FORM 10-K

ANNUAL REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended: **December 31, 2015**

or

TRANSITION REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

Commission file number: **000-33383**

WIZARD WORLD, INC.

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

98-0357690
(I.R.S. Employer
Identification No.)

2201 Park Place, Suite 101
El Segundo, CA 90245
(Address of principal executive offices)

(310) 648-8410
(Registrant's telephone number, including area code)

Securities registered under Section 12(b) of the Exchange Act: **None**

Securities registered under Section 12(g) of the Exchange Act: **Common Stock, par value \$0.0001 per share**

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definition of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act:

Large accelerated filer	<input type="checkbox"/>	Non-accelerated filer	<input type="checkbox"/>
Accelerated filer	<input type="checkbox"/>	Smaller reporting company	<input checked="" type="checkbox"/>

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The aggregate market value of the voting and non-voting common equity held by non-affiliates of the registrant on June 30, 2015, based on a closing price of \$0.76 was \$14,853,126. As of April 13, 2016, the registrant had 51,368,386 shares of its common stock, par value \$0.0001 per share, outstanding.

Documents Incorporated By Reference: **None.**

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Included in this Annual Report on Form 10-K are “forward-looking” statements, as well as historical information. Although we believe that the expectations reflected in these forward-looking statements are reasonable, we cannot assure you that the expectations reflected in these forward-looking statements will prove to be correct. Our actual results could differ materially from those anticipated in forward-looking statements as a result of certain factors, including matters described in the section titled “Risk Factors.” Forward-looking statements include those that use forward-looking terminology, such as the words “anticipate,” “believe,” “estimate,” “expect,” “intend,” “may,” “project,” “plan,” “will,” “shall,” “should,” and similar expressions, including when used in the negative. Although we believe that the expectations reflected in these forward-looking statements are reasonable and achievable, these statements involve risks and uncertainties and we cannot assure you that actual results will be consistent with these forward-looking statements. Important factors that could cause our actual results, performance or achievements to differ from these forward-looking statements include the following:

- the availability and adequacy of our cash flow to meet our requirements;
- economic, competitive, demographic, business and other conditions in our local and regional markets;
- changes in our business and growth strategy;
- changes or developments in laws, regulations or taxes in the entertainment industry;
- actions taken or not taken by third-parties, including our contractors and competitors;
- the availability of additional capital; and
- other factors discussed under the section entitled “Risk Factors” or elsewhere in this Annual Report.

All forward-looking statements attributable to us are expressly qualified in their entirety by these and other factors. We undertake no obligation to update or revise these forward-looking statements, whether to reflect events or circumstances after the date initially filed or published, to reflect the occurrence of unanticipated events or otherwise unless required by applicable law.

PART I

Item 1. Business.

As used in this Annual Report, “we,” “us,” “our,” “Wizard,” “Company” or “our Company” refers to Wizard World, Inc. and references to “Conventions” refer collectively to Kick the Can Corp. and its predecessors, Wizard Conventions, Inc. and Kicking the Can, L.L.C.

Our Company

We, through our operating subsidiary Conventions, are a producer of pop culture and live multimedia conventions across North America. These live multimedia conventions market and provide a social networking and entertainment venue for popular fiction enthusiasts of movies, TV shows, video games, technology, toys, social networking/gaming platforms, comic books and graphic novels.

Company History

Wizard World, Inc. (f/k/a GoEnergy, Inc.) was incorporated in Delaware on May 2, 2001. The Company was initially involved in oil and gas exploration but ceased operations and abandoned any interests it had in such properties.

On December 7, 2010 (the “Closing Date”), the Company entered into that certain Share Purchase and Share Exchange Agreement (the “Exchange Agreement”) by and among the Company, the former majority stockholder of the Company, Conventions, and shareholders of Conventions, pursuant to which Conventions became a wholly owned subsidiary of the Company.

On August 27, 2014, the Company entered into a Joint Venture and Operating Agreement for a 47.5% interest in CON TV LLC (“CONtv”), a newly formed entity, with Cinedigm Entertainment Corp. (“Cinedigm”), ROAR, LLC (“ROAR”) and Bristol Capital, LLC (“Bristol”). On November 16, 2015, the parties entered into that certain Amended and Restated Operating Agreement, effective as of July 1, 2015, which, among other things, restructured the business relationship between the Company and Cinedigm with respect to the ownership and operation of CONtv. Pursuant to such agreement, the Company has retained a ten percent (10%) membership interest in CONtv.

On December 29, 2014, the Company and a member of the Board of Directors (the “Board”) of the Company formed Wiz Wizard, LLC (“Wiz Wizard”) in the State of Delaware. On February 4, 2016, the member of the Board assigned his fifty percent (50%) membership interest to the Company. Consequently, Wiz Wizard is a wholly-owned subsidiary of the Company.

On April 10, 2015, the Company and a third-party formed ButtaFyngas, LLC (“ButtaFyngas”) in the State of Delaware. The Company owns fifty percent (50%) of the membership interests.

Our executive offices are located at 2201 Park Place, Suite 101, El Segundo, CA 90245 and our telephone number is (310) 648-8428.

Business Overview

Our Company produces pop culture and live multimedia conventions (“Comic Conventions”) across North America that provide a social networking and entertainment venue for popular fiction enthusiasts of movies, TV shows, video games, technology, toys, social networking/gaming platforms, comic books, and graphic novels. These Comic Conventions provide venues to entertainment companies, toy companies, gaming companies, publishing companies, and retailers for their sales, marketing, promotions, public relations, advertising and sponsorships efforts.

Conventions

Conventions has been producing comic conventions since July 1997.

In 2015, Conventions produced 25 Comic Conventions in the following North American cities: (i) Portland, OR; (ii) New Orleans, LA; (iii) Madison, WI; (iv) Indianapolis, IN; (v) Cleveland, OH; (vi) Chicago, IL (2 events); (vii) Raleigh, NC; (viii) Las Vegas, NV; (ix) Minneapolis, MN; (x) Philadelphia, PA; (xi) St Louis, MO; (xii) Greenville, SC; (xiii) Des Moines, IA; (xiv) Sacramento, CA; (xv) Richmond, VA; (xvi) San Jose; (xvii) Columbus, OH; (xviii) Pittsburgh, PA; (xix) Nashville, TN; (xx) Ft Lauderdale, FL; (xxi) Tulsa, OK; (xxii) Austin, TX; (xxiii) Louisville, KY; (xiv) Reno, NV; and (xv) China.

Conventions currently holds the production rights to the following 13 conventions: (i) Atlanta Comic Convention (Atlanta, GA); (ii) Big Apple Comic Convention (New York, NY); (iii) Cincinnati Comic Convention (Cincinnati, OH); (iv) Connecticut Comic Convention (Hartford, CT); (v) Nashville Comic Convention (Nashville, TN); (vi) New England Comic Convention (Boston, MA); (vii) North Coast Comic Convention (Akron, OH); (viii) Toronto Comic Convention (Toronto, Ontario); (ix) Nola Comic Convention (New Orleans, LA); (x) Central Canada Comic Convention (Winnipeg, Manitoba); (xi) San Antonio Comic Convention (San Antonio, TX); (xii) Houston Comic Convention (Houston, TX); and (xiii) Mid-Ohio Comic Convention (Columbus, OH). We organically developed the Comic Conventions in Miami, FL; Anaheim, CA; Austin, TX; Philadelphia, PA; Chicago, IL; Portland OR; and St Louis, MO.

We receive revenue from our Comic Conventions in three (3) ways, namely from (i) consumer admissions; (ii) exhibitor booth sales; and (iii) national and/or regional sponsorships. Each Comic Convention varies in cost to produce. Production costs vary based on the size and scope of the production. Generally, our production costs range from approximately \$350,000 for a smaller scale production to over \$2,500,000 for a larger production.

The Company's plan for 2016 is to focus the Wizard World tour on the following shows: (i) Portland, OR; (ii) New Orleans, LA; (iii) Cleveland, OH; (iv) Las Vegas, NV; (v) St. Louis, MO; (vi) Madison, WI; (vii) New York, NY; (viii) Minneapolis, MN; (ix) Philadelphia, PA (2 events); (x) Des Moines, IA; (xi) Sacramento, CA; (xii) Richmond, VA; (xiii) Columbus, OH; (xiv) Pittsburgh, PA; (xv) Chicago, IL; (xvi) Austin, TX; (xvii) Tulsa, OK; and (xviii) Wizard World Cruise on the Norwegian Sky from Miami to Nassau, Bahamas.

Our target audience includes both men and women aged 18-55, and families of all ages who are active consumers of many types of entertainment and media, such as movies, music, toys, video games, apps, consumer electronics, computers, and lifestyle products (e.g. clothes, footwear, digital devices, and mobile phones).

CONtv

CONtv is a new digital network devoted to passionate fans of pop culture entertainment as it will provide consumers access to thousands of hours of exclusive content showcasing an original slate of programming as well as a vast digital catalog of over 1,200 must-watch titles, including, but not limited to, original series, cult television shows and genre movies encompassing sci-fi, horror, fantasy, anime, grindhouse, martial arts action, and more, to live coverage of events at the cons— all available on-demand either in a free, ad-supported format or a low cost, subscription-based model of \$6.99/month for premium content. CONtv is a partnership with Cinedigm, one the nation's largest independent distributor of digital entertainment.

CONtv, is a multi-platform OTT service geared toward the Comic Convention community, and is available to consumers as of March 2015. The digital service will bring fans their favorite films, television series, comics, behind the scenes access to the Conventions and more. CONtv will be offered as a free ad-supported platform as well as a subscription which will include content exclusives, audience rewards, a dynamic social viewing experiences, and ticketing bundle opportunities for fans planning to attend the Conventions. CONtv will be providing over 1600 hours of programming available across a wide spectrum of devices including Roku, Apple iOS, Android, Xbox, Samsung, Smart TV, mobile, and tablet devices.

ConBox

In April 2015, the Company through its subsidiary, Wiz Wizard, launched ComicConBox ("ConBox"). ConBox is a subscription-based premium monthly box service featuring collectibles, exclusives, toys, tech and gaming, licensed artwork, superior comics and apparel, Comic Convention admissions, special VIP discounts and more, which will be shipped on or around the end of every month. The Company plans to continue to partner with major Comic Convention related brands and celebrities to deliver a high quality and variation of products directly to the front doors of its subscribers.

Digital Media

We produce a number of digital media properties, including our website www.wizardworld.com, emails, newsletters, Facebook, YouTube, Twitter, Instagram, Flickr and Tumblr to create awareness of our Comic Conventions and provide updates to our fans and consumers. To a large extent we also use our website www.wizardworld.com to provide a source for the latest Wizard World news and information. While there is little or no direct revenue derived from these properties, the indirect benefit supports sales functions of all the events (dealer and exhibitor booths, admissions, sponsorships), as well as helping us secure additional, more sought after, and higher profile talent. This in turn, helps additional admissions, booth sales and sponsorships.

The Company maintains an email list consisting of all our current and active users. This is a primary driver of information dissemination, along with Facebook, Instagram and Twitter. YouTube is mainly used as brand awareness, as information is posted after an event, which helps to generate excitement at future events. Because we are a tour, this is essential to creating excitement for all our cities, not just a single event.

With Facebook, all of our attending artists and celebrities are given unique links announcing their involvement in our events. This helps generate excitement among their existing fan base (and ours) and can create a sense of community and groundswell of support for the show. Once we establish a critical mass of people, the shows can become part of the fabric of the community where people anticipate the event months and sometimes even a full year in advance. This retention is essential to our sales process. Procuring new and timely talent helps generate new customers, as well as the word of mouth of previous attendees. Much of this is achieved via email, Facebook, Twitter, and www.wizardworld.com.

Unlike many live events (sports, concerts, etc.), where attendees are spectators (even if they are a part of a community at large), at our events the attendees are participants in the events. This atmosphere creates a greater amount of user generated content for Facebook, Twitter, Instagram and YouTube. For instance, we always notice an uptick among Facebook “Likes” in profile pic changes on Facebook the days during and after our events featuring the celebrities and Photo Ops from our events. This is a non-paid form of free advertising. Social networks such as Facebook and Twitter are a perfect marriage for these types of event photos.

Strategy

Our objective is to use our Comic Conventions and Wizard World Digital, Inc. (“Digital”) to become the voice for pop culture enthusiasts across multiple media platforms. Key elements of our strategy include:

- producing high quality live multimedia events across North America for promotion of consumer products and entertainment;
- leveraging the content created and generated at the live multimedia events to enter the media market and distribute the content in digital media such as websites, apps, emails, newsletters, Facebook, Twitter, Flickr, Tumblr, Instagram and YouTube, among others; and
- obtaining sponsorships and promotions from media and entertainment companies for the Comic Conventions, including:
 - expanding our relationships with entertainment and media companies; and
 - forming strategic relationships with new media and entertainment companies to promote their products.

In addition, the Company plans to produce a live music concert series with well-known emerging and known artists at many of its Comic Conventions. Admissions to the concerts will be sold separately from the admission to the Comic Convention.

We receive revenue from our Comic Conventions in three (3) ways, namely from (i) consumer admissions; (ii) exhibitor booth sales; and (iii) national and/or regional sponsorships. Our business plan is to generate additional revenues from advertising sales on all of Digital’s media properties. We began realizing revenue from our digital properties during the fourth quarter of 2011. We expect that digital media revenues will primarily be earned through offering advertisers the ability to place banner ads on our digital media properties, priced on a standard cost-per-thousand (“CPM”) basis.

Sponsorships and Advertising

We sell sponsorship and advertising opportunities to businesses seeking to reach our core target audience of active entertainment consumers, with a particular focus on men and women aged 18 to 55 and young families.

Sponsorships

We provide sponsorship opportunities that allow advertisers a wide range of promotional vehicles on-site and through our public relations efforts. For example, we offer advertisers the ability to (i) display signage at the Comic Conventions, (ii) include their desired logos on all direct mail that is sent in connection with one or more Comic Conventions, (iii) be included in press releases to the media, (iv) obtain sponsor tags on the radio spots or in the print or online ads where we advertise, and (v) obtain advertising space in our digital media. We also provide the opportunity for advertisers to sponsor events at the Comic Conventions like costume contests or gaming tournaments and the ability to have “step-and-repeats” for photo opportunities, meet and greets with celebrities, VIP packages, and “goody” bag giveaways. Sponsors pay a fee based upon the position of their advertising media and the exposure it will receive. Specifically, the closer a sponsor is to the entrance of the Comic Convention, the more exposure such sponsor will receive as a greater number of Comic Convention attendees will view the sponsor’s product and/or services. Therefore, the rental fee for space at our Comic Conventions is more expensive if the space is closer to the entrance.

Promotions

Promotional opportunities include product placement and brand associations on-site at the Comic Conventions. As our brand grows, we hope to earn revenues by co-promoting, for example, a movie at one of our Comic Conventions, with entertainment and media companies and brands seeking to benefit from the popularity of the Comic Conventions and the exposure received from appearing at them. We have not and do not enter into formal agreements with respect to co-promotion with other parties.

Digital Media

We produce a number of digital media properties, including our website www.wizardworld.com, emails, newsletters, Facebook, YouTube, Twitter, Flickr, Instagram, and Tumblr to create awareness of our Comic Conventions and provide updates to our fans and consumers. To a large extent we also use our website www.wizardworld.com to provide a source for the latest Comic Convention news and information. Display advertising is offered to brand advertisers across all our digital media properties, priced on a traditional CPM basis.

Marketing

Our Comic Conventions are marketed through a variety of media outlets, including social media, websites, public relations, television, radio, direct mail, email, flyers, and postcards. Our Comic Conventions usually obtain publicity through coverage of the events at our Comic Conventions from local TV stations, radio stations, newspapers, national press such as the Associated Press and Reuters, fan websites, blogs, and social network channels such as Twitter, Facebook, Flickr, and Tumblr. In certain instances, we do not pay for advertising because we can provide desirable content to media outlets. For example, we typically invite the local TV stations to our Comic Conventions so that they can interview the celebrities featured at our Comic Conventions. As a result, we receive free TV coverage and the TV stations obtain content for their shows. In addition, we arrange for celebrities to call into local radio stations. As a result, we receive on-air promotion of our events and the radio station reaches a larger audience who want to tune in to hear our celebrities. We also receive on-air promotion by exchanging air time for admission giveaways to our Comic Conventions. With respect to the internet and online advertising, we advertise throughout our website www.wizardworld.com about the upcoming Comic Conventions. We also send out emails to our fans on a regular basis. In addition, we send out direct mail postcards, print flyers and postcards in each city where we hold a Comic Convention, which are handed out at local events, retailers and public gatherings. As a result, we believe that we are cost effective when it comes to how we spend our advertising dollars.

We are consistently creating and developing new content to distribute to our fans via all of the digital outlets we have developed.

Trademarks and Copyrights

We have a portfolio of trademarks and service marks and maintain a catalog of copyrighted works. Such marks include Wizard World, Where Pop FI Comes to Life and Wizard World Girls. We do not consider our service marks and trademarks to be significant to our business.

Regulation

Typically, we do not have to obtain permits to operate the Comic Conventions. The convention centers at which such events occur obtain any required permits and cover fire safety and occupancy matters as part of the rental agreement. Crowd control varies by location and is either provided by the convention center's personnel or by a third party security service recommended by the convention center. The convention centers do, however, require liability insurance, which Conventions has obtained and maintained.

Customers

Our client base is diverse. We have access to some of what we consider to be the leading movie studios, video game producers, comic book publishers, television broadcasters, and toy manufacturers. These customers are potential exhibitors and sponsors of our Comic Conventions. In addition, our digital media business will provide sales opportunities across the Fortune 1000 corporate sector, as these brand advertisers look to leverage our media properties to target our age 18-55 and all families target audience.

No single advertiser, promoter or sponsor comprises a significant portion of our revenues.

Competition; Competitive Strengths

In the live, regionally-based consumer conventions market, the strength of a competitor is measured by the location and size of the region or city, the frequency of live events per year, the guest and VIP list (e.g. celebrities and artists), the number of paying attendees, the physical size of the convention, the extent of the public relations outreach (through traditional media, digital media and social media), and the quantity and quality of exhibitors and dealers. We believe that we have a strong competitive position because our Comic Conventions take place in well-known major cities in North America throughout the year. Our multiple conventions per year enable us to market our events year round, create a large amount of content that can be distributed through our digital media outlets, and market in not only the regional consumer areas, but nationally as well. The multiple locations also allow us to work with more celebrities, artists and writers and host them in multiple cities.

There are a number of Comic Convention providers that produce events across the country. We are unique in that we produce more events annually than any other organization. We reach coast-to-coast, north-to-south markets in the United States. We believe that creates an advantage over other event producers because our Comic Conventions are not limited to one city, but rather to several well-known cities across North America.

We also believe that we have an edge over competitors because our Comic Conventions are well known and well respected in the Comic Convention and pop culture world. We have a reputation among fans, exhibitors, and celebrities for producing high-quality and well attended events.

Sales Channels and Pricing Policies

We have outsourced our admission sales to an online admission service, thereby eliminating the need to mail physical badges. Consumers can order online, print out their barcoded receipt, come to the show, have the receipt scanned and receive a wristband for entry. In addition, consumers may have the barcode scanned on his or her cell phone at the show and receive a wristband for entry. The Company also sells wristbands on-site at the live events themselves. We offer a five dollar discount on the purchase price of our admission to those who pre-purchase online as compared to those who purchase on-site at the Comic Convention. Admission typically ranges from \$35 for a single day pass to \$95 for a general weekend pass. Entry of children ten years old and under is free at all Comic Conventions.

Across all our digital media properties, display advertising is offered to brand advertisers, priced on a traditional CPM basis.

Sales and Marketing Strategy

We promote our Comic Conventions through a wide variety of media outlets, such as local radio and TV stations, newspapers, fan websites, and blogs. We also use online social networks such as Facebook, Twitter, Instagram, YouTube, Flickr, and Tumblr, to reach our fans and provide updates. Further, we promote our Comic Conventions on our website www.wizardworld.com and through our email database. We currently sell to prospective corporate sponsors and advertisers through our direct sales force. In 2013, we augmented our direct sales force through the utilization of third party representation firms and digital ad networks to help sell display advertising on our digital properties. We plan to continue to do so.

Growth Strategy

We plan to organically develop new Comic Conventions and increase the revenues of our existing Comic Conventions by adding more dealers, exhibitors, celebrities, panels, gaming tournaments, and VIPs to our Comic Conventions. Additionally, we are focused on increasing revenues through increasing corporate sponsorships with national Fortune 500 marketers by allowing these advertisers a wide range of promotional vehicles, both on-site and through our digital media and online offerings. We believe that we will be able to further maximize our relationships with our existing dealers, exhibitors, celebrities, and VIPs while, at the same time, developing new relationships with national brand marketers looking to connect with our growing audiences.

The Wizard World Comic Convention digital marketing platform extends across online and social media outlets with a growth strategy that is fueled by continually producing content for and harnessing content from the growing Comic Convention consumers. For example, the platform includes: (i) the websites www.wizardworld.com and www.wizardworlddigital.com, (ii) our Facebook page, www.facebook.com/wizardworld, (iii) Twitter at www.twitter.com/wizardworld, (iv) video social websites such as www.youtube.com/wizardworld, and (v) Instagram at www.instagram.com/wizardworld. Across the various outlets, the Company covers new and upcoming products and talents in the pop culture world, in order to distribute the large amount of content we create from our live events. Through the distribution of our content via digital media, we offer advertisers the ability to display their sponsorship messages in immersive and integrated ways, including, but not limited to, our large e-mail database of fans. Through sales of everything from digital display advertising space on our digital media properties, to title sponsorship positioning on key aspects for the live events, we plan to generate new forms of sponsorship revenues and thus strengthen our financial condition.

Employees

We currently have forty-two full-time equivalent employees. Additionally, we engage three freelance consultants to operate our Comic Convention business.

Where You Can Find More Information

Our website address is www.wizardworld.com. We do not intend our website address to be an active link or to otherwise incorporate by reference the contents of the website into this Report. The public may read and copy any materials the Company files with the U.S. Securities and Exchange Commission (the "SEC") at the SEC's Public Reference Room at 100 F Street, NE, Washington, DC 20549. The public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0030. The SEC maintains an Internet website (<http://www.sec.gov>) that contains reports, proxy and information statements and other information regarding issuers that file electronically with the SEC.

Item 1A. Risk Factors.

Risks Relating to our Company

If we need additional capital to fund our growing operations, we may not be able to obtain sufficient capital and may be forced to limit the scope of our operations.

As we implement our growth strategies, we may experience increased capital needs. We may not, however, have sufficient capital to fund our future operations without additional capital investments. If adequate additional financing is not available on reasonable terms or at all, we may not be able to carry out our corporate strategy and we would be forced to modify our business plans (e.g., limit our expansion, limit our marketing efforts and/or decrease or eliminate capital expenditures), any of which may adversely affect our financial condition, results of operations and cash flow. Such reduction could materially adversely affect our business and our ability to compete.

Our capital needs will depend on numerous factors, including, without limitation, (i) our profitability, (ii) our ability to respond to a release of competitive products by our competitors, and (iii) the amount of our capital expenditures, including acquisitions. Moreover, the costs involved may exceed those originally contemplated. Cost savings and other economic benefits expected may not materialize as a result of any cost overruns or changes in market circumstances. Failure to obtain intended economic benefits could adversely affect our business, financial condition and operating performances.

We need to manage growth in operations to maximize our potential growth and achieve our expected revenues. Our failure to manage growth can cause a disruption of our operations that may result in the failure to generate revenues at levels we expect.

In order to maximize potential growth in our current markets, we may have to expand our operations. Such expansion will place a significant strain on our management and our operational, accounting, and information systems. We expect that we will need to continue to improve our financial controls, operating procedures and management information systems. We will also need to effectively train, motivate, and manage our employees. Our failure to manage our growth could disrupt our operations and ultimately prevent us from generating the revenues we expect.

Insiders have substantial control over us, and they could delay or prevent a change in our corporate control even if our other stockholders want it to occur.

As of the date of this filing, our executive officers, directors, and principal stockholders who beneficially own 5% or more of our outstanding common stock, own in the aggregate, approximately 61.97% of our outstanding common stock. These stockholders are able to exercise significant control over all matters requiring stockholder approval, including the election of directors and approval of significant corporate transactions. This could delay or prevent an outside party from acquiring or merging with our Company even if our other stockholders want it to occur.

Our Certificate of Incorporation provides for indemnification of officers and directors at our expense and limits their liability, which may result in a major cost to us and hurt the interests of our stockholders because corporate resources may be expended for the benefit of officers and/or directors.

Our Certificate of Incorporation and applicable Delaware law provide for the indemnification of our directors and officers against attorney's fees and other expenses incurred by them in any action to which they become a party arising from their association with or activities on our behalf. This indemnification policy could result in substantial expenditures by us that we will be unable to recoup.

We have been advised that, in the opinion of the SEC, indemnification for liabilities arising under federal securities laws is against public policy as expressed in the Securities Act of 1933, as amended (the "Securities Act"), and is, therefore, unenforceable. In the event that a claim for indemnification for liabilities arising under federal securities laws, other than the payment by us of expenses incurred or paid by a director, officer or controlling person in the successful defense of any action, suit or proceeding, is asserted by a director, officer or controlling person in connection with the securities being registered, we will (unless in the opinion of our counsel, the matter has been settled by controlling precedent) submit to a court of appropriate jurisdiction, the question whether indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue. The legal process relating to this matter, if it were to occur, is likely to be very costly and may result in us receiving negative publicity, either of which factors is likely to materially reduce the market and price for our shares if such a market ever develops.

Risks Related to our Business and Industry

General

We may not be able to prevent others from using our intellectual property, and may be subject to claims by third parties that we infringe on their intellectual property.

We regard the content that we plan to distribute via digital media to be important to our success. We plan to rely on non-disclosure and other contractual provisions to protect our proprietary rights. We may also try to protect our intellectual property rights by, among other things, searching the Internet to detect unauthorized use of our intellectual property.

However, policing the unauthorized use of our intellectual property is often difficult and any steps we take may not, in every case, prevent the infringement by unauthorized third parties. Further, there can be no assurance that our efforts to enforce our rights and protect our intellectual property will be successful. We may need to resort to litigation to enforce our intellectual property rights, which may result in substantial costs and diversion of resources and management attention.

Further, although management does not believe that our products and services infringe on the intellectual rights of others, there is no assurance that we will not be the target of infringement or other claims. Such claims, even if not true, could result in significant legal and other costs and may be a distraction to our management or interrupt our business.

We encounter competition in our business, and any failure to compete effectively could adversely affect our results of operations.

We anticipate that our competitors will continue to expand and seek to obtain additional market share with competitive price and performance characteristics. Aggressive expansion of our competitors or the entrance of new competitors into our markets could have a material adverse effect on our business, results of operations and financial condition.

If we do not compete successfully against new and existing competitors, we may lose our market share, and our operating results may be adversely affected.

We compete with other advertising service providers that may reach our target audience by means that are more effective than our Comic Conventions and digital media. Further, if such other providers of advertising have a long operating history, large product and service suites, more capital resources and broad international or local recognition, our operating results may be adversely affected if we cannot successfully compete.

Our future success depends upon, in large part, our continuing ability to attract and retain qualified personnel.

Expansion of our business and operation may require additional managers and employees with industry experience, in which case our success will be dependent on our ability to attract and retain experienced management personnel and other employees. There can be no assurance that we will be able to attract or retain qualified personnel. Competition may also make it more difficult and expensive to attract, hire and retain qualified managers and employees. If we fail to attract, train and retain sufficient numbers of the qualified personnel, our prospects, business, financial condition and results of operations will be materially and adversely affected.

Comic Convention Business

If we do not maintain and develop our Wizard World Comic Convention brand and those of our strategic partners, we will not be able to attract an audience to the Comic Conventions.

We attract audiences and advertisers partly through brand name recognition. We believe that establishing, maintaining and enhancing our portfolio of Comic Conventions and the brands of our strategic partners will enhance our growth prospects. The promotion of our Wizard World Comic Convention brand and those of our strategic partners will depend largely on our success in maintaining a sizable and loyal audience, providing high-quality content and organizing effective marketing programs. If we fail to meet the standards to which our consumers are accustomed, our reputation will be harmed and we may lose market share.

Our future success depends on attracting sponsors and pop culture advertisers who will advertise at our Comic Conventions. If we fail to attract a sufficient number of sponsors and pop culture advertisers, our operating results and revenues may not meet expectations.

One of our important strategies is to create an integrated platform of tours on which sponsors and pop-culture advertisers wishing to reach our young male target audience may advertise. However, advertisers may find that our targeted demographic does not consist of their desired consumers or a critical mass of consumers, decide to use a competitor's services or decide not to use our services for other reasons. If the sponsors and pop-culture advertisers decide against advertising with us, we may not realize our growth potential or meet investor expectations. Our future operating results and business prospects could be adversely affected.

We may not be able to respond to changing consumer preferences and our sales may decline.

We operate in markets that are subject to change, including changes in customer preferences. New fads, trends and shifts in pop culture could affect the type of live events customers will attend or the products consumers will purchase. Content in which we have invested significant resources may fail to meet consumer demand at the time. A decrease in the level of media exposure or popularity of the pop culture market or a loss in sales could have a material adverse effect on our business, prospects and financial condition.

We rely on key contracts and business relationships, and if our current or future business partners or contracting counterparties fail to perform or terminate any of their contractual arrangements with us for any reason or cease operations, or should we fail to adequately identify key business relationships, our business could be disrupted and our reputation may be harmed.

If any of our business partners or contracting counterparties fails to perform or terminates their agreement(s) with us for any reason, or if our business partners or contracting counterparties with which we have short-term agreements refuse to extend or renew the agreement or enter into a similar agreement, our ability to carry on operations and cross-sell sales and marketing services among different platforms may be impaired. In addition, we depend on the continued operation of our long-term business partners and contracting counterparties and on maintaining good relations with them. If one of our long-term partners or counterparties is unable (including as a result of bankruptcy or a liquidation proceeding) or unwilling to continue operating in the line of business that is the subject of our contract, we may not be able to obtain similar relationships and agreements on terms acceptable to us or at all. If a partner or counterparty fails to perform or terminates any of the agreements with us or discontinues operations, and we are unable to obtain similar relationships or agreements, such events could have an adverse effect on our operating results and financial condition. Further, if we are unable to timely produce our Comic Conventions or produce the same quality of Comic Conventions to which our target demographic has been accustomed, the consequences could be far-reaching and harmful to our reputation, existing business relationships and future growth potential.

We may also need to form new strategic partnerships or joint ventures to access appropriate assets and industry know-how. Failing to identify, execute and integrate such future partnerships or joint ventures may have an adverse effect on our business, growth, financial condition, and cash flow from operations.

Our future success depends on attracting high profile celebrities and VIPs to our Comic Conventions. If we fail to attract such celebrities and VIPs, our attendance may suffer and our operating results and revenues may be adversely impacted.

Our ability to maintain our competitive position will be dependent on attracting high profile celebrities and VIPs to attend our Comic Conventions. We attract our audience by providing opportunities to meet some of their favorite celebrities. The failure of the Company to attract such high profile celebrities and VIPs may hurt the attendance at our Comic Conventions and as a result, our operations results and revenues may be adversely impacted.

CONtv

The Company has spent significant amounts to obtain and provide content and infrastructure for distribution of content on CONtv which launched in March 2015. If the Company fails to monetize its efforts, such costs could have a material adverse effect on our operating results.

The Company has spent a significant amount to develop and launch CONtv. Any and all such costs, if not more than offset by revenues from CONtv, could have a material adverse effect on our business and operating results.

ConBox

We may be unable to predict subscription renewal rates and the impact these rates may have on our future revenue and operating results.

Our subscribers have no obligation to renew their subscriptions for our services after the expiration of their initial subscription period, and some subscribers may elect not to renew. We cannot provide assurance that our subscriptions will be renewed. We cannot provide assurance that we will be able to accurately predict future subscriber renewal rates. Our subscribers' renewal rates may decline or fluctuate as a result of a number of factors, including their level of satisfaction with our services, our ability to continue to provide unique and valuable content, the reliability of our subscription services, the prices of our services, the prices of services offered by our competitors, reductions in our customers' spending levels, or declines in customer activity as a result of economic downturns or uncertainty in financial markets. We will need to add new subscribers to replace subscribers who cancel in order to grow our business. If we do not attract subscribers, if too many of our subscribers cancel our service, or if we are unable to attract new subscribers in sufficient numbers, our financial outlook, liquidity, business and operating results would be adversely affected.

If we fail to maintain or establish a positive reputation with subscribers concerning our service, including the content we deliver, we may not be able to attract or retain subscribers, and our operating results may be adversely affected.

We believe that a positive reputation with subscribers of ConBox is important in attracting and retaining subscribers. To the extent our content is perceived as low quality or otherwise not compelling to subscribers, our ability to establish and maintain a positive reputation may be adversely impacted. Furthermore, to the extent our marketing, and customer service efforts are not effective or result in negative consumer reaction, our ability to establish and maintain a positive reputation may likewise be adversely impacted.

Digital Media

We could face a variety of risks of expanding into a new business.

Risks of our entry into the new business line of digital media, include, without limitation: (i) potential diversion of management's attention and other resources, including available cash, from our existing businesses; (ii) unanticipated liabilities or contingencies; (iii) the need for additional capital and other resources to expand into this new line of business; and (iv) inefficient combination or integration of operational and management systems and controls. Entry into a new line of business may also subject us to new laws and regulations with which we are not familiar, and may lead to increased litigation and regulatory risk. Further, our business model and strategy are still evolving and are continually being reviewed and revised, and we may not be able to successfully implement our business model and strategy. We may not be able to attract a sufficiently large number of audience or customers, or recover costs incurred for developing and marketing these products or services. If we are unable to successfully implement our growth strategies, our revenue and profitability may not grow as we expect, our competitiveness may be materially and adversely affected, and our reputation and business may be harmed.

In developing and marketing the new business of digital media, we may invest significant time and resources. Initial timetables for the introduction and development of our digital media business may not be achieved and price and profitability targets may not prove feasible. Furthermore, any new line of business could have a significant impact on the effectiveness of our system of internal controls. Failure to successfully manage these risks in the development and implementation of our new digital media business could have a material adverse effect on our business, results of operations and financial condition.

We will face significant competition in the digital media business. If we fail to compete effectively, we may lose users to competitors, which could materially and adversely affect our ability to generate revenues from online advertising.

We will face significant competition for online advertising revenues with other websites that sell online advertising services. In addition, we indirectly compete for advertising budgets with traditional advertising media, such as television and radio stations, newspapers and magazines, and major out-of-home media. Some of our competitors may have longer operating histories and significantly greater financial, technical and marketing resources than we do, and in turn may have an advantage in attracting and retaining users and advertisers.

Risks Relating to Being a Public Company

We will incur significant costs to ensure compliance with United States corporate governance and accounting requirements.

We will incur significant costs associated with our public company reporting requirements and costs associated with corporate governance requirements, including requirements under the Sarbanes-Oxley Act of 2002 and other rules implemented by the SEC. We expect all of these applicable rules and regulations to significantly increase our legal and financial compliance costs and to make some activities more time consuming and costly. We also expect that these applicable rules and regulations may make it more difficult and more expensive for us to obtain director and officer liability insurance and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, it may be more difficult for us to attract and retain qualified individuals to serve on the Board or as executive officers. We may be wrong in our prediction or estimate of the amount of additional costs we may incur or the timing of such costs.

If we fail to maintain an effective system of internal control over financial reporting, our ability to accurately and timely report our financial results or prevent fraud may be adversely affected and investor confidence may be adversely impacted.

As directed by Section 404 of the Sarbanes-Oxley Act of 2002, or SOX 404, the SEC adopted rules requiring public companies to include a report of management on the Company's internal controls over financial reporting in their annual reports. Under current SEC rules, our management may conclude that our internal controls over our financial reporting are not effective. Even if our management concludes that our internal controls over financial reporting are effective, our independent registered public accounting firm may issue a report that is qualified if it is not satisfied with our controls or the level at which our controls are documented, designed, operated or reviewed, or if it interprets the relevant requirements differently from us. In the event that we are unable to have effective internal controls, investors and others may lose confidence in the reliability of our financial statements and our ability to obtain equity or debt financing as needed could suffer.

In addition, failure to implement required new or improved controls, or difficulties encountered in their implementation, could harm our operating results or cause us to fail to meet our reporting obligations. If we or our independent registered public accounting firm identify material weaknesses, the disclosure of that fact, even if quickly remedied, could reduce the market's confidence in our financial statements and harm our stock price. In addition, if we are unable to continue to comply with Section 404, our non-compliance could subject us to a variety of administrative sanctions, including the inability of registered broker-dealers to make a market in our common stock, which could reduce our stock price.

Risks Related To Our Industry

A continued decline in general economic conditions and disruption of financial markets may, among other things, reduce the discretionary income of consumers or further erode advertising markets, which could adversely affect our business.

Our operations are affected by general economic conditions, which affect consumers' disposable income. The demand for entertainment and leisure activities tends to be highly sensitive to the level of consumers' disposable income. Declines in general economic conditions could reduce the level of discretionary income that our fans and potential fans have to spend on consumer products and entertainment, which could adversely affect our revenues. Volatility and disruption of financial markets could limit our advertisers', sponsors', and/or promoters' ability to obtain adequate financing to maintain operations, and result in a decrease in sales volume that could have a negative impact on our business, financial condition and results of operations. Continued softness in the market could adversely affect our revenues or the financial viability of our distributors.

The advertising market is particularly volatile and we may not be able to effectively adjust to such volatility.

Advertising spending is volatile and sensitive to changes in the economy. Our advertising customers may reduce the amount they spend on our media for a number of reasons, including, without limitation:

- a downturn in economic conditions;
- a deterioration of the ratings of their programs; or
- a decline in advertising spending in general.

We may be unable to maintain or increase our advertising fees and sales, which could negatively affect our ability to generate revenues in the future. A decrease in demand for advertising in general, and for our advertising services in particular, could materially and adversely affect our operating results.

Risks Related To Our Securities

Our common stock is quoted on the OTCBB and OTCQB, which may have an unfavorable impact on our stock price and liquidity.

Our common stock is quoted on the OTCBB and OTCQB. The quotation of our shares on the OTCBB and OTCQB may result in a less liquid market available for existing and potential stockholders to trade shares of our common stock, could depress the trading price of our common stock and could have a long-term adverse impact on our ability to raise capital in the future.

There is limited liquidity on the OTCBB and OTCQB, which enhances the volatile nature of our equity.

When fewer shares of a security are being traded on the OTCBB and OTCQB, volatility of prices may increase and price movement may outpace the ability to deliver accurate quote information. Due to lower trading volumes in shares of our common stock, there may be a lower likelihood that orders for shares of our common stock will be executed, and current prices may differ significantly from the price that was quoted at the time of entry of the order.

Our stock price is likely to be highly volatile because of our limited public float.

The market price of our common stock is likely to be highly volatile because there has been a relatively thin trading market for our stock, which causes trades of small blocks of stock to have a significant impact on our stock price. You may not be able to resell shares of our common stock following periods of volatility because of the market's adverse reaction to volatility. Other factors that could cause such volatility may include, among other things: actual or anticipated fluctuations in our operating results; the absence of securities analysts covering us and distributing research and recommendations about us; overall stock market fluctuations; economic conditions generally; announcements concerning our business or those of our competitors; our ability to raise capital when we require it, and to raise such capital on favorable terms; conditions or trends in the industry; litigation; changes in market valuations of other similar companies; announcements by us or our competitors of significant contracts, acquisitions, strategic partnerships or joint ventures; future sales of common stock; actions initiated by the SEC or other regulatory bodies; and general market conditions. Any of these factors could have a significant and adverse impact on the market price of our common stock. These broad market fluctuations may adversely affect the trading price of our common stock, regardless of our actual operating performance.

In order to raise sufficient funds to expand our operations, we may have to issue additional securities at prices which may result in substantial dilution to our shareholders.

If we raise additional funds through the sale of equity or convertible debt, our current stockholders' percentage ownership will be reduced. In addition, these transactions may dilute the value of our common shares outstanding. We may also have to issue securities that may have rights, preferences and privileges senior to our common stock.

Our stock is thinly traded, so you may be unable to sell at or near ask prices or at all.

The shares of our common stock are traded on the OTCBB and OTCQB and are thinly traded, meaning that the number of persons interested in purchasing our common stock at or near ask prices at any given time may be relatively small or non-existent. This situation is attributable to a number of factors, including the fact that we are a smaller reporting company that is relatively unknown to stock analysts, stock brokers, institutional investors and others in the investment community who generate or influence sales volume. Even in the event that we come to the attention of such persons, they would likely be reluctant to follow an unproven company such as ours or purchase or recommend the purchase of our shares until such time as we become more seasoned and viable. As a consequence, our stock price may not reflect an actual or perceived value. Also, there may be periods of several days or more when trading activity in our shares is minimal or non-existent, as is currently the case, as compared to a seasoned issuer that has a large and steady volume of trading activity that will generally support continuous sales without an adverse effect on share price. A broader or more active public trading market for our common shares may not develop or if developed, may not be sustained. Due to these conditions, you may not be able to sell your shares at or near ask prices or at all if you need money or otherwise desire to liquidate your shares.

Currently, there is a limited public market for our securities, and there can be no assurances that any public market will ever develop and, even if developed, it is likely to be subject to significant price fluctuations.

We have a trading symbol for our common stock, namely 'WIZD'. However, our stock has been thinly traded, if at all. Consequently, there can be no assurances as to whether:

- any market for our shares will develop;
- the prices at which our common stock will trade; or
- the extent to which investor interest in us will lead to the development of an active, liquid trading market. Active trading markets generally result in lower price volatility and more efficient execution of buy and sell orders for investors.

Until our common stock is fully distributed and an orderly market develops in our common stock, if ever, the price at which it trades is likely to fluctuate significantly. Prices for our common stock will be determined in the marketplace and may be influenced by many factors, including the depth and liquidity of the market for shares of our common stock, developments affecting our business, including the impact of the factors referred to elsewhere in these risk factors, investor perception of our Company and general economic and market conditions. No assurances can be given that an orderly or liquid market will ever develop for the shares of our common stock.

We are subject to the penny stock rules which will make our securities more difficult to sell.

We are subject to the SEC's "penny stock" rules because our securities sell below \$5.00 per share. The penny stock rules require broker-dealers to deliver a standardized risk disclosure document prepared by the SEC which provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer must also provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson, and monthly account statements showing the market value of each penny stock held in the customer's account. In addition, the bid and offer quotations, and the broker-dealer and salesperson compensation information must be given to the customer orally or in writing prior to completing the transaction and must be given to the customer in writing before or with the customer's confirmation.

Furthermore, the penny stock rules require that prior to a transaction, the broker dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. The penny stock rules are burdensome and may reduce purchases of any offerings and reduce the trading activity for our securities. As long as our securities are subject to the penny stock rules, the holders of such securities will find it more difficult to sell their securities.

We are not likely to pay cash dividends in the foreseeable future.

We currently intend to retain any future earnings for use in the operation and expansion of our business. Accordingly, we do not expect to pay any cash dividends in the foreseeable future, but will review this policy as circumstances dictate.

Item 1B. Unresolved Staff Comments.

Not applicable.

Item 2. Properties.

Effective September 1, 2014, the Company entered into a standard sublease to occupy office space at 2201 Park Place, El Segundo, California 90245. The term of the lease expires on June 30, 2016. The Company shall pay a base rent of \$11,132 per month, with an increase by three percent (3%) starting in the thirteenth month of the lease, and a security deposit of \$11,466 was required. The Company must also pay \$2,796 per month (22.3%) for operating expenses.

In addition, the Company entered into a lease to occupy office space at 1440 Broadway, 23rd Floor, New York, New York 10018. The term of the lease agreement commenced on January 1, 2014 and automatically extends for one (1) year unless either party provides written notice of termination ninety (90) days prior to the end of the term. The Company's monthly rent is \$4,000.

The Company does not own any real estate.

Item 3. Legal Proceedings.

We are not currently involved in any litigation that we believe could have a materially adverse effect on our financial condition or results of operations. There is no action, suit, proceeding, inquiry or investigation before or by any court, public board, government agency, self-regulatory organization or body pending or, to the knowledge of the executive officers of our Company or any of our subsidiaries, threatened against or affecting our Company, our common stock, any of our subsidiaries or of our Company's or our Company's subsidiaries' officers or directors in their capacities as such, in which an adverse decision could have a material adverse effect.

Item 4. Mine Safety Disclosures.

Not applicable.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

(a) Market Information

Our shares of common stock are currently quoted on the OTCBB and OTCQB under the symbol "WIZD".

The following table sets forth the high and low bid price for our common stock for each quarter during the past two fiscal years. The prices reflect inter-dealer quotations, do not include retail mark-ups, markdowns or commissions and do not necessarily reflect actual transactions.

Quarter ended	Low Price		High Price	
December 31, 2015	\$	0.400	\$	0.425
September 30, 2015	\$	0.540	\$	0.580
June 30, 2015	\$	0.685	\$	0.759
March 31, 2015	\$	0.690	\$	0.744
December 31, 2014	\$	0.651	\$	1.030
September 30, 2014	\$	0.525	\$	1.280
June 30, 2014	\$	0.400	\$	0.700
March 31, 2014	\$	0.320	\$	0.535

(b) Holders

As of April 13, 2016, a total of 51,368,386 shares of the Company's common stock are currently outstanding held by 44 shareholders of record. This figure does not take into account those shareholders whose certificates are held in the name of broker-dealers or other nominees.

(c) Dividends

We have not declared or paid any dividends on our common stock and intend to retain any future earnings to fund the development and growth of our business. Therefore, we do not anticipate paying dividends on our common stock for the foreseeable future. There are no restrictions on our present ability to pay dividends to stockholders of our common stock, other than those prescribed by Delaware law.

(d) Securities Authorized for Issuance under Equity Compensation Plans

Below is a description of the Company's compensation plan adopted in 2011.

2011 Incentive Stock Award Plan, as Amended

On May 9, 2011, the Board approved, authorized and adopted (subject to stockholder approval) the 2011 Incentive Stock and Award Plan (the "Plan"). The Plan was amended on September 14, 2011, April 11, 2012, July 9, 2012 and September 25, 2014. The Plan provides for the issuance of up to 15,000,000 shares of our common stock through the grant of non-qualified options, incentive options and restricted stock to our directors, officers, consultants, attorneys, advisors and employees. Until a committee consisting of two or more independent, non-employee and outside directors is constituted, our Board administers the Plan.

Under the Plan:

1. Each option will contain the following terms:

- (i) the exercise price, which shall be determined at the time of grant, shall not be less than 100% of the Fair Market Value (defined as the closing price on the final trading day immediately prior to the grant on the principal exchange or quotation system on which the common stock is listed or quoted, as applicable) of the common stock of the Company, *provided* that if the recipient of the option owns more than ten percent (10%) of the total combined voting power of the Company or of any subsidiary, the exercise price shall be at least 110% of the Fair Market Value;
- (ii) the term of each option shall be fixed by the Board, *provided* that such option shall not be exercisable more than five (5) years after the date such option is granted, and *provided further* that with respect to an incentive option, if the recipient owns more than ten percent (10%) of the total combined voting power of the Company or of any subsidiary, the incentive option shall not be exercisable more than five (5) years after the date such incentive option is granted;
- (iii) subject to acceleration in the event of a change of control of the Company (as further described in the Plan), the period during which the options vest shall be designated by the Board or, in the absence of any option vesting periods designated by the Board at the time of grant, shall vest and become exercisable in equal amounts on each fiscal quarter of the Company through the four (4) year anniversary of the date on which the option was granted;
- (iv) no option is transferable and each is exercisable only by the recipient of such option except in the event of the death of the recipient (if such recipient is a natural person); and
- (v) with respect to incentive options, the aggregate Fair Market Value of common stock exercisable for the first time during any calendar year shall not exceed \$100,000.

2. Each award of restricted stock will be subject to the following terms:

- (i) no rights to an award of restricted stock is granted to the intended recipient of restricted stock unless and until the grant of restricted stock is accepted within the period prescribed by the Board;
- (ii) a certificate or certificates issued evidencing shares of restricted stock shall not be delivered until they are free of any restrictions specified by the Board at the time of grant;
- (iii) upon the acceptance and issuance of a certificate or certificates, recipients of restricted stock have the rights of a stockholder of the Company as of the date of the grant of the restricted stock;
- (iv) shares of restricted stock are forfeitable until the terms of the restricted stock grant have been satisfied or the employment with the Company is terminated; and
- (v) the restricted stock is not transferable until the date on which the Board has specified such restrictions have lapsed.

As of December 31, 2015, the Company issued the following stock options and grants under the Plan:

Equity Compensation Plan Information

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights and number of shares of restricted stock	Weighted average exercise price of outstanding options, warrants and rights (1)	Number of securities remaining available for future issuance
Equity compensation approved by security holders under the Plan	-	\$ -	-
Equity compensation plans not approved by security holders	9,933,500	\$ 0.72	5,066,500
Total	9,933,500	\$ 0.72	5,066,500

(1) Excludes shares of restricted stock issued under the Plan.

Rule 10B-18 Transactions

During the year ended December 31, 2015, there were no repurchases of the Company's common stock by the Company.

Recent Sales of Unregistered Securities

During the year ended December 31, 2015, we have issued the following securities which were not registered under the Securities Act and not previously disclosed in the Company's Quarterly Reports on Form 10-Q or Current Reports on Form 8-K. Unless otherwise indicated, all of the share issuances described below were made in reliance on the exemption from registration provided by Section 4(a)(2) of the Securities Act for transactions not involving a public offering:

On December 15, 2015, pursuant to the Plan, the Company issued 218,500 options to thirty-six employees. The options shall vest over a five year period, are exercisable at \$0.41 per share and shall expire five years from the date of issuance.

Item 6. Selected Financial Data.

Not applicable.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

THE FOLLOWING DISCUSSION OF OUR PLAN OF OPERATION AND RESULTS OF OPERATIONS SHOULD BE READ IN CONJUNCTION WITH THE FINANCIAL STATEMENTS AND RELATED NOTES TO THE FINANCIAL STATEMENTS INCLUDED ELSEWHERE IN THIS REPORT. THIS DISCUSSION CONTAINS FORWARD-LOOKING STATEMENTS THAT RELATE TO FUTURE EVENTS OR OUR FUTURE FINANCIAL PERFORMANCE. THESE STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS THAT MAY CAUSE OUR ACTUAL RESULTS, LEVELS OF ACTIVITY, PERFORMANCE OR ACHIEVEMENTS TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, LEVELS OF ACTIVITY, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY THESE FORWARD-LOOKING STATEMENTS. THESE RISKS AND OTHER FACTORS INCLUDE, AMONG OTHERS, THOSE LISTED UNDER "FORWARD-LOOKING STATEMENTS" AND "RISK FACTORS" AND THOSE INCLUDED ELSEWHERE IN THIS REPORT.

Overview

We intend for this discussion to provide information that will assist in understanding our financial statements, the changes in certain key items in those financial statements, and the primary factors that accounted for those changes, as well as how certain accounting principles affect our financial statements. This discussion should be read in conjunction with our financial statements and accompanying notes for the years ended December 31, 2015 and 2014, included elsewhere in this report.

We are a producer of pop culture and multimedia conventions ("Comic Conventions") across North America that market movies, TV shows, video games, technology, toys, social networking/gaming platforms, comic books and graphic novels. These Comic Conventions provide sales, marketing, promotions, public relations, advertising and sponsorship opportunities for entertainment companies, toy companies, gaming companies, publishing companies, marketers, corporate sponsors, and retailers.

Plan of Operation

Our Company has two lines of business: (i) live multimedia events, which involve admissions and exhibitor booth space, and (ii) sponsorships and advertising. Our current focus is two-fold and includes both growing our existing Comic Conventions by obtaining new exhibitors and dealers and attracting more high profile celebrities and VIPs, and identifying new markets in which to produce additional Comic Conventions. We also plan to expose our database of fans and our target market of young adults and families to our content through digital media such as Facebook, Twitter, YouTube, Flickr, and Tumblr; and draw higher traffic to our website www.wizardworld.com by creating content from our live multimedia events and promoting such events through emails and newsletters.

We expect to produce 19 live events during the year ending December 31, 2016. To date, we have operated profitable live events in Philadelphia, Chicago, New Orleans, Columbus, Portland, Nashville, Austin, Sacramento, Louisville, Minneapolis, San Antonio, Atlanta, Tulsa, Reno and St. Louis, but we have operated at a deficit in other events. In order for us to operate a successful event, we must produce an event that is relevant to the public in order to drive admissions, booth sales, sponsorship, and advertising. In order for the Company to grow the digital business, we must attract unique users and drive traffic to our online site. To date, we have exhausted considerable resources developing our media platform, but we have yet to earn a profit from the platform.

The Company also plans to produce a live music concert series with well-known emerging and known artists at approximately seven (7) of its Comic Conventions during 2016. Admissions to the concerts will be sold separately from the admission to the Comic Convention.

In addition, the Company through its subsidiary, Wiz Wizard, launched ConBox in April 2015. ConBox is a subscription-based premium monthly box service featuring collectibles, exclusives, toys, tech and gaming, licensed artwork, superior comics and apparel, Comic Convention admissions, special VIP discounts and more, which will be shipped on or around the end of every month. The Company plans to continue to partner with major Comic Convention related brands and celebrities to deliver a high quality and variation of products directly to the front doors of its subscribers.

We continue to develop the Wizard World digital strategy and grow our existing database through social media, on-site activation, and the Company's digital presence on properties that include Facebook®, Twitter®, YouTube®, Flickr®, Instagram® and Tumblr®. Also, as additional events are added, more people join the Wizard World universe and become loyal to the brand and its affiliated properties.

Wizardworlddigital.com continues to be the hub for all Comic Convention and related events news and content, and wizardworld.com continues to act as the e-commerce engine for all admissions, VIP experiences, one-of-a-kind packages, and more.

Results of Operations

For the Year Ended December 31, 2015 Compared to the Year Ended December 31, 2014

	Year Ended	
	December 31, 2015	December 31, 2014
Convention revenue	\$ 22,905,636	\$ 23,060,178
ConBox revenue	\$ 1,120,535	\$ -
Gross profit	\$ 5,266,140	\$ 8,291,415
Operating expenses	\$ (8,147,968)	\$ (6,823,253)
(Loss) income from operations	\$ (2,881,828)	\$ 1,468,162
Other expenses	\$ (1,352,633)	\$ (472,545)
Income tax provision	\$ -	\$ -
Net (loss) income attributable to common shareholder	\$ (4,252,167)	\$ 995,617
Income (loss) per common share – basic	\$ (0.08)	\$ 0.02
Income (loss) per common share – diluted	\$ (0.08)	\$ 0.02

Convention Revenue

Convention revenue was \$22,905,636 for the year ended December 31, 2015, as compared to \$23,060,178 for the comparable year ended December 31, 2014, a decrease of \$154,542. The current period decrease is primarily driven by a major decrease in the gross profit percentage attributable to the Company introducing conventions into new markets, which were not heavily attended by fans as such conventions were not previously established in such markets. The introduction of new events typically results in soft revenues and significant direct costs in order to maintain the production quality of the event and develop the market for benefit in future years. The Company ran twenty-five events during the year ended December 31, 2015, as compared to seventeen events during the comparable year ended December 31, 2014. Average revenue generated per event in 2015 was \$916,225 as compared to \$1,356,481 during 2014.

ConBox Revenue

ConBox revenue was \$1,120,535 for the year ended December 31, 2015, as compared to \$0 for the year ended December 31, 2014, an increase of \$1,120,535. The increase in ConBox revenue is attributable to the introduction of the operations during 2015.

Gross Profit

Gross profit percentage decreased from 36% for the year ended December 31, 2014, to a gross profit of 22% during the year ended December 31, 2015. The current period decrease is primarily driven by a major decrease in the gross profit percentage attributable to the Company introducing conventions into new markets, which were not heavily attended by fans as such conventions were not previously established in such markets. The Company ran twenty-five events during the year ended December 31, 2015, as compared to seventeen events during the comparable year ended December 31, 2014.

Operating Expenses

Operating expenses for the year ended December 31, 2015, were \$8,147,968, as compared to \$6,823,253 for the year ended December 31, 2014. The increase is primarily attributable to an increase of approximately \$944,337 in salaries and share based payments and an increase of approximately \$380,378 in general and administrative expenses. The Company's headcount increase period over period as a result of the Company operating more events in 2015. The increase in general and administrative expenses is attributable to significant increases in professional fees, insurance, web development, and travel expenses.

(Loss) income from Operations

Loss from operations for the year ended December 31, 2015, was \$(2,881,828) as compared to income of \$1,468,162 for the year ended December 31, 2014. The current period loss is primarily driven by a major decrease in the gross profit percentage attributable to the Company introducing conventions into new markets, which were not heavily attended by fans as such conventions were not previously established in such markets. In addition, the operating expense increase is primarily attributable to an increase in salaries and share-based payments. The Company also incurred material losses in connection with the launching of CONtv and the Company's convention in China held during the year ended December 31, 2015.

Other expenses

Other expense for the year ended December 31, 2015, was \$1,352,633, as compared to \$472,545 for the year ended December 31, 2014. The change is attributable to the Company's \$1,324,727 loss on the CONtv joint venture with Cinedigm. The Company incurred these losses and additional write-off in connection with the launching of CONtv, which occurred during the current year.

Net (Loss) Income Attributable to Common Shareholder

Net loss attributable to common shareholder for the year ended December 31, 2015, was \$(4,252,167) or loss per basic share of \$(0.08), compared to net income \$995,617 or income per basic share of \$0.02 for the year ended December 31, 2014.

Inflation did not have a material impact on the Company's operations for the period. Other than the foregoing, management knows of no trends, demands, or uncertainties that are reasonably likely to have a material impact on the Company's results of operations.

Liquidity and Capital Resources

The following table summarizes total current assets, liabilities and working capital at December 31, 2015, compared to December 31, 2014:

	December 31, 2015	December 31, 2014	Increase/Decrease
Current Assets	\$ 6,499,642	\$ 7,768,084	\$ (1,268,442)
Current Liabilities	\$ 5,420,678	\$ 3,929,988	\$ 1,490,690
Working Capital (Deficit)	\$ 1,078,964	\$ 3,838,096	\$ (2,759,132)

At December 31, 2015, we had a working capital of \$1,078,964, as compared to a working capital of \$3,838,096 at December 31, 2014, a decrease of \$2,759,132. The decrease is primarily attributable to the Company recognizing a loss from operations during the fiscal year ended December 31, 2015 coupled with the Company incurring a loss on the CONtv joint venture.

Net Cash

Net cash provided by operating activities for the years ended December 31, 2015 and 2014, was \$443,123 and \$2,245,245, respectively. The net loss attributable to common shareholder for the years ended December 31, 2015 was \$(4,234,461) compared to net income attributable to common of \$995,617 for the year ended December 31, 2014. The Company generated cash in operations primarily by running profitable events during the year ended December 31, 2015.

Off-Balance Sheet Arrangements

As of December 31, 2015, the Company had no off-balance sheet arrangements.

Critical Accounting Policies

We believe that the following accounting policies are the most critical to aid you in fully understanding and evaluating this "Management's Discussion and Analysis of Financial Condition and Results of Operations."

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date(s) of the financial statements and the reported amounts of revenues and expenses during the reporting period(s). Actual results could differ from those estimates.

Property and Equipment

Property and equipment is stated at historical cost less accumulated depreciation and amortization. Depreciation and amortization is computed on a straight-line basis over the estimated useful lives of the assets, varying from 3 to 5 years or, when applicable, the life of the lease, whichever is shorter.

Carrying Value, Recoverability and Impairment of long-lived assets

The Company has adopted paragraph 360-10-35-17 of the FASB Accounting Standards Codification for its long-lived assets. The Company's long-lived assets, which include property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

The Company assesses the recoverability of its long-lived assets by comparing the projected undiscounted net cash flows associated with the related long-lived asset or group of long-lived assets over their remaining estimated useful lives against their respective carrying amounts. Impairment, if any, is based on the excess of the carrying amount over the fair value of those assets. Fair value is generally determined using the asset's expected future discounted cash flows or market value, if readily determinable. If long-lived assets are determined to be recoverable, but the newly determined remaining estimated useful lives are shorter than originally estimated, the net book values of the long-lived assets are depreciated over the newly determined remaining estimated useful lives.

The Company considers the following to be some examples of important indicators that may trigger an impairment review: (i) significant under-performance or losses of assets relative to expected historical or projected future operating results; (ii) significant changes in the manner or use of assets or in the Company's overall strategy with respect to the manner or use of the acquired assets or changes in the Company's overall business strategy; (iii) significant negative industry or economic trends; (iv) increased competitive pressures; and (v) regulatory changes. The Company evaluates acquired assets for potential impairment indicators at least annually and more frequently upon the occurrence of such events.

The impairment charges, if any, are included in operating expenses in the accompanying statements of operations.

Income Taxes

The Company accounts for income taxes under Section 740-10-30 of the FASB Accounting Standards Codification. Deferred income tax assets and liabilities are determined based upon differences between the financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the assets will not be realized. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statements of operations in the period that includes the enactment date.

The Company adopted section 740-10-25 of the FASB Accounting Standards Codification ("Section 740-10-25"). Section 740-10-25 addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under Section 740-10-25, the Company may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent (50%) likelihood of being realized upon ultimate settlement. Section 740-10-25 also provides guidance on de-recognition, classification, interest and penalties on income taxes, accounting in interim periods and requires increased disclosures.

The estimated future tax effects of temporary differences between the tax basis of assets and liabilities are reported in the accompanying consolidated balance sheets, as well as tax credit carry-backs and carryforwards. The Company periodically reviews the recoverability of deferred tax assets recorded on its consolidated balance sheets and provides valuation allowances as management deems necessary.

Management makes judgments as to the interpretation of the tax laws that might be challenged upon an audit and cause changes to previous estimates of tax liability. In addition, the Company operates within multiple taxing jurisdictions and is subject to audit in these jurisdictions. In management's opinion, adequate provisions for income taxes have been made for all years. If actual taxable income by tax jurisdiction varies from estimates, additional allowances or reversals of reserves may be necessary.

Revenue Recognition

The Company follows Paragraph 605-10-S99-1 of the FASB Accounting Standards Codification for revenue recognition. The Company will recognize revenue when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the product has been shipped or the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured.

Unearned convention revenue is deposits received for conventions that have not yet taken place, which are fully or partially refundable depending upon the terms and conditions of the agreements.

Unearned ConBox revenue is non-refundable up-front payments for products. These payments are initially deferred and subsequently recognized over the subscription period, typically three months, and upon shipment of the product.

The Company recognizes cost of revenues in the period in which the revenues was earned. In the event the Company incurs cost of revenues for conventions that are yet to occur, the Company records such amounts as prepaid expenses and such prepaid expenses are expensed during the period the convention takes place.

Equity-based compensation

The Company recognizes compensation expense for all equity-based payments in accordance with ASC 718 "*Compensation – Stock Compensation*". Under fair value recognition provisions, the Company recognizes equity-based compensation net of an estimated forfeiture rate and recognizes compensation cost only for those shares expected to vest over the requisite service period of the award.

Restricted stock awards are granted at the discretion of the Company. These awards are restricted as to the transfer of ownership and generally vest over the requisite service periods, typically over a four year period (vesting on a straight-line basis). The fair value of a stock award is equal to the fair market value of a share of Company stock on the grant date.

The fair value of option award is estimated on the date of grant using the Black-Scholes option valuation model. The Black-Scholes option valuation model requires the development of assumptions that are input into the model. These assumptions are the expected stock volatility, the risk-free interest rate, the expected life of the option, the dividend yield on the underlying stock and the expected forfeiture rate. Expected volatility is calculated based on the historical volatility of the Company's Common stock over the expected option life and other appropriate factors. Risk-free interest rates are calculated based on continuously compounded risk-free rates for the appropriate term. The dividend yield is assumed to be zero as the Company has never paid or declared any cash dividends on our Common stock and does not intend to pay dividends on our Common stock in the foreseeable future. The expected forfeiture rate is estimated based on historical experience.

Determining the appropriate fair value model and calculating the fair value of equity-based payment awards requires the input of the subjective assumptions described above. The assumptions used in calculating the fair value of equity-based payment awards represent management's best estimates, which involve inherent uncertainties and the application of management's judgment. As a result, if factors change and the Company uses different assumptions, our equity-based compensation could be materially different in the future. In addition, the Company is required to estimate the expected forfeiture rate and recognize expense only for those shares expected to vest. If our actual forfeiture rate is materially different from our estimate, the equity-based compensation could be significantly different from what the Company has recorded in the current period.

The Company accounts for share-based payments granted to non-employees in accordance with ASC 505-40, "*Equity Based Payments to Non-Employees*". The Company determines the fair value of the stock-based payment as either the fair value of the consideration received or the fair value of the equity instruments issued, whichever is more reliably measurable. If the fair value of the equity instruments issued is used, it is measured using the stock price and other measurement assumptions as of the earlier of either (1) the date at which a commitment for performance by the counterparty to earn the equity instruments is reached, or (2) the date at which the counterparty's performance is complete. The fair value of the equity instruments is re-measured each reporting period over the requisite service period.

Fair Value of Financial Instruments

We follow Paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of our financial instruments and paragraph 820-10-35-37 of the FASB Accounting Standards Codification (“Paragraph 820-10-35-37”) to measure the fair value of our financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (“US GAAP”), and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three (3) broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three (3) levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

- Level 1 – Quoted market prices available in active markets for identical assets or liabilities as of the reporting date;
- Level 2 – Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date; and
- Level 3 – Pricing inputs that are generally observable inputs and not corroborated by market data.

Financial assets are considered Level 3 when their fair values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable.

The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. If the inputs used to measure the financial assets and liabilities fall within more than one level described above, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

The carrying amount of the Company’s assets and liabilities, such as cash, accounts receivable, inventory, prepaid expenses, accounts payable and accrued liabilities, and unearned revenue approximate their fair value because of the short maturity of those instruments.

Recent Accounting Pronouncements

In May 2014, the FASB issued the FASB Accounting Standards Update No. 2014-09 “*Revenue from Contracts with Customers (Topic 606)*” (“ASU 2014-09”).

This guidance amends the existing FASB Accounting Standards Codification, creating a new Topic 606, *Revenue from Contracts with Customer*. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

To achieve that core principle, an entity should apply the following steps:

1. Identify the contract(s) with the customer;
2. Identify the performance obligations in the contract;
3. Determine the transaction price;
4. Allocate the transaction price to the performance obligations in the contract; and
5. Recognize revenue when (or as) the entity satisfies a performance obligations

The ASU also provides guidance on disclosures that should be provided to enable financial statement users to understand the nature, amount, timing, and uncertainty of revenue recognition and cash flows arising from contracts with customers. Qualitative and quantitative information is required about the following:

1. Contracts with customers – including revenue and impairments recognized, disaggregation of revenue, and information about contract balances and performance obligations (including the transaction price allocated to the remaining performance obligations).
2. Significant judgments and changes in judgments – determining the timing of satisfaction of performance obligations (over time or at a point in time), and determining the transaction price and amounts allocated to performance obligations.
3. Assets recognized from the costs to obtain or fulfill a contract.

ASU 2014-09 is effective for periods beginning after December 15, 2016, including interim reporting periods within that reporting period for all public entities. Early application is not permitted.

In January 2015, the FASB issued Accounting Standards Update No. 2015-01, *Income Statement - Extraordinary and Unusual Items (Subtopic 225-20): Simplifying Income Statement Presentation by Eliminating the Concept of Extraordinary Items* (“ASU 2015-01”). The new guidance eliminates the separate presentation of extraordinary items, net of tax and the related earnings per share, but does not affect the requirement to disclose material items that are unusual in nature or infrequently occurring. The ASU applies to all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2015. Entities have the option to apply the new guidance prospectively or retrospectively, and can choose early adoption. The Company does not expect the adoption of this ASU to significantly impact the consolidated financial statements.

In February 2015, the FASB issued Accounting Standards Update No. 2015-02, *Consolidation (Topic 810): Amendments to the Consolidation Analysis* (“ASU 2015-02”). The new consolidation standard changes the way reporting enterprises evaluate whether (a) they should consolidate limited partnerships and similar entities, (b) fees paid to a decision maker or service provider are variable interests in a variable interest entity (“VIE”), and (c) variable interests in a VIE held by related parties of the reporting enterprise require the reporting enterprise to consolidate the VIE. The guidance is effective for public business entities for annual and interim periods in fiscal years beginning after December 15, 2015. Early adoption is allowed, including early adoption in an interim period. A reporting entity may apply a modified retrospective approach by recording a cumulative-effect adjustment to equity as of the beginning of the fiscal year of adoption or may apply the amendments retrospectively. The Company is currently assessing the impact, if any, of the adoption of this guidance on the consolidated financial statements.

In March 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2015-03, *Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs* (“ASU 2015-03”). The amendments in this ASU require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by the amendments in this ASU. The amendments are effective for financial statements issued for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. Early adoption of the amendments is permitted for financial statements that have not been previously issued. The amendments should be applied on a retrospective basis, wherein the balance sheet of each individual period presented should be adjusted to reflect the period-specific effects of applying the new guidance. Upon transition, an entity is required to comply with the applicable disclosures for a change in an accounting principle. These disclosures include the nature of and reason for the change in accounting principle, the transition method, a description of the prior-period information that has been retrospectively adjusted, and the effect of the change on the financial statement line items (i.e., debt issuance cost asset and the debt liability). The Company is currently evaluating the effects of ASU 2015-03 on the consolidated financial statements.

In July 2015, the FASB issued the FASB Accounting Standards Update No. 2015-11 “*Inventory (Topic 330): Simplifying the Measurement of Inventory*” (“ASU 2015-11”). The amendments in this ASU do not apply to inventory that is measured using last-in, first-out (LIFO) or the retail inventory method. The amendments apply to all other inventory, which includes inventory that is measured using first-in, first-out (FIFO) or average cost. An entity should measure inventory within the scope of this ASU at the lower of cost and net realizable value. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. Subsequent measurement is unchanged for inventory measured using LIFO or the retail inventory method. For public business entities, the amendments in this ASU are effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. The Company is currently evaluating the effects of ASU 2015-11 on the consolidated financial statements.

In August 2015, the FASB issued the FASB Accounting Standards Update No. 2015-14 “*Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*” (“ASU 2015-14”). The amendments in this ASU defer the effective date of Update 2014-09 for all entities by one year. Public business entities, certain not-for-profit entities, and certain employee benefit plans should apply the guidance in Update 2014-09 to annual reporting periods beginning after December 15, 2017, including interim reporting periods within that reporting period. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. The Company is currently evaluating the effects of ASU 2015-14 on the consolidated financial statements.

Management does not believe that any other recently issued, but not yet effective accounting pronouncements, if adopted, would have a material effect on the accompanying consolidated financial statements.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

We do not hold any derivative instruments and do not engage in any hedging activities.

Item 8. Financial Statements.

Our consolidated financial statements are contained in pages F-1 through F-25 which appear at the end of this Annual Report.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

There are no reportable events under this item for the year ended December 31, 2015.

Item 9A. Controls and Procedures.

(a) EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

Pursuant to Rule 13a-15(b) under the Exchange Act, the Company carried out an evaluation, with the participation of the Company’s management, including the Board and the Chief Executive Officer, of the effectiveness of the Company’s disclosure controls and procedures (as defined under Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this Report. Based upon that evaluation, management concluded that the Company’s disclosure controls and procedures were not effective to ensure that information required to be disclosed by the Company in the reports that the Company files or submits under the Exchange Act, is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to the Company’s management to allow timely decisions regarding required disclosure.

(b) MANAGEMENT’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as required under applicable United States securities regulatory requirements. Internal control over financial reporting is defined in Rule 13a-15(f) or 15d-15(f) promulgated under the Exchange Act as a process designed by, or under the supervision of, the Company’s chief executive and chief financial officers and effected by the Board, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

- (1) Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the issuer;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the issuer are being made only in accordance with authorizations of management and directors of the registrant; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the issuer's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect all misstatements. A system of internal controls can provide only reasonable, not absolute, assurance that the objectives of the control system are met, no matter how well the system is conceived or operated. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of December 31, 2015. In making this assessment, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in 2013 in Internal Control Integrated Framework. Based on that evaluation under this framework, our management concluded that our internal control over financial reporting was not effective because of the following significant deficiencies in our internal control over financial reporting.

- (1) Due to our small number of accounting employees and resources, we have limited segregation of duties, as a result of which there is insufficient independent review of duties performed; and
- (2) In addition, management has not completed a full documentation of all processes and procedures as it relates to internal controls over financial reporting.

This annual report does not include an attestation report of our independent registered public accounting firm regarding internal control over financial reporting because we are a "smaller reporting company." Our management's report was not subject to attestation by our independent registered public accounting firm pursuant to rules of the SEC that permit us to provide only management's report in this annual report.

(c) CHANGES IN INTERNAL CONTROLS OVER FINANCIAL REPORTING

The Company is committed to improving financial organization. As part of this commitment, management and the Board are currently performing an extensive review of the Company's policies and procedures as it relates to financial reporting in an effort to mitigate future risks of potential misstatements. The Company will focus on continuing to develop and documenting internal controls and procedures surrounding the financial reporting process, primarily through the use of account reconciliations, and supervision.

Item 9B. Other Information.

Not applicable.

PART III

Item 10. Directors, Executive Officers and Corporate Governance.

Directors and Executive Officers

The following table discloses our directors and executive officers as of April 13, 2016:

<u>Name</u>	<u>Age</u>	<u>Title</u>
John M. Macaluso	59	Chief Executive Officer, President, Director
Randall S. Malinoff	56	Interim Chief Operating Officer
John Maatta	64	Chairman
Greg Suess	43	Director
Vadim Mats	32	Director
Paul L. Kessler	55	Director
Kenneth Shamus	45	Director

John M. Macaluso, age 59, Chief Executive Officer, President and Director

John M. Macaluso has served as a member of our Board since May 13, 2011 and as the Company's Chief Executive Officer and President since March 19, 2012. Mr. Macaluso is the founder, sole owner and Chief Executive Officer of California Concepts, a domestic manufacturer of domestic and imported women's and girls' clothing, which operated as such from 1987 through 2007. In 2007, Mr. Macaluso exited the clothing business and transitioned California Concepts into a real estate development business, managing projects in Los Angeles, Las Vegas and Big Sky, Montana at the Yellowstone Club, among others.

The Board believes that Mr. Macaluso's business experience with managing gross profit margins, markdown allowances, budgets and negotiating effective costs of goods purchased will be a significant asset to the Company with respect to, among other things, its operating budget as a growing public company.

Randall S. Malinoff, age 56, Interim Chief Operating Officer

Mr. Randall S. Malinoff was appointed Interim Chief Operating Officer of the Company effective as of March 2, 2016. Mr. Malinoff combines over 20 years of experience in the entertainment industry as a marketing and digital executive. From 2009 through 2014, Mr. Malinoff was the Vice President and Head of Direct to Consumer Ecommerce for Universal Music Group, Inc., a company in the entertainment industry. From 2000 to 2008, he was Senior Vice President of Digital Marketing for Universal Studios, Inc., a company involved in movies and home entertainment. From 1996 to 2000, Mr. Malinoff served as the Executive Vice President and General Manager of Ktel Music, Inc., a recorded music and publishing company.

The Board believes that Mr. Malinoff's combination of experience, leadership and innovation in the entertainment industry in key areas of digital marketing, operations, publicity, strategy and his skill in developing and nurturing strategic partnerships launching new business initiatives will help grow the Company.

Mr. John D. Maatta, age 64, Chairman

John D. Maatta has been a member of our Board since May 25, 2011 and was appointed Chairman of the Board on February 5, 2016. Mr. Maatta is currently engaged in the private practice of law. Formerly, Mr. Maatta was EVP of The CW Television Network and prior to that he was the Chief Operating Officer of The CW Network, which is America's fifth broadcast network and a network that focuses substantially on targeting young adults between the ages of 18 and 34. From September 2005 through September 2006, Mr. Maatta served as the Chief Operating Officer of The WB, a Warner Bros. television network ("The WB"), where he had direct oversight of all business and operations departments, such as business affairs, finance, network distribution (which included The WB 100+ station group), technology, legal, research, network operations, broadcast standards and human resources. While Chief Operating Officer at The WB, Mr. Maatta also served as The WB's General Counsel. Mr. Maatta is currently a director of Trader Vic's, Inc., a Polynesian-style restaurant chain, a position he has held since 1998. Mr. Maatta received a Bachelor of Arts in Government from the University of San Francisco in 1974, and a Juris Doctorate from the University of California, Hastings College of the Law, in 1977.

The Board believes that Mr. Maatta's experience with operating companies in the entertainment industry and his contacts in the industry will be an important factor in the Company's growth as a digital entertainment and event company.

Greg Suess, age 43, Director

Greg Suess has been a director of our Company since May 9, 2011. In 2000, he co-founded ROAR, a Beverly Hills-based management and consulting company that focuses on media and entertainment and provides comprehensive management services for its clients, including talent and brand management, managing partnerships, strategic alliances and marketing strategies that engage consumers through entertainment, music and lifestyle experiences. Mr. Suess is, and has been since inception, a partner at ROAR. Since 1997, Mr. Suess has been with the law firm of Glaser, Weil, Fink, Howard, Avchen & Shapiro, LLP, where he is currently Partner and focuses on general corporate law and media and entertainment. Mr. Suess holds a Bachelor of Science from the University of Southern California (Lloyd Greif Center for Entrepreneurial Studies), and holds a JD/MBA from Pepperdine University. He is a member of the State Bar of California.

The Board believes that Mr. Suess' extensive experience and background in the media and entertainment industry complements the Company's events business and its new initiatives and will provide a significant contribution to the Company's growth.

Vádim Mats, age 32, Director

Vádim Mats has been a director of our Company since January 14, 2011. On January 28, 2013, Mr. Mats was appointed as Chief Financial Officer of Point Capital, Inc. Mr. Mats is also, and has been since June 28, 2010, the Chief Financial Officer of FWS Capital Ltd. Prior to joining FWS Capital Ltd., Mr. Mats served as an accounting consultant to various companies from December 2009 until June 2010. Mr. Mats was also previously the assistant controller at Eton Park Capital Management, a multi-strategy fund, from July 16, 2007 to December 1, 2009. From June 2006 to July 2007, Mr. Mats was a senior fund accountant at The Bank of New York Mellon, where he was responsible for over fifteen funds. Mr. Mats graduated *cum laude* from the Zicklin School of Business at Bernard Baruch College with a Bachelor's degree in Business Administration, specializing in finance and investments and holds a Master of Science in accounting and finance from the Zicklin School of Business at Bernard Baruch College. Further, Mr. Mats is a CAIA Charter Holder and a Certified Public Accountant.

Mr. Mats' extensive experience and background in finance, accounting and investment funds will be a significant asset to the Company's operation as a public company.

Paul L. Kessler, age 55

Paul L. Kessler combines over 25 years of experience as an investor, financier and venture capitalist. In 2000, Mr. Kessler founded Bristol Capital Advisors, LLC, a Los Angeles based investment advisor, and has served as the Principal and Portfolio Manager from 2000 through the present. Mr. Kessler has broad experience in operating, financing, capital formation, negotiating, structuring and re-structuring investment transactions. He is involved in all aspects of the investment process including identification and engagement of portfolio companies. His investment experience encompasses both public and private companies. Mr. Kessler has actively worked with executives and boards of companies on corporate governance and oversight, strategic repositioning and alignment of interests with shareholders.

The Board believes that Mr. Kessler's extensive experience in matters including capital formation, corporate finance, investment banking, founder, owner, operator of successful companies, corporate governance, as well as his understanding of capital markets, will provide a significant contribution to the growth of the Company.

Kenneth Shamus, age 45

Kenneth Shamus combines over 25 years of experience in the Toys & Collectibles Industry. From 1990 through present, Mr. Shamus is the Chief Executive Officer of ToyWiz, Inc., an online toys, action figures and trading card games company.

The Board believes that combination of Mr. Shamus's extensive experience in the pop culture space, including toys, games, action figures and collectible trading cards, and his business acumen brings a unique blend of skills to the Company and will help steer the Company's growth and development.

Family Relationships

There are no family relationships among our directors, executive officers, or persons nominated or chosen by the Company to become directors or executive officers. Kenneth Shamus is part of the family that owns Kicking the Can LLC, 4 Brothers LLC, It's All Normal, LLC and Pivot Media LLC.

Board Meetings and Annual Meeting Attendance

The Board met approximately eight times during fiscal year ended December 31, 2015. No director attended less than 62.5% of the meetings. Additionally, the Board acted approximately zero times by unanimous written consent in lieu of a meeting during 2015.

Committees of the Board of Directors

Our Board currently has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee

On March 17, 2013, the Board authorized the creation of an Audit Committee. Messrs. Mats, Kessler and Shamus serve as members of the Audit Committee, with Mr. Mats serving as chairman. The Audit Committee has not yet adopted a written charter but its functions shall include: selecting our independent registered public accountants; reviewing the results and scope of the audit and other services provided by our independent registered public accountants; reviewing our financial statements for each interim period and for our year end and our internal financial and accounting controls; and recommending, establishing and monitoring the Company's disclosure controls and procedures. The Audit Committee held four meetings in 2015.

Compensation Committee

On March 17, 2013, the Board authorized the creation of a Compensation Committee. The Board appointed Messrs. Suess, Mats and Maatta as members, with Mr. Suess serving as Chairman. While the committee has not yet adopted a written charter, the Compensation Committee shall be responsible for establishing and administering our policies involving the compensation of all of our executive officers and establishing and recommending to our Board the terms and conditions of all employee and consultant compensation and benefit plans. The Compensation Committee held two meetings in 2015.

Nominating and Corporate Governance Committee

On March 13, 2014, the Board authorized the creation of a Nominating and Corporate Governance Committee. The members are Messrs. Maatta, Kessler and Suess, with Mr. Maatta serving as Chairman. The Nominating and Corporate Governance Committee reviews and provides oversight with regard to the Company's corporate governance related policies and procedures and also recommends nominees to the Board and committees of the Board, develops and recommends to the Board corporate governance principles, and oversees the evaluation of the Board and management. The Nominating and Corporate Governance Committee held one meeting in 2015.

Committee Charters

The Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee have not yet adopted written charters which govern their conduct. The committees anticipate adopting such charters by the end of the next fiscal quarter.

Board Oversight in Risk Management

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including liquidity risk, operational risk, strategic risk and reputation risk. Our Chief Executive Officer also serves as one of our directors. In the context of risk oversight, at the present stage of our operations we believe that our selection of one person to serve in both positions provides the Board with additional perspective which combines the operational experience of a member of management with the oversight focus of a member of the Board. The business and operations of the Company are managed by our Board as a whole, including oversight of various risks that the Company faces.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and persons who beneficially own 10% or more of a class of securities registered under Section 12 of the Exchange Act to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Directors, executive officers and greater than 10% stockholders are required by the rules and regulations of the SEC to furnish the Company with copies of all reports filed by them in compliance with Section 16(a).

Based solely on our review of certain reports filed with the Securities and Exchange Commission pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended, the reports required to be filed with respect to transactions in our common stock during the fiscal year ended December 31, 2015, were timely.

Subsequent to the filing of the Company's Annual Report on Form 10-K for the year ended December 31, 2014, it was discovered that Kenneth Shamus failed to file a Form 4 for the purchase of 26,500 shares of common stock at \$0.93 per share in September 2014. Mr. Shamus plans to file the appropriate Section 16 filing immediately.

Code of Ethics

We have not yet adopted a code of ethics because we wanted to complete our constitution of the Board prior to adopting such code of ethics to allow the entire Board to review and approve a code of ethics.

Legal Proceedings

There are no material proceedings to which any director or officer, or any associate of any such director or officer, is a party that is adverse to our Company or any of our subsidiaries or has a material interest adverse to our Company or any of our subsidiaries. No director or executive officer has been a director or executive officer of any business which has filed a bankruptcy petition or had a bankruptcy petition filed against it during the past ten years. No director or executive officer has been convicted of a criminal offense or is the subject of a pending criminal proceeding during the past ten years. No director or executive officer has been the subject of any order, judgment or decree of any court permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities or banking activities during the past ten years. No director or officer has been found by a court to have violated a federal or state securities or commodities law during the past ten years.

Item 11. Executive Compensation.

2015 SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Nonqualified Deferred Compensation Earnings (\$)	All Other Compensation (\$)	Total (\$)

	2013	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

- (1) Mr. Macaluso was appointed as the Company's Chief Executive Officer on March 19, 2012. On October 10, 2012, Mr. Macaluso was appointed as the Company's Chairman of the Board and served in such capacity until February 5, 2016.
- (2) The Company uses a credit card in the name of Mr. Macaluso for certain business expenses. This practice may result in Mr. Macaluso receiving points or rewards under the terms of the credit card provider's agreement with Mr. Macaluso, even though the Company makes all payments related to such expenses. The Board is evaluating such practices.
- (3) Mr. Malinoff was appointed as the Company's Interim Chief Operating Officer effective as of March 2, 2016.

Employment Agreement with John M. Macaluso

On September 16, 2014, the Company entered into an amended and restated employment agreement (the "Employment Agreement") with John Macaluso ("Macaluso") pursuant to which Macaluso shall continue to serve as the Company's President and Chief Executive Officer. The initial term of the Employment Agreement commenced on September 16, 2014 (the "Commencement Date") and shall expire on March 18, 2018 (the "Initial Term"). The Initial Term will be automatically extended for additional terms of one (1) year each (each a "Renewal Term" and together with the Initial Term, the "Term"), unless either the Company or Macaluso gives prior written notice of non-renewal to the other party no later than sixty (60) days prior to the expiration of the then current Term.

During the Term, the Company will pay Macaluso a base salary of \$41,667 per month (the "Base Salary") and a car allowance of \$1,200 per month. In addition, subject to the terms and conditions of the Employment Agreement, Macaluso will receive an annual bonus of equal to the following, calculated cumulatively: (i) when the Company achieves annual Adjusted EBITDA (as defined in the Employment Agreement) of between \$1.00 and \$1,000,000, Macaluso shall receive a cash bonus of 30% of such annual Adjusted EBITDA; (ii) when the Company achieves annual Adjusted EBITDA of between \$1,000,001 and \$2,000,000, the Executive shall receive an additional cash bonus of 20% of such annual Adjusted EBITDA which exceeds \$1,000,000; and (iii) when the Company achieves annual Adjusted EBITDA greater than \$2,000,000, the Executive shall receive an additional cash bonus of 10% of such annual Adjusted EBITDA which exceeds \$2,000,000.

Director Compensation

The following summary compensation table sets forth all compensation awarded to, earned by, or paid to the named directors by us during the year ended December 31, 2015.

Name And Principal Position (a)	Year (b)	Salary (\$) (c)	Bonus (\$) (d)	Stock	Option	Non-Equity Incentive Plan	All Other	Total (\$) (i)
				Awards (\$) (e)	Awards (\$) (f)	Compensation (\$) (g)	Compensation (\$) (h)	
John M. Macaluso <i>Director (1)</i>	2015	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Greg Suess <i>Director</i>	2015	\$ 13,500	\$ -	\$ -	\$ 57,250	\$ -	\$ -	\$ 70,750
John Maatta <i>Chairman (1)</i>	2015	\$ 13,250	\$ -	\$ -	\$ 57,250	\$ -	\$ -	\$ 70,500
Vadim Mats <i>Director</i>	2015	\$ 14,250	\$ -	\$ -	\$ 57,250	\$ -	\$ -	\$ 71,500
Paul L. Kessler <i>Director</i>	2015	\$ 14,000	\$ -	\$ -	\$ 60,838	\$ -	\$ -	\$ 74,838
Kenneth Shamus <i>Director</i>	2015	\$ 13,750	\$ -	\$ -	\$ 60,838	\$ -	\$ -	\$ 74,558

(1) On February 5, 2016, the Board appointed Mr. John Maatta as the Chairman of the Board. Mr. Macaluso will continue to serve as a member of the Board.

Director Agreements

The Company has entered into director agreements with each of its directors. Each director agreement commences on the date that the respective director was appointed a member of the Board and continues through the Company's next annual stockholders' meeting, unless automatically renewed at the option of the Board on such date that such director is re-elected to the Board. Pursuant to the director agreements entered into with our directors, each director is granted a non-qualified option to purchase up to 150,000 shares of the Company's common stock. Mr. Mats' director agreement provided for a quarterly issuance of 10,000 shares of restricted common stock. On April 11, 2012, Mr. Mats waived his right to receive the stock award granted to him under his director agreement going forward. On May 9, 2011, Mr. Mats was granted a non-qualified option to purchase 150,000 shares of the Company's common stock.

In conjunction with the director agreements, we entered into an indemnification agreement with each director that is effective during the term that such director serves as a member of the Board until six years thereafter. The indemnification agreement indemnifies the director to the fullest extent permitted under Delaware law for any claims arising out of, or resulting from, among other things, (i) any actual, alleged or suspected act or failure to act as a director or agent of the Company and (ii) any actual, alleged or suspected act or failure to act in respect of any business, transaction, communication, filing, disclosure or other activity of the Company. Further, the director is indemnified for any losses pertaining to such claims, provided, however, that the losses not include expenses incurred by the director in respect of any claim as which such director shall have been adjudged liable to the Company, unless the Delaware Chancery Court rules otherwise.

On May 5, 2014, the Board approved the granting to each of the five non-employee members of the Board on May 9, 2014, a non-qualified stock option to purchase up to three hundred thousand (300,000) shares of the Company's common stock at an exercise price of \$0.64 per share. Such options expire five years from the date of issuance and shall vest in equal amounts over a period of three (3) years at the rate of twenty-five thousand (25,000) shares per fiscal quarter at the end of such quarter, commencing in the quarter ended June 30, 2014, and pro-rated for the number of days each non-employee member of the Board serves on the Board during such fiscal quarter.

In addition, effective as of May 1, 2014, the non-employee members of the Board (i) for their participation in meetings of the Board and its committees, will be compensated \$1,000 for in person meeting, and \$250 - \$500 per telephonic meeting, depending on the length of the telephonic meeting, and (ii) will be provided a monthly retainer of \$750 per month.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

Our authorized capital stock consists of 100,000,000 shares, of which 80,000,000 are for shares of common stock, par value \$0.0001 per share, and 20,000,000 are for shares of preferred stock, par value \$0.0001 per share, of which 50,000 have been designated as Series A Cumulative Convertible Preferred Stock. As of April 13, 2016, there were 51,368,386 shares of our common stock issued and outstanding, all of which were fully paid, non-assessable and entitled to vote. Each share of our common stock entitles its holder to one vote on each matter submitted to the stockholders.

The following table sets forth information as of April 13, 2016, with respect to the beneficial ownership of our common stock by (i) each of our officers and directors, (ii) our officers and directors as a group and (iii) each person known by us to beneficially own five percent (5%) or more of our outstanding common stock. Unless otherwise specified, the address of each of the persons set forth below is in care of Wizard World, Inc., 2201 Park Place, Suite 101, El Segundo, CA 90245.

<u>Title of Class</u>	<u>Name of Beneficial Owner (1)</u>	<u>Number of Shares</u>	<u>Percent of Class (2)</u>
Common	Vadim Mats, Director	73,000(3)	*%
Common	Greg Suess, Director	146,553(4)	*%
Common	John M. Macaluso, Chief Executive Officer, Director	8,600,213(5)	16.74%
Common	John Maatta, Chairman	2,500(6)	*%
Common	Paul L. Kessler, Director	9,024,783(7)	17.57%
Common	Kenneth Shamus, Director	1,462,750(8)	2.85%
Common	Randall S. Malinoff, Interim Chief Operating Officer	0	*%
Common	All officers and directors as a group (7 persons)	19,309,799	37.59%
Common	Pivot Media LLC	3,830,000(9)	7.46%
Common	Stephen Shamus	2,393,750(10)	4.66%
Common	4 Brothers LLC	3,351,250(11)	6.52%
Common	Eric Weisblum	2,950,000(12)	5.74%
Common	All officers, directors and 5% holders as a group (11 persons)	31,834,799	61.97%

* denotes less than 1%

- (1) Beneficial ownership generally includes voting or investment power with respect to securities. Unless otherwise indicated, each of the beneficial owners listed above has direct ownership of and sole voting power and investment power with respect to the securities. Beneficial ownership is determined in accordance with Rule 13d-3(d)(1) under the Exchange Act and includes securities for which the beneficial owner has the right to acquire beneficial ownership within 60 days.
- (2) Based on 51,368,386 shares of common stock issued and outstanding as of April 13, 2016.
- (3) This total does not include shares issuable upon exercise of an option for 450,000 shares of common stock, of which approximately 342,500 have vested.
- (4) Does not include shares issuable upon exercise of an option for 450,000 shares of common stock, of which approximately 342,500 have vested.
- (5) This total does not include (i) shares issuable upon exercise of an option for 150,000 shares of common stock, of which approximately 150,000 have vested, (ii) shares issuable upon exercise of an option for 2,750,000 shares of common stock, of which 2,750,000 have vested, (iii) shares issuable upon exercise of an option for 120,000 shares of common stock, of which approximately 120,000 have vested, (iv) shares issuable upon exercise of an option for 900,000, which shall be exercisable at a price per share of \$1.00 and shall vest quarterly over the period beginning on March 19, 2015 and ending March 18, 2016, of which approximately 900,000 have vested; (v) shares issuable upon exercise of an option for 900,000, which shall be exercisable at a price per share of \$1.25 and shall vest quarterly over the period beginning on March 19, 2016 and ending March 18, 2017, and (vi) shares issuable upon exercise of an option for 900,000, which shall be exercisable at a price per share of \$1.50 and shall vest quarterly over the period beginning on March 19, 2017 and ending March 18, 2018.
- (6) Does not include shares issuable upon exercise of an option for 450,000 shares of common stock, of which approximately 342,500 have vested.
- (7) The total consists of: (i) 7,670,083 shares owned by Bristol Investment Fund, Ltd., a Cayman Islands exempted company managed by Bristol Capital Advisors LLC ("Bristol Capital"), a Delaware limited liability company, of which Mr. Kessler, as the manager of Bristol Capital, acting alone, has voting and dispositive power over the shares beneficially owned; (ii) 489,000 shares owned by Bristol Capital, LLC, of which Mr. Kessler has voting and dispositive power over the shares beneficially owned, (iii) 78,700 shares owned by Paul Kessler IRA Rollover, of which Mr. Kessler, acting alone, has voting and dispositive power over the shares beneficially owned, and (iv) 787,000 shares owned by Bristol Capital Pension and Profit Sharing, of which Mr. Kessler, acting alone, has voting and dispositive power over the shares beneficially owned. This total does not include shares issuable upon exercise of an option for 450,000 shares of common stock, of which approximately 342,500 have vested.
- (8) This total includes (i) 26,500 shares owned directly by Mr. Shamus and (ii) 1,436,250 owned by 4 Brothers LLC, of which Mr. Shamus has voting and dispositive power over the shares beneficially owned. This total does not include shares issuable upon exercise of an option for 450,000 shares of common stock, of which approximately 342,500 have vested. Mr. Shamus is part of the family that owns Kicking the Can LLC, 4 Brothers LLC, It's All Normal, LLC and Pivot Media LLC.
- (9) Pivot Media LLC, a Delaware limited liability company, is owned and managed by Careb Shamus. Mr. Shamus, acting alone, has voting and dispositive power over the shares beneficially owned by Pivot Media LLC. The address for Pivot Media LLC is 54 Jane Street, New York, NY 10014.

- (10) This total includes 2,393,750 shares owned by It's All Normal, LLC, a Delaware limited liability company, of which Mr. Shamus is the owner and acting alone, has voting and dispositive power over the shares beneficially owned. This total does not include (i) shares issuable upon exercise of an option for 200,000 shares of common stock at \$0.40 per share, of which all shares have vested, (ii) shares issuable upon exercise of an option for 200,000 shares of common stock at \$0.74 per share, of which all shares have vested, and (iii) shares issuable upon exercise of an option for 25,000 shares of common stock at \$0.42 per share, of which all shares have vested. Upon the exercise of such options, Mr. Shamus will own approximately 5.44% of the outstanding common stock. The address for Mr. Shamus is 27 West 55th Street, New York, NY 10019
- (11) 4 Brothers LLC, a Delaware limited liability company, is owned and managed by Kenneth Shamus, Marty Shamus and Ilan Shamus. The mailing address for 4 Brothers LLC is 363 Spook Rock Road, Suffern, NY 10901.
- (12) This total consists of: (i) 1,950,000 shares of common stock directly owned by Eric Weisblum, and (ii) 1,000,000 shares of common stock owned by Gem Funding, LLC, a Delaware limited liability company ("GEM"). Corie Weisblum, the wife of Eric Weisblum, is the managing member of GEM. The address for Mr. Weisblum and GEM is 41 Owatonna Street, Haworth, New Jersey 07641.

Stock Option Issuances Under the 2011 Incentive Compensation and Award Plan

Option Grants

On May 9, 2011, as subsequently amended on September 14, 2011, April 11, 2012, July 9, 2012 and September 25, 2014, we adopted the 2011 Incentive Stock and Award Plan, which was authorized and approved by the Board, and have granted to all directors options to purchase our common stock pursuant to the terms of their employment, consulting and/or director agreements.

In conjunction with the director agreements and indemnification agreements described above, we entered into a Non-qualified Stock Option Agreement ("Stock Option Agreement") with each director, pursuant to which the director was granted a non-qualified stock purchase option (the "Non-qualified Option") to purchase up to an aggregate of one hundred fifty thousand (150,000) shares of our common stock, subject to the terms and conditions of the Plan. The exercise price for the Non-qualified Option is the closing price of the Company's common stock on the execution date of the director agreement. The Non-qualified Option is exercisable for a period of five years and vests in equal amounts over a period of three (3) years at the rate of twelve thousand five hundred (12,500) shares per fiscal quarter at the end of such quarter, and pro-rated for the number of days the director served on the Board during such fiscal quarter. Notwithstanding the foregoing, if the director ceases to be a member of Board at any time during the three (3)-year vesting period for any reason (such as resignation, withdrawal, death, disability or any other reason), then any un-vested portion of the Non-qualified Option shall be irrefutably forfeited.

On May 5, 2014, the Board approved the granting to each of the five non-employee members of the Board on May 9, 2014, a Non-qualified Option to purchase up to three hundred thousand (300,000) shares of the Company's common stock subject to the terms and conditions of the Plan. The exercise price for the Non-qualified Options is \$0.64. The Non-qualified Option is exercisable for period of five (5) years from the date of issuance and such option shall vest in equal amounts over a period of three (3) years at the rate of twenty-five thousand (25,000) shares per fiscal quarter at the end of such quarter, commencing in the quarter ended June 30, 2014, and pro-rated for the number of days each non-employee member of the Board serves on the Board during such fiscal quarter.

In addition, in connection with Mr. Macaluso's Employment Agreement, the Company granted to Macaluso Options to purchase shares of the Company's common stock, par value \$0.0001 per share, which shall vest as follows: (i) 763,888 Options, which have already been issued to Macaluso pursuant to Macaluso's original employment agreement with the Company, dated March 19, 2012, and shall vest quarterly over the period ending March 18, 2015, at an exercise price of \$0.44 per share; (ii) 900,000 of the Options shall vest quarterly over the period beginning on March 19, 2015 and ending March 18, 2016, at an exercise price of \$1.00 per share; (iii) 900,000 of the Options shall vest quarterly over the period beginning on March 19, 2016 and ending March 18, 2017, at an exercise price of \$1.25 per share; and (iv) 900,000 of the Options which shall vest quarterly over the period beginning on March 18, 2017 and ending March 18, 2018, at an exercise price of \$1.50 per share.

Restricted Stock Awards

On January 14, 2011, the Company entered into a director agreement with Vadim Mats. The term of such agreement was for one year. As compensation for his services, Mr. Mats was to receive ten thousand (10,000) shares of the Company's restricted common stock, par value \$0.0001 per share at the end of every fiscal quarter during which he serves as a member of the Board. For any period during the term that Mr. Mats did not serve a full quarter, the amount of shares of common stock issued was to be pro-rated based on the number of days during such quarter that the Mr. Mats was a member of the Board. On April 11, 2012, Mr. Mats waived his right to receive the stock award granted to him under his director agreement going forward.

DESCRIPTION OF SECURITIES

General

Our authorized capital stock consists of 100,000,000 shares, of which 80,000,000 shares are common stock, par value \$0.0001 per share ("Common Stock") and 20,000,000 are for shares of preferred stock, par value \$0.0001 per share, of which 50,000 have been designated as Series A Cumulative Convertible Preferred Stock ("Series A Preferred Stock").

Common Stock

As of April 13, 2016, there were 51,368,386 shares of our common stock issued and outstanding held by 44 beneficial owners of record.

Voting Rights

Each share of stock entitles the holder to one vote for each share on all matters submitted to a stockholder vote. Directors are elected by a plurality of the votes of the shares present in person or represented by proxy at an annual shareholders' meeting and entitled to vote on the election of directors. Any other action shall be authorized by a majority of the votes cast, unless otherwise provided under the Delaware General Corporation Law. Holders of our stock representing a majority of the voting power of our capital stock issued, outstanding and entitled to vote, represented in person or by proxy, are necessary to constitute a quorum at any meeting of our stockholders.

Dividend Rights

Holders of our common stock are entitled to share in all dividends that our board of directors, in its discretion, declares from legally available funds, but only after we have satisfied our dividend obligations to the holders of our Series A Preferred Stock.

Liquidation Rights

In the event of a liquidation, dissolution or winding up, each outstanding share entitles its holder to participate pro rata in all assets that are legally available for distribution and remain after (i) payment of liabilities and (ii) payment in full of all amounts due to the holders of the Series A Preferred Stock (on an as converted basis).

Conversion and Redemption Rights

Holders of our common stock have no pre-emptive rights, no conversion rights and there are no redemption provisions applicable to our common stock.

Series A Cumulative Convertible Preferred Stock

Effective August 21, 2013, the Series A Preferred Shareholders (the “Series A Shareholders”) of the Company converted all outstanding Series A Preferred Stock into approximately 9.5 million shares of Common Stock. In connection with the conversion of the Preferred Stock, the Company issued approximately 1.6 million shares of Common Stock as payment for accrued and unpaid dividends.

Common Stock Purchase Warrants

Effective August 21, 2013, the Series A Shareholders and certain other shareholders exchanged approximately 8.0 million outstanding Series A Common Stock Purchase Warrants for approximately 4.0 million shares of Common Stock. As of April 13, 2016, the Company has no warrants outstanding.

Non-Qualified Stock Options

Please refer to Item 5(d) of Part II above.

Anti-Takeover Provisions

Our charter and bylaws contain provisions that may make it more difficult for a third party to acquire or may discourage acquisition bids for us. Our Board may, without action of our stockholders, issue authorized but unissued shares of preferred stock. The existence of unissued preferred stock may enable the Board, without further action by the stockholders, to issue such stock to persons friendly to current management or to issue such stock with terms that could render more difficult or discourage an attempt to obtain control of us, thereby protecting the continuity of our management. Our shares of preferred stock could therefore be issued quickly with terms that could delay, defer, or prevent a change in control of us, or make removal of management more difficult.

Item 13. Certain Relationships and Related Transactions.

We present all possible transactions between us and our officers, directors and 5% stockholders, and our affiliates, to our Board for their consideration and approval. Any such transaction will require approval by a majority of the disinterested directors and such transactions will be on terms no less favorable than those available to disinterested third parties. During their years ended December 31, 2014 and 2015, the Company had the following transactions with related persons reportable under Item 404 of Regulation S-K:

On May 31, 2011, the Company entered into an agreement with ToyWiz, Inc. (“ToyWiz”), a company run by a director of the Company, to monetize the ToyWiz website. Under the terms of such agreement, ToyWiz was paid 50% of the advertising revenue attributable to the ToyWiz site, with a minimum guarantee of \$5,000 per month. This agreement is no longer in effect as of July 2014.

On September 1, 2012, the Company entered into an agreement with ROAR, LLC (“ROAR”), an entity which is partially owned by a director of the Company. ROAR agrees to provide the Company strategic management consulting services. The initial term was for three (3) months and then month-to-month thereafter. The Company agreed to compensate ROAR with a \$7,500 per month payment and a 10% commission on any contractual introduction for business development introduced by ROAR. This agreement is no longer in effect as of December 2015.

Effective April 22, 2013, the Company entered into that certain commercial real estate lease, as lessee, with Bristol Capital, LLC, a Delaware limited liability company (“Bristol”), and 225 California Street, LLC, a California limited liability company (“225 California”), as lessors, for new office space located in El Segundo, California (the “Lease”), with each of Bristol and 225 California holding an undivided 50% tenant-in-common interest. Bristol and 225 California are managed by a member of the Board and the Company’s Chief Executive Officer, respectively. Pursuant to the Lease, the Company shall pay base rent of \$6,900 per month and an initial security deposit of \$13,800 was required. The Company’s entering into the Lease was approved by the disinterested members of the Board. In September 2014, the Company terminated the Lease without penalty and is no longer obligated for future payments.

Effective April 1, 2014, the Company entered into an agreement with Bristol pursuant to which Bristol agreed to provide the Company strategic management consulting services. The term of the agreement was month-to-month and Bristol received a payment of \$5,000 per month. This agreement is no longer in effect as of December 2015.

Bristol and ROAR each received a 2.5% profits participation and ownership interest in CONtv.

Effective December 29, 2014, the Company and a member of the Board formed Wiz Wizard. The Company and the member of the Board each own 50% of the membership interest and shall allocate the profits and losses accordingly upon repayment of the initial capital contributions on a pro rata basis. On February 4, 2016, the member of the Board assigned his fifty percent (50%) membership interest to the Company.

Director Independence

The common stock of the Company is currently quoted on the OTCBB and OTCQB, quotation systems which currently do not have director independence requirements. On an annual basis, each director and executive officer will be obligated to disclose any transactions with the Company in which a director or executive officer, or any member of his or her immediate family, have a direct or indirect material interest in accordance with Item 407(a) of Regulation S-K. Following completion of these disclosures, the Board will make an annual determination as to the independence of each director using the current standards for "independence" that satisfy the criteria for the NASDAQ.

As of April 14, 2016, the Board determined that the following directors are independent under these standards:

John Maatta, Greg Suess and Vadim Mats.

The Company has a standing Compensation Committee, a standing Audit Committee and a standing Nominating and Corporate Governance Committee. As of April 14, 2016, the Board has determined that all members of the Compensation Committee are independent, Mr. Mats is an independent member of the Audit Committee, and Messrs. Maatta and Suess of the Nominating and Corporate Governance Committee are independent.

Item 14. Principal Accountant Fees and Services.

Audit Fees

(a) The aggregate fees billed by Li & Company for the audit of the Company's financial statements for the fiscal years ended December 31, 2015 and 2014, were \$32,500 and \$65,000, respectively.

The Company's current independent registered public accounting firm, Rosenberg Rich Baker Berman & Company ("RRBB"), was engaged on February 16, 2016 and did not bill the Company for any fees for the audit of the Company's financial statements for the fiscal years ended December 31, 2015 and 2014.

Audit Related Fees

(b) Li & Company did not bill the Company any amounts for assurance and related services that were related to its audit or review of the Company's financial statements during the fiscal years ended December 31, 2015 and 2014, respectively.

RRBB did not bill the Company any amounts for assurance and related services that were related to its audit or review of the Company's financial statements during the fiscal years ended December 31, 2015 and 2014, respectively.

Tax Fees

(c) The aggregate fees billed by Li & Company for tax compliance, advice and planning were \$0 for the fiscal year ended December 31, 2015 and \$0 for the fiscal year ended December 31, 2014.

The aggregate fees billed by RRBB for tax compliance, advice and planning were \$18,800 for the fiscal year ended December 31, 2015 and \$20,500 for the fiscal year ended December 31, 2014.

All Other Fees

(d) Li & Company did not bill the Company for any products and services other than the foregoing during the fiscal years ended December 31, 2015 and 2014, respectively.

RRBB did not bill the Company for any products and services other than the foregoing during the fiscal years ended December 31, 2015 and 2014, respectively.

PART IV

Item 15. Exhibits, Financial Statement Schedules.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and
Stockholders of Wizard World, Inc.

We have audited the accompanying consolidated balance sheet of Wizard World, Inc., as of December 31, 2015, and the related consolidated statements of operations, stockholders' equity (deficit), and cash flows for the year ended December 31, 2015. Wizard World, Inc.'s management is responsible for these consolidated financial statements. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Wizard World, Inc., as of December 31, 2015, and the results of its operations and its cash flows for the year ended December 31, 2015, in conformity with accounting principles generally accepted in the United States of America.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders
Wizard World, Inc.

We have audited the accompanying consolidated balance sheet of Wizard World, Inc. (the "Company") as of December 31, 2014 and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2014 and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Wizard World, Inc.
December 31, 2015
Notes to the Consolidated Financial Statements

Note 1 – Organization and Operations

Wizard World, Inc.

Wizard World, Inc., formerly GoEnergy, Inc. (“Wizard World” or the “Company”) was incorporated on May 2, 2001, under the laws of the State of Delaware.

Kick the Can Corp.

Kick The Can Corp. was incorporated on September 20, 2010, under the laws of the State of Nevada.

Kicking the Can, L.L.C.

Kicking The Can, L.L.C. was formed on April 17, 2009, under the laws of the State of Delaware.

Acquisition of Kick the Can Corp. / Wizard Conventions, Inc. Recognized as a Reverse Acquisition

On December 7, 2010, the Company entered into and consummated a share exchange agreement (“Share Exchange Agreement”) with successor, Kick the Can Corp. (“KTC Corp.”) and its predecessors Wizard Conventions, Inc. and Kicking The Can, L.L.C. (collectively, “Conventions”). Pursuant to the Exchange Agreement, the Company issued 32,927,596 shares of its common stock to the KTC Corp. shareholders in exchange for 100% of the issued and outstanding shares of KTC Corp. The shares issued represented approximately 94.9% of the issued and outstanding common stock immediately after the consummation of the Share Exchange Agreement.

As a result of the controlling financial interest of the former stockholder of Conventions, for financial statement reporting purposes, the merger between the Company and Conventions has been treated as a reverse acquisition with KTC Corp. deemed the accounting acquirer and the Company deemed the accounting acquiree under the acquisition method of accounting in accordance with section 805-10-55 of the FASB Accounting Standards Codification. The reverse merger is deemed a capital transaction and the net assets of KTC Corp. (the accounting acquirer) are carried forward to the Company (the legal acquirer and the reporting entity) at their carrying value before the combination. The acquisition process utilizes the capital structure of the Company and the assets and liabilities of KTC Corp. which are recorded at historical cost. The equity of the Company is the historical equity of KTC Corp. retroactively restated to reflect the number of shares issued by the Company in the transaction. Because of the predecessor/successor relationship between the Company and KTC Corp., Conventions ultimately became the accounting acquirer.

Wizard World Digital, Inc.

On March 18, 2011, the Company formed a wholly owned subsidiary called Wizard World Digital, Inc., a Nevada corporation (“Digital”). Digital never commenced operations or has employees, and Digital is currently dormant, pending execution of a digital strategy.

Wiz Wizard, LLC

On December 29, 2014, the Company and a member of the Board of Directors (the “Board”) of the Company formed Wiz Wizard, LLC (“Wiz Wizard”) under the law of the State of Delaware. The Company and the member of the Board each own 50% of the membership interest and shall allocate the profits and losses accordingly upon repayment of the initial capital contributions on a pro rata basis. The Company consolidates its 50% equity interest and reports the remaining 50% equity interest owned by a member of the Board as the non-controlling interest in Wiz Wizard as the management of the Company believes that the Company has the control of Wiz Wizard. In addition, the Company and Wiz Wizard, launched ComicConBox (“ConBox”) in April 2015. ConBox is a subscription-based premium monthly box service featuring collectibles, exclusives, toys, tech and gaming, licensed artwork, superior comics and apparel, Comic Con tickets, special VIP discounts and more, which will be shipped on or around the end of every month. The Company plans to continue to partner with major Comic Con related brands and celebrities to deliver a high quality and variation of products directly to the front doors of its subscribers. On February 4, 2016, the member of the Board assigned his fifty percent (50%) membership interest to the Company. Consequently, Wiz Wizard is a wholly-owned subsidiary of the Company.

ButtaFyngas LLC

On April 10, 2015, the Company and an unrelated third party formed ButtaFyngas, LLC (“ButtaFyngas”) under the law of the State of Delaware. The Company and the unrelated party each own 50% of the membership interest and shall allocate the profits and losses accordingly upon repayment of the initial capital contributions on a pro rata basis. The Company consolidates its 50% equity interest and reports the remaining 50% equity interest owned by the third party as the non-controlling interest in ButtaFyngas.

Note 2 – Significant and Critical Accounting Policies and Practices

The management of the Company is responsible for the selection and use of appropriate accounting policies and their application. Critical accounting policies and practices are those that are both most important to the portrayal of the Company’s financial condition and results and require management’s most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Company’s significant and critical accounting policies and practices are disclosed below as required by generally accepted accounting principles.

Basis of Presentation

The Company’s consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”).

Use of Estimates and Assumptions and Critical Accounting Estimates and Assumptions

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date(s) of the financial statements and the reported amounts of revenues and expenses during the reporting period(s). Actual results could differ from those estimates.

Principles of Consolidation

The consolidated financial statements include all accounts of the entities as of the reporting period ending date(s) and for the reporting period(s) as follows:

Name of consolidated subsidiary or entity	State or other jurisdiction of incorporation or organization	Date of incorporation or formation (date of acquisition, if applicable)	Attributable interest
KTC Corp.	The State of Nevada, U.S.A.	September 20, 2010	100%
Kicking the Can LLC.	The State of Delaware, U.S.A.	April 17, 2009	100%
Wizard World Digital, Inc.	The State of Nevada, U.S.A.	March 18, 2011	100%
Wiz Wizard, LLC	The State of Delaware, U.S.A.	December 29, 2014	50%
ButtaFyngas, LLC	The State of Delaware, U.S.A.	April 10, 2015	50%

All inter-company balances and transactions have been eliminated. Non-controlling interest represents the minority equity investment in the Company's subsidiaries, plus the minority investors' share of the net operating results and other components of equity relating to the non-controlling interest.

As of December 31, 2015 and 2014, the aggregate non-controlling interest in Wiz Wizard and ButtaFyngas, was \$17,706 and \$0, respectively, and is separately disclosed on the Consolidated Balance Sheet.

Fair Value of Financial Instruments

The Company follows paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of its financial instruments and Paragraph 820-10-35-37 of the FASB Accounting Standards Codification ("Paragraph 820-10-35-37") to measure the fair value of its financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in US GAAP, and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three (3) broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three (3) levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

- Level 1 Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.
- Level 2 Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.
- Level 3 Pricing inputs that are generally unobservable and not corroborated by market data.

Financial assets are considered Level 3 when their fair values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable.

The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. If the inputs used to measure the financial assets and liabilities fall within more than one level described above, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

The carrying amount of the Company's assets and liabilities, such as cash, accounts receivable, inventory, prepaid expenses, accounts payable and accrued liabilities, and unearned revenue approximate their fair value because of the short maturity of those instruments.

Transactions involving related parties cannot be presumed to be carried out on an arm's-length basis, as the requisite conditions of competitive, free-market dealings may not exist. Representations about transactions with related parties, if made, shall not imply that the related party transactions were consummated on terms equivalent to those that prevail in arm's-length transactions unless such representations can be substantiated.

Carrying Value, Recoverability and Impairment of Long-Lived Assets

The Company has adopted Section 360-10-35 of the FASB Accounting Standards Codification for its long-lived assets. Pursuant to ASC Paragraph 360-10-35-17, an impairment loss shall be recognized only if the carrying amount of a long-lived asset (asset group) is not recoverable and exceeds its fair value. The carrying amount of a long-lived asset (asset group) is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset (asset group). That assessment shall be based on the carrying amount of the asset (asset group) at the date it is tested for recoverability. An impairment loss shall be measured as the amount by which the carrying amount of a long-lived asset (asset group) exceeds its fair value. Pursuant to ASC Paragraph 360-10-35-20, if an impairment loss is recognized, the adjusted carrying amount of a long-lived asset shall be its new cost basis. For a depreciable long-lived asset, the new cost basis shall be depreciated (amortized) over the remaining useful life of that asset. Restoration of a previously recognized impairment loss is prohibited.

Pursuant to ASC Paragraph 360-10-35-21, the Company's long-lived asset (asset group) is tested for recoverability whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. The Company considers the following to be some examples of such events or changes in circumstances that may trigger an impairment review: (a) significant decrease in the market price of a long-lived asset (asset group); (b) a significant adverse change in the extent or manner in which a long-lived asset (asset group) is being used or in its physical condition; (c) a significant adverse change in legal factors or in the business climate that could affect the value of a long-lived asset (asset group), including an adverse action or assessment by a regulator; (d) an accumulation of costs significantly in excess of the amount originally expected for the acquisition or construction of a long-lived asset (asset group); (e) a current-period operating or cash flow loss combined with a history of operating or cash flow losses or a projection or forecast that demonstrates continuing losses associated with the use of a long-lived asset (asset group); and (f) a current expectation that, more likely than not, a long-lived asset (asset group) will be sold or otherwise disposed of significantly before the end of its previously estimated useful life. The Company tests its long-lived assets for potential impairment indicators at least annually and more frequently upon the occurrence of such events.

Pursuant to ASC Paragraphs 360-10-45-4 and 360-10-45-5, an impairment loss recognized for a long-lived asset (asset group) to be held and used shall be included in income from continuing operations before income taxes in the income statement of a business entity. If a subtotal such as income from operations is presented, it shall include the amount of that loss. A gain or loss recognized on the sale of a long-lived asset (disposal group) that is not a component of an entity shall be included in income from continuing operations before income taxes in the income statement of a business entity. If a subtotal such as income from operations is presented, it shall include the amounts of those gains or losses.

Accounts Receivable and Allowance for Doubtful Accounts

Pursuant to FASB ASC Paragraph 310-10-35-47, trade receivables that management has the intent and ability to hold for the foreseeable future shall be reported in the balance sheet at outstanding principal adjusted for any charge-offs and the allowance for doubtful accounts. The Company follows FASB ASC Paragraphs 310-10-35-7 through 310-10-35-10 to estimate the allowance for doubtful accounts. Pursuant to FASB ASC Paragraph 310-10-35-9, losses from uncollectible receivables shall be accrued when both of the following conditions are met: (a) information available before the financial statements are issued or are available to be issued (as discussed in Section 855-10-25) indicates that it is probable that an asset has been impaired at the date of the financial statements, and (b) the amount of the loss can be reasonably estimated. Those conditions may be considered in relation to individual receivables or in relation to groups of similar types of receivables. If the conditions are met, accrual shall be made even though the particular receivables that are uncollectible may not be identifiable. The Company reviews individually each trade receivable for collectability and performs on-going credit evaluations of its customers and adjusts credit limits based upon payment history and the customer's current credit worthiness, as determined by the review of their current credit information; and determines the allowance for doubtful accounts based on historical write-off experience, customer specific facts and general economic conditions that may affect a client's ability to pay. Bad debt expense is included in general and administrative expenses, if any.

Bad debt expense for the reporting period ended December 31, 2015 and 2014 was \$412,117 and \$0, respectively.

Property and Equipment

Property and equipment are recorded at cost. Expenditures for major additions and betterments are capitalized. Maintenance and repairs are charged to operations as incurred. Depreciation is computed by the straight-line method (after taking into account their respective estimated residual values) over the estimated useful lives of the respective assets as follows:

	<u>Estimated Useful Life (Years)</u>
Computer equipment	3
Equipment	2-5
Furniture and fixture	7

Upon sale or retirement of property and equipment, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is reflected in the consolidated statements of operations.

Investments - Cost Method, Equity Method and Joint Venture

In accordance with sub-topic 323-10 of the FASB Accounting Standards Codification (“Sub-topic 323-10”), the Company accounts for investments in common stock of an investee for which the Company has significant influence in the operating or financial policies even though the Company holds 50% or less of the common stock or in-substance common stock.

Method of Accounting

Investments held in stock of entities other than subsidiaries, namely corporate joint ventures and other non-controlled entities usually are accounted for by one of three methods (i) the fair value method (addressed in Topic 320), (ii) the equity method (addressed in Topic 323), or (iii) the cost method (addressed in Subtopic 325-20). Pursuant to Paragraph 323-10-05-5, the equity method tends to be most appropriate if an investment enables the investor to influence the operating or financial policies of the investee.

Investment in CONtv

On August 27, 2014, the Company entered into a joint venture and executed an Operating Agreement for CON TV LLC (“CONtv”) with Cinedigm Entertainment Corp. (“Cinedigm”), ROAR, LLC (a related party partially owned by a member of the Board) (“ROAR”) and Bristol Capital, LLC (a related party controlled by a member of the Board) (“Bristol Capital”). The Company owned a 47.50% interest in the newly formed entity, CONtv. The Company was accounting for the interest in the joint venture utilizing the equity method of accounting. For the years ended December 31, 2015 and 2014, the Company recognized \$1,324,727 and \$460,747 in losses from this venture, respectively. As of December 31, 2015 and 2014, the investment in CONtv was \$0 and \$117,507, respectively.

On November 16, 2015, pursuant to that certain Amended and Restated Operating Agreement for CONtv by and among the aforementioned parties (the “A&R Operating Agreement”), the Company’s ownership interest in CONtv was reduced to 10%. Pursuant to the A&R Operating Agreement, the Company is only obligated to fund on-going costs in the amount of \$25,000 in cash on an on-going monthly basis for a period of 12 months following the effective date.

Related Parties

The Company follows subtopic 850-10 of the FASB Accounting Standards Codification for the identification of related parties and disclosure of related party transactions.

Pursuant to Section 850-10-20, the related parties include: (a.) affiliates of the Company (“Affiliate” means, with respect to any specified Person, any other Person that, directly or indirectly through one or more intermediaries, controls, is controlled by or is under common control with such Person, as such terms are used in and construed under Rule 405 under the Securities Act); (b.) entities for which investments in their equity securities would be required, absent the election of the fair value option under the Fair Value Option Subsection of Section 825-10-15, to be accounted for by the equity method by the investing entity; (c.) trusts for the benefit of employees, such as pension and profit-sharing trusts that are managed by or under the trusteeship of management; (d.) principal owners of the Company; (e.) management of the Company; (f.) other parties with which the Company may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests; and (g.) other parties that can significantly influence the management or operating policies of the transacting parties or that have an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The financial statements shall include disclosures of material-related party transactions, other than compensation arrangements, expense allowances, and other similar items in the ordinary course of business. However, disclosure of transactions that are eliminated in the preparation of consolidated or combined financial statements is not required in those statements. The disclosures shall include: (a.) the nature of the relationship(s) involved; (b.) a description of the transactions, including transactions to which no amounts or nominal amounts were ascribed, for each of the periods for which income statements are presented, and such other information deemed necessary to an understanding of the effects of the transactions on the financial statements; (c.) the dollar amounts of transactions for each of the periods for which income statements are presented and the effects of any change in the method of establishing the terms from that used in the preceding period; and (d.) amounts due from or to related parties as of the date of each balance sheet presented and, if not otherwise apparent, the terms and manner of settlement.

Commitments and Contingencies

The Company follows subtopic 450-20 of the FASB Accounting Standards Codification to report accounting for contingencies. Certain conditions may exist as of the date the consolidated financial statements are issued, which may result in a loss to the Company but which will only be resolved when one or more future events occur or fail to occur. The Company assesses such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Company or un-asserted claims that may result in such proceedings, the Company evaluates the perceived merits of any legal proceedings or un-asserted claims as well as the perceived merits of the amount of relief sought or expected to be sought therein.

If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the Company’s consolidated financial statements. If the assessment indicates that a potential material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, and an estimate of the range of possible losses, if determinable and material, would be disclosed.

Loss contingencies considered remote are generally not disclosed unless they involve guarantees, in which case the guarantees would be disclosed.

Revenue Recognition and Cost of Revenues

The Company follows Paragraph 605-10-S99-1 of the FASB Accounting Standards Codification for revenue recognition. The Company will recognize revenue when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the product has been shipped or the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured.

Unearned convention revenue is deposits received for conventions that have not yet taken place, which are fully or partially refundable depending upon the terms and conditions of the agreements.

Unearned ConBox revenue is non-refundable up-front payments for products. These payments are initially deferred and subsequently recognized over the subscription period, typically three months, and upon shipment of the product.

The Company recognizes cost of revenues in the period in which the revenues was earned. In the event the Company incurs cost of revenues for conventions that are yet to occur, the Company records such amounts as prepaid expenses and such prepaid expenses are expensed during the period the convention takes place.

Equity-based compensation

The Company recognizes compensation expense for all equity-based payments in accordance with ASC 718 “*Compensation – Stock Compensation*”. Under fair value recognition provisions, the Company recognizes equity-based compensation net of an estimated forfeiture rate and recognizes compensation cost only for those shares expected to vest over the requisite service period of the award.

Restricted stock awards are granted at the discretion of the Company. These awards are restricted as to the transfer of ownership and generally vest over the requisite service periods, typically over a four year period (vesting on a straight-line basis). The fair value of a stock award is equal to the fair market value of a share of Company stock on the grant date.

The fair value of option award is estimated on the date of grant using the Black-Scholes option valuation model. The Black-Scholes option valuation model requires the development of assumptions that are input into the model. These assumptions are the expected stock volatility, the risk-free interest rate, the expected life of the option, the dividend yield on the underlying stock and the expected forfeiture rate. Expected volatility is calculated based on the historical volatility of the Company’s Common stock over the expected option life and other appropriate factors. Risk-free interest rates are calculated based on continuously compounded risk-free rates for the appropriate term. The dividend yield is assumed to be zero as the Company has never paid or declared any cash dividends on our Common stock and does not intend to pay dividends on our Common stock in the foreseeable future. The expected forfeiture rate is estimated based on historical experience.

Determining the appropriate fair value model and calculating the fair value of equity-based payment awards requires the input of the subjective assumptions described above. The assumptions used in calculating the fair value of equity-based payment awards represent management’s best estimates, which involve inherent uncertainties and the application of management’s judgment. As a result, if factors change and the Company uses different assumptions, our equity-based compensation could be materially different in the future. In addition, the Company is required to estimate the expected forfeiture rate and recognize expense only for those shares expected to vest. If our actual forfeiture rate is materially different from our estimate, the equity-based compensation could be significantly different from what the Company has recorded in the current period.

The Company accounts for share-based payments granted to non-employees in accordance with ASC 505-40, “*Equity Based Payments to Non-Employees*”. The Company determines the fair value of the stock-based payment as either the fair value of the consideration received or the fair value of the equity instruments issued, whichever is more reliably measurable. If the fair value of the equity instruments issued is used, it is measured using the stock price and other measurement assumptions as of the earlier of either (1) the date at which a commitment for performance by the counterparty to earn the equity instruments is reached, or (2) the date at which the counterparty’s performance is complete. The fair value of the equity instruments is re-measured each reporting period over the requisite service period.

Deferred Tax Assets and Income Taxes Provision

The Company accounts for income taxes under Section 740-10-30 of the FASB Accounting Standards Codification. Deferred income tax assets and liabilities are determined based upon differences between the financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the assets will not be realized. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statements of operations in the period that includes the enactment date.

The Company adopted Section 740-10-25 of the FASB Accounting Standards Codification (“Section 740-10-25”). Section 740-10-25 addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under Section 740-10-25, the Company may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent (50%) likelihood of being realized upon ultimate settlement. Section 740-10-25 also provides guidance on de-recognition, classification, interest and penalties on income taxes, accounting in interim periods and requires increased disclosures.

The estimated future tax effects of temporary differences between the tax basis of assets and liabilities are reported in the accompanying consolidated balance sheets, as well as tax credit carry-backs and carry-forwards. The Company periodically reviews the recoverability of deferred tax assets recorded on its consolidated balance sheets and provides valuation allowances as management deems necessary.

During the year ended December 31, 2014, the Company partially utilized the NOL carry-forwards and prepaid approximately \$294,000 in taxes payable. During the year ended December 31, 2015, the Company recognized additional losses.

Management makes judgments as to the interpretation of the tax laws that might be challenged upon an audit and cause changes to previous estimates of tax liability. In addition, the Company operates within multiple taxing jurisdictions and is subject to audit in these jurisdictions. In management’s opinion, adequate provisions for income taxes have been made for all years. If actual taxable income by tax jurisdiction varies from estimates, additional allowances or reversals of reserves may be necessary.

Tax years that remain subject to examination by major tax jurisdictions

The Company discloses tax years that remain subject to examination by major tax jurisdictions pursuant to ASC Paragraph 740-10-50-15. Tax years beginning in 2012 are generally subject to examination by taxing authorities, although net operating losses from all years are subject to examinations and adjustments for at least three years following the year in which the attributes are used.

Earnings per Share

Earnings per share (“EPS”) is the amount of earnings attributable to each share of common stock. For convenience, the term is used to refer to either earnings or loss per share. EPS is computed pursuant to Section 260-10-45 of the FASB Accounting Standards Codification. Pursuant to ASC Paragraphs 260-10-45-10 through 260-10-45-16, basic EPS shall be computed by dividing income available to common stockholders (the numerator) by the weighted-average number of common shares outstanding (the denominator) during the period. Income available to common stockholders shall be computed by deducting both the dividends declared in the period on preferred stock (whether or not paid) and the dividends accumulated for the period on cumulative preferred stock (whether or not earned) from income from continuing operations (if that amount appears in the income statement) and also from net income. The computation of diluted EPS is similar to the computation of basic EPS except that the denominator is increased to include the number of additional common shares that would have been outstanding if the dilutive potential common shares had been issued during the period to reflect the potential dilution that could occur from common shares issuable through contingent shares issuance arrangement, stock options or warrants.

Pursuant to ASC Paragraphs 260-10-45-21 through 260-10-45-23, diluted EPS shall be based on the most advantageous conversion rate or exercise price from the standpoint of the security holder. The dilutive effect of outstanding call options and warrants (and their equivalents) issued by the reporting entity shall be reflected in diluted EPS by application of the treasury stock method unless the provisions of Paragraphs 260-10-45-35 through 45-36 and 260-10-55-8 through 55-11 require that another method be applied. Equivalents of options and warrants include non-vested stock granted to employees, stock purchase contracts, and partially paid stock subscriptions (see paragraph 260-10-55-23). Anti-dilutive contracts, such as purchased put options and purchased call options, shall be excluded from diluted EPS. Under the treasury stock method: (a.) exercise of options and warrants shall be assumed at the beginning of the period (or at time of issuance, if later) and common shares shall be assumed to be issued, (b.) the proceeds from exercise shall be assumed to be used to purchase common stock at the average market price during the period. (See Paragraphs 260-10-45-29 and 260-10-55-4 through 55-5.), and (c.) the incremental shares (the difference between the number of shares assumed issued and the number of shares assumed purchased) shall be included in the denominator of the diluted EPS computation.

The Company's contingent shares issuance arrangement, stock options or warrants are as follows:

	Contingent shares issuance arrangement, stock options or warrants	
	For the Year Ended December 31, 2015	For the Year Ended December 31, 2014
Stock options	9,933,500	9,725,000
Total contingent shares issuance arrangement, stock options or warrants	9,933,500	9,725,000

There were approximately 0 and 4,289,975 potentially outstanding dilutive common shares under the Treasury Stock Method for the reporting period ended December 31, 2015 and 2014, respectively.

Subsequent Events

The Company follows the guidance in Section 855-10-50 of the FASB Accounting Standards Codification for the disclosure of subsequent events. The Company will evaluate subsequent events through the date when the financial statements were issued. Pursuant to ASU 2010-09 of the FASB Accounting Standards Codification, the Company as an SEC filer considers its financial statements issued when they are widely distributed to users, such as through filing them on EDGAR.

Recently Issued Accounting Pronouncements

In May 2014, the FASB issued the FASB Accounting Standards Update No. 2014-09 "Revenue from Contracts with Customers (Topic 606)" ("ASU 2014-09").

This guidance amends the existing FASB Accounting Standards Codification, creating a new Topic 606, *Revenue from Contracts with Customer*. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

To achieve that core principle, an entity should apply the following steps:

1. Identify the contract(s) with the customer;
2. Identify the performance obligations in the contract;
3. Determine the transaction price;
4. Allocate the transaction price to the performance obligations in the contract; and
5. Recognize revenue when (or as) the entity satisfies a performance obligations

The ASU also provides guidance on disclosures that should be provided to enable financial statement users to understand the nature, amount, timing, and uncertainty of revenue recognition and cash flows arising from contracts with customers. Qualitative and quantitative information is required about the following:

1. Contracts with customers – including revenue and impairments recognized, disaggregation of revenue, and information about contract balances and performance obligations (including the transaction price allocated to the remaining performance obligations).
2. Significant judgments and changes in judgments – determining the timing of satisfaction of performance obligations (over time or at a point in time), and determining the transaction price and amounts allocated to performance obligations.
3. Assets recognized from the costs to obtain or fulfill a contract.

ASU 2014-09 is effective for periods beginning after December 15, 2016, including interim reporting periods within that reporting period for all public entities. Early application is not permitted.

In January 2015, the FASB issued Accounting Standards Update No. 2015-01, “*Income Statement - Extraordinary and Unusual Items (Subtopic 225-20): Simplifying Income Statement Presentation by Eliminating the Concept of Extraordinary Items*” (“ASU 2015-01”). The new guidance eliminates the separate presentation of extraordinary items, net of tax and the related earnings per share, but does not affect the requirement to disclose material items that are unusual in nature or infrequently occurring. The ASU applies to all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2015. Entities have the option to apply the new guidance prospectively or retrospectively, and can choose early adoption. The Company does not expect the adoption of this ASU to significantly impact the consolidated financial statements.

In February 2015, the FASB issued Accounting Standards Update No. 2015-02, “*Consolidation (Topic 810): Amendments to the Consolidation Analysis*” (“ASU 2015-02”). The new consolidation standard changes the way reporting enterprises evaluate whether (a) they should consolidate limited partnerships and similar entities, (b) fees paid to a decision maker or service provider are variable interests in a variable interest entity (“VIE”), and (c) variable interests in a VIE held by related parties of the reporting enterprise require the reporting enterprise to consolidate the VIE. The guidance is effective for public business entities for annual and interim periods in fiscal years beginning after December 15, 2015. Early adoption is allowed, including early adoption in an interim period. A reporting entity may apply a modified retrospective approach by recording a cumulative-effect adjustment to equity as of the beginning of the fiscal year of adoption or may apply the amendments retrospectively. The Company is currently assessing the impact, if any, of the adoption of this guidance on the consolidated financial statements.

In March 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2015-03, “*Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*” (“ASU 2015-03”). The amendments in this ASU require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by the amendments in this ASU. The amendments are effective for financial statements issued for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. Early adoption of the amendments is permitted for financial statements that have not been previously issued. The amendments should be applied on a retrospective basis, wherein the balance sheet of each individual period presented should be adjusted to reflect the period-specific effects of applying the new guidance. Upon transition, an entity is required to comply with the applicable disclosures for a change in an accounting principle. These disclosures include the nature of and reason for the change in accounting principle, the transition method, a description of the prior-period information that has been retrospectively adjusted, and the effect of the change on the financial statement line items (i.e., debt issuance cost asset and the debt liability). The Company is currently evaluating the effects of ASU 2015-03 on the consolidated financial statements.

In July 2015, the FASB issued the FASB Accounting Standards Update No. 2015-11 “*Inventory (Topic 330): Simplifying the Measurement of Inventory*” (“ASU 2015-11”). The amendments in this ASU do not apply to inventory that is measured using last-in, first-out (LIFO) or the retail inventory method. The amendments apply to all other inventory, which includes inventory that is measured using first-in, first-out (FIFO) or average cost. An entity should measure inventory within the scope of this ASU at the lower of cost and net realizable value. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. Subsequent measurement is unchanged for inventory measured using LIFO or the retail inventory method. For public business entities, the amendments in this ASU are effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. The Company is currently evaluating the effects of ASU 2015-11 on the consolidated financial statements.

In August 2015, the FASB issued the FASB Accounting Standards Update No. 2015-14 “*Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*” (“ASU 2015-14”). The amendments in this ASU defer the effective date of Update 2014-09 for all entities by one year. Public business entities, certain not-for-profit entities, and certain employee benefit plans should apply the guidance in Update 2014-09 to annual reporting periods beginning after December 15, 2017, including interim reporting periods within that reporting period. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. The Company is currently evaluating the effects of ASU 2015-14 on the consolidated financial statements.

Management does not believe that any recently issued, but not yet effective accounting pronouncements, when adopted, will have a material effect on the accompanying consolidated financial statements.

Note 3 – Property and Equipment

Property and equipment stated at cost, less accumulated depreciation and amortization, consisted of the following:

	December 31, 2015	December 31, 2014
Computer Equipment	\$ 33,792	27,743
Equipment	343,359	244,150
Furniture and Fixtures	48,950	48,951
	426,101	320,844
Less: Accumulated depreciation	(175,315)	(56,102)
	<u>\$ 250,786</u>	<u>\$ 264,742</u>

Depreciation expense was \$119,213 and \$45,493 for the years ended December 31, 2015 and 2014, respectively.

Note 4 – Investment in CONtv Joint Venture

On August 27, 2014, the Company entered into a joint venture and executed an Operating Agreement with Cinedigm, ROAR and Bristol Capital. The Company owned a 47.50% interest in the newly formed entity, CONtv. The Company was accounting for the interest in the joint venture utilizing the equity method of accounting.

On November 16, 2015, the Company entered that certain A&R Operating Agreement by and among, the Company, Cinedigm, ROAR and Bristol Capital, pursuant to which the Company's interest in CONtv was reduced to a non-dilutable 10% membership interest. Such agreement was deemed effective on the execution date; however, Cinedigm agreed to the Company recognizing only 10% of the losses from the period July 1, 2015 through December 31, 2015. Pursuant to the A&R Operating Agreement, the Company is only obligated to fund on-going costs in the amount of \$25,000 in cash on an on-going monthly basis for a period of 12 months following the effective date.

For the years ended December 31, 2015 and 2014, the Company recognized \$1,324,727 and \$460,747 in losses from this venture, respectively.

As of December 31, 2015 and 2014, the investment in CONtv was as follows:

Investment in CONtv – December 31, 2014	\$	-
Investment into CONtv		578,254
Loss on CONtv for the year ended December 31, 2014		(460,747)
Investment in CONtv – December 31, 2014		117,507
Investment into CONtv		1,207,220
Loss on CONtv for the year ended December 31, 2015		(1,324,727)
Investment in CONtv – December 31, 2015	\$	-

As of December 31, 2015 and 2014, the Company has a balance due to CONtv of \$111,741 and \$313,412, respectively.

Note 5 – Related Party Transactions

Related Parties

On September 1, 2012, the Company entered into an agreement with ROAR an entity which is partially owned by a director of the Company. ROAR agreed to provide the Company strategic management consulting services. The term was for three (3) months and then month-to-month thereafter. The Company agreed to compensate ROAR with a \$7,500 per month payment and a 10% commission on any contractual introduction for business development introduced by ROAR. For the years ended December 31, 2015 and 2014, the Company recorded total payments to ROAR of \$90,000 and \$82,500, respectively. As of December 31, 2015 and 2014, the Company had an outstanding liability due to ROAR of \$7,500 and \$0, respectively. This agreement is no longer in effect as of December 2015.

Effective April 22, 2013, the Company entered into a commercial real estate lease, as lessee, with Bristol Capital and 225 California Street, LLC, a California limited liability company ("225 California"), as lessors, for new office space located in El Segundo, California (the "Lease"), with each of Bristol Capital and 225 California holding an undivided 50% tenant-in-common interest. The initial term of the Lease was for seven (7) years ending on March 31, 2020. During 2015, the Company vacated the premises upon sale of the building.

Effective April 1, 2014, the Company entered into an agreement with Bristol Capital pursuant to which Bristol Capital agrees to provide the Company strategic management consulting services. The term of the agreement was month-to-month and Bristol Capital received a payment of \$5,000 per month. For the years ended December 31, 2015 and 2014, the Company recorded total payments to Bristol for consulting services of \$60,000 and \$45,000, respectively. As of December 31, 2015 and 2014, the Company had an outstanding liability due to Bristol of \$5,000 and \$0, respectively. This agreement is no longer in effect as of December 2015.

Bristol Capital and ROAR each received a 2.5% profits participation and ownership interest in CONtv.

On December 29, 2014, the Company and a member of the Board formed Wiz Wizard (d/b/a ConBox) in the State of Delaware. The Company and the member of the Board each own 50% of the membership interest and shall allocate the profits and losses accordingly upon repayment of the initial capital contributions on a pro rata basis. On February 4, 2016, the member of the Board assigned his fifty percent (50%) membership interest to the Company.

Note 6 – Commitments and Contingencies

Amended and Restated Employment Agreement

On September 16, 2014, the Company entered into an amended and restated employment agreement (the “Employment Agreement”) with Mr. John Macaluso (“Mr. Macaluso”) pursuant to which Mr. Macaluso shall continue to serve as the Company’s President and Chief Executive Officer. The initial term of the Employment Agreement commenced on September 16, 2014 (the “Commencement Date”) and shall expire on March 18, 2018 (the “Initial Term”). The Initial Term will be automatically extended for additional terms of one (1) year each (each a “Renewal Term” and together with the Initial Term, the “Term”), unless either the Company or Mr. Macaluso gives prior written notice of non-renewal to the other party no later than sixty (60) days prior to the expiration of the then current Term.

During the Term, the Company will pay Mr. Macaluso a base salary of \$41,667 per month (the “Base Salary”). In addition, subject to the terms and conditions of the Employment Agreement, Mr. Macaluso will receive an annual bonus equal to the following, calculated cumulatively: (i) when the Company achieves annual Adjusted EBITDA (as defined in the Employment Agreement) of between \$1.00 and \$1,000,000, Mr. Macaluso shall receive a cash bonus of 30% of such annual Adjusted EBITDA; (ii) when the Company achieves annual Adjusted EBITDA of between \$1,000,001 and \$2,000,000, Mr. Macaluso shall receive an additional cash bonus of 20% of such annual Adjusted EBITDA which exceeds \$1,000,000; and (iii) when the Company achieves annual Adjusted EBITDA greater than \$2,000,000, Mr. Macaluso shall receive an additional cash bonus of 10% of such annual Adjusted EBITDA which exceeds \$2,000,000. Mr. Macaluso shall also be entitled to a monthly car allowance of \$1,200. There was no bonus accrued during the year ended December 31, 2015.

The Company also granted to Mr. Macaluso 2,700,000 options to purchase shares of the Company’s common stock, par value \$0.0001 per share. The options are allocated into three tranches with the following attributes:

- (i) 900,000 options to purchase shares of the Company’s common stock with quarterly vesting over the period beginning March 19, 2015 and ending March 18, 2016 at an exercise price of \$1.00 per share;
- (ii) 900,000 options to purchase shares of the Company’s common stock with quarterly vesting over the period beginning March 19, 2016 and ending March 18, 2017 at an exercise price of \$1.25 per share; and
- (iii) 900,000 options to purchase shares of the Company’s common stock with quarterly vesting over the period beginning March 19, 2017 and ending March 18, 2018 at an exercise price of \$1.50 per share.

Non-Compete Agreement

In conjunction with the Employment Agreement, Mr. Macaluso entered into a non-compete, non-solicitation and non-disclosure agreement, dated September 16, 2014, with the Company (the “Non-Compete Agreement”). Under the Non-Compete Agreement, Mr. Macaluso must keep the Company’s confidential and proprietary information confidential and is prohibited from inducing or attempting to induce any employee of the Company from terminating his or her employment with the Company, and soliciting the business of any client or customer of the Company, during the period commencing on the Commencement Date and ending on the termination of Mr. Macaluso’s employment with the Company for any reason. Further, Mr. Macaluso is prohibited from engaging in a venture or business substantially similar to that of the Company or that is in direct or indirect competition with the Company in the United States during the period commencing on the Commencement Date and ending on the termination of Mr. Macaluso’s employment with the Company for any reason.

Operating Lease

Effective July 17, 2014, the Company entered into a sublease, as lessee, with Ironclad Performance Wear Corporation, for new space located in El Segundo, California (the “Sublease”). The term of the Sublease is for one year and ten (10) months commencing on September 1, 2014. Pursuant to the Sublease, the Company shall pay base rent of \$11,132 per month and an initial security deposit of \$11,466 is required.

Future minimum lease payments inclusive of related tax required under the non-cancelable operating lease are as follows:

Fiscal year ending December 31:

2016	\$	68,796
------	----	--------

Note 7 – Stockholders’ Equity

The Company’s authorized capital stock consists of 100,000,000 shares, of which 80,000,000 are for shares of common stock, par value \$0.0001 per share, and 20,000,000 are for shares of preferred stock, par value \$0.0001 per share, of which 50,000 have been designated as Series A Cumulative Convertible Preferred Stock. As of December 31, 2015 and 2014, there were 51,368,386 and 51,358,386 shares of our common stock issued and outstanding, respectively. Each share of our common stock entitles its holder to one vote on each matter submitted to the shareholders.

Equity Incentive Plan

On May 9, 2011, the Board approved, authorized and adopted (subject to stockholder approval) the 2011 Incentive Stock and Award Plan (the “Plan”). The Plan was amended on September 14, 2011, April 11, 2012, July 9, 2012 and September 25, 2014. The Plan provides for the issuance of up to 15,000,000 shares of common stock, par value \$.0001 per share, of the Company through the grant of non-qualified options (the “Non-qualified Options”), incentive options (the “Incentive Options” and together with the Non-qualified Options, the “Options”) and restricted stock (the “Restricted Stock”) to directors, officers, consultants, attorneys, advisors and employees.

The Plan shall be administered by a committee consisting of two or more independent, non-employee and outside directors (the “Committee”). In the absence of such a Committee, the Board shall administer the Plan.

Each Option shall contain the following material terms:

- (i) the exercise price, which shall be determined by the Committee at the time of grant, shall not be less than 100% of the Fair Market Value (defined as the closing price on the final trading day immediately prior to the grant on the principal exchange or quotation system on which the common stock is listed or quoted, as applicable) of the common stock of the Company, *provided* that if the recipient of the Option owns more than ten percent (10%) of the total combined voting power of the Company, the exercise price shall be at least 110% of the Fair Market Value;
- (ii) the term of each Option shall be fixed by the Committee, *provided* that such Option shall not be exercisable more than five (5) years after the date such Option is granted, and *provided further* that with respect to an Incentive Option, if the recipient owns more than ten percent (10%) of the total combined voting power of the Company, the Incentive Option shall not be exercisable more than five (5) years after the date such Incentive Option is granted;
- (iii) subject to acceleration in the event of a Change of Control of the Company (as further described in the Plan), the period during which the Options vest shall be designated by the Committee or, in the absence of any Option vesting periods designated by the Committee at the time of grant, shall vest and become exercisable in equal amounts on each fiscal quarter of the Company through the four (4) year anniversary of the date on which the Option was granted;
- (iv) no Option is transferable and each is exercisable only by the recipient of such Option except in the event of the death of the recipient; and
- (v) with respect to Incentive Options, the aggregate Fair Market Value of common stock exercisable for the first time during any calendar year shall not exceed \$100,000.

Each award of Restricted Stock is subject to the following material terms:

- (i) no rights to an award of Restricted Stock is granted to the intended recipient of Restricted Stock unless and until the grant of Restricted Stock is accepted within the period prescribed by the Committee;
- (ii) Restricted Stock shall not be delivered until they are free of any restrictions specified by the Committee at the time of grant;
- (iii) recipients of Restricted Stock have the rights of a stockholder of the Company as of the date of the grant of the Restricted Stock;
- (iv) shares of Restricted Stock are forfeitable until the terms of the Restricted Stock grant have been satisfied or the employment with the Company is terminated; and
- (v) the Restricted Stock is not transferable until the date on which the Committee has specified such restrictions have lapsed.

Stock Options

The following is a summary of the Company's option activity:

	Options	Weighted Average Exercise Price
Outstanding – January 1, 2014	4,462,500	\$ 0.40
Exercisable – January 1, 2014	812,500	\$ 0.40
Granted	5,262,500	\$ 0.97
Exercised	-	\$ -
Forfeited/Cancelled	-	\$ -
Outstanding – December 31, 2014	9,725,000	\$ 0.71
Exercisable – December 31, 2014	1,592,500	\$ 0.44
Granted	218,500	\$ 0.41
Exercised	(10,000)	\$ -
Forfeited/Cancelled	-	\$ -
Outstanding – December 31, 2015	9,933,500	\$ 0.70
Exercisable – December 31, 2015	4,332,500	\$ 0.41

Options Outstanding			Options Exercisable		
Exercise Price	Number Outstanding	Weighted Average Remaining Contractual Life (in years)	Weighted Average Exercise Price	Number Exercisable	Weighted Average Exercise Price
\$ 0.40 - 1.50	9,933,500	2.68 years	\$ 0.70	4,332,500	\$ 0.41

At December 31, 2015, the total intrinsic value of options outstanding and exercisable was \$138,245 and \$124,875, respectively.

The following table summarizes the range of assumptions the Company utilized to estimate the fair value of the options issued during the year ended December 31, 2015 and 2014:

Assumptions	December 31, 2015	December 31, 2014
Expected term (years)	5.00	5.00
Expected volatility	122%	136%-176%
Risk-free interest rate	1.71%	1.63%-1.80%
Dividend yield	0.00%	0.00%

The expected option term is based on the contractual term. The expected volatility is based on historical volatility of the Company when stock prices were publicly available. The risk-free interest rate is based on the U.S. Treasury yields with terms equivalent to the expected term of the related option at the valuation date. Dividend yield is based on historical trends.

The Company recognized an aggregate of \$1,315,869 and \$873,914 in compensation expense during the years ended December 31, 2015 and 2014, respectively, related to option awards.

Note 8 – Credit Risk

Financial instruments that potentially subject the Company to significant concentration of credit risk consist primarily of cash and cash equivalents. As of December 31, 2015, substantially all of the Company's cash and cash equivalents were held by major financial institutions and the balance in certain accounts exceeded the maximum amount insured by the Federal Deposits Insurance Corporation ("FDIC"). However, the Company has not experienced losses on these accounts and management believes that the Company is not exposed to significant risks on such accounts.

Note 9 – Segment Information

The Company evaluates performance of its operating segments based on revenue and operating profit (loss). Segment information for the years ended December 31, 2015 and 2014 and as of December 31, 2015 and 2014, are as follows:

	<u>Conventions</u>	<u>ConBox</u>	<u>Total</u>
Year ended December 31, 2015			
Revenue	\$ 22,905,636	\$ 1,120,535	\$ 24,026,171
Cost of revenue	(17,744,611)	(1,015,420)	(18,760,031)
Gross margin	5,161,025	105,115	5,266,140
Operating expenses	(8,099,836)	(48,132)	(8,147,968)
Operating profit/(loss)	(2,938,811)	56,983	(2,881,828)
Year ended December 31, 2014			
Revenue	\$ 23,060,178	\$ –	\$ 23,060,178
Cost of revenue	(14,768,763)	–	(14,768,763)
Gross margin	8,291,415	–	8,291,415
Operating expenses	(6,823,253)	–	(6,823,253)
Operating profit	1,468,162	–	1,468,162
December 31, 2015			
Accounts receivable, net	\$ 108,795	\$ 298,347	\$ 407,142
Unearned revenue	3,340,837	390,661	3,731,498
December 31, 2014			
Accounts receivable, net	\$ –	\$ –	\$ –
Unearned revenue	2,022,235	–	2,022,235

Note 10 – Income Tax Provision*Deferred Tax Assets*

At December 31, 2015, the Company has available for federal income tax purposes a net operating loss (“NOL”) carry-forwards of approximately \$3,636,000 that may be used to offset future taxable income through the fiscal year ending December 31, 2035. No tax benefit has been reported with respect to these net operating loss carry-forwards in the accompanying consolidated financial statements since the Company believes that the realization of its net deferred tax asset of approximately \$1,236,000 was not considered more likely than not and accordingly, the potential tax benefits of the net loss carry-forwards are fully offset by a valuation allowance of \$1,236,000.

Deferred tax assets consist primarily of the tax effect of NOL carry-forwards. The Company has provided a full valuation allowance on the deferred tax assets because of the uncertainty regarding its realizability. The valuation allowance increased by approximately \$984,000 and decreased by approximately \$92,000 for the year ended December 31, 2015 and 2014, respectively.

During the year ended December 31, 2014, the Company utilized approximately \$1,737,000 of its NOL carry-forwards and made \$575,000 in estimated payments.

Components of deferred tax assets are as follows:

	<u>December 31, 2015</u>	<u>December 31, 2014</u>
Net deferred tax assets – Non-current:		
Expected income tax benefit from NOL carry-forwards	\$ 993,000	\$ 252,000
Less valuation allowance	(993,000)	(252,000)
Deferred tax assets, net of valuation allowance	<u>\$ –</u>	<u>\$ –</u>

Income Tax Provision in the Consolidated Statements of Operations

A reconciliation of the federal statutory income tax rate and the effective income tax rate as a percentage of income before income taxes is as follows:

	For the Year Ended December 31, 2015	For the Year Ended December 31, 2014
Federal statutory income tax rate	34.0%	34.0%
Change in valuation allowance on net operating loss carry-forwards	(34.0%)	(34.0%)
Effective income tax rate	0.0%	0.0%

Note 11 – Subsequent Events

Assignment of Wiz Wizard

On February 4, 2016, the member of the Board assigned his fifty percent (50%) membership interest to the Company. Consequently, Wiz Wizard is a wholly-owned subsidiary of the Company.

Appointment of Chairman of the Board

Effective February 5, 2016, the Board of the Company unanimously approved the appointment of Mr. John Maatta as the independent, non-executive Chairman of the Board. Mr. Maatta has served as a member of the Board since May 25, 2011.

Employment Agreement

Effective as of March 2, 2016, the Company entered into an employment agreement (the “Malinoff Employment Agreement”) with Randall S. Malinoff in connection with his appointment as the Company’s Interim Chief Operating Officer. The initial term of the Malinoff Employment Agreement is for ninety (90) days from the date of execution. Such term may be extended by mutual agreement for successive ninety (90) day periods. The Company shall pay Mr. Malinoff an annual base salary of \$150,000.

Exhibit 21.1

SUBSIDIARIES OF THE REGISTRANT

Subsidiary Name	Jurisdiction	Percentage of Ownership
KTC Corp.	Nevada	100%
Kicking the Can LLC.	Delaware	100%
Wizard World Digital, Inc.	Nevada	100%
Wiz Wizard, LLC	Delaware	100% *
CON TV LLC	Delaware	10%
ButtaFyngas, LLC	Delaware	50%

* On February 4, 2016, a member of the Board of Directors of Wizard World, Inc. assigned his fifty percent (50%) membership interest of Wiz Wizard, LLC to the Wizard World, Inc. As a result, Wiz Wizard, LLC is a wholly-owned subsidiary of Wizard World, Inc.

**CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER
PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO SECTION 302 OF
THE SARBANES-OXLEY ACT OF 2002**

I, John Macaluso, certify that:

1. I have reviewed this Form 10-K of Wizard World, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
