each of the two floors at Tower E, 6 Gongyuan West Street, Jian Guo Men Nei, Beijing 100005, China. As of the date of this annual report, one floor has been leased to a tenant and the other is not occupied. We believe our existing facilities are adequate for our current requirements and that additional space can be obtained on commercially reasonable terms to meet our future requirements.

ITEM 4A. UNRESOLVED STAFF COMMENTS

Not applicable.

ITEM 5. OPERATING AND FINANCIAL REVIEW AND PROSPECTS

A. Operating Results

Overview

Our Business

Historically, we generated revenues primarily from our computer-based testing services, online education services and other related services. On August 16, 2018, we completed the sale of ATA Online Business, which historically operated our computer based testing services, online education services and other related services. As a result, the operating results of ATA Online Business have been retrospectively reclassified under discontinued operations for the fiscal year ended March 31, 2017, nine months ended December 31, 2017, and the fiscal year ended December 31, 2018.

After the completion of sale of ATA Online Business, we generated revenues primarily from our K-12 education assessment services that focuses on assessing the competencies of K-12 students and education quality of teachers and governing bureaus, which had been historically presented under the revenue of other services. In addition, as a result of the adoption of new revenue guidance ASC 606, effective January 1, 2018, rental income was reclassified into other operating income, net, and related costs were also reclassified from cost of revenues to other operating income, net. We expect to generate revenue from our PBL education services and other services in upcoming fiscal years.

Our net revenues were RMB 8.8 million, RMB 6.6 million, RMB 5.2 million, RMB 7.4 million and RMB 1.3 million (\$0.2 million) in the fiscal year ended March 31, 2017, the nine months ended December 31, 2016 and 2017, the twelve months ended December 31, 2017 and the fiscal year ended December 31, 2018, respectively. We had net loss of RMB 10.0 million, net income of RMB 43.9 million, net income of RMB 27.8 million, net loss of RMB 26.1 million and net income of RMB 850.6 million (\$123.7 million) in the fiscal year ended March 31, 2017, the nine months ended December 31, 2016 and 2017, the twelve months ended December 31, 2017 and the fiscal year ended December 31, 2018, respectively.

Discontinued Operations

According to ASC 205, the effect of discontinued operations of computer-based testing services, online education services and other related services for the fiscal year ended March 31, 2017, the nine months ended December 31, 2016 and 2017, the twelve months ended December 31, 2017 and the fiscal year ended December 31, 2018 has been accounted for retroactively in the consolidated statement of operations for all the periods presented. Results from these discontinued operations, net of income tax, were income of RMB 49.8 million, income of RMB 89.0 million, income of RMB 100.6 million, income of RMB 61.4 million and loss of RMB 19.0 million (\$2.8 million) in the fiscal year ended March 31, 2017, the nine months ended December 31, 2016 and 2017, the twelve months ended December 31, 2017 and the fiscal year ended December 31, 2018, respectively.

Factors Affecting Our Results of Operations

The key factors affecting our results of operations presented in this annual report are:

- overall economic growth and rising income levels in China contributing to the increasing spending on education and education assessment;

- potential changes in regulatory policies that may directly or indirectly impact the scope and credibility of services we could deliver;
- initiatives of government and schools to improve education quality;
- our capability to develop and create content that could accommodate needs of potential customers, mainly various levels of schools or education bureaus;
- our ability to provide effective K-12 education assessment services and control sales and marketing expenses; and
- recognition in marketplace for services we delivered and branding we established.

In addition, our results of operations have been, and may continue to be, significantly affected by the following factors:

- the impacts of our sale of ATA Online Business;
- share-based compensation;
- the impacts of PRC tax policies, including certain preferential tax rates;
- the impact of the termination of Beijing Biztour acquisition;
- the relative proportion of our net revenues derived from higher- and lower-gross margin service offerings; and
- the impacts of strategic investments and acquisitions.

Net Revenues

We derived revenues primarily from our K-12 education assessment services and other related services. Our net revenues are presented net of PRC business taxes and value added tax. The following table sets forth our net revenues from our continuing operations for the periods presented.

	For the fiscal year ended March 31,	For the nine months ended December 31,		For the twelve months ended December 31	For the fiscal year ended December 31,	
	2017	2016	2017	2017	2018	
	RMB	RMB	RMB	RMB	RMB	US\$
		(Unaudited)		(Unaudited)		
			(in thousands)			
Net Revenues	8,831	6,628	5,186	7,389	1,339	195

We derive K-12 education assessment services revenue primarily from fees charged to our clients, including schools, education bureaus, and various education institutions, in the form of delivering assessment reports for the test takers to our clients. Revenues from education assessment services are recognized when we deliver the reports to our clients.

We have experienced seasonality in net revenues related to our K-12 education assessment services, with the quarters ending September 30 and March 31 typically having higher net revenues compared with the other quarters. This is primarily because schools tend to implement education assessment prior to summer and winter breaks, which are normally in the quarters ending September 30 and March 31.

Cost of Revenues

Our cost of revenues consists primarily of content development costs, amortization expenses of education assessment caseware, payroll compensation and other related costs, all of which are directly attributable to the rendering of various services, primarily our K-12 education assessment and other related services. The following table shows our cost of revenues and gross profit from our continuing operations for the periods presented:

	For the fiscal year ended March 31,		For the nine months ended December 31,				For the twelve months ended December 31,		For the fiscal year ended December 31,		
	2017		2016		2017		2017		2018		
	RMB	100%	RMB	100%	RMB	100%	RMB	100%	RMB	US\$	100%
			(Unaudited)				(Unaudited)				
	(in thousands, except for percentage)										
Net Revenues	8,831	100.0%	6,628	100.0%	5,186	100.0%	7,389	100.0%	1,339	195	100.0%
Cost of Revenues	4,407	49.9%	3,236	48.8%	3,786	73.0%	4,957	67.1%	4,251	619	317.5%
Gross Profit (Loss)	4,424	50.1%	3,392	51.2%	1,400	27.0%	2,432	32.9%	(2,912)	(424)	(217.5)%

Content Development Costs

Content development costs consist of costs for developing different assessment subject content paid to third-party experts.

Amortization Expenses of Education Assessment Caseware

Amortization expenses of education assessment caseware consist of amortization expenses of test content purchased for our strategic K-12 education assessment services, which include three subjects of literature, mathematics and English over several grades of junior and senior high schools.

Payroll Compensation

Payroll compensation consists of base salaries, remunerations and related welfare benefits paid to staff in our services implementation and customer support departments.

Factors Affecting Gross Margin

Our gross margin is primarily affected by pricing and volume of our service offerings, costs components and man-powers incurred along the delivery of the revenues.

Operating Expenses

Our operating expenses consist of general and administrative expenses, sales and marketing expenses and research and development expenses.

General and Administrative Expenses

Our general and administrative expenses consist primarily of salaries and benefits, travel, administration and share-based compensation expenses for our administrative, management and finance personnel, as well as other expenses including professional fees, office expenses and rental costs.

Sales and Marketing Expenses

Our sales and marketing expenses consist primarily of salaries and benefits, traveling expenses, and share-based compensation expenses for our sales and marketing personnel, as well as other expenses including conference hosting expenses, advertising and promotional expenses, entertainment expenses and other sales and marketing expenses.

Research and Development Expenses

Our research and development expenses consist primarily of costs of equipment used in our research and development activities, salaries and benefits, travel and share-based compensation expenses for our research and development personnel, costs of outsourcing services and other costs relating to the design, development, testing and enhancement of our products, technologies and services.

Share of Losses of Equity Method Investments

We apply the equity method to account for our equity interests in investees over which we have significant influence but do not own majority equity interests or otherwise control. Under the equity method of accounting, our share of the investees' results of operations is reported as share of income (losses) of equity method investments in the consolidated statements of comprehensive income (loss).

Impairment Loss of Long-term Investments

For equity method investments, we recognize an impairment loss when there is a decline in value below the carrying value of the equity method investment that is considered to be other than temporary. The process of assessing and determining whether impairment on an investment is other than temporary requires a significant amount of judgment. To determine whether an impairment is other than temporary, management considers whether it has the ability and intent to hold the investment until recovery and whether evidence indicating the carrying value of the investment is recoverable outweighs evidence to the contrary. Evidence considered in this assessment includes the reasons for the impairment, the severity and duration of the decline in value, any change in value subsequent to the period end, and forecasted performance of the investee.

For other equity investments without a readily determinable fair value, we make a qualitative assessment considering impairment indicators to evaluate whether an equity investment without a readily determinable fair value is impaired at each reporting period, and wrote down to its fair value if a qualitative assessment indicates that the investment is impaired and the fair value of the investment is less than its carrying value.

Other Operating Income, Net

We recognized revenues from operating lease on a straight-line basis over the lease term and reported under "net revenues" for the reporting periods prior to January 1, 2018. For the fiscal year ended December 31, 2018, rental income net of rental cost was classified as "other operating income, net" as a result of the adoption of new revenue guidance ASC 606, effective January 1, 2018.

Taxation

Cayman Islands and British Virgin Islands

Under the current laws of Cayman Islands and British Virgin Islands, the Company and ATA BVI are not subject to income tax. In addition, upon any payments of dividends by the Company or ATA BVI, no Cayman Islands or British Virgin Islands withholding tax is imposed.

Hong Kong

Xing Wei did not derive any income that is subject to Hong Kong profits tax for the fiscal year ended March 31, 2017, the nine months ended December 31, 2017 and the fiscal year ended December 31, 2018. Accordingly, no provision for Hong Kong profits tax was required. PRC income tax arising from disposal of investment in a subsidiary, Zhongxiao Zhixing, which was previously operating in PRC during the taxable year ended December 31, 2018 was filed and fully paid to relevant PRC tax authorities in 2018. The payment of dividends by Hong Kong companies is not subject to any Hong Kong withholding tax.

People's Republic of China

Our subsidiaries operating in the PRC are subject to PRC taxes as described below:

Enterprise income tax. EIT Law imposes an income tax rate of 25% on all enterprises, including foreign-invested enterprises. Under the EIT Law, qualified HNTE are entitled to a preferential income tax rate of 15% and subject to an annual self-assessment review during the valid period of their HNTE certificates. If an HNTE enterprise does not satisfy the related requirements stipulated by SAT to enjoy the preferential income tax rate of 15% during the annual self-assessment review, it will not be able to implement the preferential income tax rate for the tax year being assessed. In December 2008, ATA Education obtained an HNTE certificate with a valid period of three years retrospectively starting from January 1, 2008 and renewed the certificates in 2011, 2014, and 2017 for another three years, respectively. As a result, ATA Education was and will be entitled to a preferential income tax rate of 15% from 2008 through 2019. In December 2009, Muhua Shangce obtained an HNTE certificate with a valid period of three years retrospectively starting from January 1, 2009 and renewed the certificates in 2012, 2015, and 2018 for another three years, respectively. As a result, Muhua Shangce was and will be entitled to a preferential income tax rate of 15% from 2009 through 2020. In the event ATA Education or Muhua Shangce is unable to meet all of the requirements stipulated by the SAT to enjoy the preferential income tax rate of 15% during the annual self-assessment review when holding the HNTE certificate or fail to renew its HNTE certificate, they will be subject to the standard statutory enterprise income tax rate of 25%. See Item 3.D. “Key Information—Risk Factors—Risks Relating to Regulations of Our Business—The discontinuation of any of the preferential tax treatments currently enjoyed by our subsidiaries in the PRC could materially increase our tax obligations.” ATA Intelligent Learning is subject to an income tax rate of 25%.

In addition, under the EIT Law, an enterprise established under the laws of a foreign country or region whose “de facto management body” is located within the PRC territory is considered a resident enterprise and will generally be subject to the enterprise income tax at the rate of 25% on its global income. According to the Implementation Rules to the EIT Law, “de facto management body” refers to a managing body that exercises, in substance, overall management and control over the production and business, personnel, accounting and assets of an enterprise. We have determined that our overseas entities are not PRC resident enterprises for PRC income tax purposes. However, if we and our overseas entities were considered PRC resident enterprises, we would be subject to the enterprise income tax at the rate of 25% on our global income. See Item 3.D. “Key Information—Risk Factors—Risks Relating to Regulations of Our Business—Under the EIT Law, we may be classified as a ‘resident enterprise’ of China. Such classification will likely result in unfavorable tax consequences to us and U.S. holders of our ADSs or common shares,” and Item 10.E. “Additional Information — Taxation — People’s Republic of China Taxation.”

In addition, since January 1, 2008, the EIT Law has revoked the exemption of withholding tax on dividends paid by a PRC enterprise to its foreign investors under the old tax law and its Implementation Rules provide that a withholding tax of 10% (or other applicable withholding tax rates based on tax treaties between the PRC and other jurisdictions) will generally be applicable to dividends payable to foreign investors. To the extent we and our overseas entities are not considered as PRC resident enterprises, the dividends that our PRC subsidiaries pay to us will be subject to this withholding tax. See Item 3.D. “Key Information—Risk Factors—Risks Relating to Regulations of Our Business—Under the EIT Law, we may be classified as a ‘resident enterprise’ of China. Such classification will likely result in unfavorable tax consequences to us and U.S. holders of our ADSs or common shares.” The undistributed earnings generated before January 1, 2008 shall be exempt from withholding tax when such earnings are distributed to foreign investors in the year 2008 or thereafter. As of December 31, 2017, we had accrued withholding tax of RMB 22,797,747 on undistributed earnings of RMB 227,977,473 generated by our PRC consolidated entities since January 1, 2008. As a result of the sale of ATA Online Business, the withholding tax of RMB 22.8 million accrued from the disposed entities in the PRC has been recorded under discontinued operations. As of December 31, 2018, we have not accrued withholding tax on undistributed earnings from our PRC subsidiaries under continuing operations as we plan to reinvest these earnings indefinitely in the PRC. We announced declaration of a cash dividend of US\$0.205 per common share, or US\$0.41 per ADS on June 1, 2017, and a special cash dividend of US\$3.00 per common share, or US\$6.00 per ADS on August 8, 2018. On December 21, 2017, the China Ministry of Finance (“MOF”), SAT, National Development and Reform Commission and Ministry of Commerce jointly released Cai Shui [2017] No.88 (the “No. 88 Notice”). The No.88 Notice formally introduces a tax measure which allows foreign investors to enjoy withholding tax deferral treatment (“WHT deferral treatment”), on the direct re-investment of profits distributed from Chinese tax resident enterprises into China’s “encouraged projects”. If the foreign investor qualifies for the WHT deferral treatment, the Chinese subsidiary of the related foreign investor should submit the required documents to its tax authorities on behalf of the foreign investor. Upon completion of the filing, the Chinese subsidiary could suspend withholding the profits distributed to the foreign investor. According to the No.88 Notice, the WHT deferral treatment is applicable retroactively to January 1, 2017, and withholding tax payments already made on eligible re-investments are eligible for refund within three years of the withholding tax payment. On October 29, 2018, the SAT released [2018] No.53 announcement, which expands the scope of foreign invested Chinese subsidiaries that are eligible to apply for WHT deferral treatment to potential all companies and specified the detailed application process and measures.

ATA Education has submitted an application for WHT deferral treatment under the above rules in August 2018 and obtained the approval from relevant tax authority to re-invest approximately RMB 85.1 million from ATA Learning to ATA Education with the 10% withholding tax suspended for payment based on the board resolution of the common foreign parent company of ATA BVI.

Under applicable Chinese tax laws, foreign-invested enterprises and domestic Chinese companies may carry forward tax losses up to five years. On July 11, 2018, the MOF and SAT jointly released Cai Shui [2018] No.76, which enacts the rules that since January 1, 2018, HNTTE or technology-based small-medium size enterprises are eligible to carry forward tax losses up to ten years instead of five years.

ATA Education and Muhua Shangce, as HNTTEs in the fiscal year ended December 31, 2018, are eligible to apply for the above preferential tax rules and carry forward tax losses up to ten years. In view of cumulated losses noted by certain of our PRC subsidiaries, as of December 31, 2018, we provided full valuation allowance for their deferred income tax assets after consideration of the future reversal of existing taxable temporary differences.

VAT pilot program and VAT exemption of offshore outsourcing services. ATA Education and Muhua Shangce are subject to VAT at a rate of 6% for net revenues (i.e. VAT excluded) generated from services and license fees under the VAT pilot program under which Business Tax was replaced by VAT since May 1, 2016.

Critical Accounting Policies

We prepare our consolidated financial statements in conformity with U.S. GAAP, which requires us to make judgments, estimates and assumptions that affect the reported amount of our assets and liabilities, disclosure of contingent assets and liabilities on the date of each set of consolidated financial statements and the reported amount of revenues and expenses during each financial reporting period. We continually evaluate these estimates and assumptions based on the most recently available information, our own historical experience and various other assumptions that we believe to be reasonable under the circumstances. Since the use of estimates is an integral component of the financial reporting process, actual results could differ from those estimates as a result of changes in our estimates or changes in the facts or circumstances underlying our estimates and assumptions.

An accounting policy is considered to be critical if it requires an accounting estimate to be made based on assumptions about matters that are highly uncertain at the time such estimate is made, if different accounting estimates that reasonably could have been used, or changes in the accounting estimates that are reasonably likely to occur periodically, could materially impact the consolidated financial statements. Some of our accounting policies require higher degrees of judgment than others in their application. We consider the policies discussed below to be critical to an understanding of our consolidated financial statements as their application places the most significant demands on our management's judgment. When reviewing our consolidated financial statements, you should take into account:

- our critical accounting policies discussed below;
- the related judgments made by us and other uncertainties affecting the application of these policies;

- the sensitivity of our reported results to changes in prevailing facts and circumstances and our related estimates and assumptions; and
- the risks and uncertainties described under Item 3.D. “Key Information — Risk Factors.”

See Note (2) to our audited consolidated financial statements for additional information regarding our significant accounting policies.

Income Taxes

We assess the likelihood that our net deferred income tax assets will be realized. To the extent that we believe that it is more likely than not that some portion or the entire amount of deferred income tax assets will not be realized, we establish a valuation allowance.

In assessing the realizability of deferred income tax assets, we consider whether it is more likely than not that some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible or tax loss carried forward are utilized. We consider the future reversal of taxable temporary differences, projected future taxable income and tax planning strategies in making this assessment.

For each of the fiscal year ended March 31, 2017, the nine months ended December 31, 2017 and the fiscal year ended December 31, 2018, we had no unrecognized tax benefits relating to uncertain tax positions. Also, we do not expect that the amount of unrecognized tax benefits will significantly increase within the next twelve months.

As of December 31, 2018, the valuation allowance of RMB 21.3 million (\$3.1 million) was related to the deferred income tax assets of our PRC entities which were in loss position. As of December 31, 2018, we believe it is more likely than not that we will realize the deferred income tax assets, net of the valuation allowance.

According to the PRC Tax Administration and Collection Law, the statute of limitations is three years if the underpayment of taxes is due to computational errors made by taxpayers or withholding agents. The statute of limitations is extended to five years under special circumstances where the underpayment of taxes is more than RMB 100,000. In the case of transfer pricing issues, the statute of limitations is ten years. There is no statute of limitations in the case of tax evasion. The income tax return of each of our company’s PRC consolidated entities is subject to examination by the relevant tax authorities for the calendar tax years beginning in 2014.

Share-based payment

We measure the cost of employee share options or similar equity instruments based on the grant date fair value of the award and recognize that cost over the period during which an employee is required to provide services in exchange for the award, which generally is the vesting period. For the graded vesting share options and non-vested shares, we recognize the compensation cost over the requisite service period for each separately vesting portion of the award as if the award is, in substance, multiple awards. Awards granted to employees with performance conditions attached are measured at fair value on the grant date, when the employees know the specific performance target assuming all other conditions necessary for a grant have already been met, and are recognized as the compensation expenses in the period and thereafter when the performance goal becomes probable to achieve.

When no future services are required to be performed by an employee in exchange for an award of equity instruments, and if such award does not contain a performance or market condition, the cost of the award is expensed on the grant date. When there is a modification on the terms and conditions of an award of equity instruments, our company measures the pre-modification and post-modification fair value of the equity instruments as of the modification date and recognizes the incremental value as compensation cost over the remaining service period. For vested options, we recognize incremental compensation cost in the period the modification occurred. For unvested options, we recognize, over the remaining requisite service period, the sum of the incremental compensation cost and the remaining unrecognized compensation cost for the original award on the modification date. Cancellations in the vesting period are treated as an acceleration of vesting, and recognized immediately for the amount that would otherwise have been recognized for services over the vesting period.

When there is a change in the grantee status from an employee to a non-employee, if the grantee retains the awards on a change in status and continues to provide substantive services to our company, the change in status results in a new measurement date for the unvested awards with compensation costs measured as if the awards were newly issued to the grantee on the date of the change in status. If the grantee retains the awards on a change in status and is not required to provide substantive services to the grantor subsequent to that change in status, the change in status is, in substance, an acceleration in vesting of the arrangement.

Long-term investments

Equity method investments. An investment in common stock or in-substance common stock of an entity where we can exercise significant influence, but not control, is accounted for using the equity method. Under the equity method, the investment is initially recorded at cost and adjusted for our share of undistributed earnings or losses of the investees. Investment losses are recognized until the investment is fully written down as we do not guarantee the investee's obligations nor are we committed to provide additional funding. When our carrying value in an equity method investment is reduced to zero, no further losses are recorded in our consolidated financial statements unless we guarantee obligations of an affiliated company or have committed additional funding. When the equity method accounted investees subsequently reports income, we will not record our share of such income until it exceeds the amount of our share of losses not previously recognized.

Other equity investments. Prior to January 1, 2018, we accounted for other equity investments without a readily determinable fair value using the cost method. In connection with the adoption of the ASC 321 *Investment- Equity Security* as of January 1, 2018, we have elected to measure such investments at cost, adjusted for changes resulting from impairments and observable price changes in orderly transactions for identical or similar securities of the same issuer. We consider information in periodic financial statements and other documentation provided by the investees to determine whether observable price changes have occurred.

Available-for-sale investment. Available-for-sale investment is an investment in convertible notes measured at fair value with unrealized gains and losses recorded in accumulated other comprehensive income.

We regularly evaluate the impairment of the long-term investments based on performance and financial position of the investees, as well as other evidence of market value. Such evaluation includes, but is not limited to, reviewing the investees' cash position, recent financings, projected and historical financial performance, cash flow forecasts and financing needs. For equity method investments and available-for-sale investment, an impairment charge is recorded when carrying amount of the investment exceeds its fair value and such condition is determined to be other than temporary. For other equity investments, an impairment charge is recorded if a qualitative assessment indicates that the investment is impaired and the fair value of the investment is less than its carrying value.

Results of Operations

The following table sets forth a summary, for the periods presented, of our consolidated results of operations and with each item expressed as a percentage of our total net revenues. Our historical results presented below are not necessarily indicative of the results that may be expected for any future period.

Fiscal Year Ended December 31, 2018 Compared to Twelve Months Ended December 31, 2017

Net Revenues

Our total net revenues decreased by RMB 6.1 million, or 81.9%, to RMB 1.3 million (\$0.2 million) in the fiscal year ended December 31, 2018 from RMB 7.4 million in the twelve months ended December 31, 2017, primarily due to the reclassification of rental income of RMB 5.9 million to other operating income, net, as a result of the adoption of the new revenue guidance ASC 606, effective since January 1, 2018. The remaining revenues for both periods were from K-12 education assessment services as well as certain other services.

Gross Profit (Loss)

Our gross profit decreased by RMB 5.3 million, or 219.8%, to a gross loss of RMB 2.9 million (\$0.4 million) in the fiscal year ended December 31, 2018 from gross profit of RMB 2.4 million in the twelve months ended December 31, 2017. The decrease in gross profit was primarily due to the reclassification of net rental income of RMB 3.8 million into other operating income, net, in connection with the adoption of ASC 606. In addition, costs for K-12 education assessment services have increased by RMB 1.7 million compared with the prior period due to implementation of a strategic education quality monitoring project.

Operating Expenses

General and administrative expenses. Our general and administrative expenses decreased by RMB 5.3 million, or 10.8%, to RMB 43.5 million (\$6.3 million) in the fiscal year ended December 31, 2018 from RMB 48.8 million in the twelve months ended December 31, 2017, primarily due to the decrease in non-recurring consulting fees of RMB 12.2 million associated with investing activities incurred in twelve months ended December 31, 2017, netting off by the increase in the expenditure recorded under continuing operations of RMB 7.0 million in fiscal year ended December 31, 2018 related to the Tsinghua University academic project.

Sales and marketing expenses. Our sales and marketing expenses remained stable at RMB 5.6 million (\$0.8 million) in the fiscal year ended December 31, 2018 and in the twelve months ended December 31, 2017, primarily due to the decrease of regular marketing and promotion expenses resulting from the above-stated strategic shift of business, netting off by selling and promotion expenses incurred for Project Shuang Chuang in the fiscal year ended December 31, 2018.

Research and development expenses. Our research and development expenses decreased slightly by RMB 0.1 million, or 0.6%, to RMB 19.6 million (\$2.8 million) in the fiscal year ended December 31, 2018 from RMB 19.7 million in the twelve months ended December 31, 2017, primarily due to the decrease in share-based compensation expense of RMB 0.8 million and rent expense of 1.3 million, netting off by labor costs increase of RMB 2.0 million.

Impairment Loss of Long-term Investments

We recorded an impairment loss of RMB 6.4 million (\$0.9 million) in the fiscal year ended December 31, 2018 related to the impairment charges associated with one of our strategic investments, which failed to meet the expected milestones and operation forecasts and encountered shortage of working capital resulted from continuous negative operating cash flows.

Interest Income, net of Interest Expense

Our interest income, net of interest expenses increased to RMB 2.4 million (\$0.4 million) in the fiscal year ended December 31, 2018 from RMB 1.0 million in the twelve months ended December 31, 2017, primarily due to increased interest income derived from higher average cash balances with proceeds received from the sale of ATA Online Business during the fiscal year ended December 31, 2018.

Foreign Currency Exchange Gains (Losses), Net

Our net foreign currency exchange losses primarily reflect the foreign exchange fluctuation effects of exchanging between U.S. dollar and Renminbi. We recorded a net foreign currency exchange income of RMB 1.0 million (\$0.1 million) in the fiscal year ended December 31, 2018, compared to a net losses of RMB 0.2 million in the twelve months ended December 31, 2017.

Income Tax Expense (Benefit)

We had income tax expense of RMB nil in the fiscal year ended December 31, 2018, compared to income tax benefit of RMB 0.6 million in the twelve months ended December 31, 2017. The income tax benefit recorded in the twelve months ended December 31, 2017 was to true up the income tax expenses with annual income tax returns of PRC entities.

Income (Loss) from Continuing Operations, net of Income Taxes

Loss from continuing operations, net of income taxes, for fiscal year ended December 31, 2018, was RMB 68.1 million (\$9.9 million), as compared to RMB 87.5 million in the prior period, the decrease of RMB 19.4 million was primarily due to the decrease in consulting fees of RMB 12.2 million associated with investing activities recorded in twelve-month period ended December 31, 2017 and RMB 8.8 million less impairment loss associated with strategic long-term investments recorded in fiscal year ended December 31, 2018 compared with prior period.

Income (Loss) from Operations of Discontinued Operations, net of Income Taxes

Loss from discontinued operations, net of income taxes, for fiscal year ended December 31, 2018, was RMB19.0 million (\$2.8 million), compared to an income of RMB 61.4 million in the prior period. The change was primarily due to the fact that the operations of discontinued operations consolidated into the consolidated statements of comprehensive income (loss) of the fiscal year ended December 31, 2018 only covers period from the beginning of fiscal year 2018 to the completion date of the sale of ATA Online Business in August 2018, as compared to the twelve-month period ended December 31, 2017.

Gain from Disposal of Discontinued Operations, net of Income Taxes

We recognized a gain from the disposal of discontinued operations, net of income taxes, of RMB 937.6 million (\$136.4 million) in connection with the sale of ATA Online Business for the fiscal year ended December 31, 2018. Income tax incurred for the disposal of discontinued operations was RMB188.9 million (\$27.5 million) for the fiscal year ended December 31, 2018.

Net Income (Loss)

As a result of the above factors, we had net income of RMB 850.6 million (\$123.7 million) in the fiscal year ended December 31, 2018, compared to net loss of RMB 26.1 million in the twelve months ended December 31, 2017. The increase in net income was primarily due to gain recognized from the sale of ATA Online Business in the fiscal year ended December 31, 2018.

We had basic and diluted earnings per common share of RMB 18.25 (\$2.65) in the fiscal year ended December 31, 2018 compared to basic and diluted loss per common share of RMB 0.69 in the twelve months ended December 31, 2017.

Nine Months Ended December 31, 2017 Compared to Nine Months Ended December 31, 2016

Net Revenues

Our total net revenues decreased by RMB 1.4 million, or 21.8%, to RMB 5.2 million in the nine months ended December 31, 2017 from RMB 6.6 million in the nine months ended December 31, 2016, primarily as a result of the decrease in rental income of RMB 1.2 million due to the tenant change of one floor of our real estate properties.

Gross Profit

Our gross profit decreased by RMB 2.0 million, or 58.7%, to RMB 1.4 million in the nine months ended December 31, 2017 from RMB 3.4 million in the nine months ended December 31, 2016. The decrease in gross profit was primarily due to net revenues decrease of RMB 1.4 million from the nine months ended December 31, 2016 and increased content development costs of RMB 0.7 million related to the development of K-12 education assessment services in the nine months ended December 31, 2017.

Operating Expenses

General and administrative expenses. Our general and administrative expenses increased by RMB 12.7 million, or 46.2%, to RMB 40.1 million in the nine months ended December 31, 2017 from RMB 27.4 million in the nine months ended December 31, 2016, primarily due to increase in consulting fees associated with investing activities of RMB 12.2 million incurred in the nine months ended December 31, 2017.

Sales and marketing expenses. Our sales and marketing expenses increased by RMB 0.4 million, or 9.6%, to RMB 4.5 million in the nine months ended December 31, 2017 from RMB 4.1 million in the nine months ended December 31, 2016, primarily due to increased labor costs of our sales and marketing personnel.

Research and development expenses. Our research and development expenses slightly decreased by RMB 0.2 million, or 1.4%, to RMB 15.4 million in the nine months ended December 31, 2017 from RMB 15.6 million in the nine months ended December 31, 2016.

Impairment Loss of Long-term Investments

We recorded an impairment loss of RMB 15.2 million in the nine months ended December 31, 2017 related to the impairment charges associated with one of our strategic investments, which encountered severe shortage of working capital resulted from continuous negative operating cash flows and turnover of key personnel in the fourth quarter of 2017.

Interest Income, net of Interest Expense

Our interest income, net of interest expenses decreased to RMB 0.6 million in the nine months ended December 31, 2017 from RMB 1.1 million in the nine months ended December 31, 2016, primarily due to average cash balance decreased compared with the prior period, as a result of the cash dividend payout in June and July 2017.

Foreign Currency Exchange Gains (Losses), Net

Our net foreign currency exchange losses primarily reflect the foreign exchange fluctuation effects of exchanging from Renminbi to U.S. dollar. We recorded a net foreign currency exchange loss of RMB 0.2 million in the nine months ended December 31, 2017, compared to a net loss of RMB 0.1 million in the nine months ended December 31, 2016.

Income Tax Expense (Benefit)

We had income tax benefit of RMB 2.1 million in the nine months ended December 31, 2017, compared to an income tax expense of RMB nil in the nine months ended December 31, 2016. The income tax benefit recorded in the nine months ended December 31, 2017 was due to the reversal of withholding tax accrual as a result of decrease in the undistributed earnings generated by our PRC consolidated entities reported under continuing operations.

Loss from Continuing Operations, net of Income Taxes

As a result of the above factors, we had net loss of RMB 72.8 million from our continuing operations in the nine months ended December 31, 2017, compared to net loss of RMB 45.0 million in the nine months ended December 31, 2016. The increase in net loss from continuing operations of RMB 27.8 million was primarily due to an increase of RMB 12.2 million in consulting fees associated with investing activities and the impairment loss of long-term investments of RMB 15.2 million recorded during the nine months ended December 31, 2017.

Income from Discontinued Operations, net of Income Taxes

Our net income from our discontinued operations increased by RMB 11.6 million from RMB 89.0 million in the nine months ended December 31, 2016 to RMB 100.6 million in the nine months ended December 31, 2017. The increase in net income from discontinued operations was primarily due to the increase of net revenues from discontinued operations.

Net Income

As a result of the above factors, we had net income of RMB 27.8 million in the nine months ended December 31, 2017, compared to net income of RMB 43.9 million in the nine months ended December 31, 2016. The decrease in net income of RMB 16.1 million was primarily due to an increase of RMB 12.2 million in consulting fees associated with investing activities and RMB 15.2 million impairment loss of long-term investment recorded during the nine months ended December 31, 2017, both of which were reported under continuing operations, netting off by RMB 11.6 million increase in net income from discontinued operations compared with the prior period.

We had basic and diluted earnings per common share of RMB 0.48 in the nine months ended December 31, 2017 compared to basic and diluted earnings per common share of RMB 0.96 in the nine months ended December 31, 2016.

B. Liquidity and Capital Resources

We have financed our working capital and capital expenditure needs primarily through cash generated from the sale of ATA Online Business and operating activities.

As of December 31, 2018, we had RMB 190.6 million (\$27.7 million) in cash. Our cash and cash equivalents were primarily deposited with reputable banks in China and Hong Kong. We intend to finance our future working capital and capital expenditure needs principally from (i) cash received from the sale of ATA Online Business, and (ii) cash generated from operating activities.

We believe our cash from the proceeds from the sale of ATA Online Business and current cash and expected future cash flows from our operating activities are sufficient to meet our present working capital requirements. Our current expansion plans do not require significant capital commitments. We do not expect our short-term and long-term cash requirements to be materially different. We do, however, expect to spend money on strategic acquisition and investment opportunities in the international education industry. If any future projects would require additional funding, outside financing might be pursued as needed. Nevertheless, we may require additional sources of liquidity in the event of changes in business conditions or other future developments. Factors affecting our sources of liquidity include our sales performance and changes in working capital. After the sale of ATA Online Business, we may not be able to generate sufficient cash flows from our current businesses. Any changes in the significant factors affecting our revenues from K-12 education assessment services may cause material fluctuations in our cash generated from operations. See Item 5.A. "Operating and Financial Review and Prospectus—Operating Results—Net Revenues" for a description of these significant factors. Changes in working capital, including any significant shortening or lengthening of our accounts receivable cycle or client prepayment cycles, may also cause fluctuations in our cash generated from operations. If our sources of liquidity are insufficient to satisfy our cash requirements, we may seek to sell additional equity or debt securities to meet our cash needs. The sale of convertible debt securities or additional equity securities could result in dilution to our shareholders. The incurrence of indebtedness would result in debt service obligations and could result in operating and financial covenants that would restrict our operations. We cannot assure you that financing will be available in amounts or on terms acceptable to us, if at all.

[Table of Contents](#)

The following table summarizes our net cash flows with respect to operating activities, investing activities and financing activities in the fiscal year ended March 31, 2017, the nine months ended December 31, 2017 and the fiscal year ended December 31, 2018:

	For the fiscal year ended March 31, (As adjusted)	For the nine months ended December 31, (As adjusted)	For the fiscal year ended December 31,	
	2017	2017	2018	
	RMB	RMB	RMB	US\$
	(In thousands)			
Net cash provided by (used in) operating activities	61,545	95,606	(312,627)	(45,470)
Net cash provided by (used in) investing activities	(93,952)	(20,604)	1,201,736	174,785
Net cash provided by (used in) financing activities ⁽¹⁾	37,250	(70,149)	(949,894)	(138,156)
Effect of foreign exchange rate changes on cash	(63)	(1,210)	(4,720)	(686)
Net increase (decrease) in cash ⁽¹⁾	4,780	3,643	(65,505)	(9,527)
Cash and cash equivalents at beginning of the period ⁽¹⁾	247,668	252,448	256,091	37,247
Cash and cash equivalents at end of the period ⁽¹⁾	252,448	256,091	190,586	27,720

(1) We adopted Accounting Standards Update (“ASU”) 2016-18, *Statement of Cash Flows- Restricted Cash* from January 1, 2018 and applied a retrospective transition method to each period prior to January 1, 2018. As a result of the adoption, we have included RMB 30,000,000 of restricted cash in the beginning-of-period and end-of-period cash and cash equivalents balance on the consolidated statement of cash flows for the fiscal year ended March 31, 2017 and the nine-month period ended December 31, 2017, and excluded the increase of restricted cash of RMB 30,000,000 from cash flows from financing activities for the fiscal year ended March 31, 2017 and the decrease of restricted cash of RMB 30,000,000 from cash flows from financing activities for the nine months ended December 31, 2017.

Operating Activities

Net cash used in operating activities was RMB 312.6 million (\$45.5 million) in the fiscal year ended December 31, 2018, mainly attributable to net cash outflow or RMB 287.5 million from continuing operations, which consists of cash collection of RMB 5.7 million from rental income and RMB 1.5 million from K-12 education assessment and other related services, netting off by cash paid for income tax of RMB 213.0 million, majority of which was incurred for the ATA Online Sale Transaction, and cash paid for payroll and other operating expenses of RMB 81.7 million as well as net cash outflow of RMB 25.1 million from discontinued operations.

Net cash provided by operating activities was RMB 95.6 million in the nine months ended December 31, 2017, mainly attributable to cash collection from revenues of RMB 447.0 million, partially offset by cash paid for test monitoring costs and royalty fees of RMB 169.0 million and cash paid for payroll and other operating expenses of RMB 182.4 million.

[Table of Contents](#)

Net cash provided by operating activities was RMB 61.5 million in the fiscal year ended March 31, 2017, mainly attributable to cash collection from revenues of RMB 462.5 million, partially offset by cash paid for test monitoring costs and royalty fees of RMB 166.6 million and cash paid for payroll and other operating expenses of RMB 234.4 million.

Investing Activities

Net cash provided by investing activities in the fiscal year ended December 31, 2018 of RMB 1,201.7 million (\$174.8 million) was primarily attributable to net proceeds from disposal of discontinued operations of RMB 1,223.0 million.

Net cash used in investing activities in the nine months ended December 31, 2017 of RMB 20.6 million was primarily attributable to RMB 31.1 million expenditures made for intangible assets, properties and equipment and RMB 5.5 million cash invested in EEO, which was offset by RMB 10.0 million cash received from the shareholders of ATA Online in connection with the termination of the VIE agreements and proceeds of RMB 6.6 million received from the disposal of certain affiliated subsidiaries and investments.

Net cash used in investing activities in the fiscal year ended March 31, 2017 of RMB 94.0 million was primarily attributable to payments of RMB 89.9 million made for long-term investments and payments of RMB 9.9 million made for capital expenditures, partially offset by proceeds of RMB 5.5 million received from the disposal of certain equity interests of an affiliate company.

Financing Activities

Net cash used in financing activities in the fiscal year ended December 31, 2018 of RMB 949.9 million (\$138.2 million) was primarily attributable to special cash dividend paid to our shareholders.

Net cash used by financing activities in the nine months ended December 31, 2017 of RMB 70.1 million was primarily attributable to the special cash dividend payment of RMB 65.7 million.

Net cash provided by financing activities in the fiscal years ended March 31, 2017 of RMB 37.3 million was primarily attributable to RMB 34.0 million investment prepayments made by third-party investors to one of our subsidiaries and RMB 3.4 million cash received from a short-term loan ATA BVI borrowed during the year.

Capital Expenditures

The following table sets forth our historical capital expenditures for the periods presented. Actual future capital expenditures may differ from the amounts presented below.

	<u>For the fiscal year ended</u> <u>March 31, 2017</u> <u>RMB</u>	<u>For the nine months ended</u> <u>December 31, 2017</u> <u>RMB</u> <u>(In thousands)</u>	<u>For the fiscal year ended</u> <u>December 31, 2018</u> <u>RMB</u> <u>US\$</u>	
Total capital expenditures	9,932	31,060	9,356	1,361

Historically, our capital expenditures have been made primarily for leasehold improvements, software, computer equipment, education assessment caseware and software platform of Project Shuang Chuang.

Foreign Currency Exchange

ATA Inc., ATA BVI and Xing Wei's functional currency is U.S. dollar. The functional currency of our PRC subsidiaries is Renminbi. As of December 31, 2018, we had RMB 190.6 million (\$27.7 million) in cash and cash equivalents. The non-Renminbi portion of our revenues primarily consists of U.S. dollar-denominated licensing fees and royalty payments prior to the sale of ATA Online Business, while the non-Renminbi portion of our expenditures primarily consists of professional fees and royalty payments, either denominated in U.S. dollars or Hong Kong dollars. Fluctuations in exchange rates, primarily those involving the U.S. dollar against the Renminbi, may affect our costs and operating margins and reported operating results. Under the current foreign exchange system in China, our operations in China may not be able to hedge effectively against currency risks, including any possible future Renminbi devaluation. See Item 3.D. "Key Information — Risk Factors — Risks Relating to Doing Business in the People's Republic of China — Fluctuations in exchange rates could result in foreign currency exchange losses."

Recent Accounting Pronouncements

In February 2016, the FASB issued ASC Topic 842, *Leases* through ASU No. 2016-02. ASC Topic 842 requires a lessee to recognize all leases, including operating leases, on balance sheet via a right-of-use asset and lease liability, unless the lease is a short-term lease. All (or a portion of) fixed payments by the lessee to cover lessor costs related to ownership of the underlying assets, or executory costs, that do not represent payments for a good or service will be considered lease payments and be reflected in the measurement of lease assets and lease liabilities by lessees. The new standard does not substantially change lessor accounting from current U.S. GAAP. The new standard also requires lessees and lessors to disclose more qualitative and quantitative information about their leases than current U.S. GAAP does. In July 2018, the FASB issued ASU 2018-10, *Codification Improvements to Topic 842 (Leases)*, which provides narrow amendments to clarify how to apply certain aspects of the new lease standard. The new standard is effective for annual reporting periods, and interim periods within those periods, beginning after December 15, 2018, with early adoption permitted. In July 2018, the FASB issued ASU No. 2018-11, *Leases Topic (842): Targeted Improvements*. This ASU provides companies an option to apply the transition provisions of the new lease standard at its adoption date instead of at the earliest comparative period presented in its financial statements, that is recognizing a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption, without adjusting the comparative periods presented, as initially required. The Company will adopt the new lease accounting standard as of January 1, 2019 and has elected to apply the transition provisions of the standard on the date of adoption. Accordingly, the Company will not restate prior year comparative periods for the impact of the new lease accounting standard. The Company will elect the package of practical expedients permitted under the transition guidance within the new lease accounting standard. In addition, for leases with a term of 12 months or less, an election was made not to recognize lease assets and lease liabilities. The Company anticipates that the adoption of the new lease accounting standard will result in the recognition of right-of-use assets and lease liabilities of approximately RMB 3.5 million and RMB 3.0 million, respectively, as of January 1, 2019, consisting primarily of operating leases relating to real estate. The Company does not anticipate that the new lease accounting standard will materially impact its consolidated statement of operations or consolidated statement of cash flows in periods subsequent to adoption. The aforementioned estimates related to the adoption of the new lease accounting standard are based on the Company's assessment and best estimates to date.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820); Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This guidance removes certain disclosure requirements related to the fair value hierarchy, modifies existing disclosure requirements related to measurement uncertainty and adds new disclosure requirements. The new disclosure requirements include disclosing the changes in unrealized gains and losses for the period included in other comprehensive income for recurring Level 3 fair value measurements held at the end of the reporting period and the range and weighted-average of significant unobservable inputs used to develop Level 3 fair value measurements. Certain disclosures required by this guidance must be applied on a retrospective basis and others on a prospective basis. The guidance will be effective for fiscal years beginning after December 15, 2019, with early adoption permitted. We are currently evaluating this guidance to determine the impact, if any, it may have on our consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The amendments in this ASU require the use of an “expected credit loss” impairment model for most financial assets reported at amortized cost, which will require entities to estimate expected credit losses over the lifetime of the instrument. This may result in the earlier recognition of allowances for losses. For available-for-sale debt securities with unrealized losses, an allowance for credit losses will be recognized as a contra account to the amortized cost carrying value of the asset rather than a direct reduction to the carrying value, with changes in the allowance impacting earnings. In November 2018, the FASB issued ASU No. 2018-19 *Codification Improvements to Topic 326, Financial Instruments—Credit Losses*, which clarifies that receivables arising from operating leases are not within the scope of Subtopic 326-20, but instead should be accounted for in accordance with Topic 842, *Leases*. ASU No. 2016-13 is effective for annual and interim reporting periods beginning after December 15, 2019, with early adoption permitted in annual and interim reporting periods beginning after December 15, 2018. Entities will apply the standard's provisions as a cumulative-effect adjustment to retained earnings as of the beginning of the first effective reporting period. We are currently evaluating the impact of this ASU on our consolidated financial statements.

The FASB issued ASU 2017-04, *'Simplifying the Test for Goodwill Impairment'*, in January 2017. Under current guidance, goodwill impairment loss is measured by comparing the implied fair value of a reporting unit's goodwill with the carrying amount of that goodwill by following procedures that would be required in determining the fair value of assets acquired and liabilities assumed in a business combination. Under the new amendments, the goodwill impairment test compares the fair value of a reporting unit with its carrying amount and an impairment charge is measured as the amount by which the carrying amount exceeds the reporting unit's fair value. The amendments are effective for annual and interim reporting periods beginning after December 15, 2019 and are not expected to have a significant effect on our consolidated financial statements.

C. Research and Development, Patents and Licenses, Etc.

Research and development are important to our continued success. Our research and development initiatives are designed to improve our existing services and technologies and to develop new and innovative services and technologies. For our PBL education services, we have established a network of external experts in various subjects from prestigious colleges or other institutions to closely work with our own product and course development team on the research and development of our PBL products. For our other services, we conduct our research and development activities primarily in-house but may also from time to time outsource certain research and development activities. We have an experienced team of engineers with expertise in the fields of computing, software, education assessment content design and conversion. Our research and development team consisted of 52 people as of December 31, 2018. We will continue to look selectively for experienced PBL education content research and development talents, software engineers and other talents to further increase our research and development capabilities. While we focus on development of content and technologies that can be commercialized and integrated into our service offerings in the short term, we also invest in the research and development of content and technologies for the medium and long term in preparation for the next generation and cutting-edge products and services. In addition, we are developing upgrades of our key technologies, including our education assessment and vocational assessment and training technologies.

D. Trend Information

Other than as disclosed elsewhere in this annual report, we are not aware of any trends, uncertainties, demands, commitments or events for the period from January 1, 2018 to December 31, 2018 that are reasonably likely to have a material adverse effect on our revenues, income, profitability, liquidity or capital resources, or that caused the disclosed financial information to be not necessarily indicative of future operating results or financial conditions.

E. Off-Balance Sheet Arrangements

We do not currently have, and do not expect in the future to have, any off-balance sheet arrangements or commitments. In our ongoing business, we do not plan to enter into transactions involving, or otherwise form relationships with, unconsolidated entities or financial partnerships established for the purpose of facilitating off-balance sheet arrangements or commitments.

F. Tabular Disclosure of Contractual Obligations**Contractual Obligations and Commercial Commitments**

The following table sets forth our contractual obligations as of December 31, 2018:

	Total	Within 1 Year	Payment Due		
			1-3 Years	3-5 Years	More than 5 Years
			(In thousands of RMB)		
Operating Lease Obligations (1)	3,307	2,960	347	—	—
Other commitments (2)	30,000	10,000	20,000	—	—

- (1) Our operating lease obligations comprise our office lease obligations for our offices in China. These office leases expire at different times over the period from the date of this annual report through May 2020, and will become subject to renewal. We will evaluate the need to renew each office lease on a case-by-case basis prior to its expiration.
- (2) On April 27, 2017, we entered into a five-year agreement with Tsinghua University, under which ATA will support the research of the Research Institute of Future Education and Assessment at Tsinghua University under certain circumstances with funding support of RMB 50.0 million, out of which RMB 30.0 million will be paid in the following three years.

Indebtedness

As of the date of this annual report, we do not have any outstanding debt, debt securities, contingent liabilities, mortgages, or liens.

G. Safe Harbor

This annual report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the Private Securities Litigation Reform Act of 1995. See “Introduction—Forward-Looking Statements.”

ITEM 6. DIRECTORS, SENIOR MANAGEMENT AND EMPLOYEES**A. Directors and Senior Management**

The following table sets forth certain information relating to our directors and executive officers as of the date of this annual report. The business address of each of our directors and executive officers is 1/F East Gate, Building No. 2, Jian Wai Soho, No. 39 Dong San Huan Zhong Road, Chao Yang District, Beijing 100022, China.

Name	Age	Position
Kevin Xiaofeng Ma	55	Chairman of the Board of Directors and Chief Executive Officer
Jack Huang	47	President and Director
Andrew Yan	61	Director
Hope Ni	46	Director
Alec Tsui	69	Director
Zhilei Tong	44	Director
Amy Tung	47	Chief Financial Officer

Kevin Xiaofeng Ma is co-founder, chairman of the board and chief executive officer of our company. He also serves as chairman on the board of directors of ATA Online. Prior to co-founding our company, Mr. Ma co-founded Dynamic Technology Corporation and served as its chief executive officer from 1996 to 1998. From 1990 to 1996, Mr. Ma served as a general manager in the Hainan High-Tech Industry International Cooperation Center. Previously, Mr. Ma gained experience as a vice president at the Beijing MIDI High-Tech Center, as a director of Beijing Zhongjia Integrated Intelligent System Engineering, and as a reporter for China Radio International. Mr. Ma is a member of the board of directors of a number of private enterprises with operations in China, which do not compete with our business. Mr. Ma graduated from Nanjing University with a bachelor’s degree in economics.

Jack Huang is the president and a director of our company. Prior to joining us, Mr. Huang was the chief executive officer of Lanxum Education, an online education and information security services provider in China, from 2015 to 2017. Prior to this, Mr. Huang worked at Chegg where he served as head of Chegg's China operations, and Pearson where he served as the managing director of the Language Testing Division in the Asia Pacific region. Mr. Huang received his MBA degree from HEC Paris and a master's degree from Edinburgh Napier University. Mr. Huang also received a bachelor's degree from Harbin Institute of Technology in China. He is a fellow of the Chartered Institute of Marketing.

Andrew Yan is a director of our company, and is an independent director pursuant to Nasdaq Stock Market Rule 5605(a)(2). He is the founding managing partner of SAIF Partners IV, III and SB Asia Investment Fund II L.P., and president and executive managing director of Softbank Asia Infrastructure Fund. Before joining Softbank Asia Infrastructure Fund in 2001, Mr. Yan was a managing director and the head of the Hong Kong office of Emerging Markets Partnership, the management company of AIG Asian Infrastructure Funds from 1994 to 2001. From 1989 to 1994, he worked in the World Bank, the Hudson Institute and US Sprint Co. as an economist, research fellow and director for Asia respectively in Washington, DC. From 1982 to 1984, he was the chief engineer of Jianghuai Airplane Corp. He is currently an independent non-executive director of China Resources Land Limited; non-executive director of Guodian Technology & Environment Group Corporation Limited; an independent director of BlueFocus Communication Group and TCL Corporation and a director of Zhejiang Merit Interactive Network Technology Co., Ltd. He also holds directorship in several SAIF portfolio companies. Mr. Yan received a master of arts degree from Princeton University, and a bachelor's degree in engineering from the Nanjing Aeronautic Institute.

Hope Ni is an independent director of ATA Inc. Ms. Ni is an executive director of Cogobuy Group (listed on the Main Board of The Stock Exchange of Hong Kong). Ms. Ni currently serves on the boards of Digital China Holdings Ltd. (Stock code: 00861.HK). From 2004 to 2007, Ms. Ni was the chief financial officer and director of Viewtran Group, Inc. (NASDAQ: VIEW), during which time, Viewtran Group increased market capitalization approximately seven times. In 2008, Ms. Ni served as the vice chairman of Viewtran Group, Inc. Prior to that, Ms. Ni spent six years as a practicing attorney at Skadden, Arps, Slate, Meagher & Flom LLP in New York and Hong Kong. Earlier in her career, Ms. Ni worked at Merrill Lynch's investment banking division in New York. Ms. Ni received her J.D. degree from University of Pennsylvania Law School and her B.S. degree in applied economics and business management from Cornell University.

Alec Tsui is an independent director on our board and has also served as director on the board of directors of ATA Online from July 2015 to August 2018. Mr. Tsui is currently an independent non-executive director of a number of companies listed in Hong Kong, Philippines and on the Nasdaq Global Market, including, COSCO Shipping International (Hong Kong) Co Ltd., Pacific Online Limited, Melco Resorts & Entertainment Limited, Melco Resorts & Entertainment (Philippines) Corporation, DTXS Silk Road Investment Holdings Company Limited and Hua Medicine. He was the chairman of the Hong Kong Securities Institute from 2001 to 2004. He was an advisor and a council member of the Shenzhen Stock Exchange from 2001 to 2002. He joined the Hong Kong Stock Exchange in 1994 as an executive director of the finance and operations services division and became its chief executive in 1997. Prior to that, Mr. Tsui served at the Securities and Futures Commission of Hong Kong from 1989 to 1993. Mr. Tsui graduated from the University of Tennessee with a B.S. degree and a master's degree in industrial engineering. He completed a program for senior managers in government at the John F. Kennedy School of Government of Harvard University.

Zhilei Tong is a director of our board. Mr. Tong founded Chinese All Digital Publishing Group Co., Ltd. in 2000 and is currently the chairman and CEO of ChineseAll Digital Publishing Group Co., Ltd. He is also the executive director of Jianshui Wenrui Enterprise Management Consulting Co., Ltd., the executive director and CEO of Beijing ChineseAll Culture Media Co., Ltd., the executive director and CEO of Beijing ChineseAll Education Technology Development Co., Limited, the executive director of Shanghai ChineseAll Culture Development Co., Ltd., and the chairman of Hangzhou ChineseAll Information Technology Co., Ltd., the executive director of ChineseAll (Tianjin) Culture Development Co., Ltd., the executive director of Guangzhou Siyuetian Information Technology Co., Ltd., the executive director of ChineseAll Group Limited, the chairman of CHINESEALL CORPORATION, the director of Beijing Yajieshanghui Consulting Co., Ltd., the representative of the Beijing Municipal People's Congress, a representative of the 16th People's Congress of Beijing Dongcheng District, a member of the Secretary General in the All-China Youth Federation and secretary general in education subsector, the vice-chairman in Youth Federation of Dongcheng District of Beijing, the vice president of the Copyright Society of China, the vice-chairman of China Redactological Society. Mr. Tong received his bachelor's degree from Tsinghua University and his IMBA degree from and Tsinghua University.

Amy Tung is our Chief Financial Officer having assumed such role on April 1, 2017. She also served as chairman on the supervisory board of ATA Online from July 2015 to August 2018. Ms. Tung has been with the Company since 2006, serving in roles previously including the assistant to the CEO and vice president/financial controller. Prior to her service with ATA, Ms. Tung has held various financial and accounting positions with Bayer Healthcare Limited in Hong Kong, BEA Systems (Hong Kong) Limited, Bureau Veritas Consumer Products Services (Hong Kong) Limited, Agilent Technologies Hong Kong Limited, and Compaq Computer Limited. Ms. Tung received her master's degree in financial engineering from Columbia University and her MBA and bachelor's degree in computer science from the Chinese University of Hong Kong. She is a fellow member of the Association of Chartered Certified Accountants and the Hong Kong Institute of Certified Public Accountants.

B. Compensation

For the fiscal year ended December 31, 2018, we and our subsidiaries paid aggregate cash compensation of approximately RMB 7.56 million (\$1.10 million) to our directors and executive officers as a group. We do not pay or set aside any amounts for pension, retirement or other benefits for our officers and directors.

Share Incentives

We adopted a share incentive plan, or the 2005 Plan, in April 2005, which was terminated in 2015. We adopted our 2008 Employee Share Incentive Plan, or the 2008 Plan, in January 2008. We amended and restated the 2008 Plan, or the Amended and Restated 2008 Plan, in December 2016, primarily to extend its term and expand the option pool thereunder to include the reserved but unissued common shares under the 2005 Plan. We amended and restated the Amended and Restated 2008 Plan, or the Second Amended and Restated 2008 Plan, in October 2018, primarily to extend its term, expand the option pool thereunder, and change the number of common shares automatically added to the option pool on each calendar year during its term. Our share incentive plans are intended to promote our success and to increase shareholder value by providing additional means to attract, motivate, retain and reward selected directors, officers, employees and other eligible persons. An aggregate of 3,310,300 common shares are reserved for issuance under the 2005 Plan. Subject to any amendment of the Second Amended and Restated 2008 Plan by our directors, the maximum aggregate number of common shares that may be issued pursuant to all awards under the Second Amended and Restated 2008 Plan is 6,965,846 shares (which was increased from 6,399,377 shares under the Amended and Restated 2008 Plan), plus, unless the board of directors determines a lesser amount, an annual increase on January 1 of each calendar year beginning in 2019 equal to the lesser of (i) one percent (1%) of the total number of common shares issued and outstanding on December 31 of the immediately preceding calendar year, or (ii) such number of common shares as may be established by the board of directors. As of December 31, 2018, 6,965,846 shares were authorized for issuance under the Second Amended and Restated 2008 Plan.

We have granted share options and restricted shares under the 2005 Plan, the 2008 Plan, the Amended and Restated 2008 Plan and the Second Amended and Restated 2008 Plan to selected directors, officers, employees and individual consultants and advisors. As of January 1, 2019, we have granted a total of 1,142,212 share options that are outstanding under such plans, of which 36,978 have vested. The contractual term of these options is ten years. As of January 1, 2019, we have also granted 1,795,498 restricted shares that are unvested and outstanding, and 2,068,586 restricted shares have vested in the fiscal year ended December 31, 2018.

Options and restricted shares granted under our share incentive plans generally do not vest unless the grantee remains under our employment or in service with us on the given vesting date.

Generally, if the grantee's employment or service with us is terminated for cause, all such grantee's options under our share incentive plans, vested and unvested, immediately terminate and become unexercisable. On the other hand, if the grantee's employment or service with us is terminated for any reason other than for cause, all such grantee's vested options terminate and become unexercisable 90 days, or three months following the grantee's last day of employment or service with us, while generally all unvested options immediately terminate and become unexercisable. In circumstances where there is a death or total disability of the grantee, all such grantee's vested options terminate and become unexercisable 12 months following the grantee's last day of employment or service with us, while generally all unvested options immediately terminate and become unexercisable.

Our board of directors may amend, alter, suspend, or terminate our share incentive plans at any time, provided, however, that our board of directors must first seek the approval of the participants of our share incentive plans if such amendment, alteration, suspension or termination would adversely affect the rights of participants under any option granted prior to that date. Without further action by our board of directors, the 2005 Plan terminated in 2015 and the Second Amended and Restated 2008 Plan will terminate in 2028.

The table below sets forth the share option and restricted share grants made to our current directors and executive officers pursuant to our share incentive plans:

Share options

Name	Number of Common Shares to be Issued Upon Exercise of Options	Exercise Price per Common Share	Date of Grant	Vesting Start Date	Date of Expiration
Amy Tung	200,000	\$ 0.578	November 6, 2018	November 6, 2018	November 5, 2028
Jack Huang	363,150	\$ 0.578	November 6, 2018	November 6, 2018	November 5, 2028

Restricted Shares

Name	Restricted Shares	Date of Grant	Vesting Start Date
Kevin Xiaofeng Ma	200,000	May 30, 2011	June 1, 2011
	90,000	February 10, 2015	February 10, 2015
	133,000	January 17, 2017	January 17, 2017
Andrew Yan	1,469,460	December 19, 2018	December 19, 2018
	100,000	May 30, 2011	June 1, 2011
	133,000	January 17, 2017	January 17, 2017
Hope Ni	200,000	November 6, 2018	November 6, 2018
	60,000	February 16, 2012	February 17, 2012
	133,000	January 17, 2017	January 17, 2017
Alec Tsui	200,000	November 6, 2018	November 6, 2018
	60,000	February 16, 2012	February 17, 2012
	133,000	January 17, 2017	January 17, 2017
Zhilei Tong	200,000	November 6, 2018	November 6, 2018
	30,000	February 16, 2012	February 17, 2012
	10,000	June 13, 2013	June 13, 2013
Amy Tung	100,000	January 17, 2017	January 17, 2017
	100,000	December 19, 2018	December 19, 2018

C. Board Parties

Duties of Directors

Under Cayman Islands Law, our directors have a statutory duty of loyalty to act honestly in good faith with a view to our best interests. Our directors also have a duty to exercise the care, diligence and skills that a reasonably prudent person would exercise in comparable circumstances. In fulfilling their duty of care to us, our directors must ensure compliance with our third amended and restated memorandum and articles of association. A shareholder has the right to seek damages if a duty owed by our directors is breached.

The functions and powers of our board of directors include, among others:

- convening shareholders' annual general meetings and reporting its work to shareholders at such meetings;
- issuing authorized but unissued shares;
- declaring dividends and distributions;
- exercising the borrowing powers of our company and mortgaging the property of our company;
- approving the transfer of shares of our company, including the registering of such shares in our share register; and
- exercising any other powers conferred by the shareholders' meetings or under our third amended and restated memorandum and articles of association.

Terms of Directors

We have a board of six directors divided into class A, class B and class C directors. As of the date of this annual report, the class A directors are Kevin Xiaofeng Ma and Zhilei Tong, the class B directors are Andrew Yan and Jack Huang, and the class C directors are Hope Ni and Alec Tsui. One third of our directors for the time being (or, if their number is not a multiple of three (3), the number nearest to but not greater than one third) shall retire from office every year at our annual general meeting of shareholders on a rotating basis. Our class A director Zhilei Tong was re-elected at our 2018 annual general meeting. Our class C directors Hope Ni and Alec Tsui will retire from office and will be eligible for re-election at our 2019 annual general meeting. Our chief executive officer, which currently is Kevin Xiaofeng Ma, shall not, while holding office, be subject to retirement or be taken into account in determining the number of directors to retire in any year. Neither we nor our subsidiaries have any directors' service contracts providing for benefits upon termination of employment.

Board Practices

Our board of directors has established an audit committee, a compensation committee and a nominations committee.

Audit Committee

Our audit committee consists of Hope Ni and Alec Tsui. Hope Ni is the chairman of our audit committee. Our board of directors has determined that Hope Ni and Alec Tsui are "independent directors" within the meaning of Nasdaq Stock Market Rule 5605(a)(2) and meet the criteria for independence set forth in Rule 10A-3(b) of the Exchange Act. Hope Ni meets the criteria of an audit committee financial expert as set forth under the applicable rules of the SEC. The third seat on our audit committee is vacant in reliance on Nasdaq Stock Market Rule 5615(a)(3), which permits a foreign private issuer like us to follow "home country practices" in relation to the composition of its audit committee. In this regard we have elected to adopt the practices of our home country, the Cayman Islands, which does not require us to have a three member audit committee or to fill all three seats on the audit committee at this time.

Our audit committee is responsible for, among other things:

- appointing the independent auditor;

- pre-approving all auditing and non-auditing services permitted to be performed by the independent auditor;
- annually reviewing the independent auditor's report describing the auditing firm's internal quality-control procedures, any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditor and all relationships between the independent auditor and our company;
- setting clear hiring policies for employees and former employees of the independent auditor;
- reviewing with the independent auditor any audit problems or difficulties and management's responses;
- reviewing and approving all related party transactions on an ongoing basis;
- reviewing and discussing the annual audited financial statements with management and the independent auditor;
- reviewing and discussing with management and the independent auditor major issues regarding accounting principles and financial statement presentations;
- reviewing reports prepared by management or the independent auditor relating to significant financial reporting issues and judgments;
- discussing earnings press releases with management, as well as financial information and earnings guidance provided to analysts and rating agencies;
- reviewing with management and the independent auditor the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on our financial statements;
- discussing policies with respect to risk assessment and risk management with management, internal auditors and the independent auditor;
- timely reviewing reports from the independent auditor regarding all critical accounting policies and practices to be used by our company, all alternative treatments of financial information within U.S. GAAP that have been discussed with management and all other material written communications between the independent auditor and management;
- establishing procedures for the receipt, retention and treatment of complaints received from our employees regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters;
- annually reviewing and reassessing the adequacy of our audit committee charter;
- such other matters that are specifically delegated to our audit committee by our board of directors from time to time;
- meeting separately, periodically, with management, internal auditors and the independent auditor; and
- reporting regularly to the full board of directors.

Compensation Committee

Our compensation committee consists of Andrew Yan, Hope Ni and Alec Tsui. Andrew Yan is the chairman of our compensation committee. Our board of directors has determined that all of our compensation committee members are "independent directors" within the meaning of Nasdaq Stock Market Rule 5605(a)(2).

Our compensation committee is responsible for:

- reviewing and approving our overall compensation policies;
- reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer, evaluating our chief executive officer's performance in light of those goals and objectives, reporting the results of such evaluation to the board of directors, and determining our chief executive officer's compensation level based on this evaluation;
- determining the compensation level of our other executive officers;
- making recommendations to the board of directors with respect to our incentive-compensation plans and equity-based compensation plans;
- administering our equity-based compensation plans in accordance with the terms thereof; and
- such other matters that are specifically delegated to the compensation committee by our board of directors from time to time.

Nominations Committee

Our nominations committee consists of Kevin Xiaofeng Ma, Andrew Yan and Alec Tsui. Kevin Xiaofeng Ma is the chairman of the nominations committee. Although Nasdaq Stock Market Rules generally require all members of the nominations committee of a listed company to be "independent directors" within the meaning of Nasdaq Stock Market Rule 5605(a)(2), Nasdaq Stock Market Rule 5615(a) (3) permits a foreign private issuer like us to follow "home country practices" in relation to composition of its nominations committee. In this regard, we have elected to adopt the practices of our home country, the Cayman Islands, which does not require that any of the members of a company's nominations committee be independent directors.

Our nominations committee is responsible for, among other things:

- seeking and evaluating qualified individuals to become new directors as needed;
- reviewing and making recommendations to the board of directors regarding the independence and suitability of each board member for continued service; and
- evaluating the nature, structure and composition of other board committees.

Corporate Governance

Our board of directors has adopted a code of ethics, which is applicable to our senior executive and financial officers. In addition, our board of directors has adopted a code of conduct, which is applicable to all of our directors, officers, employees and advisors. Our code of ethics and our code of conduct are publicly available on our website, <http://www.atai.net.cn>. In addition, our board of directors has adopted a set of corporate governance guidelines. The guidelines reflect certain guiding principles with respect to our board's structure, procedures and committees. The guidelines are not intended to change or interpret any law, or our third amended and restated memorandum and articles of association.

Interested Transactions

A director may vote with respect to any contract or transaction in which he or she is interested, provided that the nature of the interest of any director in such contract or transaction is disclosed by him or her at or prior to its consideration and any vote in that matter.

D. Employees

We had 483, 551 and 101 employees as of March 31, 2017, December 31, 2017 and 2018, respectively. As of December 31, 2018, we had 16 employees in sales and marketing, 52 in research and development, 1 in client service and support and 32 in general and administrative functions.

We use our share incentive plans as additional means to further attract, motivate, retain and reward selected directors, officers, employees and third-party consultants and advisors. For more information, see Item 6.B. “Directors, Senior Management and Employees — Compensation — Share Incentives.” We believe these initiatives have contributed to our ability to attract and retain talent.

As required by Chinese laws and regulations, we participate in various employee benefit plans that are organized by municipal and provincial governments, including housing, pension, medical and unemployment benefit plans. We make monthly payments to these plans in respect of each employee based on the employee’s compensation. We believe that we maintain a good working relationship with our employees and we have not experienced any significant labor disputes. Our employees have not entered into any collective bargaining agreements.

According to our contracts with our employees, our employees are generally prohibited from engaging in any activities that compete with our business during the period of their employment and for two years after termination of their employment with us. Furthermore, all employees are prohibited, for a period of two years following termination, from soliciting other employees to leave us and, for a period of five years following termination, from soliciting our existing clients. However, we may have difficulty enforcing these non-competition and non-solicitation terms in China because the Chinese legal system, especially with respect to the enforcement of such terms, is still developing.

E. Share Ownership

The following table sets forth information with respect to the beneficial ownership, within the meaning of Section 13(d)(3) of the Exchange Act, of our common shares as of April 12, 2019 by:

- each person known to us to own beneficially more than 5% of common shares, and
- each of our directors and executive officers

	Common shares beneficially owned	
	Number (1)	Percent (2)
Directors and Executive Officers:		
Kevin Xiaofeng Ma(3)	25,160,508	51.7 %
Jack Huang	*	*
Andrew Yan	*	*
Hope Ni	*	*
Alec Tsui	*	*
Zhilei Tong	*	*
Amy Tung	*	*
Directors and Executive Officers Combined	26,800,232	55.1 %
Principal Shareholders:		
Joingear Limited(4)	18,427,074	37.9 %
HSBC International Trustee Limited(5)	9,804,588	20.2 %
Able Knight Development Limited(3)	4,998,988	10.3 %
Alpha Advantage Global Limited(6)	4,717,100	9.7 %
Jiangong Zhao(6)	4,717,100	9.7 %

* Beneficially owns less than 1% of our common shares.

- (1) The number of common shares beneficially owned by each of the listed persons includes common shares that such person has the right to acquire within 60 days after April 12, 2019.
- (2) Percentage of beneficial ownership for each of the persons listed above is determined by dividing (i) the number of common shares beneficially owned by such person by (ii) the total number of common shares outstanding, plus the number of common shares such person has the right to acquire within 60 days after April 12, 2019. The total number of our common shares outstanding as of April 12, 2019 is 48,646,094.

- (3) Includes (i) 1,734,446 common shares held by Kevin Xiaofeng Ma, (ii) 4,998,988 common shares held by Able Knight Development Limited, which is a British Virgin Islands company ultimately wholly-owned by HSBC International Trustee Limited as trustee of an irrevocable trust constituted under the laws of the Cayman Islands with Kevin Xiaofeng Ma as the settlor and certain family members of Kevin Xiaofeng Ma as the beneficiaries, and (iii) 18,427,074 common shares held by Joingear Limited, which is a British Virgin Islands company with 100% of its issued and outstanding share capital owned by Kevin Xiaofeng Ma. Kevin Xiaofeng Ma is the sole director of Able Knight Development Limited. The business address of Able Knight Development Limited is Portcullis Chambers, 4th Floor, Ellen Skelton Building, 3076 Sir Francis Drake Highway, Road Town, Tortola, British Virgin Islands. Kevin Xiaofeng Ma and Zhilei Tong are directors of Joingear Limited. The business address of Joingear Limited is OMC Chambers, Wickhams Cay 1, Road Town, Tortola, British Virgin Islands.
- (4) Includes 18,427,074 common shares held by Joingear Limited, based on Schedule 13D Amendment No. 5 filed jointly by Kevin Xiaofeng Ma, Able Knight Development Limited, Precious Time Holdings Limited, Ma Family Trust and Joingear Limited on August 17, 2018. Joingear Limited is a British Virgin Islands company. Kevin Xiaofeng Ma and Zhilei Tong are directors of Joingear Limited.
- (5) Based on a Schedule 13G filed by HSBC International Trustee Limited on February 7, 2018. The registered address of HSBC International Trustee Limited is 21 Collyer Quay, #19-01 HSBC Building, Singapore 049320.
- (6) Based on a Schedule 13G Amendment No. 1 filed jointly by Jiangong Zhao, Dynamic Fame Limited and Alpha Advantage Global Limited on January 22, 2018. Includes 188,000 common shares held of record by Dynamic Fame Limited and 4,529,100 common shares held of record by Alpha Advantage Global Limited. Dynamic Fame Limited is a British Virgin Islands company and a wholly owned subsidiary of Alpha Advantage Global Limited. Alpha Advantage Global Limited is a British Virgin Islands company wholly owned by Jiangong Zhao. The business address of Alpha Advantage Global Limited is Vistra Corporate Services Centre, Wickhams Cay II, Road Town, Tortola, VG1110, British Virgin Islands and the business address of Dynamic Fame Limited is Office 1601, 16/F, 31 Queen's Road Central, Hong Kong.

None of our shareholders have different voting rights from other shareholders. We are not aware of any arrangement that may, at a subsequent date, result in a change of control of our company. See Item 6.B. "Directors, Senior Management and Employees — Compensation — Share Incentives" for information on options granted to our current directors and executive officers. To our knowledge, as of April 12, 2019, none of our common shares were held by holders of record in the United States. However, 22,061,262 common shares were registered in the name of a nominee of Citibank, N.A., the depository of our ADSs. It is likely that a large number of beneficial owners of our ADSs reside in the United States.

ITEM 7. MAJOR SHAREHOLDERS AND RELATED PARTY TRANSACTIONS

A. Major Shareholders

Please refer to Item 6.E. "Directors, Senior Management and Employees — Share Ownership."

B. Related Party Transactions

Contractual Arrangements with Our Variable Interest Entity and its Shareholders

PRC laws and regulations currently limit foreign ownership of companies that engage in certain businesses related to, among other things, value-added telecommunication services and international education business. Due to these restrictions, we operate our relevant business through contractual arrangements with our variable interest entity. For a description of these contractual arrangements, see Item 4.A. "Information on the Company — History and Development of the Company — Contractual Arrangements with ATA Intelligent Learning."

Loan Facility

In June 2018, the president and director of ATA Inc., Jack Huang, entered into a three-year Commercial Loan Facility (the “Facility”) with China Minsheng Bank Beijing Branch to borrow up to RMB 15,000,000 to support the working capital need of ATA Education. The Facility is pledged by the real estate property of Gongyuan 16th floor owned by ATA Education, pursuant to which a corresponding three-year pledge agreement has been entered into between ATA Education and China Minsheng Bank Beijing Branch. Jack Huang and ATA Education also signed an agreement, pursuant to which all drawdowns received from China Minsheng Bank should be transferred to ATA Education and the interests of these drawdowns will be fully paid by ATA Education. ATA Education shall pay interest at 6.525% per annum on the commencement date for each drawdown. The interest rate is subject to potential adjustment based on premium interest rate stipulated by the People’s Bank of China. In June and July 2018, ATA Education has received a total of RMB 15,000,000 drawdowns and this loan has been fully paid back on October 15, 2018. The interest expenses incurred and paid by ATA Education for the fiscal year ended December 31, 2018 was RMB 249,683. On April 12, 2019, the real estate property of Gongyuan 16th floor was released from pledge and the Facility was terminated correspondingly.

Disposal of ATA Online Business to entities controlled by Management

On August 16, 2018, ATA completed the sale of ATA Online Business, among which, 67.5% of the equity interest of ATA Online was transferred to the entity controlled by ATA’s Chairman and Chief Executive Officer Mr. Kevin Xiaofeng Ma and the entities controlled by certain management members of ATA Online.

Receivable due from shareholder

In May 2015, we terminated the VIE agreements with the nominee shareholders of ATA Online. The entire equity interests of ATA Online were transferred from the nominee shareholders to ATA Learning and Zhongxiao Zhixing for a consideration of RMB 10.0 million, equaling to the amount of the registered capital of ATA Online. As a result, ATA Online became a wholly owned subsidiary of our company. The consideration was paid to the nominee shareholders. Mr. Haichang Xiong, transferred his consideration of RMB 1.0 million to Mr. Kevin Xiaofeng Ma on March 29, 2016 and we received RMB 10.0 million in cash from Mr. Kevin Xiaofeng Ma on June 7, 2017.

Sublease of Jianwai SOHO office to Master Mind

ATA Education subleased Jianwai SOHO office to an equity investee, Master Mind, with a contract term from May 17, 2015 to May 16, 2020. Since June 2017, Master Mind has encountered severe cash flow and going concern issues and stopped making rent payment to the Company. In February 2018, the sublease agreement was terminated. The Company recognized a total sublease income of RMB 650,478, RMB 207,346 and RMB nil for the fiscal year ended March 31, 2017, nine months ended December 31, 2017 and fiscal year ended December 31, 2018, respectively.

Acquisition of Puhua Technology

On August 31, 2016, ATA Online entered into an agreement to make a 60% equity investment in Beijing Puhua Huitong Education Technology Co., Limited, or Puhua Technology, with a total cash consideration of RMB 2.0 million. The director of Puhua Technology was a director of ATA learning, who resigned from ATA learning in July 2016.

Disposal of equity interest in Zhishang to Tianjin Zhishang

On June 27, 2017, ATA Online entered into an agreement to sell a 15% equity interest in Beijing Zhishang Education Technology Ltd. (“Zhishang”), to Tianjin Zhishang Education Technology Limited Partnership (“Tianjin Zhishang”) for a total cash consideration of RMB 1,253,550. The Executive Partner of Tianjin Zhishang is the CEO and a director of ATA Online.

C. Interests of Experts and Counsel

Not applicable.

ITEM 8. FINANCIAL INFORMATION

A. Consolidated statements and other financial information.

Our consolidated financial statements are included at the end of this annual report.

Legal Proceedings

We are not currently involved in any litigation, arbitration or administrative proceedings that could have a material adverse effect on our financial condition or results of operations. From time to time, we may be subject to various claims and legal actions arising in the ordinary course of business.

Dividend Policy

On June 1, 2017, we have declared a cash dividend of US\$0.205 per common share, or US\$0.41 per ADS. The total amount of cash dividend distributed was RMB 65.7 million, which was paid from the cash held by ATA Inc. in June and July 2017 to all shareholders of record as of the close of business on June 12, 2017.

On August 8, 2018, we declared a special cash dividend of US\$3.00 per common share, or US\$6.00 per ADS in connection with the final closing of the sale of ATA Online Business. The total amount of cash dividend distributed was approximately RMB 946.6 million, which was paid on August 24, 2018 out of the proceeds we received from the sale of ATA Online Business to all shareholders of records as of the close of business on August 20, 2018.

Any future determination to pay dividends will be made at the discretion of our board of directors and will be based upon our future operations and earnings, capital requirements and surplus, general financial condition, shareholders' interests, contractual restrictions and other factors our board of directors may deem relevant.

Holders of our ADSs will be entitled to receive dividends, if any, subject to the terms of the deposit agreement, to the same extent as the holders of our common shares. Cash dividends will be paid to the depository in U.S. dollars, which will distribute them to the holders of ADSs according to the terms of the deposit agreement. Other distributions, if any, will be paid by the depository to the holders of ADSs in any means it deems legal, fair and practical.

Under China's EIT Law and its Implementation Rules, both of which became effective on January 1, 2008, dividends from our PRC subsidiaries to us may be subject to a 10% withholding tax if such dividends are derived from profits generated after January 1, 2008. If we are deemed to be a PRC resident enterprise, the withholding tax may be exempted, but we will be subject to a 25% tax on our worldwide income, and our non-PRC enterprise investors may be subject to PRC income tax withholding at a rate of 10%. See Item 3.D. "Key Information — Risk Factors — Risks Relating to Regulations of Our Business — Under the EIT Law, we may be classified as a 'resident enterprise' of China. Such classification will likely result in unfavorable tax consequences to us and U.S. holders of our ADSs or common shares," and Item 10.E. "Additional Information — Taxation — People's Republic of China Taxation."

B. Significant Changes

Except as disclosed elsewhere in this annual report, we have not experienced any significant changes since the date of our audited financial statements included in this report.

ITEM 9. THE OFFER AND LISTING

A. Offering and Listing Details.

Price Range of Our ADSs

Our ADSs are listed for trading on the Nasdaq Global Market under the symbol “ATAI”.

B. Plan of Distribution

Not applicable.

C. Markets

See Item 9.A. above.

D. Selling Shareholders

Not applicable.

E. Dilution

Not applicable.

F. Expenses of the Issue

Not applicable.

ITEM 10. ADDITIONAL INFORMATION

A. Share capital

Not applicable.

B. Memorandum and Articles of Association

We incorporate by reference into this annual report the description of our third amended and restated memorandum and articles of association contained in “Description of Share Capital” of our F-1 registration statement (File No. 333-148512) originally filed with the Securities and Exchange Commission on January 8, 2008, as amended.

C. Material Contracts

We have not entered into any material contracts other than in the ordinary course of business and other than those described in Item 4. “Information on the Company”, Item 5. “Operating and Financial Review and Prospects”, Item 7. “Major Shareholders and Related Party Transactions” or elsewhere in this annual report on Form 20-F.

D. Exchange Controls

Regulation of Foreign Exchange

China’s government imposes restrictions on the convertibility of the Renminbi and on the collection and use of foreign currency by Chinese entities. Under current regulations, the Renminbi is convertible for current account transactions, which include dividend distributions, interest payments, and the import and export of goods and services. Conversion of Renminbi into foreign currency and foreign currency into Renminbi for capital account transactions, such as direct investment, portfolio investment and loans, however, is still generally subject to the prior approval of the PRC State Administration of Foreign Exchange, or SAFE.

Under current Chinese regulations, Foreign-Invested Enterprises such as our Chinese subsidiaries are required to apply to SAFE for a Foreign Exchange Registration Certificate for Foreign-Invested Enterprise. With such a foreign exchange registration certificate (which is subject to review and renewal by SAFE on an annual basis), a foreign-invested enterprise may open foreign exchange bank accounts at banks authorized to conduct foreign exchange business by SAFE and may buy, sell and remit foreign exchange through such banks, subject to documentation and approval requirements. Foreign-invested enterprises are required to open and maintain separate foreign exchange accounts for capital account transactions and current account transactions. In addition, there are restrictions on the amount of foreign currency that foreign-invested enterprises may retain in such accounts.

The value of the Renminbi against the U.S. dollar and other currencies is affected by, among other things, changes in China's political and economic conditions and China's foreign exchange policies. The People's Bank of China regularly intervenes in the foreign exchange market to limit fluctuations in Renminbi exchange rates and achieve policy goals.

Dividend Distributions

We have adopted a holding company structure, and our holding company may rely on dividends and other distributions on equity paid by our current and future Chinese subsidiaries for their cash requirements, including the funds necessary to service any debt we may incur or financing we may need for operations not carried through our Chinese subsidiaries. Chinese legal restrictions permit payments of dividends by our Chinese subsidiaries only out of their accumulated after-tax profits, if any, determined in accordance with Chinese accounting standards and regulations. Our Chinese subsidiaries are also required under Chinese laws and regulations to allocate at least 10% of their after-tax profits determined in accordance with PRC GAAP to statutory reserves until such reserves reach 50% of the company's registered capital. Allocations to these statutory reserves and funds can only be used for specific purposes and are not transferable to us in the form of loans, advances or cash dividends. As of December 31, 2018, our Chinese subsidiaries allocated RMB 25.6 million (\$3.7 million) to the general reserve fund, which is restricted for distribution to the Company. Any limitations on the ability of our Chinese subsidiaries to transfer funds to us could materially and adversely limit our ability to grow, make investments or acquisitions that could be beneficial to our business, pay dividends and otherwise fund and conduct our business.

E. Taxation

The following is a general summary of the material Cayman Islands, U.S. federal and People's Republic of China income tax consequences relevant to an investment in our ADSs and common shares. The discussion is not intended to be, nor should it be construed as, legal or tax advice to any particular prospective purchaser or current holders of our ADSs. The discussion is based on laws and relevant interpretations thereof in effect as of the date of this annual report, all of which are subject to change or different interpretations, possibly with retroactive effect. The discussion does not address United States state or local tax laws, or tax laws of jurisdictions other than the Cayman Islands and the United States. You should consult your own tax advisors with respect to the consequences of acquisition, ownership and disposition of our ADSs and common shares.

Cayman Islands Taxation

The Cayman Islands currently levies no taxes on individuals or corporations based upon profits, income, gains or appreciations and there is no taxation in the nature of inheritance tax or estate duty or withholding tax applicable to us or to any holder of ADSs or common shares. There are no other taxes likely to be material to us levied by the Government of the Cayman Islands except for stamp duties which may be applicable on instruments executed in, or after execution brought within the jurisdiction of the Cayman Islands. No stamp duty is payable in the Cayman Islands on transfers of shares of Cayman Islands companies except those which hold interests in land in the Cayman Islands. The Cayman Islands is a party to a double tax treaty entered into with the United Kingdom in 2010 but is otherwise not party to any double tax treaties. There are no exchange control regulations or currency restrictions in the Cayman Islands.

Pursuant to Section 6 of the Tax Concessions Law (1999 Revision) of the Cayman Islands, we have obtained an undertaking from the Governor-in-Cabinet:

- that no law which is enacted in the Cayman Islands imposing any tax to be levied on profits or income or gains or appreciations shall apply to the Company or its operations; and
- that the aforesaid tax or any tax in the nature of estate duty or inheritance tax shall not be payable on the shares, debentures or other obligations of the Company.

The undertaking for us is for a period of twenty years from October 3, 2006.

People's Republic of China Taxation

In 2007 China passed a new Enterprise Income Tax Law, or the EIT Law, and its Implementing Rules, both of which became effective on January 1, 2008. The EIT Law created a new "resident enterprise" classification, which, if applied to us, would impose a 10% withholding tax on our non-PRC enterprise shareholders and, pursuant to Circular of the MOF and the SAT on Some Policy Issues regarding Personal Income Tax (Cai Shui Zi [1994] No. 020), the dividend and bonus incomes received by individual aliens from the foreign-invested enterprises are temporarily exempted from individual income tax and hence, the dividends we pay to our non-PRC individual shareholders may be qualified to enjoy the individual income tax exemption if certain conditions are met; otherwise, a potential 20% individual income tax may be applied on dividends we pay to them if such dividends are derived from profits generated after January 1, 2008 and with respect to gains derived by our non-PRC shareholders from disposition of our shares or ADSs, if such dividends or gains are determined to have been derived from sources within China. See Item 3.D. "Key Information — Risk Factors — Risks Relating to Regulations of Our Business — Under the EIT Law, we may be classified as a "resident enterprise" of China. Such classification will likely result in unfavorable tax consequences to us and U.S. holders of our ADSs or common shares."

If we are not deemed as a resident enterprise, then dividends payable to our non-PRC shareholders and gains from disposition of our shares of ADSs by our non-PRC shareholders will not be subject to PRC withholding income tax.

United States Federal Income Taxation

This discussion describes the material U.S. federal income tax consequences to U.S. Holders (as defined below) of the purchase, ownership and disposition of our ADSs or common shares. This discussion does not address any aspect of U.S. federal gift or estate tax, the Medicare tax, or the state, local or non-U.S. tax consequences of an investment in our ADSs and common shares. This discussion applies to you only if you beneficially own our ADSs or common shares as capital assets for U.S. federal income tax purposes. This discussion does not apply to U.S. Holders who are members of a class of holders subject to special rules, such as:

- dealers in securities or currencies;
- traders in securities that elect to use a mark-to-market method of accounting for securities holdings;
- banks or certain financial institutions;
- insurance companies;
- tax-exempt organizations;
- partnerships or other entities treated as partnerships or other pass-through entities for U.S. federal income tax purposes or persons holding ADSs or common shares through any such entities;
- regulated investments companies or real estate investment trusts;
- persons that hold ADSs or common shares as part of a hedge, straddle, constructive sale, conversion transaction or other integrated investment;
- persons whose functional currency for tax purposes is not the U.S. dollar;
- persons liable for alternative minimum tax; or

- persons who actually or constructively own 10% or more of the total combined voting power of all classes of our shares (including ADSs and common shares) entitled to vote.

This discussion is based on the U.S. Internal Revenue Code of 1986, as amended, which we refer to in this discussion as the Code, its legislative history, existing and proposed regulations promulgated thereunder, published rulings and court decisions, all as of the date hereof. These laws are subject to change, possibly on a retroactive basis. In addition, this discussion relies on our assumptions regarding the value of our ADSs and common shares and the nature of our business over time. Finally, this discussion is based in part upon the representation of the depository and the assumption that each obligation in the deposit agreement and any related agreement will be performed in accordance with its terms.

Prospective purchasers are urged to consult their own tax advisor concerning the particular U.S. federal income tax consequences to them of the purchase, ownership and disposition of our ADSs and common shares, as well as the consequences to them arising under the laws of any other taxing jurisdiction.

For purposes of the U.S. federal income tax discussion below, you are a “U.S. Holder” if you beneficially own ADSs or common shares as capital assets within the meaning of Section 1221 of the Code and are:

- an individual citizen or resident of the United States for U.S. federal income tax purposes;
- a corporation, or other entity taxable as a corporation, that was created or organized in or under the laws of the United States or any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust if (a) a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (b) the trust has a valid election in effect to be treated as a U.S. person.

For U.S. federal income tax purposes, income earned through a U.S. or non-U.S. partnership or other flow-through entity is attributed to its owners. Accordingly, if a partnership or other flow-through entity holds ADSs or common shares, the tax treatment of the holder will depend on the status of the partner or other owner and the activities of the partnership or other flow-through entity.

The U.S. Treasury has expressed concerns that intermediaries in the chain of ownership between the holder of an ADS and the issuer of the security underlying the ADS may be taking actions that are inconsistent with the claiming of foreign tax credits for U.S. holders of ADSs. Such actions would also be inconsistent with the claiming of the reduced rate of tax, as described below, applicable to dividends received by certain non-corporate holders. Accordingly, the availability of the reduced tax rate for dividends received by certain non-corporate holders could be affected by actions taken by intermediaries in the chain of ownership between the holder of an ADS and our company.

Dividends on ADSs or Common Shares

Subject to the “Passive Foreign Investment Company” discussion below, if we make distributions and you are a U.S. Holder, the gross amount of any distributions with respect to your ADSs or common shares (including the amount of any taxes withheld therefrom) will be includible in your gross income on the day you actually or constructively receive such income as dividend income if the distributions are made from our current or accumulated earnings and profits, calculated according to U.S. federal income tax principles. With respect to non-corporate U.S. holders, certain dividends received from a qualified foreign corporation may be subject to a reduced capital gains rate of taxation. A non-U.S. corporation (other than passive foreign investment corporation) is treated as a qualified foreign corporation with respect to dividends from that corporation on shares (or ADSs backed by such shares) that are readily tradable on an established securities market in the United States. U.S. Treasury Department guidance indicates that our ADSs, which are listed on the Nasdaq Global Market, but not our common shares, will be readily tradable on an established securities market in the United States. You should consult your own tax advisor as to the rate of tax that will apply to you with respect to dividend distributions, if any, that you receive from us.

Subject to the “Passive Foreign Investment Company” discussion below, to the extent, if any, that the amount of any distribution by us on ADSs or common shares exceeds our current and accumulated earnings and profits as determined under U.S. federal income tax principles, it will be treated first as a tax-free return of the U.S. Holder’s adjusted tax basis in the ADSs or common shares and thereafter as capital gain. However, we do not intend to calculate our earnings and profits according to U.S. federal income tax principles. Accordingly, distributions on our ADSs or common shares, if any, will generally be reported to you as dividend distributions for U.S. tax purposes. Corporations will not be entitled to claim a dividends-received deduction with respect to distributions made by us. Dividends may constitute foreign source passive income for purposes of the U.S. foreign tax credit rules. You should consult your own tax advisors as to your ability, and the various limitations on your ability, to claim foreign tax credits in connection with the receipt of dividends.

Sales and Other Dispositions of ADSs or Common Shares

Subject to the “Passive Foreign Investment Company” discussion below, when you sell or otherwise dispose of ADSs or common shares, you will recognize capital gain or loss in an amount equal to the difference between the amount realized on the sale or other disposition and your adjusted tax basis in the ADSs or common shares. Any such gains or losses that you recognize will be treated as U.S. source income for foreign tax credit purposes. Your adjusted tax basis will equal to the amount you paid for the ADSs or common shares. Any gain or loss you recognize will be long-term capital gain or loss if your holding period in our ADSs or common shares is more than one year at the time of disposition. If you are a non-corporate U.S. Holder, including an individual, any such long-term capital gain will be taxed at preferential rates. Your ability to deduct capital losses will be subject to various limitations.

Passive Foreign Investment Company

We believe that we were not a passive foreign investment company, or PFIC, for U.S. federal income tax purposes for our taxable year ended December 31, 2018. However, PFIC status is tested each year and depends on the composition of our assets and income and the value of our assets from time to time. Since we currently hold, and expect to continue to hold, a substantial amount of cash and other passive assets and, since the value of our assets is to be determined in large part by reference to the market prices of our ADSs and common shares, which is likely to fluctuate over time, there can be no assurance that we will not be a PFIC for any taxable year.

We will be classified as a PFIC in any taxable year if either: (a) the average quarterly value of our gross assets that produce passive income or are held for the production of passive income is at least 50% of the average quarterly value of our total gross assets or (b) 75% or more of our gross income for the taxable year is passive income (such as certain dividends, interest or royalties). For purposes of the first test: (a) any cash and cash invested in short-term, interest bearing, debt instruments, or bank deposits that are readily convertible into cash will count as producing passive income or held for the production of passive income, and (b) the total value of our assets is calculated based on our market capitalization.

We will be treated as owning our proportionate share of the assets and earning our proportionate share of the income of any other corporation in which we own, directly or indirectly, at least 25% (by value) of the stock.

If we were a PFIC for any taxable year during which you held ADSs or common shares, certain adverse U.S. federal income tax rules would apply. You would be subject to additional taxes and interest charges on certain “excess distributions” we make and on any gain realized on the disposition or deemed disposition of your ADSs or common shares, regardless of whether we continue to be a PFIC in the year in which you receive an “excess distribution” or dispose of or are deemed to dispose of your ADSs or common shares. Distributions in respect of your ADSs or common shares during a taxable year would constitute “excess distributions” if, in the aggregate, they exceed 125% of the average amount of distributions with respect to your ADSs or common shares over the three preceding taxable years or, if shorter, the portion of your holding period before such taxable year.

To compute the tax on “excess distributions” or any gain, (a) the “excess distribution” or the gain would be allocated ratably to each day in your holding period, (b) the amount allocated to the current year and any tax year prior to the first taxable year in which we were a PFIC would be taxed as ordinary income in the current year, (c) the amount allocated to other taxable years would be taxable at the highest applicable marginal rate in effect for that year, and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to each such year. In addition, if we were a PFIC, no distribution that you might receive from us would qualify for taxation at the preferential rate discussed in the Item 10.E. “Additional Information — Taxation — Dividends on ADSs or Common Shares” section above.

Under certain attribution rules, if we are a PFIC, you will be deemed to own your proportionate share of lower-tier PFICs, and will be subject to U.S. federal income tax on (a) a distribution on the shares of a lower-tier PFIC and (b) a disposition of shares of a lower-tier PFIC, both as if you directly held the shares of such lower-tier PFIC.

Each U.S. Holder of a PFIC is required to file an annual report containing such information as the U.S. Treasury may require and may be required to file Internal Revenue Service Form 8621 regarding distributions received on the ADSs or common shares and any gain realized on the disposition of the ADSs or common shares. You should consult with your own tax advisor regarding reporting requirements with regard to your ADSs and common shares.

If we were a PFIC in any year, you would generally be able to avoid the “excess distribution” rules described above by making a timely so-called “mark-to-market” election with respect to your ADSs provided our ADSs are “marketable.” Our ADSs will be “marketable” as long as they remain regularly traded on a national securities exchange, such as the Nasdaq Global Market. If you made this election in a timely fashion, you would recognize as ordinary income or ordinary loss the difference between the fair market value of the ADSs as of the close of your taxable year over your adjusted basis in such ADSs. Any ordinary income resulting from this election would be taxed at ordinary income rates and would not be eligible for the reduced rate of tax applicable to qualified dividend income. Any ordinary losses would be limited to the extent of the net amount of previously included income as a result of the mark-to-market election, if any. Your basis in the ADSs would be adjusted to reflect any such income or loss. You should consult your own tax advisor regarding potential advantages and disadvantages to you of making a “mark-to-market” election with respect to your ADSs. The mark-to-market election will not be available for any lower tier PFIC that is deemed owned pursuant to the attribution rules discussed above. We do not intend to provide you with the information you would need to make or maintain a “Qualified Electing Fund” election and therefore, you will not be able to make or maintain such an election with respect to your ADSs or common shares.

U.S. Information Reporting and Backup Withholding Rules

Dividend payments with respect to the ADSs or common shares and the proceeds received on the sale or other disposition of ADSs or common shares may be subject to information reporting to the IRS and to backup. Backup withholding will not apply, however, if you (a) are a corporation or come within certain other exempt categories and, when required, can demonstrate that fact or (b) provide a taxpayer identification number, certify as to no loss of exemption from backup withholding and otherwise comply with the applicable backup withholding rules. To establish your status as an exempt person, you will be required to provide certification on IRS Form W-9. Backup withholding is not an additional tax. The amount of any backup withholding will generally be allowed as a refund or a credit against your U.S. federal income tax liability, provided that you furnish the required information to the IRS. Certain individuals holding the ADSs or common shares other than in an account at a U.S. financial institution may be subject to additional information reporting requirements.

PROSPECTIVE PURCHASERS OF OUR ADSS AND COMMON SHARES SHOULD CONSULT THEIR OWN TAX ADVISOR REGARDING THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES RESULTING FROM PURCHASING, HOLDING OR DISPOSING OF OUR ADSS AND COMMON SHARES, INCLUDING THE APPLICABILITY AND EFFECT OF THE TAX LAWS OF ANY STATE, LOCAL OR NON-US JURISDICTION AND INCLUDING ESTATE, GIFT AND INHERITANCE LAWS.

H. Documents on Display

We previously filed with the Securities and Exchange Commission our registration statement on Form F-1 as amended.

We have filed this annual report on Form 20-F with the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended. Statements made in this annual report as to the contents of any document referred to are not necessarily complete. With respect to each such document filed as an exhibit to this annual report, reference is made to the exhibit for a more complete description of the matter involved, and each such statement shall be deemed qualified in its entirety by such reference.

We are subject to the informational requirements of the Exchange Act and file reports and other information with the Securities and Exchange Commission. Reports and other information which the Company filed with the Securities and Exchange Commission, including this annual report on Form 20-F, may be inspected and copied at the public reference room of the Securities and Exchange Commission at 100 F Street, N.E. Washington D.C. 20549.

You can also obtain copies of this annual report on Form 20-F by mail from the Public Reference Section of the Securities and Exchange Commission, 100 F Street, N.E., Washington D.C. 20549, at prescribed rates. Additionally, copies of this material may be obtained from the Securities and Exchange Commission's Internet site at <http://www.sec.gov>. The Commission's telephone number is 1-800-SEC-0330.

ITEM 11. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Quantitative and Qualitative Disclosures about Market Risk

Interest Rate Risk

Our exposure to interest rate risk primarily relates to interest income generated by excess cash, which is mostly held in interest-bearing bank deposits. We have not used derivative financial instruments in our investment portfolio. Interest-earning instruments carry a degree of interest rate risk. We have not been exposed, nor do we anticipate being exposed, to material risks due to changes in market interest rates. However, our future interest income may fall short of expectations due to changes in market interest rates.

Foreign Currency Risk

Because substantially all of our revenues and expenditures are denominated in Renminbi, fluctuations in the exchange rate between the U.S. dollar and Renminbi will affect our balance sheet and earnings per share in U.S. dollars. In addition, appreciation or depreciation in the value of the Renminbi relative to the U.S. dollar would affect our financial results reported in U.S. dollar terms without giving effect to any underlying change in our business or results of operations. Fluctuations in the exchange rate will also affect the relative value of any dividend we issue that will be exchanged into U.S. dollars and earnings from and the value of any U.S. dollar-denominated investments we make in the future.

The value of the Renminbi against the U.S. dollar and other currencies is affected by, among other things, changes in China's political and economic conditions and China's foreign exchange policies. On July 21, 2005, the PRC government changed its decade-old policy of pegging the value of the Renminbi to the U.S. dollar. However, the People's Bank of China regularly intervenes in the foreign exchange market to limit fluctuations in Renminbi exchange rates and achieve policy goals. Following the removal of the U.S. dollar peg, the Renminbi appreciated more than 25% against the U.S. dollar over the following eight years. Since reaching a high against the U.S. dollar in July 2008, however, the Renminbi has traded within a narrow range against the U.S. dollar. On June 19, 2010, the People's Bank of China announced the removal of the de facto peg. In April 2012, the trading band has been widened to 1%, and in March 2014 it was further widened to 2%, which allows the Renminbi to fluctuate against the U.S. dollar by up to 2% above or below the central parity rate published by the PBOC. In August 2015, the PBOC changed the way it calculates the mid-point price of Renminbi against U.S. dollar, requiring the market-makers who submit for the PBOC's reference rates to consider the previous day's closing spot rate, foreign-exchange demand and supply as well as changes in major currency rates. This change, and other changes such as widening the trading band that may be implemented, may increase volatility in the value of the Renminbi against foreign currencies. Renminbi has appreciated from 6.7968 Renminbi per U.S. dollar on June 21, 2010 to 6.7039 Renminbi per U.S. dollar on April 12, 2019, though there also have been periods when the Renminbi has lost value against the U.S. dollar.

Very limited hedging transactions are available in China to reduce our exposure to exchange rate fluctuations. To date, we have not entered into any hedging transactions in an effort to reduce our exposure to foreign currency exchange risk. While we may decide to enter into hedging transactions in the future, the availability and effectiveness of these hedging transactions may be limited and we may not be able to successfully hedge our exposure at all. In addition, our currency exchange losses may be magnified by Chinese exchange control regulations that restrict our ability to convert Renminbi into foreign currency.

ATA Inc., ATA BVI and Xing Wei's functional currency is the U.S. dollar, which resulted in our exposure to foreign currency exchange risk. Primarily as a result of the devaluation of the Renminbi against the U.S. dollar, the translation of the net assets of ATA Inc., ATA BVI and Xingwei to Renminbi during consolidation resulted in translation losses of RMB 11,437,409 (\$1,663,502) which we recognized as a component of other comprehensive loss for the fiscal year ended December 31, 2018. If the Renminbi against U.S. dollar as of December 31, 2018 had further appreciated by 10% from 6.8632 to 6.2393 as of December 31, 2018, the other comprehensive losses would have increased by RMB 5,398,506 (\$785,180). Further, we recognized a net foreign currency exchange loss of RMB 42,887 (\$6,238) as a result of the re-measurement of the foreign currency denominated monetary assets and liabilities. If the Renminbi against U.S. dollar as of December 31, 2018 had further appreciated by 10% from 6.8632 to 6.2393 as of December 31, 2018, the foreign currency exchange loss would have decreased by RMB 769,778 (\$111,960) to be a foreign exchange gain.

Inflation

China has generally not experienced significant inflation in recent years. According to China's National Bureau of Statistics, the changes in China's consumer price index was 2.3%, 1.6% and 2.1% in the years 2016, 2017 and 2018, respectively. In February 2019, the year-over-year change in China's consumer price index was 1.5%. Neither inflation nor deflation has had a material impact on our results of operations to date, and we do not currently expect the recent inflation in China to have a significant effect on our operations.

ITEM 12. DESCRIPTION OF SECURITIES OTHER THAN EQUITY SECURITIES

A. Debt Securities

Not applicable.

B. Warrants and Rights

Not applicable.

C. Other Securities

Not applicable.

D. American Depositary Shares*Fees Payable by ADS Holders*

Citibank, N.A., the depositary of our ADR program, collects its fees for issuance and cancellation of ADSs directly from investors depositing shares or surrendering ADSs for the purpose of withdrawal or from intermediaries acting for them. Such fees are typically paid to the depositary by the brokers (on behalf of their clients) receiving the newly issued ADSs from the depositary and by the brokers (on behalf of their clients) delivering the ADSs to the depositary for cancellation. The brokers in turn charge these transaction fees to their clients. Depositary fees payable in connection with distributions of cash or securities to ADS holders and the depositary service fee are charged by the depositary to the holders of record of ADSs as of the applicable ADS record date. In the case of cash distributions, the depositary fees are generally deducted from the cash being distributed. In the case of distributions other than cash (e.g., stock dividends, rights, etc.), the depositary charges the applicable fee to the ADS record date holders concurrent with the distribution. In the case of ADSs registered in the name of the investor (whether certificated or in DRS), the depositary sends invoices to the applicable record date ADS holders. In the case of ADSs held in brokerage and custodian accounts (via DTC), the depositary generally collects its fees through the settlement systems provided by DTC (whose nominee is the registered holder of the ADSs held in DTC) from the brokers and custodians holding ADSs in their DTC accounts. The brokers and custodians who hold their clients' ADSs in DTC accounts in turn charge their clients' accounts the amount of the fees paid to the depositary.

In the event of refusal to pay the depositary fees the depositary may, under the terms of the deposit agreement, refuse the requested service until payment is received or may set off the amount of the depositary fees (subject payment of the applicable fees) from any distribution to be made to the ADS holder.

An ADS holder is required to pay the following service fees to the depositary:

Service	Fees
· Issuance of ADSs	US\$5.00 (or less) per 100 ADSs (or portion of 100 ADSs) issued
· Cancellation of ADSs	US\$5.00 (or less) per 100 ADSs (or portion of 100 ADSs) issued
· Distribution of cash dividends or other cash distributions	US\$2.00 (or less) per 100 ADSs (or portion of 100 ADSs) issued
· Distribution of ADSs pursuant to stock dividends, free stock distributions or exercise of rights	US\$5.00 (or less) per 100 ADSs (or portion of 100 ADSs) issued
· Distribution of securities other than ADSs or rights to purchase additional ADSs	US\$5.00 (or less) per 100 ADSs (or portion of 100 ADSs) issued
· Depositary services	US\$2.00 (or less) per 100 ADSs (or portion of 100 ADSs) issued

An ADS holder will also be responsible to pay certain fees and expenses incurred by the depositary bank and certain taxes and governmental charges such as:

- taxes (including applicable interest and penalties) and other governmental charges;
- such registration fees as may from time to time be in effect for the registration of shares or other deposited securities on the share register and applicable to transfers of shares or other deposited securities to or from the name of the custodian, the depositary or any nominees upon the making of deposits and withdrawals, respectively;

- such cable, telex and facsimile transmission and delivery expenses as are expressly provided in the deposit agreement to be at the expense of the person depositing or withdrawing shares or holders and beneficial owners of ADSs;
- the expenses and charges incurred by the depositary in the conversion of foreign currency;
- such fees and expenses as are incurred by the depositary in connection with compliance with exchange control regulations and other regulatory requirements applicable to shares, deposited Securities, ADSs and ADRs; and
- the fees and expenses incurred by the depositary, the custodian, or any nominee in connection with the servicing or delivery of deposited securities. The fees and charges an ADS holder may be required to pay may vary over time and may be changed by us and by the depositary bank. ADS holders will receive prior notice of such changes.

Fees and Other Payments Made by the Depositary to Us

We had received from our depositary a reimbursement of \$0.3 million during the fiscal year ended December 31, 2018.

PART II.

ITEM 13. DEFAULTS, DIVIDEND ARREARAGES AND DELINQUENCIES

None.

ITEM 14. MATERIAL MODIFICATIONS TO THE RIGHTS OF SECURITY HOLDERS AND USE OF PROCEEDS

The rights of securities holders have not been materially modified.

ITEM 15. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this annual report, an evaluation has been carried out under the supervision and with the participation of our management, including our chief executive officer and our chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined under Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended. Based on that evaluation, our chief executive officer and chief financial officer have concluded that our disclosure controls and procedures are effective in ensuring that material information required to be disclosed in this annual report is recorded, processed, summarized and reported to them for assessment, and required disclosure is made within the time period specified in the rules and forms of the Securities and Exchange Commission.

Management's Annual Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rule 13a-15(f) under the Securities Exchange Act of 1934, as amended, for our company. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements in accordance with generally accepted accounting principles and includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of a company's assets, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that a company's receipts and expenditures are being made only in accordance with authorizations of a company's management and directors, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of a company's assets that could have a material effect on the consolidated financial statements.

Because of its inherent limitations, a system of internal control over financial reporting can provide only reasonable assurance with respect to consolidated financial statement preparation and presentation and may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

As required by Section 404 of the Sarbanes-Oxley Act of 2002 and related rules as promulgated by the Securities and Exchange Commission, management assessed the effectiveness of our internal control over financial reporting as of December 31, 2018 using criteria established in Internal Control-Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission.

Based on this assessment, management concluded that the internal control over financial reporting was effective as of December 31, 2018 based on the criteria established in this Internal Control-Integrated Framework (2013). This annual report does not include an attestation report of the Company's independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's independent registered public accounting firm pursuant to rules of the SEC that permit the Company to provide only management's report in this annual report.

Changes in Internal Control over Financial Reporting

There were no significant changes in our internal control over financial reporting that occurred during the period covered by this annual report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 16. RESERVED

ITEM 16A. AUDIT COMMITTEE FINANCIAL EXPERT

Our audit committee consists of Hope Ni and Alec Tsui. Hope Ni is the chairman of our audit committee. Our board of directors has determined that Hope Ni and Alec Tsui are "independent directors" within the meaning of Nasdaq Stock Market Rule 5605(a)(2) and meet the criteria for independence set forth in Rule 10A-3(b) of the Exchange Act. Hope Ni meets the criteria of an audit committee financial expert as set forth under the applicable rules of the SEC.

ITEM 16B. CODE OF ETHICS

Our board of directors has adopted a code of ethics that is applicable to our senior executive and financial officers. In addition, our board of directors adopted a code of conduct that is applicable to all of our directors, officers and employees. Our code of ethics and our code of conduct are publicly available on our website, <http://www.atai.net.cn>.

ITEM 16C. PRINCIPAL ACCOUNTANT FEE AND SERVICES

The following table sets forth the aggregate fees by categories specified below in connection with certain professional services rendered by KPMG Huazhen LLP, our principal accountant, and KPMG member firms for the periods presented.

	For the nine months ended		For the fiscal year ended	
	December 31, 2017		December 31, 2018	
	RMB		RMB	US\$
Audit fees ⁽¹⁾	5,504,864		6,278,275	913,137
Audit-related fees ⁽²⁾	2,440,772		1,441,375	209,639
Tax fees ⁽³⁾	141,560		—	—

- (1) “Audit fees” means the aggregate fees billed or payable for professional services rendered by our principal accountant for the audits of our consolidated financial statements and our internal control over financial reporting of ATA Inc. and its subsidiaries.
- (2) “Audit-related fees” means the aggregate fees billed or payable for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under “Audit fees”. Services comprising the fees disclosed under the category of “Audit-related fees” in the nine months ended December 31, 2017 and fiscal year ended December 31, 2018 include principally limited procedures in connection with our quarterly financial information and the service fee for financial due diligence and tax due diligence services for a potential acquisition.
- (3) “Tax fees” means the aggregate fees billed or payable for services rendered for tax advisory, tax retainer and compliance.

The audit committee or our board of directors is to pre-approve all auditing services and permitted non-audit services to be performed for us by our independent registered public accounting firm, including the fees and terms thereof (subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the audit committee or our board of directors prior to the completion of the audit).

ITEM 16D. EXEMPTIONS FROM THE LISTING STANDARDS FOR AUDIT COMMITTEES

None.

ITEM 16E. PURCHASES OF EQUITY SECURITIES BY THE ISSUER AND AFFILIATED PURCHASERS

Period	(a) Total Number of ADSs Purchased	(b) Average Price Paid per ADS ⁽¹⁾	(c) Total Number of ADSs Purchased as Part of Publicly Announced Plan	(d) Maximum Approximate Dollar Value of ADSs that May Yet Be Purchased Under the Plan ^{(1), (2)}
September 30, 2015	4,910	\$ 2.6873 RMB (17.3277)	4,910	\$ 2,986,805 RMB (19,258,919)
October 1 — October 30, 2015	90,630	\$ 3.3611 RMB (21.6724)	90,630	\$ 2,682,189 RMB (17,294,755)
November 2 — November 20, 2015	103,046	\$ 4.4871 RMB (28.9328)	103,046	\$ 2,219,811 RMB (14,313,341)
December 1 — December 31, 2015	181,481	\$ 5.9861 RMB (38.5984)	181,481	\$ 1,133,447 RMB (7,308,466)
January 4 — January 26, 2016	187,065	\$ 6.0591 RMB (39.0691)	187,065	\$ 2 RMB (13)

- (1) All translations from U.S. dollar to Renminbi were made at a rate of RMB 6.4480 to US\$1.00, which was the noon buying rate in effect as of March 31, 2016.
- (2) On November 1, 2012, we announced a share repurchase plan. Under the plan, we are approved to repurchase up to US\$5.0 million worth of our outstanding ADSs from time to time through March 31, 2013. On January 31, 2013, our board of directors reviewed and approved the continuation of the share repurchase program through May 31, 2013. In the fiscal year ended March 31, 2014, we repurchased a total of 5,339 ADSs from the open market at an average price of \$3.9956 per ADS pursuant to this share repurchase program. On August 5, 2014, we announced a share repurchase plan. Under the Plan, we are approved to repurchase up to US\$5.0 million worth of our outstanding ADSs from time to time through January 31, 2015. In the fiscal year ended March 31, 2015, we repurchased a total of 306,157 ADS from the open market at an average price of \$4.4440 per ADS pursuant to this share repurchase program. On September 24, 2015, we announced a share repurchase plan, under which we are authorized to repurchase up to US\$3.0 million of our outstanding ADSs from time to time through March 31, 2016. In the fiscal year ended March 31, 2016, we repurchased a total of 567,132 ADS from the open market at an average price of \$5.2898 per ADS pursuant to this share repurchase program.

Other than shown in the table above, there were no other repurchases during the fiscal year ended December 31, 2018.

ITEM 16F. CHANGE IN REGISTRANT’S CERTIFYING ACCOUNTANT

Not applicable.

ITEM 16G. CORPORATE GOVERNANCE

As a foreign private issuer with shares listed on the Nasdaq Global Market we are subject to corporate governance requirements imposed by Nasdaq. Under Nasdaq Stock Market Rule 5615(a)(3), a foreign private issuer such as us may follow its home-country corporate governance practices in lieu of certain of the Nasdaq Stock Market Rules corporate governance requirements. We are committed to a high standard of corporate governance. As such, we strive to comply with most of the Nasdaq corporate governance practices. However, our current corporate governance practices differ from Nasdaq corporate governance requirements for U.S. companies in certain respects, as summarized below:

- Nasdaq Stock Market Rule 5605(b)(1) requires a Nasdaq-listed company to have a board of directors composed of at least a majority of independent directors. In this regard we have elected to adopt the practices of our home country, the Cayman Islands, which does not require us to have a majority of the board of directors composed of independent directors at this time.
- Nasdaq Stock Market Rule 5605(e)(1) requires a Nasdaq-listed company to have a nominations committee composed solely of independent directors to select or recommend for selection director nominees. In this regard we have elected to adopt the practices of our home country, the Cayman Islands, which does not require that any of the members of a company’s nominations committee be independent directors.
- Nasdaq Stock Market Rule 5635(a) requires a Nasdaq-listed company to obtain shareholder approval for issuance of securities in connection with acquisitions under certain circumstances. As a foreign private issuer, however, we may adopt the practices of our home country, the Cayman Island, which do not require shareholder approval for issuance of securities in connection with acquisitions.
- Nasdaq Stock Market Rule 5635(c) requires a Nasdaq-listed company to obtain shareholder approval for the establishment of or material amendments to equity compensation plans. As a foreign private issuer, however, we may adopt the practices of our home country, the Cayman Island, which do not require shareholder approval for establishment or material amendments to equity compensation plans. None of the 2005 Plan, the 2008 Plan, the Amended and Restated 2008 Plan and the Second Amended and Restated 2008 Plan requires shareholder approval for material amendments to the plan or awards granted under the plan, including without limitation increasing the number of share awards that may be issued under the plan or the repricing of outstanding options.

Report of Independent Registered Public Accounting Firm

To the Shareholders and Board of Directors
ATA Inc.:

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheets of ATA Inc. and subsidiaries (the “Company”) as of December 31, 2017 and 2018, the related consolidated statements of comprehensive income (loss), changes in equity, and cash flows for the year ended March 31, 2017, nine-month period ended December 31, 2017, and the year ended December 31, 2018, and the related notes (collectively, the consolidated financial statements). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017 and 2018, and the results of its operations and its cash flows for the year ended March 31, 2017, nine-month period ended December 31, 2017, and the year ended December 31, 2018, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

/s/ KPMG Huazhen LLP

We have served as the Company’s auditor since 2015.

ATA INC.

Notes to the Consolidated Financial Statements

(1) DESCRIPTION OF BUSINESS, ORGANIZATION AND SIGNIFICANT CONCENTRATIONS AND RISKS

Description of Business and Organization

ATA Inc. (the “Company” or “ATA”), through its subsidiaries, ATA Testing Authority (Holdings) Limited (“ATA BVI”), Xing Wei Institute (Hong Kong) Limited (“Xing Wei”), ATA Testing Authority (Beijing) Limited (“ATA Testing”), Muhua Shangce Learning Data & Technology (Beijing) Limited (“Muhua Shangce”, formerly known as ATA Learning Data & Technology (Beijing) Limited (“ATA Data”)), ATA Intelligent Learning (Beijing) Technology Limited (“ATA Intelligent Learning”) (collectively, referred to as the “Group”), focuses on providing quality educational experiences and services for students throughout the People’s Republic of China (the “PRC”) and abroad. ATA aims to offer project-based learning education programs in cooperation with global education partners. Prior to the consummation of the ATA Online Sale Transaction as described below, ATA, through its wholly-owned subsidiaries, including ATA Learning (Beijing) Inc. (“ATA Learning”), Zhongxiao Zhixing Education Technology (Beijing) Limited (“Zhongxiao Zhixing”), ATA Online (Beijing) Education Technology Co., Ltd. (“ATA Online”) and its subsidiaries (collectively, referred to as “ATA Online Business”), primarily provided computer-based testing services.

On February 6, 2018, ATA entered into a share purchase agreement (the “Share Purchase Agreement”) with a group of investors to sell all of the outstanding equity interests of ATA Online Business (“ATA Online Sale Transaction” or the “Transaction”). In connection with the completion of the Transaction in August 2018, ATA Learning, Zhongxiao Zhixing, ATA Online and its subsidiaries are no longer consolidated into ATA’s consolidated financial statements. As a result of the Transaction, ATA no longer conducts the computer-based testing services and other testing related services previously operated by ATA Online.

VIE Agreements

PRC regulations prohibit direct foreign ownership of business entities that engage in internet content provision (“ICP”) services in the PRC. The Company and its subsidiaries are foreign owned business entities under the PRC law and accordingly are prohibited from providing ICP services in the PRC, including having ownership of entities engaged in providing such services. ATA Intelligent Learning plans to provide ICP international education business services in sectors, which include but are not limited to, training courseware, online trainings and platforms in the PRC. ATA has no legal ownership interest in ATA Intelligent Learning. The legal ownership interests of ATA Intelligent Learning are 90% owned by Mr. Kevin Xiaofeng Ma, our chairman of the board and chief executive officer, and 10% owned by Mr. Haichang Xiong, our general counsel. Mr. Ma and Mr. Xiong are PRC citizens. Both individuals are nominee shareholders of ATA Intelligent Learning and holding their equity interests on behalf of ATA. Through a series of contractual agreements, including loan agreements, a call option and cooperation agreement, an equity pledge agreement, an exclusive technical consulting and services agreement and a power of attorney (collectively, the “VIE Agreements”) among ATA Testing, ATA Intelligent Learning, and their nominee shareholders, the nominee shareholders of ATA Intelligent Learning have granted all their legal rights including voting rights and disposition rights of their equity interests in ATA Intelligent Learning to ATA Testing. The nominee shareholders of ATA Intelligent Learning do not participate significantly in income and loss and do not have the power to direct the activities of ATA Intelligent Learning that most significantly impact their economic performance. Accordingly, ATA Intelligent Learning is considered a variable interest entity.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

Although ATA does not have an equity investment in ATA Intelligent Learning, ATA has other variable interests in ATA Intelligent Learning through its wholly-owned subsidiary, ATA Testing, among others, (i) ATA Testing's subordinated loans to Mr. Kevin Xiaofeng Ma and Mr. Haichang Xiong (used by them to finance their equity investment in ATA Intelligent Learning) and other subordinated loans to ATA Intelligent Learning, (ii) ATA Testing's right, under the loan agreement, to receive all the dividends declared by ATA Intelligent Learning through its nominee shareholders and (iii) ATA Testing's exclusive purchase option to acquire (or to have ATA Testing's designee acquire) 100% of the equity interest or assets in ATA Intelligent Learning for a consideration equal to the loans provided by ATA Testing to Mr. Kevin Xiaofeng Ma and Mr. Haichang Xiong, to the extent permitted under PRC law. As a result of these variable interests, ATA has the obligation to absorb the expected losses and the right to receive expected residual returns of ATA Intelligent Learning.

In accordance with Accounting Standards Codification ("ASC") 810-10-25-38A, ATA has a controlling financial interest in ATA Intelligent Learning through its wholly-owned subsidiary, ATA Testing, because ATA (i) has the power to direct activities of ATA Intelligent Learning that most significantly impact the economic performance of ATA Intelligent Learning; and (ii) the obligation to absorb the expected losses and the right to receive expected residual return of ATA Intelligent Learning that could potentially be significant to ATA Intelligent Learning. Thus, ATA is the primary beneficiary of ATA Intelligent Learning.

Accordingly, the financial statements of ATA Intelligent Learning are consolidated in the Company's consolidated financial statements. Under the terms of the VIE Agreements, ATA Intelligent Learning's nominee shareholders have no rights to the net assets nor have the obligations to fund the deficit, and such rights and obligations have been vested to ATA. All of the equity (net assets) and net incomes or losses of ATA Intelligent Learning are attributed to ATA.

The key terms of these VIE Agreements are as follows:

Loan agreements: ATA Testing lent to ATA Intelligent Learning's nominee shareholders, Mr. Kevin Xiaofeng Ma, and Mr. Haichang Xiong, interest free loans in the amount of RMB 10.0 million for the sole purpose of investing in ATA Intelligent Learning as ATA Intelligent Learning's registered capital. The nominee shareholders of ATA Intelligent Learning can only repay the loans by transferring all of their legal ownership interest in ATA Intelligent Learning to ATA Testing or to a third party designated by ATA Testing. The nominee shareholders of ATA Intelligent Learning are required to pay to ATA Testing all dividends received from ATA Intelligent Learning. The initial terms of the loans are ten years, which may be extended upon the written agreement of ATA Testing and ATA Intelligent Learning's nominee shareholders. The approval of ATA Intelligent Learning is not required for the renewal of the loan agreements nor can ATA Intelligent Learning terminate the loan agreement during the contract term. ATA Testing lent RMB 1.0 million on March 15, 2018 and RMB 9.0 million on December 28, 2018. As of December 31, 2018, the remaining terms of the loan agreements are 9.2 years and 10.0 years for the loans of RMB 1.0 million and RMB 9.0 million, respectively, assuming no renewal of the agreement. On March 19, 2019, ATA Testing, ATA Intelligent Learning and each of the nominee equity shareholders of ATA Intelligent Learning entered into a supplementary agreement to the VIE agreements, pursuant to which the aggregate amount of loans made by ATA Testing to the shareholders of ATA Intelligent Learning for the capitalization of ATA Intelligent Learning was increased from RMB 10.0 million to RMB 30.0 million with all other terms and conditions under the VIE Agreements remain unchanged.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

Exclusive technical consulting and services agreement: ATA Testing has the sole and exclusive right to provide specified technology consulting and services to ATA Intelligent Learning. The Parties agree that the intellectual property rights created by ATA Testing in the course of performing this agreement, including without limitation any copyrights, trademarks or logos registered or not, patents and proprietary technology, shall belong to ATA Testing. The consulting fee payable by ATA Intelligent Learning to ATA Testing shall be confirmed by ATA Testing in writing and be calculated based on the actual time spent by ATA Testing in providing services to ATA Intelligent Learning on a quarterly basis. The consulting fee shall be settled on a quarterly basis, and at the end of each year, ATA Testing shall confirm the total consulting and other fees incurred for the year in writing and ATA Intelligent Learning shall settle any outstanding on a timely basis. This agreement was entered in on March 15, 2018 and shall continue for a period of 30 years from thenon and shall be automatically extended for another 10 years unless ATA Testing gives its written notice terminating this agreement 3 months before the expiration of this agreement.

Call option and cooperation agreement: Pursuant to the call option and cooperation agreement entered into among ATA Testing, ATA Intelligent Learning and its nominee shareholders, when permitted by applicable laws, ATA Testing (or any eligible party designated by ATA Testing) shall have the right to acquire, at any time, all of ATA Intelligent Learning's assets or its share equity owned by the nominee shareholders of ATA Intelligent Learning, at a price equal to the sum of the principles of the loans (RMB 10.0 million) from ATA Testing to the nominee shareholders of ATA Intelligent Learning. If ATA Testing elects to purchase a portion of ATA Intelligent Learning's share equity or assets, the exercise price for such purpose shall be adjusted accordingly based on the percentage of such share equity or assets to be purchased over the total share equity or assets. Without the prior written consent of ATA Testing, ATA Intelligent Learning may not sell or otherwise dispose its assets or beneficial interests, create or allow any encumbrance on its assets or other beneficial interests, enter into any material contracts (except those contracts entered into in the ordinary course of business), or distribute dividends to the nominee shareholders. ATA Testing is also obligated to provide financial support to ATA Intelligent Learning's operation to which ATA Testing has no recourse right if ATA Intelligent Learning cannot repay such financing due to its losses. This agreement shall be effective upon the execution date and remain effective thereafter. This agreement can only be terminated with the unanimous consent of all parties, except that ATA Testing may terminate this agreement with 30 days prior notice to the other parties.

Equity interest pledge agreement: To secure the payment obligations of ATA Intelligent Learning, ATA Intelligent Learning's nominee shareholders have pledged to ATA Testing their entire equity ownership interests in ATA Intelligent Learning, each of the nominee shareholders of ATA Intelligent Learning has pledged all of his equity interest in ATA Intelligent Learning to guarantee his and ATA Intelligent Learning's performance of his obligations under, where applicable, the exclusive technical consulting and services agreement and the call option and cooperation agreement. If ATA Intelligent Learning or the nominee shareholders of ATA Intelligent Learning breach their contractual obligations under these agreements, ATA Testing, as pledgee, will have the right to dispose the pledged equity interests. The nominee shareholders of ATA Intelligent Learning agree that, during the term of the equity interest pledge agreements, they will not dispose the pledged equity interests or create or allow any encumbrance on the pledged equity interests, and they also agree that ATA Testing's rights relating to the equity pledge should not be suspended or hampered by the nominee shareholders, their successors or their designates. During the term of the equity interest pledge agreement, ATA Testing has the right to receive all of the dividends and profits distributed on the pledged equity. The term of the equity interest pledge agreement shall commence on March 15, 2018 and shall expire on the earlier of (a) the date on which all outstanding secured obligations are paid in full or otherwise satisfied (as applicable); (b) ATA Testing enforces the equity interest pledge agreement pursuant to the terms and conditions, to satisfy its rights under the secured obligations and pledged collateral in full, or (c) the nominee shareholders of ATA Intelligent Learning complete their transfer of the equity interest to another party (individual or legal entity) pursuant to the "Call Option and Cooperation Agreement" and no longer holds any equity interest in ATA Intelligent Learning. ATA Intelligent Learning has registered these equity interest pledge agreements with the competent Administration for Industry and Commerce on April 27, 2018. The registration of the equity pledge enables ATA Testing to enforce the equity pledge against third parties who acquire the equity interests of ATA Intelligent Learning in good faith.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

Power of attorney: Pursuant to the irrevocable powers of attorney, each of the nominee shareholders of ATA Intelligent Learning, who signed the power of attorney on March 15, 2018, appointed ATA Testing or any eligible person designated by ATA Testing as his attorney-in-fact to exercise all voting rights and other nominee shareholders rights of ATA Intelligent Learning, including but not limited to appointing or electing on their directors and executive officers. The person designated by ATA Testing is entitled to sign the transfer documents necessary for the fulfilment of the exclusive technical consulting and services agreement and the call option and cooperation agreement, and to join the liquidation group and participate in the liquidation of ATA Intelligent Learning. The term of the powers of attorney shall be consistent with the term of the equity interest pledge agreements and call option and cooperation agreement and shall be extended along with the equity interest pledge agreements and call option and cooperation agreement.

The Company relies on the VIE Agreements to operate and control ATA Intelligent Learning. However, these contractual arrangements may not be as effective as direct equity ownership in providing the Company with control over ATA Intelligent Learning. Any failure by ATA Intelligent Learning or its nominee shareholders to perform their obligations under the VIE Agreements would have a material adverse effect on the financial position and financial performance of the Company. All the VIE Agreements are governed by PRC law and provide for the resolution of disputes through arbitration in the PRC. Accordingly, these contracts would be interpreted in accordance with PRC law and any disputes would be resolved in accordance with PRC legal procedures. The legal system in the PRC is not as developed as some other jurisdictions, such as the United States. As a result, uncertainties in the PRC legal system could limit the Company's ability to enforce these contractual arrangements. In addition, if the legal structure and the VIE Agreements were found to be in violation of any existing or future PRC laws and regulations, the Company may be subject to fines or other legal or administrative sanctions.

In the opinion of management, based on the legal opinion of Jincheng Tongda & Neal Law Firm, our PRC legal counsel, the above contractual arrangements are legally binding and enforceable and do not violate current PRC laws and regulations. However, there are uncertainties regarding the interpretation and application of existing and future PRC laws and regulations. The Company cannot assure that the PRC regulatory authorities will not ultimately take a contrary view to its opinion. If the current ownership structure of the Company and the contractual arrangements with ATA Intelligent Learning are found to be in violation of any existing or future PRC laws and regulations, the PRC government could:

- revoke the Company's business and operating licenses;
- levy fines on the Company;
- confiscate any of the Company's income that they deem to be obtained through illegal operations;
- shut down a portion or all of the Company's servers or block a portion or all of the Company's website;
- discontinue or restrict the Company's operations in PRC;
- impose conditions or requirements with which the Company may not be able to comply;
- require the Company to restructure its corporate and contractual structure;
- take other regulatory or enforcement actions that could be harmful to the Company's business.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

If the imposition of any of these government actions, or any inability to enforce the contractual arrangements upon a breach, causes the Company to lose its ability to direct the activities of ATA Intelligent Learning or receive substantially all the economic benefits and residual returns from ATA Intelligent Learning and the Company is not able to restructure its ownership structure and operations in a satisfactory manner, the Company would no longer be able to consolidate the financial results of ATA Intelligent Learning in the Company's consolidated financial statements. Total assets, total liabilities, equity, revenues, net income and cash flows of the Company would be significantly less than the reported amount in the consolidated financial statements of the Company. In the opinion of management, the likelihood of deconsolidation of ATA Intelligent Learning is remote based on current facts and circumstances.

The equity interests of ATA Intelligent Learning are legally held by Mr. Ma and Mr. Xiong as nominee shareholders on behalf of ATA. Mr. Ma is chairman of the board and director of ATA and Mr. Xiong is general counsel of ATA. Mr. Ma holds over 50% of the total ordinary shares issued and outstanding as of December 31, 2018. The Company cannot assure that when conflicts of interest arise, either the nominee shareholders will act in the best interests of the Company or such conflicts will be resolved in the Company's favour. Currently, the Company does not have any arrangements to address potential conflicts of interest between the nominee shareholders and the Company, except that ATA Testing could exercise the purchase option under the exclusive option agreement with the nominee shareholders to request them to transfer all of their equity ownership in ATA Intelligent Learning to a PRC entity or individual designated by ATA Testing. The Company relies on the nominee shareholders, who are ATA's director and general counsel and who owe a fiduciary duty to ATA, to comply with the terms and conditions of the contractual arrangements. Such fiduciary duty requires the nominee shareholders to act in good faith and in the best interests of ATA and not to use their positions for personal gains. If the Company cannot resolve any conflict of interest or dispute between the Company and the nominee shareholders of ATA Intelligent Learning, the Company would have to rely on legal proceedings, which could result in disruption of the Company's business and subject the Company to substantial uncertainty as to the outcome of any such legal proceedings.

The Company's involvement with ATA Intelligent Learning under the VIE Agreements affected the Company's consolidated financial position, results of operations and cash flows as presented below.

The following financial statement amounts and balances of ATA Intelligent Learning were included in the accompanying consolidated financial statements as of and for the year ended December 31, 2018.

	December 31, 2018
	RMB
Cash	25,369,355
Prepaid expenses and other current assets	32,860
Total current assets	25,402,215
Long-term investment	5,919,198
Property and equipment, net	8,382
Total assets	31,329,795
Accrued expenses and other payables	455,577
Amounts due to a related party (i)	28,000,000
Total current liabilities	28,455,577
Total liabilities	28,455,577

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

	Year ended December 31, 2018 RMB
Net revenues	—
Net loss	(7,125,782)
	Year ended December 31 2018 RMB
Net cash used in operating activities	(172,145)
Net cash used in investing activities (ii)	(12,458,500)
Net cash received from financing activities (ii)	38,000,000

(i) Amounts due to a related party represent the amount due to ATA Testing, which are eliminated on consolidation.

(ii) RMB 12,450,000 of net cash used in investing activities and RMB 38,000,000 of net cash received from financing activities were related to the transactions with ATA subsidiaries, which are eliminated on consolidation.

In accordance with the VIE Agreements, the Company has the power to direct the activities of ATA Intelligent Learning and can have assets transferred out of ATA Intelligent Learning. Therefore, the Company considers that there are no assets in ATA Intelligent Learning that can be used only to settle obligations of ATA Intelligent Learning, except for the registered capital amounting RMB 10.0 million as of December 31, 2018. None of the assets of ATA Intelligent Learning has been pledged or collateralized. The creditors of ATA Intelligent Learning do not have recourse to the general credit of ATA Testing or the Company.

Significant Concentrations and Risks

The Group is subject to the following significant concentration and risks:

Concentration of cash and cash equivalents balances held at financial institutions

Cash and cash equivalents balances include deposits in:

	December 31, 2017 RMB	December 31, 2018 RMB
Financial institutions in the mainland of the PRC		
— Denominated in Renminbi (“RMB”)	34,656,651	143,760,647
— Denominated in U.S. Dollar (“USD”)	731	34
Total cash balances held at mainland PRC financial institutions	34,657,382	143,760,681
Financial institutions in Hong Kong Special Administrative Region (“HKSAR”) of the PRC		
— Denominated in RMB	503	672
— Denominated in Hong Kong Dollar (“HKD”)	9,725,249	8,064,121
— Denominated in USD	8,922,062	38,358,069
— Denominated in Great Britain Pound	173,298	402,799
Total cash and cash equivalents balances held at HKSAR financial institutions	18,821,112	46,825,661
Total cash and cash equivalents balances held at financial institutions	53,478,494	190,586,342

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

The bank deposits with financial institutions in the PRC are insured by the government authority up to RMB 500,000. The bank deposits with financial institutions in the HKSAR are insured by the government authority up to HKD 500,000. To limit exposure to credit risk, the Company primarily places bank deposits with large financial institutions in the PRC and HKSAR with acceptable credit rating.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Principles of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries, in which ATA, directly or indirectly, has a controlling financial interest and its variable interest entity, or VIE for which the Company is the primary beneficiary. All significant intercompany balances and transactions have been eliminated upon consolidation.

Non-redeemable non-controlling interests are separately presented as a component of equity in the consolidated financial statements.

(b) Basis of presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

On June 1, 2017, the Company declared a change in the fiscal year end from March 31 to December 31. As a result, the Group has presented the nine-month period ended December 31, 2017 as its transition period, which impacts the comparability of the Group's results between the transition period and the full years ended March 31, 2017 and December 31, 2018.

Due to the ATA Online Sale Transaction, which represented a strategic shift and had a major effect on the Group's result of operations, revenues, costs and expenses related to ATA Online Business have been reclassified in the accompanying consolidated financial statements as discontinued operations for all the periods presented. Assets and liabilities of ATA Online Business as of December 31, 2017 were reclassified separately from other assets and liabilities of the Group on the consolidated balance sheets. Refer to note 1 and note 21.

(c) Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management of the Group to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Such estimates include the fair values of share-based payments and available-for-sale investment, the collectability of accounts receivable, the realizability of deferred income tax assets, the estimate for useful lives and residual values of long-lived assets, the recoverability of the carrying values of long-lived assets, goodwill and long-term investments. Actual results could differ from those estimates.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(d) Foreign currency

The accompanying consolidated financial statements have been expressed in RMB, the Company's reporting currency.

The Company, ATA BVI and Xing Wei's functional currency is USD. The functional currency of the Company's PRC subsidiaries is RMB.

Transactions denominated in currencies other than the functional currency are translated into the functional currency at the exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the applicable exchange rates at the balance sheet dates. The resulting foreign exchange gains and losses are included in the consolidated statements of comprehensive income (loss) in the line item "*Foreign currency exchange gains (losses), net.*"

Assets and liabilities of the Company, ATA BVI and Xing Wei are translated into RMB using the applicable exchange rate at each balance sheet date. Revenues and expenses are translated into RMB at average rates prevailing during the year. The resulting foreign currency translation adjustments are recognized as a separate component of accumulated other comprehensive loss within equity. Since RMB is not a fully convertible currency, all foreign exchange transactions involving RMB must take place either through the People's Bank of China (the "PBOC") or other institutions authorized to buy and sell foreign exchange. The exchange rates adopted for the foreign exchange transactions are the rates of exchange quoted by the PBOC.

For the convenience of the readers, the 2018 RMB amounts included in the accompanying consolidated financial statements have been translated into USD at the rate of USD 1.00 = RMB 6.8755, the noon buying rate in New York cable transfers of RMB per USD as set forth in the H.10 weekly statistical release of Federal Reserve Board, as of December 31, 2018. No representation is made that the RMB amounts could have been, or could be, converted into USD at that rate or at any other rate on December 31, 2018.

(e) Commitments and contingencies

In the normal course of business, the Group is subject to contingencies, such as legal proceedings and claims that cover a wide range of matters. Liabilities for such contingencies are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. If a potential material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable and material, is disclosed.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(f) Fair value measurements

The Group utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Group determines fair value based on assumptions that market participants would use in pricing an asset or liability in an orderly transaction and principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects management's own judgments about the assumptions that market participants would use in pricing the asset or liability. Those judgments are developed by management based on the best information available in the circumstances.

(g) Revenue recognition

Periods prior to January 1, 2018

Prior to January 1, 2018, the Group's revenues are principally derived from the provision of testing services and online education services. The Group recognizes revenues when all of the following have occurred:

- persuasive evidence of an agreement with the customer exists;
- services have been performed and/or delivery of goods has occurred;
- the fees for services performed and/or price of goods sold are fixed or determinable; and
- collectability of the fees and/or sales proceeds is reasonably assured.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

Application of the above criteria for revenue recognition for each type of service or product is as follows:

i) Testing services

Fees for testing services are recognized upon the completion of the exam by the test taker since the Group has no significant future involvement after the completion of the examination. Fees received in advance of test delivery are recorded as deferred revenue.

ii) Online education services

The Group provides an online platform for students to conduct continuing education. The platform entitles students to access online education services during a specified service period (the "subscription period"). Service fees are initially recorded as deferred revenue and are recognized as revenue on a straight-line basis over the subscription period.

iii) Other revenue

a) Licensing fees from authorized test centers

The Group receives a fixed fee for a perpetual license that provides authorized test centers the right to use the Group's brand name and e-testing platform.

The Group is obligated to provide training and support to authorized test centers' staff. Fixed fees for perpetual licenses are recognized on a straight-line basis over the expected licensing period of 10 years, which is the period the Group is expected to have continuing involvement with the authorized test centers. Management estimates the expected licensing period based on its historical retention experience, factoring in the expected level of future competition, the risk of technological obsolescence, technological innovation, and expected changes in the education training environment.

b) Test development services

Test development service fees are recognized upon the acceptance of the developed tests by the customer. The period to develop the tests is short, generally within two to six months from commencement of development.

c) Test administration products

Test administration products sales are recognized upon delivery and when collectability is reasonably assured.

d) Operating leases

The Group recognized the revenue from operating lease on a straight-line basis over the lease term.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

Periods commencing January 1, 2018

Since the adoption of Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers* (“ASC 606”) starting from January 1, 2018, the Group recognizes revenues upon the satisfaction of its performance obligation (upon transfer of control of promised goods or services to customers) in an amount that reflects the consideration to which the Group expects to be entitled to in exchange for those goods or services, excluding amounts collected on behalf of third parties (for example, value added taxes). For each performance obligation satisfied over time, the Group recognizes revenue over time by measuring the progress toward complete satisfaction of that performance obligation. If the Group does not satisfy a performance obligation over time, the performance obligation is satisfied at a point in time.

Revenues generated from ATA Online Business, which primarily include testing services and online education services have been classified and reported under discontinued operations for all the periods presented. Refer to note 21.

i) Testing services

The Group derives revenues by providing testing services to the test takers for customers. Testing services revenues are recognized upon the completion of the exam by the test takers when the control over the service has been transferred to customers.

ii) Online education services

The Group provides an online platform for students to conduct continuing education. The platform entitles students to access online education services during a specified service period (the “subscription period”). The Group determines that the customer simultaneously receives and consumes benefits provided by the Group’s performance as the Group performs during the term of the contract and the earning process is straight-line. Service fees are initially recorded as deferred revenue and are recognized as revenue on a straight-line basis over the subscription period.

iii) K12 education assessment services

The Group derives revenues by providing the assessment reports for the test takers to customers. Revenues from education assessment services are recognized when the Group delivers the reports to customers, which is when the control over the report has been transferred to customers. Fees received in advance are recorded as deferred revenue, which is recognized when the Group has an obligation to transfer goods or services to a customer for which the Group has received consideration.

iv) Other revenue

a) Content development revenue

The Group derives content development revenue by designing test model and providing the developed content to customers. Revenues from content development are recognized when the Group delivers the developed content to customers, which is when the control over the contents has been transferred to customers.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

v) Value added tax (“VAT”)

Revenue is recognized net of VAT. VAT collected from customers, net of VAT paid for purchases, is recorded as a liability in the consolidated balance sheets until paid to the tax authorities.

(h) Cost of revenues

Cost of revenues consists primarily of content development costs, amortized expenses of education assessment caseware, payroll compensation, and other related costs, which are directly attributable to the rendering of various services.

(i) Research and development costs

Research and development costs primarily consist of cost incurred over software developed for internal use and software developed for sale.

i) Software developed for internal use

The Group expenses all costs that are incurred in connection with the planning and implementation phases of the development of software. Costs incurred in the development phase are capitalized and amortized over the estimated product life. No costs were capitalized for any of the periods presented.

ii) Software developed for sale

Costs incurred internally in researching and developing a computer software product are charged to expense as research and development costs prior to technological feasibility being established for the product. Once technological feasibility is established, all computer software costs are capitalized until the product is available for general release to customers. Technological feasibility is established upon completion of all the activities that are necessary to substantiate that the computer software product can be produced in accordance with its design specifications, including functions, features, and technical performance requirements.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(j) *Lease*

Operating lease

The Group leases offices under non-cancellable operating leases. Leases with escalated rent provisions are recognized on a straight-line basis commencing with the beginning of the lease term. There is no contingent rent in the lease agreements. The lease terms range between 12 and 36 months. The Company has no legal or contractual asset retirement obligations at the end of the lease term.

Capital lease

On initial recognition, assets held under capital leases are recorded as property and equipment. At inception of the lease, capital leases are recorded at amounts equal to the fair value of the leased asset or, if lower, the present value of the minimum lease payments. Minimum lease payments under capital leases are apportioned between finance expense and reduction of the outstanding liability.

The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

(k) *Income taxes*

Income taxes are accounted for under the asset and liability method. Under this method, deferred income tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and tax loss carry forwards. Deferred income tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred income tax assets and liabilities of a change in tax rates or tax status is recognized in income in the period that includes the enactment date or the date of change in tax status. A valuation allowance is provided to reduce the amount of deferred income tax assets if it is considered more likely than not that some portion or all of the deferred income tax assets will not be realized.

A deferred tax liability is not recognized for the excess of the Company's financial statement carrying amount over the tax basis of its investment in a foreign subsidiary, if there exists specific plans for reinvestment of undistributed earnings of a subsidiary which demonstrates that remittance of the earnings will be postponed indefinitely.

The Group recognizes in the consolidated financial statements the impact of a tax position, if that position is more likely than not of being sustained upon examination, based on the technical merits of the position. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgment occurs. The Group's accounting policy is to accrue interest and penalties related to unrecognized tax benefits, if and when required, as interest expense and a component of general and administrative expenses, respectively in the consolidated statements of comprehensive income (loss).

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(l) Share-based payment

The Group measures the cost of employee share options and non-vested shares based on the grant date fair value of the award and recognizes that cost over the period during which an employee is required to provide services in exchange for the award, which generally is the vesting period. For the graded vesting share options and non-vested shares, the Company recognizes the compensation cost over the requisite service period for each separately vesting portion of the award as if the award is, in substance, multiple awards. When no future services are required to be performed by the employee in exchange for an award of equity instruments, and if such award does not contain a performance or market condition, the cost of the award is expensed on the grant date. Awards granted to employees with performance conditions are measured at fair value on the grant date, when the employees know the specific performance target assuming all other conditions necessary for a grant have been met, and are recognized as compensation expenses in the period and thereafter when the performance goal becomes probable to achieve.

When there is a modification of the terms and conditions of an award of equity instruments, the Group calculates the incremental compensation cost of a modification as the excess of the fair value of the modified award over the fair value of the original award immediately before its terms are modified, measured based on the share price and other pertinent factors at the modification date. For vested options, the Group recognizes incremental compensation cost in the period the modification occurred. For unvested options, the Group recognizes, over the remaining requisite service period, the sum of the incremental compensation cost and the remaining unrecognized compensation cost for the original award on the modification date. Cancellations in the vesting period are treated as an acceleration of vesting, and recognized immediately for the amount that would otherwise have been recognized for services over the vesting period.

When there is a change in the grantee status from an employee to a non-employee, if grantee retains the awards on a change in status and continues to provide substantive services to the Group, the change in status results in a new measurement date for the unvested awards with compensation costs measured as if the awards were newly issued to the grantee on the date of the change in status. If grantee retains the awards on a change in status and is not required to provide substantive services to the grantor subsequent to that change in status, the change in status is, in substance, an acceleration of the vesting of the arrangement.

(m) Cash, cash equivalents and short-term loan

Cash and cash equivalents consist of cash in banks and highly liquid investments with original maturity less than three months.

In November 2016, the FASB issued ASU No. 2016-18, *Statement of Cash Flows - Restricted cash*. This ASU requires companies to include cash and cash equivalents that have restrictions on withdrawal or use in total cash and cash equivalents on the statement of cash flows. This ASU is effective for public business entities for annual and interim periods in fiscal years beginning after December 15, 2017. The amendments in this ASU should be applied using a retrospective transition method to each period presented. The Group adopted the new standards starting from January 1, 2018 and applied a retrospective transition method to each period presented. As a result of adoption, the Group has included RMB 30,000,000 of restricted cash in the beginning-of-period and end-of-period cash and cash equivalents balance on the consolidated statement of cash flows for the year ended March 31, 2017 and the nine-month period ended December 31, 2017 and the consolidated statement of cash flows was retrospectively adjusted by excluding the increase of restricted cash of RMB 30,000,000 from cash flows from financing activities for the year ended March 31, 2017 and the decrease of restricted cash of RMB 30,000,000 from cash flows from financing activities for the nine months ended December 31, 2017.

In June 2018, the president and director of ATA Inc., Jack Huang, entered into a three-year Commercial Loan Facility (the "Facility") with China Minsheng Bank Beijing Branch to borrow up to RMB 15,000,000 to support the working capital of ATA Testing. The Facility is pledged by the real estate property of Gongyuan 16th floor owned by ATA Testing, pursuant to which a corresponding three-year pledge agreement has been entered into between ATA Testing and China Minsheng Bank Beijing Branch. Jack Huang and ATA Testing also signed an agreement, pursuant to which all drawdowns received from China Minsheng Bank should be transferred to ATA Testing and the interests of these drawdowns will be fully paid by ATA Testing. ATA Testing shall pay interest at 6.525% per annum on the commencement date for each drawdown. The interest rate is subject to potential adjustment based on premium interest rate stipulated by the People's Bank of China. In June and July 2018, ATA Testing has received a total of RMB 15,000,000 drawdowns and this loan has been fully repaid on October 15, 2018. On April 12, 2019, the real estate property of Gongyuan 16th floor was released from pledge and the Facility was terminated correspondingly.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(n) *Accounts receivable*

Accounts receivable are recognized at invoiced amounts, less an allowance for uncollectible accounts, if any.

The allowance for doubtful accounts is the management's best estimate of the amount of probable credit losses resulting from the inability of the Group's customers to make required payments. The allowance for doubtful accounts is based on a review of specifically identified accounts, aging data and historical collection pattern. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. The Group does not have any off-balance-sheet credit exposure related to its customers.

(o) *Long-term investments*

Equity method investments

The Group applies the equity method to account for an equity interest in an investee over which the Group has significant influence but does not own a majority equity interest or otherwise control.

Under the equity method of accounting, the Group's share of the investee's results of operations is reported as share of income (losses) of equity method investments in the consolidated statements of comprehensive income (loss).

The Group recognizes an impairment loss when there is a decline in value below the carrying value of the equity method investment that is considered to be other than temporary. The process of assessing and determining whether impairment on an investment is other than temporary requires a significant amount of judgment. To determine whether an impairment is other than temporary, management considers whether it has the ability and intent to hold the investment until recovery and whether evidence indicating the carrying value of the investment is recoverable outweighs evidence to the contrary. Evidence considered in this assessment includes the reasons for the impairment, the severity and duration of the decline in value, any change in value subsequent to the period end, and forecasted performance of the investee.

Other equity investments

Prior to January 1, 2018, the Group accounted for other equity investments without a readily determinable fair value using the cost method. In connection with the adoption of ASC321 *Investment—Equity securities* as of January 1, 2018, the Group have elected to measure such investments at cost, adjusted for changes resulting from impairments and observable price changes in orderly transactions for identical or similar securities of the same issuer. The Group considers information in periodic financial statements and other documentation provided by the investees to determine whether observable price changes have occurred.

The Group makes a qualitative assessment considering impairment indicators to evaluate whether the equity investments without a readily determinable fair value is impaired at each reporting period, and written down to its fair value if a qualitative assessment indicates that the investment is impaired and the fair value of the investment is less than its carrying value. If an equity security without a readily determinable fair value is impaired, the Group includes an impairment loss in net income equal to the difference between the fair value of the investment and its carrying amount.

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

Available-for-sale investment

The Group's investment in convertible notes are classified as available-for-sale investments which are reported at fair value, with unrealized gains and losses recorded in accumulated other comprehensive income. An impairment loss on the available-for-sale investment is recognized in profit and loss when the decline in value is determined to be other than temporary.

(p) *Property and equipment, net*

Property and equipment is stated at historical cost.

Depreciation is recognized over the following useful lives in straight-line method, taking into consideration the assets' estimated salvage value:

Building	30 years
Computer equipment	3 to 5 years
Furniture, fixtures and office equipment	5 years
Software	3 to 5 years
Motor vehicles	5 years
Leasehold improvements	The shorter of lease terms and estimated useful lives

Ordinary maintenance and repairs are charged to expenses as incurred, while replacements and betterments are capitalized. When items are retired or otherwise disposed of, income is charged or credited for the difference between net book value of the item disposed and proceeds realized thereon.

(q) *Intangible assets*

Intangible assets acquired are initially recognized and measured at fair value. Intangible assets are amortized on a straight-line basis over their respective estimated useful lives, which range from 5 to 12 years.

The Group has no intangible assets with indefinite useful lives.

(r) *Impairment of long-lived assets, excluding goodwill*

Long-lived assets, such as property and equipment, and purchased intangible assets subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset or asset group be tested for possible impairment, the Group first compares undiscounted cash flows expected to be generated by that asset or asset group to its carrying value. If the carrying value of the long-lived asset or asset group is not recoverable on an undiscounted cash flow basis, an impairment is recognized to the extent that the carrying value exceeds its fair value. Fair value is determined through various valuation techniques including discounted cash flow models, quoted market values and third-party independent appraisals, as considered necessary. No impairment loss of intangible assets was recognized for the year ended March 31, 2017, the nine months ended December 31, 2017 and the year ended December 31, 2018.

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

(s) Goodwill

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is reviewed for impairment at least annually based on its identified reporting units, which are defined as reportable segments or groupings of businesses one level below the reportable segment level. The Group performs a qualitative assessment to determine whether it is more-likely-than-not that the fair value of a reporting unit is less than its carrying amount prior to performing the two-step goodwill impairment test. If this is the case, the two-step goodwill impairment test is required. If it is more-likely-than-not that the fair value of a reporting unit is greater than its carrying amount, the two-step goodwill impairment test is not required.

If the two-step goodwill impairment test is required, first, the fair value of the reporting unit is compared with its carrying amount (including goodwill). If the fair value of the reporting unit is less than its carrying amount, an indication of goodwill impairment exists for the reporting unit and the entity must perform step two of the impairment test (measurement). Under step two, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill over the implied fair value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit in a manner similar to a purchase price allocation and the residual fair value after this allocation is the implied fair value of the reporting unit's goodwill. Fair value of the reporting unit is determined using a discounted cash flow analysis. If the fair value of the reporting unit exceeds its carrying amount, step two does not need to be performed.

Annual impairment review over goodwill was performed at March 31 before the change of fiscal year end and was performed at December 31 after the change of fiscal year end, and when a triggering event occurs between annual impairment tests. No impairment loss of goodwill was recorded for the nine months ended December 31, 2017.

The goodwill was acquired in connection with the computer-based testing services previously provided by ATA Online under the discontinued operations, and disposed in conjunction with the completion of the ATA Online Sale Transaction as stated in note 1 and note 21. Therefore goodwill balance was nil as of December 31, 2018.

(t) Employee benefit plans

As stipulated by the regulations of the PRC, the Company's PRC subsidiaries are required to contribute to various defined contribution plans, organized by municipal and provincial governments on behalf of their employees. The contributions to these plans are based on certain percentages of the employee's standard salary base as determined by the local Social Security Bureau. The Group has no other obligation for the payment of employee benefits associated with these plans beyond the annual contributions described above.

Employee benefit expenses recognized under these plans for the year ended March 31, 2017, nine months ended December 31, 2017, and the year ended December 31, 2018 are allocated to the following expense items:

	<u>Twelve months ended</u> <u>March 31</u> <u>2017</u> <u>RMB</u>	<u>Nine months ended</u> <u>December 31</u> <u>2017</u> <u>RMB</u>	<u>Twelve months ended</u> <u>December 31</u> <u>2018</u> <u>RMB</u>
Cost of revenues	163,981	78,381	79,280
Research and development	2,234,308	2,296,392	3,232,457
Sales and marketing	233,790	334,628	771,479
General and administrative	1,076,740	810,713	1,530,096
Total expense due to employee benefit plans	<u>3,708,819</u>	<u>3,520,114</u>	<u>5,613,312</u>

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(u) Earnings per share

Basic earnings per share is computed by dividing net earnings by the weighted average number of common shares outstanding during the year using the two-class method. Under the two-class method, net income is allocated between common shares and other participating securities based on their participating rights in undistributed earnings. The Company's non-vested shares relating to the share-based awards under the share incentive plan were considered participating securities since the holders of these securities have non-forfeitable rights to dividends or dividend equivalents (whether paid or unpaid).

Diluted earnings per share is calculated by dividing net earnings adjusted for the effect of dilutive common equivalent shares, if any, by the weighted average number of common and dilutive common equivalent shares outstanding during the year. Common equivalent shares consist of common shares issuable upon the exercise of outstanding share options (using the treasury stock method). Common equivalent shares in the diluted earnings per share computation are excluded to the effect that they would be anti-dilutive.

The Group uses income (loss) from continuing operations as the control number in determining whether the potential common shares are dilutive or antidilutive.

(v) Segment reporting

The Group has one operating segment. Substantially all of the Group's operations and customers are located in the PRC. Consequently, no geographic information is presented.

(w) Discontinued operations

When a component of the Group's business is sold or expected to be sold during the year, the Group considers whether the criteria of ASC 205-20, *Discontinued Operations*, has been met, which includes evaluating if the disposal of a component represents a strategic shift that has, or will have, a major effect on the Group.

When a discontinued operation is disposed of before being classified as held for sale, the Company presents the assets and liabilities of the discontinued operation separately from other assets and liabilities on the consolidated balance sheet before the period that includes the disposal.

(x) Business combination

Business combinations are recorded using the purchase method of accounting in accordance with ASC topic 805 ("ASC 805") *Business Combinations*. The purchase method of accounting requires that the consideration transferred to be allocated to the assets, including separately identifiable assets acquired and liabilities assumed, based on their estimated fair values. The consideration transferred of an acquisition is measured as the aggregate of the fair values at the date of exchange of the assets given, liabilities incurred, and equity instruments issued as well as the contingent considerations and all contractual contingencies as of the acquisition date. The costs directly attributable to the acquisition are expensed as incurred. Identifiable assets, liabilities and contingent liabilities acquired or assumed are measured separately at their fair value as of the acquisition date, irrespective of the extent of any non-controlling interests. The excess of (i) the total of cost of acquisition, fair value of the non-controlling interests and acquisition date fair value of any previously held equity interest in the acquiree over (ii) the fair value of the identifiable net assets of the acquiree, is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognized directly in earnings.

When the consideration in an acquisition includes contingent consideration, the payment of which depends on the achievement of certain specified conditions post-acquisition, the contingent consideration is recognized and measured at its fair value at the acquisition date and if recorded as a liability it is subsequently carried at fair value with changes in fair value reflected in earnings.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(y) Recently issued accounting standards

In February 2016, the FASB issued ASC Topic 842, *Leases* through ASU No. 2016-02. ASC Topic 842 requires a lessee to recognize all leases, including operating leases, on balance sheet via a right-of-use asset and lease liability, unless the lease is a short-term lease. All (or a portion of) fixed payments by the lessee to cover lessor costs related to ownership of the underlying assets, or executory costs, that do not represent payments for a good or service will be considered lease payments and be reflected in the measurement of lease assets and lease liabilities by lessees. The new standard does not substantially change lessor accounting from current U.S. GAAP. The new standard also requires lessees and lessors to disclose more qualitative and quantitative information about their leases than current U.S. GAAP does. In July 2018, the FASB issued ASU 2018-10, *Codification Improvements to Topic 842 (Leases)*, which provides narrow amendments to clarify how to apply certain aspects of the new lease standard. The new standard is effective for annual reporting periods, and interim periods within those periods, beginning after December 15, 2018, with early adoption permitted. In July 2018, the FASB issued ASU No. 2018-11, *Leases Topic (842): Targeted Improvements*. This ASU provides companies an option to apply the transition provisions of the new lease standard at its adoption date instead of at the earliest comparative period presented in its financial statements that is recognizing a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption, without adjusting the comparative periods presented, as initially required. The Company will adopt the new lease accounting standard as of January 1, 2019 and has elected to apply the transition provisions of the standard on the date of adoption. Accordingly, the Company will not restate prior year comparative periods for the impact of the new lease accounting standard. The Company will elect the package of practical expedients permitted under the transition guidance within the new lease accounting standard. In addition, for leases with a term of 12 months or less, an election was made not to recognize lease assets and lease liabilities. The Company anticipates that the adoption of the new lease accounting standard will result in the recognition of right-of-use assets and lease liabilities of approximately RMB 3.5 million and RMB 3.0 million, respectively, at January 1, 2019, consisting primarily of operating leases relating to real estate. The Company does not anticipate that the new lease accounting standard will materially impact its consolidated statements of operations or consolidated statements of cash flows in periods subsequent to adoption. The aforementioned estimates related to the adoption of the new lease accounting standard are based on the Company's assessment and best estimates to date.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820); Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This guidance removes certain disclosure requirements related to the fair value hierarchy, modifies existing disclosure requirements related to measurement uncertainty and adds new disclosure requirements. The new disclosure requirements include disclosing the changes in unrealized gains and losses for the period included in other comprehensive income for recurring Level 3 fair value measurements held at the end of the reporting period and the range and weighted-average of significant unobservable inputs used to develop Level 3 fair value measurements. Certain disclosures required by this guidance must be applied on a retrospective basis and others on a prospective basis. The guidance will be effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Company is currently evaluating this guidance to determine the impact, if any, that may have on its consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The amendments in this ASU require the use of an “expected credit loss” impairment model for most financial assets reported at amortized cost, which will require entities to estimate expected credit losses over the lifetime of the instrument. This may result in the earlier recognition of allowances for losses. For available-for-sale debt securities with unrealized losses, an allowance for credit losses will be recognized as a contra account to the amortized cost carrying value of the asset rather than a direct reduction to the carrying value, with changes in the allowance impacting earnings. In November 2018, the FASB issued ASU No. 2018-19 *“Codification Improvements to Topic 326, Financial Instruments—Credit Losses,”* which clarifies that receivables arising from operating leases are not within the scope of Subtopic 326-20, but instead should be accounted for in accordance with Topic 842, *Leases*. ASU No. 2016-13 is effective for annual and interim reporting periods beginning after December 15, 2019, with early adoption permitted in annual and interim reporting periods beginning after December 15, 2018. Entities will apply the standard's provisions as a cumulative-effect adjustment to retained earnings as of the beginning of the first effective reporting period. The Company is currently evaluating the impact of this ASU on its consolidated financial statements.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

The FASB issued ASU 2017-04, “*Simplifying the Test for Goodwill Impairment*”, in January 2017. Under current guidance, goodwill impairment loss is measured by comparing the implied fair value of a reporting unit’s goodwill with the carrying amount of that goodwill by following procedures that would be required in determining the fair value of assets acquired and liabilities assumed in a business combination. Under the new amendments, the goodwill impairment test compares the fair value of a reporting unit with its carrying amount and an impairment charge is measured as the amount by which the carrying amount exceeds the reporting unit’s fair value. The amendments are effective for annual and interim reporting periods beginning after December 15, 2019 and are not expected to have a significant effect on the Company’s consolidated financial statements.

(3) LOAN RECEIVABLE

On March 26, 2018, ATA announced entering into a framework agreement to invest in Beijing Biztour International Travel Service Co., Ltd. (“Beijing Biztour”). The loan receivable at December 31, 2018 was a one-year loan of US\$2 million at an annual interest rate of 8.0% that ATA provided to Beijing Biztour. The loan became overdue on April 6, 2019 based on the agreement.

(4) LONG-TERM INVESTMENTS

Equity method investments

In September 2015, ATA BVI entered into an agreement to purchase 2,156,721 Series AA Preferred Shares issued by Brilent Inc. (“Brilent”) at a price of \$0.6955 per Series AA Preferred Shares with a total consideration of USD 1.5 million. Brilent is a service provider with an easy to use SaaS (Software as a Service) based in the United States. ATA BVI held 15.47% equity interest of Brilent and one board seat out of six. The investment is accounted for under the equity method as ATA BVI is able to exercise significant influence through its board seat. The Company recognized its share of loss from this equity investment of RMB 2,837,834, RMB 1,395,234 and nil for the year ended March 31, 2017, nine months ended December 31, 2017 and year ended December 31, 2018, respectively.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

Management evaluated whether there was other than temporary impairment based on the facts, including recent financing activities, projected and historical financial performance. Brillent encountered severe shortage of working capital resulted from continuous negative operating cash flows and turnover of key personnel in the fourth quarter of 2017. Management considered there was other than temporary impairment for the investments in Brillent and recognized the impairment loss of RMB 4,757,972 to reduce the investment to zero, therefore, the investment balance in Brillent was nil as of December 31, 2017 and 2018.

Other equity investments

	<u>December 31, 2017</u>	<u>December 31, 2018</u>
	RMB	RMB
Beijing Empower Education Online Co., Ltd.	38,000,000	38,000,000
ApplySquare Education & Technology Co., Ltd.	19,721,700	22,471,700
Beijing GlobalWisdom Information Technology Co., Ltd.	12,300,000	5,919,198
Total other equity investments	<u>70,021,700</u>	<u>66,390,898</u>

During the year ended March 31, 2017, the Group entered into shares purchase agreements to acquire 8.33% equity interest of Beijing Empower Education Online Co., Ltd. (“EEO”), 9% equity interest of ApplySquare Education & Technology Co., Ltd (“ApplySquare”), and 8.2% equity interest of Beijing GlobalWisdom Information Technology Co., Ltd. (“GlobalWisdom”), by paying cash consideration of RMB 32,500,000, USD 3,000,000 (equivalent to RMB 19,721,700), and RMB 12,300,000 respectively. ATA accounted for these investments as other equity investments using the cost method of accounting prior to January 1, 2018 in accordance with ASC325, *Investments—Others*, since these investments are not in-substance common stock due to the liquidation preference feature, and do not have readily determinable fair value. In connection with adoption of ASC321 *Investment—Equity securities* effective January 1, 2018, The Group elected to measure other equity investments without a readily determinable fair value at cost adjusted for changes resulting from impairments, if any, and observable price changes in orderly transactions for the identical or similar securities of the same issuer.

In April 2017, ATA entered into a capital increase agreement to make an additional investment of RMB 5,500,000 in EEO. The consideration has been paid to EEO in June 2017. After this additional investment, ATA invested a total of RMB 38,000,000 in EEO, and accounted for the investment under cost method in accordance with ASC325, *Investments—Others* as of December 31, 2017, since the investment is not in-substance common stock due to the liquidation preference feature, and does not have readily determinable fair value. ATA did not identify any observable price changes requiring an adjustment to the investment in EEO for the year ended December 31, 2018.

On June 20, 2018, ApplySquare entered into a new financing agreement with a group of new investors. After Applysquare’s new financing, ATA’s equity shares decreased from 9% to 7.95% and ATA still has the right to appoint one director. The new financing provided the observable price for ATA’s investment and ATA engaged a third party appraiser to evaluate this investment’s carrying amount based on the observable price, and recognized a gain of RMB 2,750,000 from the change in fair value. ATA accounts for the investment in ApplySquare at cost adjusted for observable price changes for the year ended December 31, 2018.

On July 26, 2017, GlobalWisdom entered into a new financing agreement with new investors. After GlobalWisdom’s new financing, ATA’s equity shares decreased to 6.8345% and ATA still has the right to appoint one director. Because these investment terms contain substantive liquidation preference over common stock that are not available to common shareholders, these investments are not substantially similar to common stock and ATA accounted for the investment under cost method in accordance with ASC325, *Investments—Others* as of December 31, 2017. As of December 31, 2018, ATA made a qualitative assessment and identified that GlobalWisdom failed to meet the expected milestones and operation forecasts and encountered shortage of working capital resulted from continuous negative operating cash flows, which indicates that impairment exists. ATA engaged a third party appraiser to evaluate the fair value of the investment in GlobalWisdom as of December 31, 2018 and recorded an impairment of RMB 6,380,802 based on the valuation result.

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

The Group determined that it was not practicable to estimate fair value of cost method investments as of December 31, 2017 because the sales prices or bid-and-asked quotations of the equity interests of these entities are not currently available and the cost of obtaining an independent valuation appears excessive considering the materiality of the investments to the Group. The Group recognized the cost of these investments at cash consideration and accounted for the investment by the cost method in accordance with ASC 325, *Investments-Other* as of December 31, 2017.

Available-for-sale investment

On March 24, 2016, ATA BVI entered into a convertible promissory note (“the Notes”) purchase agreement with Brilent pursuant to which Brilent will issue up to USD 2,500,000 of the Notes to certain investors including ATA BVI. On March 30, 2016 and April 28, 2016, Brilent issued the Notes to ATA BVI in the principal amount of USD 300,000 and USD 1,200,000 at a 6% interest rate per annum, in exchange for cash of USD 1,500,000. The Notes are due and redeemable 24 months from issuance. If a qualified financing occurs on or prior to the maturity date of the Notes, the Notes and all accrued and unpaid interest thereon shall convert, at ATA BVI’s option, into qualified financing securities at 75% of the qualified financing security purchase price subject to certain adjustment.

For the year ended March 31, 2017, RMB 568,320 was recognized as interest income in consolidated statements of comprehensive income (loss). The investment is classified as available-for-sale investment and is measured at fair value as of the balance sheet date. Unrealized holding loss of RMB 553,870 was reported in other comprehensive income (loss) for the year ended March 31, 2017. The Company determined the fair value of the Notes as of March 31, 2017 to be USD 1,504,000 (RMB 10,376,547). As a result of recent development of Brilent Inc., management considered that there was other than temporary impairment of this investment and recorded an impairment loss of the Notes of USD 1,504,000 (RMB 10,458,538) as of December 31, 2017. The unrealized loss of the Notes of RMB 553,870 has been reclassified to profit and loss correspondingly. Due to the above impairment recognized in the nine months ended December 31, 2017, the net book value of this investment is nil as of December 31, 2017 and 2018.

(5) FAIR VALUE MEASUREMENT

The following tables present the placement in the fair value hierarchy of available-for-sale investment that are measured at fair value on a recurring basis aDecember 31, 2017 and December 31, 2018

	<u>December 31, 2017 and 2018</u> RMB	<u>Fair value disclosure or measurement at</u> <u>December 31, 2017 and 2018 using</u>

	Available-for-sale investment RMB
Beginning balance as of April 1, 2016	1,938,360
Purchase	7,957,440
Total gain or losses:	
Included in net loss	568,320
Included in other comprehensive income	(553,870)
Foreign currency translation adjustment	466,297
Ending balance as of March 31, 2017	10,376,547
Total gain or losses:	
Included in net income	(10,458,538)
Reclassification adjustment for loss on available-for-sale investment included in net income, net of nil income tax	553,870
Foreign currency translation adjustment	(471,879)
Ending balance as of December 31, 2017 and December 31, 2018	—

The following tables present the placement in the fair value hierarchy of assets that are measured at fair value on a non-recurring basis aDecember 31, 2018:

	December 31, 2018 RMB	Fair value disclosure or measurement at December 31, 2018 using		
		Level 1 RMB	Level 2 RMB	Level 3 RMB
Other equity investments				
ApplySquare Education & Technology Co., Ltd.	22,471,700	—	—	22,471,700
Beijing GlobalWisdom Information Technology Co., Ltd.	5,919,198	—	—	5,919,198

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

The other equity investments without readily determinable fair value are recorded at fair value only if an impairment or observable price adjustment is recognized in the current period. If an impairment or observable price adjustment is recognized on the equity securities during the period, the Company will classify these assets as Level 3 within the fair value hierarchy based on the nature of the fair value inputs.

ApplySquare entered into a new financing agreement with a group of new investors in 2018, which provided the observable price for ATA's investment and the fair value adjustments are determined primarily based on the market approach as of the transaction date. As a result, the Group recognized a gain of RMB 2,750,000 from the change in fair value for the year ended December 31, 2018.

To estimate the fair value of investment in GlobalWisdom, the Group used Discounted Cash Flow Model ("DCF Model"), which is based on the fair value of the entire invested capital of GlobalWisdom using an income approach. The significant inputs for the valuation model include, but not limited to, future cash flows, discount rate, and the comparable selection set of companies operating in similar businesses. As a result, the Group recorded impairment loss of RMB 6,380,802 for the year ended December 31, 2018.

The Group did not have any non-financial assets and liabilities that are measured at fair value on a non-recurring basis as of December 31, 2017 and December 31, 2018, respectively.

The Group's financial instruments consist of cash and cash equivalents, accounts receivable, advances to third parties, employees and suppliers, which are included in the prepaid expenses and other current assets, loan receivable and accrued expenses and other payables, all of which have a carrying amount that approximate fair value because of the short maturity of these instruments.

(7) GOODWILL AND INTANGIBLE ASSETS, NET

(a) Goodwill

Goodwill balance before the ATA Online Sale Transaction consisted of RMB 6,880,123 recognized from the acquisition of 5% equity shares of ATA Testing in 2002, RMB 16,542,727 recognized from the acquisition of Beijing Jindixin Software Technology Company Limited (“Beijing JDX”) and JDX Holdings Limited (“JDX BVI”) in February 2009, RMB 7,589,052 recognized from the acquisition of Xing Wei in November 2013 and RMB 997,123 recognized from the acquisition of Beijing Qihuang Huizhi Technology Co., Limited (“Qihuang Huizhi”), majority owned subsidiary of ATA Online acquired in December 2017. The above goodwill represents the benefits and synergies that the acquired businesses are expected to bring to the Company in relation to the computer-based testing services and expand the Company’s customer base and product offering of testing services.

In December 2017, ATA Online acquired 65% equity interest in Qihuang Huizhi, with a total consideration of RMB 650,000, which was fully paid on December 13, 2017. This acquisition was accounted for under the acquisition method and the excess of cost of acquisition and fair value of the non-controlling interests over the fair value of the identifiable net assets of Qihuang Huizhi, is recorded as goodwill of RMB 997,123.

In December 2017, the Company sold the entire 60% equity interest in Beijing Puhua Huitong Education Technology Co., Limited (“Puhua Technology”) for RMB 2,000,000 in cash, and the goodwill of RMB 1,512,081 recognized from the acquisition of Puhua Technology has been disposed correspondingly.

The change in the carrying amount of goodwill is as follows:

	RMB
Balance as of March 31, 2017	32,523,983
Less: Disposal of Puhua Technology	(1,512,081)
Add: Acquisition of Qihuang Huizhi	997,123
Balance as of December 31, 2017	32,009,025
Less: Disposal of discontinued operations (Note 21)	(32,009,025)
Balance as of December 31, 2018	—

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

(b) Intangible assets

The following table summarizes the Company's intangible assets, as of December 31, 2017 and December 31, 2018.

	December 31, 2017				
	Gross carrying amount	Accumulated amortization /deduction	Impairment	Net carrying amount	Weighted average amortization period
	RMB	RMB	RMB	RMB	Years
Education assessment caseware (i)	6,707,547	(961,982)	—	5,745,565	5
Total intangible assets	6,707,547	(961,982)	—	5,745,565	
	December 31, 2018				
	Gross carrying amount	Accumulated amortization /deduction	Impairment	Net carrying amount	Weighted average amortization period
	RMB	RMB	RMB	RMB	Years
Education assessment caseware (i)	9,251,887	(2,430,708)	—	6,821,179	5
Software platform of Project Shuang Chuang (ii)	10,844,339	(542,940)	—	10,301,399	5
Total intangible assets	20,096,226	(2,973,648)	—	17,122,578	

Amortization expenses for intangible assets recognized as cost of revenues and selling expenses were RMB 208,868, RMB 753,114 and RMB 2,011,666 for the year ended March 31, 2017, nine months ended December 31, 2017 and the year ended December 31, 2018, respectively.

(i) Education assessment caseware is the test content purchased for the Company's strategic K-12 academic assessment business, which includes three subjects of Literature, Mathematics and English over six grades of junior and senior high school.

(ii) Software platform of Project Shuang Chuang is the software platform purchased from a third party for providing vocational assessment and training services that focuses on the innovation related competencies of college students.

As of December 31, 2018, the estimated amortization expense for the next five years is as follows:

	December 31
	RMB
2019	4,023,583
2020	4,023,583
2021	4,023,583
2022	3,061,602
2023	1,990,227

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

(8) ACCRUED EXPENSES AND OTHER PAYABLES

Accrued expenses and other payables consist of the following:

	<u>December 31, 2017</u>	<u>December 31, 2018</u>
	RMB	RMB
Accrued payroll and welfare	7,932,653	8,934,828

Other current liabilities	17,633,833	6,744,958
Total accrued expenses and other payables	<u>28,018,521</u>	<u>18,111,939</u>

Other current liabilities as of December 31, 2018 mainly include lessees' rental deposits, accrued traveling, meeting and other operating expenses. Other current liabilities as of December 31, 2017 primarily include accrued professional service fees.

(9) CHANGE IN FISCAL YEAR END

During the nine-month period ended December 31, 2017, the Group changed its fiscal year end to December 31, effective December 31, 2017.

The consolidated financial statements for the nine-month period ended December 31, 2017 is not comparable to that as of and for the twelve months ended December 31, 2018. For comparison purposes, the Group included the selected data from unaudited consolidated income statement for the twelve-month period ended December 31, 2017 per below:

	<u>Twelve months ended December 31,</u>	
	<u>2017</u>	<u>2018</u>
	RMB	RMB
Net revenues	7,389,371	1,338,592
Cost of revenues	4,957,647	4,251,451
Gross profit (loss)	2,431,724	(2,912,859)

Net income (loss)	<u>(26,076,225)</u>	<u>850,601,505</u>

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(10) NET REVENUES

The components of net revenues for the year ended March 31, 2017, nine months ended December 31, 2017 and the year ended December 31, 2018, are as follows:

	Twelve months ended March 31 2017 RMB	Nine months ended December 31 2017 RMB	Twelve months ended December 31 2018 RMB
K12 education assessment services revenue	235,849	349,057	944,340
Other revenue	8,595,541	4,836,765	394,252
Net Revenues	8,831,390	5,185,822	1,338,592

Other revenue primarily includes rental income for reporting periods prior to January 1, 2018 and content development services after January 1, 2018.

The Group adopted ASC 606, *Revenue from Contracts with Customers* from January 1, 2018. The Group has applied the modified retrospective method starting on January 1, 2018 and conducted a review and evaluation over all the contracts that are not completed on January 1, 2018 and concluded that there is nil impact on the retained earnings as of January 1, 2018 as a result of the adoption of new revenue guidance.

Results for reporting periods after January 1, 2018 are presented in accordance with the new revenue guidance, while prior period amounts are not adjusted and continue to be reported in accordance with ASC 605, *Revenue Recognition*.

For the year ended March 31, 2017 and nine months ended December 31, 2017, RMB 7,181,226 and RMB 4,041,142 rental income were recorded under net revenues respectively. For the year ended December 31, 2018, rental income of RMB 5,943,984 netting relevant costs was classified as “other operating income, net” as a result of the adoption of new revenue guidance ASC 606, effective January 1, 2018. Net revenues for the year ended December 31, 2018 would have increased by RMB 5,943,984 if the Group had not adopted ASC 606, *Revenue from Contracts with Customers*.

(11) INCOME TAXES*Cayman Islands and British Virgin Islands*

Under the current laws of the Cayman Islands and the British Virgin Islands, the Group is not subject to any income tax in these jurisdictions.

Hong Kong

Xing Wei did not derive any income that is subject to Hong Kong profits tax for the taxable year ended March 31, 2017, nine months ended December 31, 2017 and the taxable year ended December 31, 2018. Accordingly, no provision for Hong Kong profits tax was required. PRC income tax arising from disposal of investment in a prior subsidiary, Zhongxiao Zhixing, which was previously operating in PRC, was filed and paid during the taxable year ended December 31, 2018. The payment of dividends by Hong Kong companies is not subject to any Hong Kong withholding tax.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

People's Republic of China

The Company's consolidated PRC entities file separate income tax returns.

Under the Enterprise Income Tax Law ("EIT Law"), the statutory income tax rate is 25% effective from January 1, 2008. Entities that qualify as "high-and-new technology enterprises eligible for key support from the State" ("HNTE") are entitled to a preferential income tax rate of 15%. If an HNTE enterprise no longer satisfies the related accreditation criteria, its certificate will be cancelled and it will cease to be entitled to the related tax incentives.

The Company's PRC entities are subject to income tax at 25%, unless otherwise specified.

In December 2008, ATA Testing received approval from the tax authority that it qualified as an HNTE. The certificate entitled ATA Testing to the preferential income tax rate of 15% effective retroactively from January 1, 2008 to December 31, 2010. In October 2011, ATA Testing received approval from the tax authority on its renewal as an HNTE which entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2011 to December 31, 2013. In October 2014, ATA Testing received approval from the tax authority on its renewal as an HNTE which entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2014 to December 31, 2016. In October, 2017, ATA Testing received approval from the tax authority on its renewal as an HNTE which entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2017 to December 31, 2019.

In December 2009, Muhua Shangce received approvals from the tax authority that it qualified as an HNTE. The certificate entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2009 to December 31, 2011. In July 2012, Muhua Shangce received approval from the tax authority on its renewal as an HNTE which entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2012 to December 31, 2014. In November 2015, Muhua Shangce received approval from the tax authority on its renewal as an HNTE which entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2015 to December 31, 2017. In October, 2018, Muhua Shangce received approval from the tax authority on its renewal as an HNTE which entitled it to the preferential income tax rate of 15% effective retroactively from January 1, 2018 to December 31, 2020.

The EIT Law and its relevant regulations impose a withholding tax at 10%, unless reduced by a tax treaty or agreement, for dividends distributed by a PRC-resident enterprise to its immediate holding company outside the PRC for earnings generated beginning January 1, 2008. Undistributed earnings generated prior to January 1, 2008 are exempt from withholding tax. As of December 31, 2017, the Company has accrued withholding tax of RMB 22,797,747 on undistributed earnings of RMB 227,977,473 generated by its PRC consolidated entities since January 1, 2008. As of result of the ATA Online Sale Transaction, the withholding tax of RMB 22.8 million accrued from the disposed entities in the PRC has been recorded under discontinued operations. Refer to note 21. As of December 31, 2018, the Company has not provided for income taxes on earnings of RMB 71,323,502 generated by its PRC consolidated entities, as the Company plans to reinvest these earnings indefinitely in the PRC. The unrecognized deferred income tax liability related to these earnings was RMB 7,132,350.

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

Additional deduction of research and development costs	(1,369,974)	(951,062)	(447,525)
Withholding tax related to undistributed earnings	2,109,096	(2,109,096)	—
Gain from discharge of intercompany payables (a)	—	—	25,594,493
Investment loss from sale of non-redeemable non-controlling interests (b)	—	—	(1,725,000)
Other	583,018	475,524	556,361
Actual income tax expense (benefit)	1,517,806	(2,109,096)	—

(a) The gain from discharge of intercompany payables represents the gain recognized from the discharge of payables of ATA Testing due to ATA Learning, Zhongxiao Zhixing and ATA BVI. These payables were waived in accordance with the terms agreed in the ATA Online Sale Transaction.

(b) The investment loss from sale of non-redeemable non-controlling interests represents the investment loss recognized from the transfer of 24% equity shares of Muhua Shangce to a limited partnership named Ningbo Meishan Bonded Port Area Zunming Investment Management Center (Limited Partnership) (“Limited Partnership”) from ATA Testing. Refer to note 12.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

The applicable PRC statutory income tax rate is used since the Group's taxable income is generated in the PRC.

The tax effects of the Group's temporary differences that give rise to significant portions of the deferred income tax assets and liabilities are as follows:

	December 31, 2017 RMB	December 31, 2018 RMB
Deferred income tax assets:		
Tax loss carry forwards	32,272,023	14,082,622
Impairment loss of long-term investments	—	4,132,700
Accrued expenses and other payables	3,097,047	2,946,135
Property and equipment, net	226,604	551,634
Donation	250,000	250,000
Total gross deferred income tax assets	35,845,674	21,963,091
Less: valuation allowance	(35,845,674)	(21,275,591)
Total deferred income tax assets, net	—	687,500
Deferred income tax liabilities:		
Change in fair value of long-term investment	—	687,500
Total gross deferred income tax liabilities	—	687,500
Net deferred income tax assets	—	—
Net deferred income tax liabilities	—	—

The movements of the valuation allowance are as follows:

	Twelve months ended March 31 2017 RMB	Nine months ended December 31 2017 RMB	Twelve months ended December 31 2018 RMB
Balance at the beginning of the period	15,307,952	26,584,197	35,845,674
Additions	11,276,245	9,261,477	11,024,410
Reduction due to gain from discharge of intercompany payables	—	—	(25,594,493)
Balance at the end of the period	26,584,197	35,845,674	21,275,591

As of December 31, 2018, the valuation allowance of RMB 21,275,591 was related to the deferred income tax assets of PRC entities which were in loss position. As of December 31, 2018, management believes it is more likely than not that the Group will realize the deferred income tax assets, net of the valuation allowance.

As of December 31, 2018, the Group had tax loss carry forwards for PRC income tax purpose of RMB 56,330,488 of which RMB 1,478,092, RMB 2,077,750, RMB 1,593,134, RMB 10,761,200, RMB 24,885,644 and RMB 15,534,668 will expire if unused by December 31, 2023, 2024, 2025, 2026, 2027 and 2028, respectively.

For the year ended March 31, 2017, nine months ended December 31, 2017 and the year ended December 31, 2018, the Group had no unrecognized tax benefits, and thus no related interest and penalties were recorded. Also, the Group does not expect that the amount of unrecognized tax benefits will significantly increase within the next twelve months.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

According to the PRC Tax Administration and Collection Law, the statute of limitation is three years if the underpayment of taxes is due to computational errors made by the taxpayer or the withholding agent. The statute of limitation is extended to five years under special circumstances where the underpayment of taxes is more than RMB 100,000. In the case of transfer pricing issues, the statute of limitation is ten years. There is no statute of limitation in the case of tax evasion. The income tax return of each of the Company's PRC consolidated entities is subject to examination by the relevant tax authorities for the calendar tax years beginning 2014.

(12) NON-CONTROLLING INTERESTS*(a) Redeemable non-controlling interests*

In February 2017, two third-party investors ("the investors") acquired 20% of the equity interest of Muhua Shangce at a consideration of RMB 34,000,000. The investors have the right to ask Muhua Shangce to purchase back part or all of the equity interest if Muhua Shangce does not achieve a qualified IPO within 6 years, as defined by the investment agreement, at the redemption price of RMB 34,000,000 plus 8% of interest for the period from February 2017 to the date of redemption. The redeemable non-controlling interest was recorded outside permanent equity on a separate line item named mezzanine equity- redeemable non-controlling interests in the consolidated balance sheets and initially recorded at the carrying value of RMB 34,000,000. The amount presented in redeemable non-controlling interest should be the greater of the non-controlling interest balance after attribution of net income or loss of the subsidiary and related dividends to the non-controlling interest or the amount of redemption value.

	RMB
Balance as of April 1, 2017	—
Add: Capital contribution	34,000,000
Less: Comprehensive loss	(1,444,363)
Accretion of redeemable non-controlling interests	3,748,639
Balance as of December 31, 2017	36,304,276
Less: Comprehensive loss	(3,181,199)
Accretion of redeemable non-controlling interests	6,085,542
Balance as of December 31, 2018	39,208,619

(b) Non-redeemable non-controlling interests

On October 26, 2018, Board of Directors approved that 24% of the equity shares of Muhua Shangce was transferred to a limited partnership named Ningbo Meishan Bonded Port Area Zunming Investment Management Center (Limited Partnership) ("Limited Partnership") from ATA Testing at a consideration of RMB 1,500,000. The consideration has been fully paid to ATA Testing by the Limited Partnership on December 26, 2018.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(13) SHARE-BASED COMPENSATION

2005 Share incentive plan

In April 2005, the Company adopted a share incentive plan (the “2005 Plan”), pursuant to which the Company is authorized to issue options to officers, employees, directors and consultants of the Group to purchase up to 2,894,000 of its common shares. In October 2007, the Company’s board of directors approved an increase in the number of shares reserved for issuance under the 2005 Plan to 3,310,300 shares. The 2005 Plan expired in April 2015. Options awards provide for accelerated vesting if there is a change in control (as defined in the 2005 Plan).

2008 Share incentive plan

On January 7, 2008, the Company adopted a share incentive plan (the “2008 Plan”), pursuant to which the Company is authorized to issue options and other share-based awards to officers, employees, directors and consultants of the Group to purchase up to 336,307 of its common shares, plus, unless the board of directors determines a lesser amount, an annual increase on January 1 of each calendar year beginning in 2009 equal to the lesser of 1) one percent of the number of shares issued and outstanding on December 31 of the immediately preceding calendar year, and 2) 336,307 shares (the “replenish terms”). The 2008 Plan expires in ten years. Options awards provide for accelerated vesting if there is a change in control (as defined in the 2008 Plan). On December 30, 2016, the Company amended the 2008 Plan to increase the number of Common Shares of the Company reserved for issuance to 5,726,763 shares and extend the plan together with the replenish terms for ten years from December 30, 2016 (the “Amendment and Restatement of 2008 Plan”). On October 26, 2018, the Company amended and restated the Amendment and Restatement of 2008 Plan to increase the number of Common Shares the Company reserved for issuance to 6,965,846 shares, extend its terms to last till October 25, 2028 and change the number of common shares automatically added to the option pool on each calendar year during its term to an amount equal to the lesser of (i) one percent of the total number of common shares issued and outstanding on December 31 of the immediately preceding calendar year, or (ii) such number of common shares as may be established by the board of directors (the “Second Amendment and Restatement of 2008 Plan”). As of December 31, 2018, 6,965,846 shares were reserved for issuance under the Second Amendment and Restatement of 2008 Plan.

Under both the 2005 Plan and 2008 Plan (including the original and both versions of the Amendment and Restatement), share options are generally granted with 25% vesting on the first anniversary of the grant date and the remaining 75% vesting ratably over the following 36 months, unless a shorter or longer duration is established at the time of the option grant. Share options are granted at an exercise price equal to or as an average over a certain number of trading days of the fair market value of the Company’s share at the date of grant and expire 10 years from the grant date.

Under the 2008 Plan (including the original and both versions of the Amendment and Restatement), non-vested shares are generally granted with a graded vesting as to 25% at the end of each year from the grant date over 4 years, or with certain percentage vesting on the grant date or first anniversary of the grant date and the remaining portion vesting ratably over the following 36 months, unless a shorter or longer duration is established at the time of the grant.

For the graded vesting share options and non-vested shares, the Company recognizes the compensation cost over the requisite service period for each separately vesting portion of the award as if the award is, in substance, multiple awards.

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

In January 2017, 2,700,000 non-vested shares were granted to employees and officers with a graded vesting as to 25% at the end of each year from the grant date over 4 years and 900,000 share options were granted to Company's employees and officers, 25% of the options vest on the first anniversary of the grant date with the remaining 75% vesting evenly over the following 36 months. The exercise price of these options is USD 1.705 per common share.

In August 2017, 50,000 share options were granted to an employee, 25% of the options vest on the first anniversary of the grant date with the remaining 75% vesting evenly over the following 36 months. The exercise price of these options is USD 2.35 per common share.

In July 2018, 129,168 share options and 1,262,250 non-vested shares were cancelled in connection with the ATA Online Sale Transaction. RMB 6,753,771 compensation costs were accelerated and recognized for the year ended December 31, 2018.

In November 2018, 1,772,584 share options, including 1,215,114 vested share options and 557,470 non-vested share options were cancelled in accordance with the board of directors resolutions. RMB 877,321 of compensation costs were accelerated and recognized for the year ended December 31, 2018.

In November 2018, 1,452,600 share options were issued to certain employees and officers with 4 years' service condition and annual performance targets for the year 2018, 2019, 2020 and 2021, among which 363,150 share options were granted in November 2018 and the remaining portion will be granted when the employee knows the specific performance target. As the performance condition for the year 2018 was not achieved, no compensation cost was recognized for these share options. In addition, 690,000 share options were granted to employees and officers, with 25% vesting on the first anniversary of the grant date and the remaining 75% vesting ratably over the following 36 months. The exercise price of these options is USD 0.578 per common share. In addition, 800,000 non-vested shares were granted to directors, with 25% vesting on the first anniversary of the grant date and the remaining 75% vesting ratably over the following 36 months.

In December 2018, 1,772,584 shares were granted to employees and officers, among which 1,412,336 shares vested immediately on the grant date and the remaining shares vested for a period from January 1, 2019 to September 1, 2021.

A summary of the share options activities for the year ended March 31, 2017, nine months ended December 31, 2017 and the year ended December 31, 2018 is presented below:

	Number of shares	Weighted average exercise USD	Weighted remaining contractual years	Aggregate intrinsic value USD
Outstanding as of March 31, 2016	1,904,067	2.61		
Granted	900,000	1.71		
Exercised	—	—		
Forfeited	(100,000)	1.71		
Expired	(253,000)	3.60		
Outstanding as of March 31, 2017	2,451,067	2.21		
Granted	50,000	2.35		
Exercised	—	—		
Forfeited	(50,000)	1.71		
Expired	(74,000)	3.60		
Outstanding as of December 31, 2017	2,377,067	2.18		
Granted	1,053,150	0.58		
Exercised	(119,792)	1.77		
Forfeited	(123,438)	1.71		
Cancelled	(1,901,752)	2.13		
Expired	(143,023)	3.89		
Outstanding as of December 31, 2018	1,142,212	0.67		
Vested and expected to vest as of December 31, 2018	1,142,212	0.67	9.71	—
Exercisable as of December 31, 2018	36,978	1.71	8.05	—

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

The aggregate intrinsic value of options outstanding and exercisable at December 31, 2018, was determined based on the closing price of the Company's common shares on December 31, 2018.

Information relating to options outstanding and exercisable as of December 31, 2018 is as follows:

Options outstanding as of December 31, 2018			Options exercisable as of December 31, 2018		
Number of Shares	Exercise Price per Share USD	Remaining Contractual Life Years	Number of Shares	Exercise Price per Share USD	Remaining Contractual Life Years
89,062	1.71	8.05	36,978	1.71	8.05
1,053,150	0.58	9.85	—	—	—
1,142,212	0.67	9.71	36,978	1.71	8.05

The Company calculated the fair value of the share options on the grant date, for the year ended March 31, 2017, nine months ended December 31, 2017 and the year ended December 31, 2018, using the Black-Scholes-Merton pricing valuation model. The assumptions used in the valuation model are summarized as follows:

	Twelve months ended March 31 2017	Nine months ended December 31 2017	Twelve months ended December 31 2018
Expected dividend yield	0%	8.7%	0%
Expected volatility	63%	60%	57%
Expected term	6.08	6.08	5.11/6.11
Risk-free interest rate (per annum)	1.98%	1.96%	3.05%/3.10%

The expected volatility was based on the historical volatilities of the Company. The expected term was related to the period of time the options are expected to be outstanding. The risk-free rate for periods within the contractual life of the option is based on the United States treasury yield curve in effect at the time of grant.

Compensation expense recognized for non-vested share options for the year ended March 31, 2017, nine months ended December 31, 2017 and year ended December 31, 2018 is allocated to the following expense items:

	Twelve months ended March 31 2017 RMB	Nine months ended December 31 2017 RMB	Twelve months ended December 31 2018 RMB
Cost of revenues	—	—	—
Research and development	113,499	476,994	157,355
Sales and marketing	64,856	272,568	70,915
General and administrative	3,771,016	2,353,681	2,024,940
Total share-based compensation expense	3,949,371	3,103,243	2,253,210

As of December 31, 2018, RMB 2,353,574 of total unrecognized compensation expense related to non-vested share options is expected to be recognized over a weighted average period of approximately 3.54 years.

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

Non-vested shares

A summary of the non-vested shares activities for the year ended March 31, 2017, nine months ended December 31, 2017 and year ended December 31, 2018 is presented below:

	Number of shares	Weighted average grant date fair value
	USD	
Outstanding at March 31, 2016	120,000	2.145
Granted	2,700,000	1.650
Vested	(60,000)	2.145
Forfeited	(60,000)	1.650
Outstanding at March 31, 2017	2,700,000	1.661
Granted	—	—
Vested	(60,000)	2.145
Forfeited	(15,000)	1.650
Outstanding at December 31, 2017	2,625,000	1.650
Granted	2,572,584	0.537
Vested	(2,068,586)	0.872
Forfeited	(71,250)	1.650
Cancelled	(1,262,250)	1.650
Outstanding at December 31, 2018	1,795,498	0.951

The total fair value of shares vested during the year ended March 31, 2017, nine months ended December 31, 2017 and year ended December 31, 2018 was USD 157,176, USD 148,500 and USD 2,591,875 respectively.

Upon vesting of the non-vested shares, the Company withholds shares issued to the employees to meet the relevant minimum tax withholding requirements. For the year ended March 31, 2017, nine months ended December 31, 2017 and year ended December 31, 2018, the Company withheld 11,624, 11,252 and 93,496 vested shares upon vesting of the non-vested shares to satisfy the minimum tax withholding obligation. Compensation expense recognized for non-vested shares for the year ended March 31, 2017, nine months ended December 31, 2017 and year ended December 31, 2018 is allocated to the following expense items:

	Twelve months ended March 31	Nine months ended December 31	Twelve months ended December 31
	2017	2017	2018
	RMB	RMB	RMB
Cost of revenues	—	—	—
Research and development	118,906	516,339	240,441
Sales and marketing	59,453	258,170	96,058
General and administrative	786,594	2,908,303	7,119,658
Total share-based compensation expense	964,953	3,682,812	7,456,157

As of December 31, 2018, RMB 8,427,757 of total unrecognized compensation expense related to non-vested shares is expected to be recognized over a weighted average period of approximately 2.57 years.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

(14) COMMON SHARES

The Company's board of directors approved a share repurchase program on November 1, 2012 to repurchase up to USD 5.0 million worth of its issued and outstanding American Depository Shares ("ADS") in both open-market and privately negotiated transactions. On January 31, 2013, the Company's board of director reviewed and approved the continuation of the share repurchase program through May 31, 2013. The Company's board of directors approved a share repurchase program on August 5, 2014 to repurchase up to USD 5.0 million worth of its issued and outstanding ADSs in open-market through January 31, 2015. The Company's board of directors approved a share repurchase program on September 24, 2015 to repurchase up to USD 3.0 million worth of its issued and outstanding ADSs in open-market through March 31, 2016. For the year ended March 31, 2017, nine months ended December 31, 2017 and the year ended December 31, 2018, the Company did not repurchase common shares.

(15) CASH DIVIDENDS

On June 1, 2017, the Company's board of directors declared a special cash dividend of USD 0.205 per common share, or USD 0.41 per ADS. The total amount of dividend was RMB 65,698,571 and was paid in cash in June and July 2017.

On August 7, 2018, the Company's board of directors declared a special cash dividend of USD 3.00 per common share, or USD 6.00 per ADS, subject to the completion of the ATA Online Sale Transaction. The total amount of dividend was approximately RMB 946.6 million and was paid in cash on August 24, 2018 in connection with the final closing of the Transaction.

(16) STATUTORY RESERVES

In accordance with the relevant laws and regulations of the PRC, the Company's PRC consolidated entities are required to transfer 10% of their respective after tax profit, as determined in accordance with PRC accounting standards and regulations to a general reserve fund until the balance of the fund reaches 50% of the registered capital of the respective entity. The transfer to this general reserve fund must be made before distribution of dividends can be made. As of December 31, 2017 and December 31, 2018, the PRC consolidated entities had appropriated RMB 62,309,344 and RMB 25,557,266, respectively, to the general reserve fund, which is restricted for distribution to the Company.

(17) RELATED PARTY TRANSACTIONS***Loan Facility***

In June 2018, the president and director of ATA Inc., Jack Huang, entered into a three-year Commercial Loan Facility (the "Facility") with China Minsheng Bank Beijing Branch to borrow up to RMB 15,000,000 to support the working capital of ATA Testing. The Facility is pledged by the real estate property of Gongyuan 16th floor owned by ATA Testing, pursuant to which a corresponding three-year pledge agreement has been entered into between ATA Testing and China Minsheng Bank Beijing Branch. Jack Huang and ATA Testing also signed an agreement, pursuant to which all drawdowns received from China Minsheng Bank should be transferred to ATA Testing and the interests of these drawdowns will be fully paid by ATA Testing. ATA Testing shall pay interest at 6.525% per annum on the commencement date for each drawdown. The interest rate is subject to potential adjustment based on premium interest rate stipulated by the People's Bank of China. In June and July 2018, ATA Testing has received a total of RMB 15,000,000 drawdowns and this loan has been fully paid back on October 15, 2018. The interest expenses incurred and paid by ATA Testing for the year ended December 31, 2018 was RMB 249,683. On April 12, 2019, the real estate property of Gongyuan 16th floor was released from pledge and the Facility was terminated correspondingly.

ATA INC.

Notes to the Consolidated Financial Statements (Continued)

Disposal of ATA Online to entities controlled by Management

On August 16, 2018, ATA completed the ATA Online Sale Transaction, among which, 67.5% of the equity interest of ATA Online was transferred to the entity controlled by ATA's Chairman and Chief Executive Officer Mr. Kevin Xiaofeng Ma and the companies controlled by certain management members of ATA Online. Refer to note 1 and note 21.

Receivable due from shareholder

In May 2015, the Group terminated the VIE agreements with the nominee shareholders of ATA Online. The entire equity interests of ATA Online were transferred from the nominee shareholders to ATA Learning and Zhongxiao Zhixing for a consideration of RMB 10.0 million, equivalent to the amount of the registered capital of ATA Online. As a result, ATA Online became a wholly owned subsidiary of the Group. The consideration was paid to the nominee shareholders. Mr. Haichang Xiong, has transferred his consideration of RMB 1.0 million to Mr. Kevin Xiaofeng Ma on March 29, 2016. The Group received RMB 10.0 million in cash from Mr. Kevin Xiaofeng on June 7, 2017.

Sublease of Jianwai SOHO office to Master Mind

ATA Testing subleased Jianwai SOHO office to an equity investee, Master Mind Education Company ("Master Mind"), with a contract term from May 17, 2015 to May 16, 2020. Since June 2017, Master Mind has encountered severe cash flow and going concern issues and stopped making rent payment to the Company. In February 2018, the sublease agreement was terminated. The Company recognized a total sublease income of RMB 650,478, RMB 207,346 and nil for the year ended March 31, 2017, nine months ended December 31, 2017 and the year ended December 31, 2018, respectively.

Acquisition of Puhua Technology

On August 31, 2016, ATA Online entered into an agreement to make a 60% equity investment in Puhua Technology with a total cash consideration of RMB 2.0 million. The director of Puhua Technology was a director of ATA learning, who resigned from ATA learning in July 2016.

Disposal of equity interest in ZhiShang to Tianjin Zhishang

On June 27, 2017, ATA Online entered into an agreement to sell a 15% equity interest in Beijing Zhishang Education Technology Ltd. ("Zhishang") to Tianjin Zhishang Education Technology Limited Partnership ("Tianjin Zhishang") for a total cash consideration of RMB 1,253,550. The Executive Partner of Tianjin Zhishang is the CEO and a director of ATA Online.

ATA INC.
Notes to the Consolidated Financial Statements (Continued)

(18) COMMITMENTS AND CONTINGENCIES

(a) Lease commitments

The Group entered into non-cancelable operating leases, primarily for office space, for initial terms of 2 to 36 months.

Minimum rent payments under operating leases are recognized on a straight-line basis over the term of the lease, including any periods of free rent.

Future minimum lease payments under non-cancelable operating leases as of December 31, 2018 are:

	Minimum Lease Payments Amount RMB
Year ended December 31:	
2019	2,959,829
2020	346,745
2021	—
2022	—
2023	—
	<u>3,306,574</u>

Rental expense for operating leases (except leases with a term of one month or less that are not renewed) for the year ended March 31, 2017, nine months ended December 31, 2017 and year ended December 31, 2018 were RMB 6,089,419, RMB 4,772,679 and RMB 2,717,234 respectively.

(b) Other commitments

On April 27, 2017, the Group entered into a five-year agreement with Tsinghua University, under which ATA will support the research of the Research Institute of Future Education and Assessment at Tsinghua University under certain circumstances with funding support of RMB 50.0 million, out of which RMB 30.0 million will be paid in the following three years.

The future minimum payments under the non-cancelable agreements as of December 31, 2018 are:

	Required Payments Amount RMB
Year ended December 31:	
2019	10,000,000
2020	10,000,000
2021	10,000,000
2022	—
2023	—
	<u>30,000,000</u>

(20) EARNINGS (LOSS) PER COMMON SHARE

Basic and diluted earnings (loss) per common share are calculated as follows:

	Twelve months ended March 31, 2017 RMB	Nine months ended December 31, 2017 RMB	Twelve months ended December 31, 2018 RMB
Numerator:			
Net earnings (loss) attributable to ATA Inc.	(9,716,002)	29,633,544	854,925,914
Dividends paid to participating securities	—	(3,749,630)	(13,249,006)
Redeemable non-controlling interest redemption value accretion	—	(3,748,639)	(6,085,542)
Net earnings (loss) available to common shareholders	(9,716,002)	22,135,275	835,591,366
Denominator:			
Denominator for basic earnings (loss) per share:			
Weighted average common shares outstanding	45,772,916	45,793,127	45,796,886
Denominator for diluted earnings (loss) per share	45,772,916	45,793,127	45,796,886
Basic loss per common share from continuing operations	(1.31)	(1.72)	(1.81)
Diluted loss per common share from continuing operations	(1.31)	(1.72)	(1.81)
Basic earnings per common share from discontinued operations	1.10	2.20	20.06
Diluted earnings per common share from discontinued operations	1.10	2.20	20.06
Basic earnings (loss) per common share attributable to ATA Inc.	(0.21)	0.48	18.25
Diluted earnings (loss) per common share attributable to ATA Inc.	(0.21)	0.48	18.25

The following table summarizes potential common shares outstanding excluded from the calculation of diluted earnings(loss) per share for the year ended March 31, 2017, nine months ended December 31, 2017 and year ended December 31, 2018, because their effect is anti-dilutive:

	Twelve months ended March 31, 2017	Nine months ended December 31, 2017	Twelve months ended December 31, 2018
Shares issuable under share options	2,451,067	2,377,067	1,142,212

(21) DISCONTINUED OPERATIONS

On August 16, 2018, ATA completed the ATA Online Sale Transaction, among which, 17.5% of the equity interest of ATA Online was transferred directly and indirectly to two entities affiliated with funds managed by CDH Investments, a major Chinese alternative asset management firm based in Beijing (the “CDH Entities”), for a consideration of USD 35.0 million, 16.5% of the equity interest of ATA Online was transferred to three holding companies controlled by certain management members of ATA Online (the “Management Entities”), for a consideration of USD 33.0 million, 15% of the equity interest of ATA Online was transferred to Zhuhai Lihonghuaying Equity Investment Partnership (Limited Partnership), a China-based entity principally engaged in private equity investments, or the LHHY Entity, for a consideration of USD 30.0 million, and 51% of the equity interest of ATA Online was transferred indirectly to New Beauty Holdings Limited, a company controlled by Kevin Xiaofeng Ma, for a consideration of USD 102.0 million.

Upon the final closing of the ATA Online Sale Transaction, a special cash dividend of approximately RMB 946.6 million was distributed on August 24, 2018.

Due to the closing of the Transaction, balance sheet items related to the disposed business lines will no longer be consolidated into ATA’s financial statements since the completion date of the Transaction. For the periods presented, the results of discontinued operations, less applicable income taxes, prior to the disposal date are reported as two separate components of income (loss) on the consolidated statements of comprehensive income (loss) as applicable: 1) Income (loss) from operations of discontinued operations, net of income taxes, and 2) gain from disposal of discontinued operations, net of income taxes.

The major classes of line items constituting operating results of discontinued operations included in the Company’s consolidated statements of comprehensive income (loss) were as follows for the year ended March 31, 2017, nine months ended December 31, 2017 and the year ended December 31, 2018.

	Twelve months ended March 31	Nine months ended December 31	Twelve months ended December 31

(22) SUBSEQUENT EVENTS

Investment in Xiaozhi

In December 2018, ATA entered into shares purchase agreement to acquire 20% equity interest of Beijing Xiaozhi Education Technology Co., Ltd. ("Xiaozhi") by investing cash of RMB 6,000,000. According to the shares purchase agreement, ATA has the right to appoint one director. The consideration of RMB 6,000,000 was fully paid to Xiaozhi in January 2019.

ATA INC.
2008 EMPLOYEE SHARE INCENTIVE PLAN
Amended and Restated as of October 26, 2018

1. **PURPOSE OF PLAN**

The purpose of this ATA Inc. 2008 Employee Share Incentive Plan (this “**Plan**”) of ATA Inc., an exempted company organized under the Companies Law of the Cayman Islands, and its successors (the “**Company**”), is to promote the success of the Company and to increase shareholder value by providing an additional means through the grant of awards to attract, motivate, retain and reward selected employees and other eligible persons.

2. **ELIGIBILITY**

The Administrator (as such term is defined in Section 3.1) may grant awards under this Plan only to those persons that the Administrator determines to be Eligible Persons. An “**Eligible Person**” is any person who is either: (a) an officer (whether or not a director) or employee of the Company or one of its Subsidiaries; (b) a director of the Company or one of its Subsidiaries; or (c) an individual consultant or advisor who renders or has rendered bona fide services (other than services in connection with the offering or sale of securities of the Company or one of its Subsidiaries in a capital-raising transaction or as a market maker or promoter of securities of the Company or one of its Subsidiaries) to the Company or one of its Subsidiaries and who is selected to participate in this Plan by the Administrator; provided, however, that a person who is otherwise an Eligible Person under clause (c) above may participate in this Plan only if such participation would not adversely affect either the Company’s eligibility to use Form S-8 to register under the Securities Act of 1933, as amended (the “**Securities Act**”), the offering and sale of shares issuable under this Plan by the Company or the Company’s compliance with any applicable laws. An Eligible Person who has been granted an award (a “**participant**”) may, if otherwise eligible, be granted additional awards if the Administrator shall so determine. As used herein, “**Subsidiary**” means any corporation or other entity a majority of whose outstanding voting shares or voting power is beneficially owned directly or indirectly by the Company; and “**Board**” means the Board of Directors of the Company.

3. **PLAN ADMINISTRATION**

3.1 **The Administrator.** This Plan shall be administered by and all awards under this Plan shall be authorized by the Administrator. The “**Administrator**” means the Board or one or more committees appointed by the Board or another committee (within its delegated authority) to administer all or certain aspects of this Plan. Any such committee shall be comprised solely of one or more directors or such number of directors as may be required under applicable law. A committee may delegate some or all of its authority to another committee so constituted. The Board or a committee comprised solely of directors may also delegate, to the extent permitted by applicable law, to one or more officers of the Company, its powers under this Plan (a) to designate officers and employees of the Company and its Subsidiaries who will receive grants of awards under this Plan, and (b) to determine the number of shares subject to, and the other terms and conditions of, such awards, in each case within the limits established by the Board or another committee within its delegated authority. The Board may delegate different levels of authority to different committees with administrative and grant authority under this Plan. Unless otherwise provided in the applicable charter of the Company or any Administrator: (a) a majority of the members of the acting Administrator shall constitute a quorum, and (b) the vote of a majority of the members present assuming the presence of a quorum or the unanimous written consent of the members of the Administrator shall constitute action by the acting Administrator.

Award grants, and transactions in or involving awards, intended to be exempt under Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”), must be duly and timely authorized by the Board or a committee consisting solely of two or more non-employee directors (as this requirement is applied under Rule 16b-3 promulgated under the Exchange Act). To the extent required by any applicable listing agency, this Plan shall be administered by a committee composed entirely of independent directors (within the meaning of the applicable listing agency).

3.2 Powers of the Administrator. Subject to the express provisions of this Plan, the Administrator is authorized and empowered to do all things necessary or desirable in connection with the authorization of awards and the administration of this Plan (in the case of a committee or delegation to one or more officers, within the authority delegated to that committee or person(s)), including, without limitation, the authority to:

- (a) determine eligibility and, from among those persons determined to be eligible, the particular Eligible Persons who will receive an award under this Plan;
- (b) grant awards to Eligible Persons, determine the price at which securities will be offered or awarded and the number of securities to be offered or awarded to any of such persons, determine the other specific terms and conditions of such awards consistent with the express limits of this Plan, establish the installments (if any) in which such awards shall become exercisable or shall vest (which may include, without limitation, performance and/or time-based schedules), or determine that no delayed exercisability or vesting is required, establish any applicable performance targets, and establish the events of termination or reversion of such awards;
- (c) approve the forms of award agreements (which need not be identical either as to type of award or among participants);
- (d) construe and interpret this Plan and any agreements defining the rights and obligations of the Company, its Subsidiaries, and participants under this Plan, further define the terms used in this Plan, and prescribe, amend and rescind rules and regulations relating to the administration of this Plan or the awards granted under this Plan;

- (e) cancel, modify, or waive the Company's rights with respect to, or modify, discontinue, suspend, or terminate any or all outstanding awards, subject to any required consent under Section 8.6.5;
- (f) accelerate or extend the vesting or exercisability or extend the term of any or all such outstanding awards (in the case of options or share appreciation rights, within the maximum ten-year term of such awards) in such circumstances as the Administrator may deem appropriate (including, without limitation, in connection with a termination of employment or services or other events of a personal nature) subject to any required consent under Section 8.6.5;
- (g) adjust the number of Common Shares subject to any award, adjust the price of any or all outstanding awards or otherwise change previously imposed terms and conditions, in such circumstances as the Administrator may deem appropriate, in each case subject to Sections 4 and 8.6, and provided that in no case (except due to an adjustment contemplated by Section 7 or any repricing that may be approved by shareholders) shall such an adjustment constitute a repricing (by amendment, substitution, cancellation and regrant, exchange for cash or another award or other means) of the per share exercise or base price of any option or share appreciation right;
- (h) determine the date of grant of an award, which may be a designated date after but not before the date of the Administrator's action (unless otherwise designated by the Administrator, the date of grant of an award shall be the date upon which the Administrator took the action granting an award);
- (i) determine whether, and the extent to which, adjustments are required pursuant to Section 7 hereof and authorize the termination, conversion, substitution or succession of awards upon the occurrence of an event of the type described in Section 7;
- (j) acquire or settle (subject to Sections 7 and 8.6) rights under awards in cash, shares of equivalent value, or other consideration;
- (k) determine the fair market value of the Common Shares or awards under this Plan from time to time and/or the manner in which such value will be determined; and
- (l) implement any procedures, steps or additional or different requirements as may be necessary to comply with any laws of the People's Republic of China (the "PRC") that may be applicable to this Plan, any Option or any related documents, including, but not limited to, foreign exchange laws, tax laws and securities laws of the PRC.

3.3 Binding Determinations. Any action taken by, or inaction of, the Company, any Subsidiary, or the Administrator relating or pursuant to this Plan and within its authority hereunder or under applicable law shall be within the absolute discretion of that entity or body and shall be conclusive and binding upon all persons. Neither the Board, nor any Board committee, nor any member thereof or person acting at the direction thereof, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with this Plan (or any award made under this Plan), and all such persons shall be entitled to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, attorneys' fees) arising or resulting therefrom to the fullest extent permitted by law and/or under any directors and officers liability insurance coverage that may be in effect from time to time.

- 3.4 **Reliance on Experts.** In making any determination or in taking or not taking any action under this Plan, the Administrator may obtain and may rely upon the advice of experts, including employees and professional advisors to the Company. No director, officer or agent of the Company or any of its Subsidiaries shall be liable for any such action or determination taken or made or omitted in good faith.
- 3.5 **Delegation.** The Administrator may delegate ministerial, non-discretionary functions to individuals who are officers or employees of the Company or any of its Subsidiaries or to third parties.

4. COMMON SHARES SUBJECT TO THE PLAN; SHARE LIMITS

- 4.1 **Shares Available.** Subject to the provisions of Section 7.1, the shares that may be delivered under this Plan shall be shares of the Company's authorized but unissued Common Shares and any shares of its Common Shares held as treasury shares. For purposes of this Plan, "**Common Shares**" shall mean the common shares of the Company and such other securities or property as may become the subject of awards under this Plan, or may become subject to such awards, pursuant to an adjustment made under Section 7.1.
- 4.2 **Share Limits.** As of the amendment and restatement of the Plan on October 26, 2018, the maximum number of Common Shares that may be delivered pursuant to awards granted to Eligible Persons under this Plan (the "**Share Limit**") is equal to 6,965,846 Common Shares. The Share Limit shall automatically increase on January 1 of each calendar year during the term of this Plan, commencing with January 1, 2019, by an amount equal to the lesser of (i) 1% of the total number of Common Shares issued and outstanding on December 31 of the immediately preceding calendar year or (ii) such number of Common Shares as may be established by the Board. As of the amendment and restatement of the Plan on October 26, 2018, the maximum number of Common Shares that may be delivered pursuant to options qualified as incentive stock options granted under this Plan is 6,965,846 Common Shares. The maximum number of Common Shares that may be delivered pursuant to options qualified as incentive stock options granted under this Plan shall automatically increase on January 1 of each calendar year during the term of this Plan, beginning with January 1, 2019, by 1% of the total number of Common Shares issued and outstanding on December 31 of the immediately preceding calendar year. All share numbers set forth herein shall be subject to adjustment pursuant to the provisions of Section 7.1.

4.3 *Awards Settled in Cash, Reissue of Awards and Shares* To the extent that an award granted under this Plan is settled in cash or a form other than Common Shares, the shares that would have been delivered had there been no such cash or other settlement shall not be counted against the shares available for issuance under this Plan. In the event that Common Shares are delivered in respect of a dividend equivalent right granted under this Plan, only the actual number of shares delivered with respect to the award shall be counted against the share limits of this Plan. To the extent that Common Shares are delivered pursuant to the exercise of a share appreciation right or option granted under this Plan, the number of underlying shares as to which the exercise related shall be counted against the applicable share limits under Section 4.2, as opposed to only counting the shares actually issued. (For purposes of clarity, if a share appreciation right relates to 100,000 shares and is exercised at a time when the payment due to the participant is 15,000 shares, 100,000 shares shall be charged against the applicable share limits under Section 4.2 with respect to such exercise.) Shares that are subject to or underlie awards granted under this Plan which expire or for any reason are cancelled or terminated, are forfeited, fail to vest, or for any other reason are not paid or delivered under this Plan shall again be available for subsequent awards under this Plan. Shares that are exchanged by a participant or withheld by the Company as full or partial payment in connection with any award under this Plan, as well as any shares exchanged by a participant or withheld by the Company or one of its Subsidiaries to satisfy the tax withholding obligations related to any award, shall not be available for subsequent awards under this Plan. Refer to Section 8.10 for application of the foregoing share limits with respect to assumed awards. Notwithstanding the foregoing, subject to the provisions of Section 7.1 below, in no event shall the maximum aggregate number of shares that may be issued under the Plan pursuant to incentive stock options exceed the number set forth in Section 4.2 plus, to the extent allowable under Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”) and the regulations promulgated there under, any shares that again become available for issuance pursuant to the provisions of this Section 4.3.

4.4 *Reservation of Shares; No Fractional Shares; Minimum Issue* The Company shall at all times reserve a number of Common Shares sufficient to cover the Company’s obligations and contingent obligations to deliver shares with respect to awards then outstanding under this Plan (exclusive of any dividend equivalent obligations to the extent the Company has the right to settle such rights in cash). No fractional shares shall be delivered under this Plan. The Administrator may pay cash in lieu of any fractional shares in settlements of awards under this Plan. No fewer than 100 shares may be purchased on exercise of any award (or, in the case of share appreciation or purchase rights, no fewer than 100 rights may be exercised at any one time) unless the total number purchased or exercised is the total number at the time available for purchase or exercise under the award.

5. AWARDS

5.1 Type and Form of Awards. The Administrator shall determine the type or types of award(s) to be made to each selected Eligible Person. Awards may be granted singly, in combination or in tandem. Awards also may be made in combination or in tandem with, in replacement of, as alternatives to, or as the payment form for grants or rights under any other employee or compensation plan of the Company or one of its Subsidiaries. The types of awards that may be granted under this Plan are:

5.1.1 *Stock options.* A stock option is the grant of a right to purchase a specified number of Common Shares during a specified period as determined by the Administrator. An option may be intended as an incentive stock option within the meaning of Section 422 of the Code (an “ISO”) or a nonqualified stock option (an option not intended to be an ISO). The award agreement for an option will indicate if the option is intended as an ISO; otherwise it will be deemed to be a nonqualified stock option. The maximum term of each option (ISO or nonqualified) shall be ten (10) years. Unless otherwise determined by the Board, the per share exercise price for each option shall be not less than 100% of the fair market value of a share of Common Shares on the date of grant of the option. When an option is exercised, the exercise price for the shares to be purchased shall be paid in full in cash or such other method permitted by the Administrator consistent with Section 5.5.

5.1.2 *Additional Rules Applicable to ISOs.* To the extent that the aggregate fair market value (determined at the time of grant of the applicable option) of shares with respect to which ISOs first become exercisable by a participant in any calendar year exceeds \$100,000, taking into account both Common Shares subject to ISOs under this Plan and shares subject to ISOs under all other plans of the Company or one of its Subsidiaries (or any parent or predecessor corporation to the extent required by and within the meaning of Section 422 of the Code and the regulations promulgated thereunder), such options shall be treated as nonqualified stock options. In reducing the number of options treated as ISOs to meet the \$100,000 limit, the most recently granted options shall be reduced first. To the extent a reduction of simultaneously granted options is necessary to meet the \$100,000 limit, the Administrator may, in the manner and to the extent permitted by law, designate which Common Shares are to be treated as shares acquired pursuant to the exercise of an ISO. ISOs may only be granted to employees of the Company or one of its subsidiaries (for this purpose, the term “subsidiary” is used as defined in Section 424(f) of the Code, which generally requires an unbroken chain of ownership of at least 50% of the total combined voting power of all classes of shares of each subsidiary in the chain beginning with the Company and ending with the subsidiary in question). There shall be imposed in any award agreement relating to ISOs such other terms and conditions as from time to time are required in order that the option be an “incentive stock option” as that term is defined in Section 422 of the Code. No ISO may be granted to any person who, at the time the option is granted, owns (or is deemed to own under Section 424(d) of the Code) shares of outstanding Common Shares possessing more than 10% of the total combined voting power of all classes of shares of the Company, unless the exercise price of such option is at least 110% of the fair market value of the shares subject to the option and such option by its terms is not exercisable after the expiration of five years from the date such option is granted.

5.1.3 Share Appreciation Rights. A share appreciation right or “SAR” is a right to receive a payment, in cash and/or Common Shares, equal to the excess of the fair market value of a specified number of Common Shares on the date the SAR is exercised over the “**base price**” of the award, which base price shall be set forth in the applicable award agreement and shall be not less than 100% of the fair market value of a share of Common Shares on the date of grant of the SAR. The maximum term of a SAR shall be ten (10) years.

5.1.4 Other Awards. The other types of awards that may be granted under this Plan are: (a) share bonuses, restricted shares, performance shares (which may be settled in Common Shares or cash), share units, phantom shares, dividend equivalents, or similar rights to purchase or acquire shares, whether at a fixed or variable price or ratio related to the Common Shares, upon the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions, or any combination thereof; or (b) any similar securities with a value derived from the value of or related to the Common Shares and/or returns thereon.

5.2 [Reserved.]

5.3 Award Agreements. Each award shall be evidenced by either (1) a written award agreement in a form approved by the Administrator and executed by the Company by an officer duly authorized to act on its behalf, or (2) an electronic notice of award grant in a form approved by the Administrator and recorded by the Company (or its designee) in an electronic recordkeeping system used for the purpose of tracking award grants under this Plan generally (in each case, an “award agreement”), as the Administrator may provide and, in each case and if required by the Administrator, executed or otherwise electronically accepted by the recipient of the award in such form and manner as the Administrator may require. The Administrator may authorize any officer of the Company (other than the particular award recipient) to execute any or all award agreements on behalf of the Company. The award agreement shall set forth the material terms and conditions of the award as established by the Administrator consistent with the express limitations of this Plan.

5.4 Deferrals and Settlements. Payment of awards may be in the form of cash, Common Shares, other awards or combinations thereof as the Administrator shall determine, and with such restrictions as it may impose. The Administrator may also require or permit participants to elect to defer the issuance of shares or the settlement of awards in cash under such rules and procedures as it may establish under this Plan, in any event in compliance with Section 8.1.2 hereof. The Administrator may also provide that deferred settlements include the payment or crediting of interest or other earnings on the deferral amounts, or the payment or crediting of dividend equivalents where the deferred amounts are denominated in shares.

5.5 Consideration for Common Shares or Awards. The purchase price for any award granted under this Plan or the Common Shares to be delivered pursuant to an award, as applicable, may be paid by means of any lawful consideration as determined by the Administrator, including, without limitation, one or a combination of the following methods:

- services rendered by the recipient of such award;
- cash, check payable to the order of the Company, or electronic funds transfer;
- notice and third party payment in such manner as may be authorized by the Administrator;
- the delivery of previously owned Common Shares;
- by a reduction in the number of shares otherwise deliverable pursuant to the award; or
- subject to such procedures as the Administrator may adopt, pursuant to a “cashless exercise” with a third party who provides financing for the purposes of (or who otherwise facilitates) the purchase or exercise of awards.

In no event shall any Common Shares newly-issued by the Company be issued for less than the minimum lawful consideration for such Common Shares or for consideration other than consideration permitted by applicable law. In the event that the Administrator allows a participant to exercise an award by delivering Common Shares previously owned by such participant and unless otherwise expressly provided by the Administrator, any Common Shares delivered which were initially acquired by the participant from the Company (upon exercise of a stock option or otherwise) must have been owned by the participant for any minimum duration required to avoid financial accounting charges under applicable accounting guidance. Common Shares used to satisfy the exercise price of an option shall be valued at their fair market value on the date of exercise. The Company will not be obligated to deliver any Common Shares unless and until it receives full payment of the exercise or purchase price therefor and any related withholding obligations under Section 8.5 and any other conditions to exercise or purchase have been satisfied. Unless otherwise expressly provided in the applicable award agreement, the Administrator may at any time eliminate or limit a participant’s ability to pay the purchase or exercise price of any award or Common Shares by any method other than cash payment to the Company. The Administrator may take all actions necessary to alter the method of Option exercise and the exchange and transmittal of proceeds with respect to participants resident in the People’s Republic of China (“PRC”) not having permanent residence in a country other than the PRC in order to comply with applicable PRC foreign exchange and tax regulations.

5.6 *Definition of Fair Market Value.* For purposes of this Plan, “fair market value” shall mean, if the Common Shares are not listed or actively traded on an internationally recognized securities exchange as of the applicable date, the fair market value as reasonably determined by the Administrator for purposes of the award in the circumstances. If the Common Shares are listed and actively traded on an internationally recognized securities exchange, then unless otherwise determined or provided by the Administrator in the circumstances, the “fair market value” shall mean the last price for an Common Share as furnished by the securities exchange on which the Common Shares are listed for the date in question or, if no sales of Common Shares were reported on that date, the last price for a Common Share as furnished by the securities exchange on which the Common Shares are listed for the next preceding day on which sales of Common Shares were reported. The Administrator also may adopt a different methodology for determining fair market value with respect to one or more awards if a different methodology is necessary or advisable to secure any intended favorable tax, legal or other treatment for the particular award(s) (for example, and without limitation, the Administrator may provide that fair market value for purposes of one or more awards will be based on an average of closing prices (or the average of high and low daily trading prices) for a specified period preceding the relevant date).

5.7 Transfer Restrictions.

5.7.1 Limitations on Exercise and Transfer. Unless otherwise expressly provided in (or pursuant to) this Section 5.7 or required by applicable law: (a) all awards are non-transferable and shall not be subject in any manner to sale, transfer, anticipation, alienation, assignment, pledge, encumbrance or charge; (b) awards shall be exercised only by the participant; and (c) amounts payable or shares issuable pursuant to any award shall be delivered only to (or for the account of) the participant. In addition, the Common Shares shall be subject to the restrictions set forth in the applicable Option Agreement.

5.7.2 Exceptions. The Administrator may permit awards to be exercised by and paid to, or otherwise transferred to, other persons or entities pursuant to such conditions and procedures, including limitations on subsequent transfers, as the Administrator may, in its sole discretion, establish in writing. Any permitted transfer shall be subject to compliance with applicable federal and state securities laws and shall not be for value (other than nominal consideration, settlement of marital property rights, or for interests in an entity in which more than 50% of the voting interests are held by the Eligible Person or by the Eligible Person's family members).

5.7.3 Further Exceptions to Limits on Transfer. The exercise and transfer restrictions in Section 5.7.1 shall not apply to:

- (a) transfers to the Company (for example, in connection with the expiration or termination of the award),
- (b) the designation of a beneficiary to receive benefits in the event of the participant's death or, if the participant has died, transfers to or exercise by the participant's beneficiary, or, in the absence of a validly designated beneficiary, transfers by will or the laws of descent and distribution,
- (c) subject to any applicable limitations on ISOs, transfers to a family member (or former family member) pursuant to a domestic relations order if approved or ratified by the Administrator,

- (d) if the participant has suffered a disability, permitted transfers or exercises on behalf of the participant by his or her legal representative, or
- (e) the authorization by the Administrator of “cashless exercise” procedures with third parties who provide financing for the purpose of (or who otherwise facilitate) the exercise of awards consistent with applicable laws and the express authorization of the Administrator.

Anything in this Section 5.7.3 to the contrary notwithstanding, but subject to compliance with all applicable laws, ISOs will be subject to any and all transfer restrictions under the Code applicable to such awards or necessary to maintain the intended tax consequences of such Awards.

- 5.8 *International Awards.*** One or more awards may be granted to Eligible Persons who provide services to the Company or one of its Subsidiaries outside of the United States. Any awards granted to such persons may be granted pursuant to the terms and conditions of any applicable sub-plans, if any, appended to this Plan and approved by the Administrator.

6. EFFECT OF TERMINATION OF EMPLOYMENT OR SERVICE ON AWARDS

- 6.1 *General.*** The Administrator shall establish the effect of a termination of employment or service on the rights and benefits under each award under this Plan and in so doing may make distinctions based upon, inter alia, the cause of termination and type of award. If the participant is not an employee of the Company or one of its Subsidiaries and provides other services to the Company or one of its Subsidiaries, the Administrator shall be the sole judge for purposes of this Plan (unless a contract or the award otherwise provides) of whether the participant continues to render services to the Company or one of its Subsidiaries and the date, if any, upon which such services shall be deemed to have terminated.
- 6.2 *Events Not Deemed Terminations of Service.*** Unless the express policy of the Company or one of its Subsidiaries, or the Administrator, otherwise provides, the employment relationship shall not be considered terminated in the case of (a) sick leave, (b) military leave, or (c) any other leave of absence authorized by the Company or one of its Subsidiaries, or the Administrator; provided that, if a participant is holding an ISO and such leave exceeds three months then, for purposes of ISO status only, such participant’s service as an employee shall be deemed terminated on the first day following such three-month period and the ISO shall thereafter automatically become a nonqualified stock option in accordance with applicable laws, unless reemployment upon the expiration of such leave is guaranteed by contract or statute, or unless otherwise provided pursuant to written Company policy. In the case of any employee of the Company or one of its Subsidiaries on an approved leave of absence, continued vesting of the award while on leave from the employ of the Company or one of its Subsidiaries may be suspended until the employee returns to service, unless the Administrator or the Company or one of its Subsidiaries otherwise provides (including by written policy) or applicable law otherwise requires. In no event shall an award be exercised after the expiration of the term set forth in the applicable award agreement.

- 6.3 **Effect of Change of Subsidiary Status.** For purposes of this Plan and any award, if an entity ceases to be a Subsidiary of the Company a termination of employment or service shall be deemed to have occurred with respect to each Eligible Person in respect of such Subsidiary who does not continue as an Eligible Person in respect of another entity within the Company or another Subsidiary that continues as such after giving effect to the transaction or other event giving rise to the change in status.

7. ADJUSTMENTS; ACCELERATION

- 7.1 **Adjustments.** Subject to Section 7.2, upon (or, as may be necessary to effect the adjustment, immediately prior to): any reclassification, recapitalization, share split (including a share split in the form of a share dividend) or reverse share split; any merger, combination, consolidation, or other reorganization; any spin-off, split-up, or similar extraordinary dividend distribution in respect of the Common Shares; or any exchange of Common Shares or other securities of the Company, or any similar, unusual or extraordinary corporate transaction in respect of the Common Shares; then the Administrator shall equitably and proportionately adjust (1) the number and type of Common Shares (or other securities) that thereafter may be made the subject of awards (including the specific share limits, maximums and numbers of shares set forth elsewhere in this Plan), (2) the number, amount and type of Common Shares (or other securities or property) subject to any outstanding awards, (3) the grant, purchase, or exercise price (which term includes the base price of any SAR or similar right) of any outstanding awards, and/or (4) the securities, cash or other property deliverable upon exercise or payment of any outstanding awards, in each case to the extent necessary to preserve (but not increase) the level of incentives intended by this Plan and the then-outstanding awards.

Unless otherwise expressly provided in the applicable award agreement, upon (or, as may be necessary to effect the adjustment, immediately prior to) any event or transaction described in the preceding paragraph or a sale of all or substantially all of the business or assets of the Company as an entirety, the Administrator shall equitably and proportionately adjust the performance standards applicable to any then-outstanding performance-based awards to the extent necessary to preserve (but not increase) the level of incentives intended by the Plan and the then-outstanding performance-based awards.

It is intended that, if possible, any adjustments contemplated by the preceding two paragraphs be made in a manner that satisfies applicable legal, tax (including, without limitation and as applicable in the circumstances, Section 424 of the Code and Section 409A of the Code) and accounting (so as to not trigger any charge to earnings with respect to such adjustment) requirements.

Without limiting the generality of Section 3.3, any good faith determination by the Administrator as to whether an adjustment is required in the circumstances pursuant to this Section 7.1, and the extent and nature of any such adjustment, shall be conclusive and binding on all persons.

7.2 Corporate Transactions - Assumption and Termination of Awards Upon the occurrence of any of the following events (each, a “**Change of Control**”): any merger, combination, consolidation, or other reorganization; any exchange of Common Shares or other securities of the Company; a sale of all or substantially all the business, shares or assets of the Company; a dissolution of the Company; or any other event in which the Company does not survive (or does not survive as a public company in respect of its Common Shares); then the Administrator may make provision for either (i) a cash payment in full settlement of any or all outstanding vested share-based awards outstanding under this Plan, (ii) the termination of any or all outstanding share-based awards outstanding under this Plan without the payment or provision of any consideration, or (iii) the assumption, substitution or exchange of any or all outstanding share-based awards or the cash, securities or property deliverable to the holder of any or all outstanding share-based awards, in each case based upon, to the extent relevant under the circumstances, the distribution or consideration payable to holders of the Common Shares upon or in respect of such Change of Control. Upon the occurrence of any Change of Control, unless the Administrator has made a provision for the substitution, assumption, exchange or other continuation or settlement of the award or the award would otherwise continue in accordance with its terms in the circumstances: (1) subject to Section 7.4 and unless otherwise provided in the applicable award agreement, each then-outstanding option and SAR may, as the Administrator shall determine, become fully vested, all shares of restricted shares then outstanding may, as the Administrator shall determine, fully vest free of restrictions, and each other award granted under this Plan that is then outstanding may, as the Administrator shall determine, become payable to the holder of such award; and (2) each award shall terminate and be deemed cancelled upon the occurrence of a Change of Control; provided that the holder of an option or SAR shall be given reasonable advance notice of the impending termination and a reasonable opportunity to exercise his or her outstanding vested options and SARs (after giving effect to any applicable accelerated vesting) in accordance with their terms before the termination of such awards (except that in no case shall more than ten days’ notice of the impending termination be required and any acceleration of vesting and any exercise of any portion of an award that is so accelerated may be made contingent upon the actual occurrence of the event). For the avoidance of doubt if the per share price for a Common Share in any such Change of Control transaction equals or exceeds the relevant exercise price of any outstanding (vested or unvested) option or SAR, then the Administrator shall be empowered to terminate and cancel such outstanding option or SAR without the payment of any consideration whatsoever without the consent of the holder thereof. Upon the occurrence of any Change of Control where the Administrator has made a provision for the substitution, assumption, exchange or other continuation or settlement of the award or the award would otherwise continue in accordance with its terms in the circumstances, if the Participant is terminated without cause within 24 months of such Change of Control transaction, then, in the sole discretion of the Administrator, each then-outstanding option and SAR may become fully vested, all shares of restricted shares then outstanding shall fully vest free of restrictions, and each other award granted under this Plan that is then outstanding shall become payable to the holder of such award.

Without limiting the preceding paragraph, in connection with any event referred to in the preceding paragraph or any Change of Control event defined in any applicable award agreement, the Administrator may, in its discretion, provide for the accelerated vesting of any award or awards as and to the extent determined by the Administrator in the circumstances.

The Administrator may adopt such valuation methodologies for outstanding awards as it deems reasonable in the event of a cash or property settlement and, in the case of options, SARs or similar rights, but without limitation on other methodologies, may base such settlement solely upon the excess if any of the per share amount payable upon or in respect of such event over the exercise or base price of the award.

In any of the events referred to in this Section 7.2, the Administrator may take such action contemplated by this Section 7.2 prior to such event (as opposed to on the occurrence of such event) to the extent that the Administrator deems the action necessary to permit the participant to realize the benefits intended to be conveyed with respect to the underlying shares. Without limiting the generality of the foregoing, the Administrator may deem an acceleration to occur immediately prior to the applicable event and/or reinstate the original terms of the award if an event giving rise to an acceleration does not occur.

Without limiting the generality of Section 3.3, any good faith determination by the Administrator pursuant to its authority under this Section 7.2 shall be conclusive and binding on all persons.

7.3 Other Acceleration Rules. The Administrator may override the provisions of Section 7.2 and/or 7.4 by express provision in the award agreement and may accord any Eligible Person a right to refuse any acceleration, whether pursuant to the award agreement or otherwise, in such circumstances as the Administrator may approve. The portion of any ISO accelerated in connection with an event referred to in Section 7.2 (or such other circumstances as may trigger accelerated vesting of the award) shall remain exercisable as an ISO only to the extent the applicable \$100,000 limitation on ISOs is not exceeded. To the extent exceeded, the accelerated portion of the option shall be exercisable as a nonqualified stock option under the Code.

7.4 Golden Parachute Limitation. Notwithstanding anything else contained in this Section 7 to the contrary, in no event shall any award or payment be accelerated under this Plan to an extent or in a manner so that such award or payment, together with any other compensation and benefits provided to, or for the benefit of, the participant under any other plan or agreement of the Company or any of its Subsidiaries, would not be fully deductible by the Company or one of its Subsidiaries for federal income tax purposes because of Section 280G of the Code. If a participant would be entitled to benefits or payments hereunder and under any other plan or program that would constitute “parachute payments” as defined in Section 280G of the Code, then such parachute payments will be reduced or modified so that the Company or one of its Subsidiaries is not denied federal income tax deductions for any “parachute payments” because of Section 280G of the Code in the following order of priority: (i) Full Credit Payments (as defined below) that are payable in cash, (ii) non-cash Full Credit Payments that are taxable, (iii) non-cash Full Credit Payments that are not taxable, (iv) Partial Credit Payments (as defined below), (v) non-cash employee welfare benefits and (vi) options whose exercise price exceeds the fair market value of the underlying shares. In each case, reductions shall be made in reverse chronological order such that the payment or benefit owed on the latest date following the occurrence of the event triggering the parachute payment will be the first payment or benefit to be reduced (with reductions made pro-rata in the event payments or benefits are owed at the same time). For purposes of this Plan, “**Full Credit Payment**” means a payment, distribution or benefit, whether paid or payable or distributed or distributable pursuant to the terms of this Plan or otherwise, that if reduced in value by one dollar reduces the amount of the parachute payment by one dollar, determined as if such payment, distribution or benefit had been paid or distributed on the date of the event triggering the parachute payment. For purposes of this Plan, “**Partial Credit Payment**” means any payment, distribution or benefit that is not a Full Credit Payment. In no event shall a participant have any discretion with respect to the ordering of payment reductions. Notwithstanding the foregoing, if a participant is a party to an employment or other agreement with the Company or one of its Subsidiaries, or is a participant in a severance program sponsored by the Company or one of its Subsidiaries, that contains express provisions regarding Section 280G and/or Section 4999 of the Code (or any similar successor provision), or the applicable award agreement includes such provisions, the Section 280G and/or Section 4999 provisions of such employment or other agreement or plan, as applicable, shall control as to the awards held by that participant (for example, and without limitation, a participant may be a party to an employment agreement with the Company or one of its Subsidiaries that provides for a “gross-up” as opposed to a “cut-back” in the event that the Section 280G thresholds are reached or exceeded in connection with a change in control and, in such event, the Section 280G and/or Section 4999 provisions of such employment agreement shall control as to any awards held by that participant).

8. OTHER PROVISIONS

8.1 Compliance with Laws. This Plan, the granting and vesting of awards under this Plan, the offer, issuance and delivery of Common Shares, and/or the payment of money under this Plan or under awards are subject to compliance with all applicable laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. The person acquiring any securities under this Plan will, if requested by the Company or one of its Subsidiaries, provide such assurances and representations to the Company or one of its Subsidiaries as the Administrator may deem necessary or desirable to assure compliance with all applicable legal and accounting requirements.

No participant shall sell, pledge or otherwise transfer Common Shares acquired pursuant to an award or any interest in such shares except in accordance with the express terms of this Plan and the applicable award agreement. Any attempted transfer in violation of this Section 8 shall be void and of no effect. Without in any way limiting the provisions set forth above, no participant shall make any disposition of all or any portion of Common Shares acquired or to be acquired pursuant to an award, except in compliance with all applicable laws, including applicable securities laws, and unless and until, if applicable:

(a) there is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement;

(b) such disposition is made in accordance with Rule 144 under the Securities Act; or

(c) such participant notifies the Company of the proposed disposition and furnishes the Company with a statement of the circumstances surrounding the proposed disposition, and, if requested by the Company, furnishes to the Company an opinion of counsel acceptable to the Company's counsel, that such disposition will not require registration under the Securities Act and will be in compliance with all applicable laws, including applicable securities laws.

Notwithstanding anything else herein to the contrary, neither the Company or any affiliate has any obligation to register the Common Shares or file any registration statement under any applicable laws, nor does the Company or any affiliate make any representation concerning the likelihood of a public offering of the Common Shares or any other securities of the Company or any affiliate.

8.2 *No Rights to Award.* No person shall have any claim or rights to be granted an award (or additional awards, as the case may be) under this Plan, subject to any express contractual rights (set forth in a document other than this Plan) to the contrary.

8.3 *No Employment/Service Contract.* Nothing contained in this Plan (or in any other documents under this Plan or in any award) shall confer upon any Eligible Person or other person any right to continue in the employ or other service of the Company or one of its Subsidiaries, constitute any contract or agreement of employment or other service or affect an employee's status as an employee at will, nor shall interfere in any way with the right of the Company or one of its Subsidiaries to change a person's compensation or other benefits, or to terminate his or her employment or other service, with or without cause. Nothing in this Section 8.3, however, is intended to adversely affect any express independent right of such person under a separate employment or service contract other than an award agreement.

8.4 *Plan Not Funded.* Awards payable under this Plan shall be payable in shares or from the general assets of the Company, and no special or separate reserve, fund or deposit shall be made to assure payment of such awards. No participant, beneficiary or other person shall have any right, title or interest in any fund or in any specific asset (including Common Shares, except as expressly otherwise provided) of the Company or one of its Subsidiaries by reason of any award hereunder. Neither the provisions of this Plan (or of any related documents), nor the creation or adoption of this Plan, nor any action taken pursuant to the provisions of this Plan shall create, or be construed to create, a trust of any kind or a fiduciary relationship between the Company or one of its Subsidiaries and any participant, beneficiary or other person. To the extent that a participant, beneficiary or other person acquires a right to receive payment pursuant to any award hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

8.5 *Taxes.* As a condition of the grant, exercise, vesting, settlement or payment of any award, or upon the disposition of Common Shares acquired pursuant to any award, the Company or one of its Subsidiaries shall have the right at its option to:

- (a) require the participant (or the participant's permitted transferee, personal representative or beneficiary, as the case may be) to make such arrangements as the Company or one of its Subsidiaries may require for the satisfaction of any applicable tax, including, without limitation, any federal, state, local or foreign tax, withholding, and any other required deductions or payments that may arise in connection with such award, event or payment; or
- (b) to the extent permitted under applicable laws, permit a participant (or the participant's permitted transferee, personal representative or beneficiary, as the case may be) to satisfy all or part of his or her tax, withholding, or any other required deductions or payments by deducting from any shares or amount otherwise payable or distributed pursuant to the award (a "cashless exercise"), or by surrendering shares (either directly or by stock attestation) that he or she previously acquired; provided that, unless specifically permitted by the Company or one of its Subsidiaries, any such deduction must be an approved broker-assisted cashless exercise or the shares withheld in the cashless exercise must be limited to avoid financial accounting charges under applicable accounting guidance and/or any such surrendered shares must have been previously held for any minimum duration required to avoid financial accounting charges under applicable accounting guidance, and any payment of taxes by surrendering shares may be subject to restrictions, including, but not limited to, any restrictions required by rules of the Securities and Exchange Commission.

In addition, the Company may, with the Administrator's approval, accept one or more promissory notes from any Eligible Person in connection with taxes required to be withheld upon the grant, exercise, vesting, settlement or payment of any award under this Plan; provided that any such note shall be subject to terms and conditions established by the Administrator and the requirements of applicable law.

8.6 *Effective Date, Termination and Suspension, Amendments.*

8.6.1 *Effective Date.* The amendment and restatement of this Plan is effective as of October 26, 2018, the date of its approval by the Board (the “Effective Date”). Unless earlier terminated by the Board, this Plan shall terminate at the close of business on the day before the tenth anniversary of the Effective Date. After the termination of this Plan either upon such stated expiration date or its earlier termination by the Board, no additional awards may be granted under this Plan, but previously granted awards (and the authority of the Administrator with respect thereto, including the authority to amend such awards) shall remain outstanding in accordance with their applicable terms and conditions and the terms and conditions of this Plan.

8.6.2 *Board Authorization.* The Board may, at any time, terminate or, from time to time, amend, modify or suspend this Plan, in whole or in part. No awards may be granted during any period that the Board suspends this Plan.

8.6.3 *Shareholder Approval.* To the extent then required by applicable law or any applicable listing agency or required under Sections 422 or 424 of the Code to preserve the intended tax consequences of this Plan, or deemed necessary or advisable by the Board, any amendment to this Plan shall be subject to shareholder approval. Notwithstanding the foregoing, any option “repricing” or similar event shall be subject to prior shareholder approval.

8.6.4 *Amendments to Awards.* Without limiting any other express authority of the Administrator under (but subject to) the express limits of this Plan, the Administrator by agreement or resolution may waive conditions of or limitations on awards to participants that the Administrator in the prior exercise of its discretion has imposed, without the consent of a participant, and (subject to the requirements of Sections 3.2 and 8.6.5) may make other changes to the terms and conditions of awards. Any amendment or other action that would constitute a repricing of an award is subject to the limitations set forth in Section 3.2(g).

8.6.5 *Limitations on Amendments to Plan and Awards* No amendment, suspension or termination of this Plan or amendment of any outstanding award agreement shall, without written consent of the participant, affect in any manner materially adverse to the participant any rights or benefits of the participant or obligations of the Company under any award granted under this Plan prior to the effective date of such change. Changes, settlements and other actions contemplated by Section 7 shall not be deemed to constitute changes or amendments for purposes of this Section 8.6.

8.7 *Privileges of Share Ownership.* Except as otherwise expressly authorized by the Administrator, a participant shall not be entitled to any privilege of share ownership as to any Common Shares not actually delivered to and held of record by the participant. Except as expressly required by Section 7.1 or otherwise expressly provided by the Administrator, no adjustment will be made for dividends or other rights as a shareholder for which a record date is prior to such date of delivery.

8.8 *Governing Law; Construction; Severability.*

8.8.1 *Choice of Law.* This Plan, the awards, all documents evidencing awards and all other related documents shall be governed by, and construed in accordance with the laws of the Cayman Islands.

8.8.2 *Severability.* If a court of competent jurisdiction holds any provision invalid and unenforceable, the remaining provisions of this Plan shall continue in effect.

8.8.3 *Plan Construction.* Rule 16b-3. It is the intent of the Company that the awards and transactions permitted by awards be interpreted in a manner that, in the case of participants who are or may be subject to Section 16 of the Exchange Act, qualify, to the maximum extent compatible with the express terms of the award, for exemption from matching liability under Rule 16b-3 promulgated under the Exchange Act. Notwithstanding the foregoing, the Company shall have no liability to any participant for Section 16 consequences of awards or events under awards if an award or event does not so qualify.

8.9 *Captions.* Captions and headings are given to the sections and subsections of this Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of this Plan or any provision thereof.

8.10 *Share-Based Awards in Substitution for Stock Options or Awards Granted by Other Company* Awards may be granted to Eligible Persons in substitution for or in connection with an assumption of stock options, SARs, restricted shares or other share-based awards granted by other entities to persons who are or who will become Eligible Persons in respect of the Company or one of its Subsidiaries, in connection with a distribution, merger or other reorganization by or with the granting entity or an affiliated entity, or the acquisition by the Company or one of its Subsidiaries, directly or indirectly, of all or a substantial part of the shares or assets of the granting entity or an affiliated entity. The awards so granted need not comply with other specific terms of this Plan, provided the awards reflect only adjustments giving effect to the assumption or substitution consistent with the conversion applicable to the Common Shares in the transaction and any change in the issuer of the security. Any shares that are delivered and any awards that are granted by, or become obligations of, the Company, as a result of the assumption by the Company of, or in substitution for, outstanding awards previously granted by an acquired company or an affiliate thereof (or previously granted by a predecessor employer (or direct or indirect parent thereof) in the case of persons that become employed by the Company or one of its Subsidiaries in connection with a business or asset acquisition or similar transaction) shall not be counted against the Share Limit or other limits on the number of shares available for issuance under this Plan.

- 8.11 *Non-Exclusivity of Plan.*** Nothing in this Plan shall limit or be deemed to limit the authority of the Board or the Administrator to grant awards or authorize any other compensation, with or without reference to the Common Shares, under any other plan or authority.
- 8.12 *No Corporate Action Restriction.*** The existence of this Plan, the award agreements and the awards granted hereunder shall not limit, affect or restrict in any way the right or power of the Board or the shareholders of the Company to make or authorize: (a) any adjustment, recapitalization, reorganization or other change in the capital structure or business of the Company or any Subsidiary, (b) any merger, amalgamation, consolidation or change in the ownership of the Company or any Subsidiary, (c) any issue of bonds, debentures, capital, preferred or prior preference shares ahead of or affecting the capital shares (or the rights thereof) of the Company or any Subsidiary, (d) any dissolution or liquidation of the Company or any Subsidiary, (e) any sale or transfer of all or any part of the assets or business of the Company or any Subsidiary, or (f) any other corporate act or proceeding by the Company or any Subsidiary. No participant, beneficiary or any other person shall have any claim under any award or award agreement against any member of the Board or the Administrator, or the Company or any employees, officers or agents of the Company or any Subsidiary, as a result of any such action.
- 8.13 *Other Company Benefit and Compensation Programs.*** Payments and other benefits received by a participant under an award made pursuant to this Plan shall not be deemed a part of a participant's compensation for purposes of the determination of benefits under any other employee welfare or benefit plans or arrangements, if any, provided by the Company or any Subsidiary, except where the Administrator expressly otherwise provides or authorizes in writing. Awards under this Plan may be made in addition to, in combination with, as alternatives to or in payment of grants, awards or commitments under any other plans or arrangements of the Company or its Subsidiaries.

Supplemental Agreement to ATA Intelligent Learning VIE Agreements

This agreement is entered into and effective on March 19, 2019 in Beijing, People's Republic of China by and between:

- 1) ATA Education Technology (Beijing) Limited (hereinafter referred to as "ATA Education")
- 2) ATA Intelligent Learning (Beijing) Technology Limited (hereinafter referred to as "ATA Intelligent Learning")
- 3) Kevin Xiaofeng Ma, PRC ID No. *****
- 4) Haichang Xiong, PRC ID No. *****

Whereas:

- 1) The parties have entered into the following agreements on March 15, 2018 in connection with the establishment of ATA Intelligent Learning as the VIE entity of the group:
 - Loan Agreements entered into by ATA Education with Kevin Xiaofeng Ma and Haichang Xiong, respectively, with the loan amount of RMB 9 million and RMB 1 million, respectively;
 - Call Option and Cooperation Agreement entered into by and among ATA Education, ATA Intelligent Learning, Kevin Xiaofeng Ma and Haichang Xiong;
 - Equity Interest Pledge Agreements entered into by ATA Education with Kevin Xiaofeng Ma and Haichang Xiong, respectively;
 - Exclusive Technical Consulting and Services Agreement entered into by and between ATA Education and ATA Intelligent Learning; and
 - Powers of Attorney provided by Kevin Xiaofeng Ma and Haichang Xiong to ATA Education, respectively.The agreements listed above are collectively referred to as the "20180315 ATA Intelligent Learning VIE Agreements".
- 2) Due to business development needs, ATA Education intends to increase the registered capital of ATA Intelligent Learning.

Therefore, the parties hereby enter into this supplemental agreement with the terms as below:

1. The registered capital of ATA Intelligent Learning shall increase from RMB 10 million to RMB30 million.
 2. The loan amount that ATA Education provides to Kevin Xiaofeng Ma shall increase from RMB 9 million to RMB 27 million, and the loan amount that ATA Education provides to Haichang Xiong shall increase from RMB 1 million to RMB 3 million.
 3. The provision of the loans by ATA Education to Ma Xiaofeng and Xiong Haichang and the corresponding payments by Ma Xiaofeng and Xiong Haichang of the registered capital of ATA Intelligent Learning could be implemented in batches as decided by ATA Education according to the business development needs of ATA Intelligent Learning.
 4. The other terms of the 20180315 ATA Intelligent Learning VIE Agreements shall remain unchanged and apply to the increased loan amount under this supplemental agreement.
-

5. This supplemental agreement and the 20180315 ATA Intelligent Learning VIE Agreements shall complement each other, and in case there is any conflict, this supplement agreement shall prevail.
6. This supplemental agreement is effective on the date first above written after execution by the parties. This supplemental agreement shall be executed in four counterparts of the same legal effect with each party holding one counterpart.

Certification by the Chief Executive Officer
Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Kevin Xiaofeng Ma, certify that:

1. I have reviewed this annual report on Form 20-F of ATA Inc. (the "Company");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this report;
4. The Company's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Company and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the company, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the Company's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the Company's internal control over financial reporting that occurred during the period covered by the annual report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting; and
5. The Company's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Company's auditors and the audit committee of the Company's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting.

Re: ATA Inc.

April 18, 2019

Dear Sirs,

We are qualified lawyers of the People's Republic of China (the "**PRC**"), for the purpose of this legal opinion (the "**Opinion**"), excluding the Hong Kong Special Administrative Region, Macao Special Administrative Region and Taiwan), and as such are qualified to issue legal opinions on the PRC laws, regulations or rules.

We are acting as the PRC counsel for ATA Inc., an exempted company incorporated in the Cayman Islands with limited liability (the "**Company**"), in connection with the filing of its annual report on Form 20-F (the "**Annual Report**") for the fiscal year ended December 31, 2018 with the U.S. Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended.

In rendering this Opinion, we have examined the originals or copies certified or otherwise identified to our satisfaction, of documents provided to us by the Company and such other documents, corporate records, certificates issued by Governmental Agencies (as defined below) in the PRC, by officers of the Company, and/or by the Group Companies (as defined below) and other instruments (the "**Documents**") as we have considered necessary, advisable or desirable for the purpose of rendering this Opinion. Where certain facts were not or may not be possible to be independently established by us, we have relied upon certificates or statements or representations issued or made by relevant Governmental Agencies of the PRC and the appropriate representatives of the Company and/or the PRC Companies with the proper powers and functions.

In our examination of the Documents and for purpose of rendering this Opinion, we have assumed without further inquiry: (A) the genuineness of all signatures, seals and chops, and the authenticity of all documents submitted to us as originals and the conformity with authentic original documents submitted to us as copies; (B) the Documents as submitted to us remain in full force and effect up to the date of this Opinion, and have not been revoked, amended, revised, modified or supplemented except as otherwise indicated in such Documents; (C) the truthfulness, accuracy, fairness and completeness of Documents as well as all factual statements in the Documents; (D) that all information provided to us by the Company in response to our inquiries for the purpose of this Opinion is true, accurate, complete and not misleading and that the Company has not withheld anything that, if disclosed to us, would reasonably cause us to alter this Opinion in whole or in part; (E) other than in relation to the Control Agreements (as defined below), that all parties have the requisite power and authority to enter into, execute, deliver and perform the Documents to which they are parties; (F) other than in relation to the Control Agreements, that all parties have duly executed, delivered, performed, and will duly perform their obligations under the Documents to which they are parties; and (G) other than in relation to the Control Agreements, that all Documents are legal, valid, binding and enforceable under all such laws as govern or relate to them other than PRC Laws (as defined below).

This Opinion is rendered on the basis of the PRC Laws effective as at the date hereof. We do not purport to be an expert on, generally familiar with, or qualified to express legal opinions based on, any laws other than the PRC Laws. Accordingly, we express no opinion on the laws of any jurisdiction other than the PRC. Furthermore, there is no guarantee that any such PRC Laws will not be changed, amended or replaced in the immediate future or in the longer term with or without retrospective effect.

The following terms as used in this Opinion are defined as follows:

“ATA Education”	means ATA Education Technology (Beijing) Limited (formerly named as ATA Testing Authority (Beijing) Limited), a company incorporated under the PRC Laws of which 100% equity interest is indirectly owned by the Company.
“BVI Subsidiary”	means ATA Testing Authority (Holdings) Limited, a company incorporated under the laws of British Virgin Islands of which 100% equity interest is directly owned by the Company.
“Control Agreements”	means the agreements set forth in Item 4.A of the Annual Report headed “History and Development of the Company — Contractual Arrangements with ATA Intelligent Learning” and as listed in Schedule I of this Opinion.
“Group Companies”	means the Company, BVI Subsidiary, and the PRC Companies.
“Government Agency”	means any competent government authorities, courts, arbitration commissions or regulatory bodies of the PRC.
“Governmental Authorization”	means any approval, consent, permit, authorization, filing, registration, exemption, waiver, endorsement, annual inspection, qualification and license required by the applicable PRC Laws to be obtained from any Government Agency.
“Material Adverse Effect”	means any event, circumstance, condition, occurrence or situation or any combination of the foregoing that has or could be reasonably expected to have a material and adverse effect upon the conditions (financial or otherwise), business, properties or results of operations or prospects of the Group Companies taken as a whole.
“Initial Public Offering”	means the initial public offering of American depositary shares representing the Company’s ordinary shares as described in the prospectus for such offering dated January 28, 2008.

“PRC Laws”	means any and all laws, regulations, statutes, rules, decrees, notices and supreme court’s judicial interpretations currently in force and publicly available in the PRC as of the date hereof.
“PRC Companies”	means the PRC Wholly Owned Subsidiary, and the PRC Subsidiary.
“PRC Subsidiary”	means ATA Intelligent Learning (Beijing) Technology Limited (ATA Intelligent Learning), a company incorporated under the PRC Laws of which 90% of the equity interest is directly owned by Kevin Xiaofeng Ma and 10% of the equity interest is directly owned by Haichang Xiong.
“PRC Wholly Owned Subsidiary”	means ATA Education.

Based on the foregoing, after our due inquiry, we are of the opinion that:

- (i) *Corporate Structure.* The descriptions of the corporate structure of the PRC Companies and the Control Agreements set forth in the “Risk Factors,” “History and Development of the Company— Contractual Arrangements with ATA Intelligent Learning” and “Related Party Transactions” sections of the Annual Report are correct and accurate in all material respects and nothing has been omitted from such descriptions which would make the same misleading in any material respect.

We are of the opinion that, except as disclosed in the Annual Report, (A) the ownership structure of the PRC Companies as described in the Annual Report under the headings “Risk Factors,” “History and Development of the Company— Contractual Arrangements with ATA Intelligent Learning” and “Related Party Transactions” is and has been in compliance with all current PRC Laws; (B) except for the Equity Interest Pledge right under the Equity Interest Pledge Agreements listed in Schedule I (2) and (3) of this Opinion, each of the Control Agreements has been duly executed and delivered by each of the parties thereto and constitutes its or his binding obligations. Once the PRC Companies finish the registration of the Pledge with the AIC in accordance with Section 3.1 of Equity Interest Pledge Agreements, the above mentioned Equity Interest Pledge right will become effective; (C) the contractual arrangements among ATA Education, the PRC Subsidiary and the shareholders of the PRC Subsidiary, established by the Control Agreements, individually and as a whole, are valid, legally binding and enforceable, and will not result in any violation of the PRC Laws currently in effect; and (D) the business operations of the Company and the PRC Companies, as described in the Annual Report, are in compliance with all current PRC Laws in all material aspects.

- (ii) *M&A Rules*. On August 8, 2006, six PRC regulatory agencies, namely, the PRC Ministry of Commerce, the State Assets Supervision and Administration Commission, the State Administration for Taxation, the State Administration for Industry and Commerce, the China Securities Regulatory Commission (the “CSRC”), and the State Administration of Foreign Exchange of the PRC, jointly adopted the Regulations on Mergers and Acquisitions of Domestic Enterprises by Foreign Investors (the “M&A Rules”), which became effective on September 8, 2006 and were amended on June 22, 2009. The M&A Rules purport, among other things, to require offshore special purpose vehicles (the “SPVs”) formed for overseas listing purposes through acquisitions of PRC domestic companies and controlled by PRC companies or individuals, to obtain the approval of the CSRC prior to publicly listing their securities on an overseas stock exchange. On September 21, 2006, pursuant to the M&A Rules and other PRC Laws and regulations, the CSRC, on its official website, promulgated relevant guidance with respect to the issues of listing and trading of PRC domestic enterprises’ securities on overseas stock exchanges, including a list of application materials with respect to the listing on overseas stock exchanges by SPVs.

We are of the opinion that as of the date hereof, the Company was not and is not required under the M&A Rules and other relevant PRC Laws to obtain the approval of the CSRC for the issuance and sale of the American depositary shares representing the Company’s common shares or the listing of the Company’s American depositary shares on Nasdaq in connection with the Initial Public Offering, because (1) the Company established the PRC Wholly Owned Subsidiary as a foreign-invested enterprise by means of direct investment and not through a merger or acquisition of the equity or assets of a “PRC domestic company” as such term is defined under the M&A Rules, and (2) there is no provision in the M&A Rules that clearly classifies contractual arrangements described under “History and Development of the Company— Contractual Arrangements with ATA Intelligent Learning” and “Related Party Transactions” sections of the Annual Report as the type of merger and acquisition transaction falling under the M&A Rules.

This Opinion is rendered to you and is intended to be used in the context which is specifically referred to herein and solely for the benefit of the Company in connection with its Annual Report filing and each paragraph should be looked at as a whole and no part should be extracted and referred to independently.

We hereby consent to the filing of this Opinion with the U.S. Securities and Exchange Commission as an exhibit to the Annual Report and to the use of and references to our name and this Opinion and its contents under the sections headed “Risk Factors” and “Regulation” and other sections of the Annual Report.

Yours faithfully,

/s/ Jincheng Tongda & Neal Law Firm
Jincheng Tongda & Neal Law Firm
