CHAIRMAN'S STATEMENT

I am pleased to present the Group's Final Results for the year ended 31 December 2019.

Overview

During 2019 the Company focused on assessing new investment opportunities primarily within the technology sector, whilst continuing to pursue existing legal actions in relation to its historical investee companies (the "Legacy Assets"); in particular, Fallimento Mediapolis Srl, ("Mediapolis") Sipiem in Liquidazione SpA (in liquidation) ("Sipiem") and Sosushi Company Srl ("Sosushi"). In this regard the strategy has remained to gain direct control of assets related to the above three companies by acquiring through Clear Leisure 2017 PLC ("CL2017"), a wholly owned subsidiary of the Company, the €10.8m legal claim against the previous management and Internal Audit Committee of Sipiem; a €238,000 credit due by TLT SpA, the company which owns the Ondaland water park; and the €1.03m action for liability against the previous management of Sosushi.

Through these actions, the Company has managed to secure control over potential gross assets valued at more than €12 million, valued in these accounts at a fair value of ca €4.4 million.

Within the technology sector the Company acquired 20% of the Italian regulated Crowdfunding platform, ForCrowd Srl ("ForCrowd"), subscribed to a syndicated senior secured convertible promissory note issued by the Israeli digital mapping company, Geosim Systems Ltd ("Geosim"); assisted legal database company, PBV Monitor to launch its online and printed directory services; and gained control of 100% of Miner One Limited and our investment in the "Cryptocurrencies Data Centre", which is presently under care and maintenance waiting for further improvement in the cryptocurrency prices.

The investment in ForCrowd was completed, in October by issuing 54, 218,847 new ordinary shares of 0.25pence each in the Company ("Ordinary Shares") at a price of 0.3482p per share, as part of a larger ForCrowd capital increase.

The only other share issue of the year has been of 4,000,000 new Ordinary Shares at price per share of 0.75p to the Director as part of my 2018 remuneration, as announced on 29 August 2019.

Eufingest SA ("Eufingest"), a substantial shareholder in the Company, continued to support the Company through the provision of loan facilities amounting to €600,000 and £30,000 in 2019, €200,000 of which has been used to refinance on improved terms a 2017 debt to a UK private lender.

With respect to Mediapolis, the Directors closely monitored the bankruptcy procedure which, in June 2020, resulted in a positive settlement with the receiver, amounting to €1,663,000 payable to Clear Leisure 2017, comprising a first payment of €1,480,932.82, received during 2020, and a final payment of €182,067 at the closure of the bankruptcy process. Moreover, the Company has negotiated and offered the Mediapolis receiver to acquire the potential legal action against former directors and members of the internal audit committee, for damages estimated at several million euros.

Financial Review

The group reported a total comprehensive loss of €1,584,000 for the year ended 31 December 2019: (2018: €3,740,000) and a loss before tax of €1,584,000 (2018: €3,740,000). Operating losses for the period were €1,384,000 (2018: €3,444,000).

The undiluted Net Asset Value ("NAV") of the Group has decreased by €1.3 million in 2019, compared to an increase of €0.6 million in 2018. The Group had Net Current Assets of €2.5 million as at 31 December 2019 (2018: €6.9 million).

Despite sustaining a high level of operational activity, the Company during 2019 managed to cut annual operating costs, with special regard to Legal and Professional Services. Furthermore, during 2020 the Company also managed to reduce costs by more than £100,000 through reducing contracted London office space, related secretarial support and other internal expenses.

CHAIRMAN'S STATEMENT (continued)

Operational Review

During 2019, the operations of the company were:

- Management of the Legacy Assets (mainly regarding Mediapolis, Sipiem and Sosushi).

The Company continued to monitor the bankruptcy process and to request the receipt of the proceeds of auction sale. Finally, an agreement has been reached in 2020.

Sosushi and Sipiem have no operations, with the exception of managing the action for liability against their respective previous management teams and, for Sipiem alone, also the previous audit committee. During 2019, Clear Leisure (via CL2017) purchased such claims, valued respectively €1.03m and €10.8m.

The Company has also been active in preparing its defence and counterclaim case in the UK against Sosushi, separate from the one aforementioned, which the Company hopes to conclude in a positive manner in 2020.

- Direct Investment activity and management of the technology portfolio.

During the year under review in October 2019, Clear Leisure completed a 20% investment in ForCrowd, a new Italian crowdfunding platform, by issuing 54,218,847 Ordinary Shares each at a price of 0.3482p per Ordinary Share.

In the same period, the Company, supported GeoSim by subscribing to a “syndicated senior secured convertible promissory note” issued by Geosim.

Moreover, the Company also managed to obtain 100% control of Miner One Limited and the associated investment of its cryptocurrency datacenter, and it continues to monitor trends in the cryptocurrency market, waiting for the right time to relocate the data mining facility from Serbia and resume profitable cryptocurrency extraction.

Finally, the Company assisted PBV Monitor in relation to the launch of its directories line of business, both online and printed, whilst the launch of the market intelligence tool recently launched in Q4 of 2020, as announced on 15 October 2020.

Although there can be no guarantees, the Board maintains a positive outlook on the outcome of these investments returning value to its stakeholders.

Portfolio Companies

An update on the Group's portfolio companies at 31 December 2019, is as follows (percentage of equity held is shown in parenthesis):

GeoSim Systems Ltd (geosimcities.com) (4.53%): is an Israel based company that develops 3D modelling software. Clear Leisure had confirmation by Geosim that the most recent round of fundraising by GeoSim took place at a pre-money valuation in excess of US\$11 million, corresponding to a valuation for Clear Leisure's stake of €596k. Geosim has delivered on its project in Asia to build a Digital Twin model of an international airport despite the inevitable delays due to Covid-19.

PBV Monitor Srl (pbvmonitor.com) (10%): in December 2018 Clear Leisure acquired a 10 per cent interest in PBV Monitor for a total consideration of €300,000 paid in new Ordinary Shares at a price of 0.7882p each. PBV Monitor is an Italian company specialising in the acquisition and dissemination of data for the legal services industry, utilising proprietary market intelligence tools and dedicated search software. PBV Monitor has assembled and analysed the activity of over 8,600 law firms worldwide and over 100,000 business lawyers in 100 jurisdictions, producing approximately 43,000 articles that have regularly been published on the Global Legal Chronicle (<https://www.globallegalchronicle.com>). Currently, PBV Monitor processes approximately twelve thousand corporate transactions per year and intends to launch its new Intelligence Search online service, while continuing its editorial and seminars activity.

CHAIRMAN'S STATEMENT (continued)

Portfolio Companies (continued)

Sipiem SpA (50.17%): is a minority shareholder in T.L.T. SaS and owns a number of real estate assets in Italy, including a minority stake in the Ondaland Waterpark. It has issued a €10.8m action for liability against the previous management team and audit committee. The claim has been purchased by Clear Leisure 2017.

Mediapolis Srl (84.04%): Clear Leisure 2017 Ltd, ("CL2017"), the wholly owned subsidiary of the Company, retained the unchallengeable rights to the proceeds of the auction (net of auction fees). In 2020, CL2017 reached a settlement agreement with the receiver in the amount of €1,663,000 payable to CL2017, with a first payment of €1,480,932.82 and a final payment of €182,067 at the closure of the bankruptcy process. Once all amounts are received, CL2017 will have no further claim against Mediapolis. This represents a very important milestone in the Company's life, bringing to a successful conclusion a very complicated issue inherited from the previous management of the Company.

Clear Leisure 2017 Limited (100%): Clear Leisure 2017 holds the remaining rights on the auction proceeds (amounting to €182,067 with €1,480,932.82 having already been paid during 2020). Once these amounts are paid, CL2017 will remain the holder of other important assets: the €10.8m action for liability vs against Sipiem previous management and Audit Committee and the €1.038m action for liability against Sosushi previous management.

Furthermore, as per agreement with the receiver of Mediapolis, CL2017 has offered €50,000 to buy the action for liability against the previous management team of Mediapolis. Such an offer will only be accepted by the receiver and endorsed by a judge, if it will be the better offer at the conclusion of a public bid, by 31 October 2020. The creditor committee has already accepted, in principal, the terms proposed by Clear Leisure.

ForCrowd Srl (ForCrowd.com) (20%): In October 2019 the Company acquired a 20% interest in ForCrowd, an Italian equity crowdfunding platform based in Milan. The consideration of €221,090, was settled by the issue of 54,218,847 new Ordinary Shares.

In December 2019, ForCrowd officially launched its crowdfunding platform. Subsequently in early 2020, despite the Covid pandemic, ForCrowd started the first campaigns ("B4 tech" and "Meta Wellness"). The investment in ForCrowd is part of a strategy of Clear Leisure allowing other portfolio companies to have an easy access to the crowdfunding resources (e.g. Geosim's Digital Twins projects), whilst entitling Clear Leisure to potential revenue streams (1% of funds received by investors on projects introduced and 3% on funds introduced).

Miner One Limited (100%): In December 2017, the Company announced a first investment in the blockchain sector, as a 50% Joint Venture ("JV") partner, alongside 64-Bit Limited, in a cryptocurrencies mining data centre. Clear Leisure invested a nominal amount in 50% of the issued share capital of the Company on that date, with the other 50% being held by its JV partner 64 Bit Limited. Clear Leisure then advanced an amount of €200,000, half of which was paid by the issue of 7,868,130 new Ordinary Shares at a price of 1.11p per share) and the other half in cash. These were advanced to the 64 Bit Limited as working capital for the construction of the data centre. The data centre was located in Serbia to benefit from the competitive price of electricity and became operational in mid-2018. Regrettably, the data centre was placed into "care and maintenance", as announced on 21 March 2019, due to the sharp decrease in the price of the cryptocurrencies mined.

In August 2019 the Company acquired for €1 its partner's 50% to become the 100% owner of the data centre, after its JV partner acknowledged its mismanagement of the operations, including a wrongful allocation of the partnership's resources, mainly during the start-up phase. The data centre currently remains on care and maintenance although the recent rise in the price of Bitcoin has encouraged the Company to reassess its options for when and where it recommences production.

CHAIRMAN'S STATEMENT (continued)

Portfolio Companies (continued)

Eufingest SA continued its financial support of the Company providing a new loan facility of €150,000, whilst extending the maturity of all existing loans to 30 September 2020, as announced on 18 February 2020.

Post-Balance Sheet Events

On 18 February 2020, the Company entered into a new unsecured loan facility agreement with Eufingest SA, for a further €150,000 at an interest rate of 2,5% per annum repayable on 30 June 2020.

Following the receipt of the first Mediapolis tranche, Clear Leisure repaid to Eufingest the principal amount of €550,000 plus interest accrued on such loans of €11,157. In addition, on 5 October 2020, the Eufingest loans, totaling €3,375,000 and £30,000 had their repayment date extended to 31 October 2020.

The subsidiaries operations have been strongly impacted by the COVID pandemic, delaying the launch of new projects and slowing the expected revenue stream. Clear Leisure has been supportive with its portfolio companies, assisting as much possible in this difficult period. Unfortunately, the progress of the claims has been delayed (especially in Italy) due to the Courts being closed during the national Lockdown.

In this context, the Company engaged Sapphire Capital Partners LLP, an FCA registered entity, to act as the Investment Manager in a proposed Enterprise Investment Scheme Fund ("EIS" fund) launched together with Clear Leisure, acting as Investment Manager. The fund will seek to invest in companies which focus on the integration of biological and digital systems.

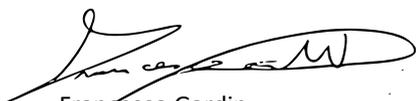

On 1 October 2020, the Company's shares were temporarily suspended from trading after announcing that the Company was unable to publish its audited annual report and accounts for the year ended 31 December 2019 due to the Accounting and Audit work in respect of the these items remaining ongoing. This delay was caused by historical issues in the accounting of transactions in different foreign currencies alongside the valuation of key assets and liabilities. These have now been resolved, and as outlined in Note 27, the financial statements have been restated to reflect these changes.

Outlook

The Board remains committed to return value to its stakeholders by

- i) managing of the legacy portfolio assets, where positive outcomes are expected from claims of the Company,
- ii) continuing with its investment strategy in the technology sector (both in direct and indirect manner)
- iii) further reduction of the debt position (if and when the conditions are deemed appropriate).

The board remains positive as the technology investments are deemed sound and promising, and the legal claims have strong merit with counterparts that are expected to be solvent.

Francesco Gardin
Chairman
16 October 2020

DIRECTORS' PROFILES

Francesco Gardin

Chief Executive Officer & Chairman

Francesco Gardin, 65, born in Rovigo, Italy, graduated in Theoretical Physics at Padova University in 1979, before undertaking a UK Government research project at Exeter University (UK) from 1980 to 1982. In 1983, Francesco founded AISoftw@re SpA to develop and distribute Artificial Intelligence systems within Italy, which he took public on NASDAQ Europe in 1999 and the Milan Stock Exchange in 2000. He sold the company in 2005 but agreed to remain as non-executive Chairman until March 2008. When he left, the company employed more than 1,400 people and had revenues in excess of £70m. In December 2008, he was appointed executive Director of London Asia Capital plc, a UK company investing in Asia, he resigned in July 2013. In October 2013 he was appointed to the board of Pan European Terminals PLC, listed on AIM of the London Stock Exchange. He resigned in July 2014 following the sale of the company. In December 2014, he co-founded First IPO Capital Ltd, a UK company aiming at financing IPO costs to companies listing on the London AIM market. During the last twenty years, he has been Director of almost fifty companies in Italy, UK, USA, Israel, Hong Kong, China, Singapore, Mauritius and Jersey. From 1984 to 2014, he was Research Associate Professor at Udine, Milano and Siena University lecturing Artificial Intelligence, Theory and Application of Computation, and Virtual Reality. His academic papers include more than 50 individual and joint publications and three books on the subject of Artificial Intelligence as editor.

Reginald Eccles

Non-executive Director

Reginald George Eccles, 74, has sat on the boards of a number of public and private companies over the past four decades, including, most recently, Toledo Mining Corporation plc where he acted as Chairman and Pan European Terminals plc as Senior Independent Director. He began his career as a business and financial analyst, working in both the UK and South Africa. In 1979, he co-founded a consultancy and publishing company, with offices in the UK and Australia, which was sold in 1988. Subsequently, he held senior positions at a number of investment banks including establishing a global network of mining analysts and sale staff to support the ABN AMRO and Rothschild Bank joint venture.

STRATEGIC REPORT

The Directors present their Strategic Report on Clear Leisure plc and its subsidiary undertakings ("the Group") for the year ended 31 December 2019.

Review of the business and developments during the year

During 2019 the Company entered into a number of debt facilities in order mainly to finance the ongoing legal actions; the costs of the team of experts that are being used to investigate each of the assets acquired by the Company under the previous management team; the Company's current costs; and to refinance at better terms an outstanding loan from a UK private lender. The debt facilities were as follows:

- In June, €200,000 from Eufingest, bearing 2.5% annual interest, repayable any time before 31 December 2019.
- In July, €250,000 from Eufingest, bearing 2.5% annual interest, repayable any time before 30 September 2019. During the year, the maturity was deferred to 31 December 2019.
- In July, €150,000 and £30,000 from Eufingest, bearing 2.5% annual interest, repayable any time before 31 December 2019.
- In December, the Company agreed with Eufingest to extend the maturity of all loans expiring within 2019 to 28 April 2020 (all of which have subsequently extended during 2020).

With regard to new CLP Ordinary shares issued during the year:

- In August, the Company issued 4,000,000 new Ordinary Shares to Francesco Gardin at a price per share of 0.75p in settlement of that part of his 2018 remuneration payable through the issue of Ordinary Shares.
- In October, the Company issued 54,218,847 new Ordinary Shares at a price of 0.3482p per share to ForCrowd, in consideration of a 20% investment in ForCrowd's Capital.

With regard to the Company's technological portfolio:

- In March, Geosim was awarded two important contracts to produce its unique 3D maps of the Terminal 1 of Hong Kong International Airport and of a segment of downtown LA. In August, subsequent to this development, Clear Leisure elected to subscribe US\$50,000 for GeoSim's new US\$750,000 syndicated senior secured promissory note ("Promissory Note") which carries an embedded conversion call.
- By March, PBV Monitor had already started its operating activity signing important media partnerships with leading Italian publishers to market online and printed directories to Italian law firms consulting on real estate, banking & finance and private equity deals. In October, PBV Monitor signed a publishing contract, also with Class Editori SpA, the second largest Italian financial publishing group, listed on the Milan Stock Exchange. In the meantime, PBV continued developing the marketing intelligence tool.
- In August, the Company signed an agreement with its Joint Venture partner, 64bit Ltd (after the acknowledgement, by the latter, of mismanagement of the Joint Venture operations, including a wrongful allocation of the partnership's resources, mainly during the start-up phase), whereby the partner agreed to sell its 50% holding in Miner One Limited and its investment in the cryptocurrencies data centre for the price of €1, including the pro rata assignment of the Bitcoins and Litecoins mined to date. Clear Leisure now owns 100% Miner One Limited and the cryptocurrencies data centre. The cryptocurrencies data centre remained under "care and maintenance" in Serbia.

In October, Clear Leisure acquired the 20% interest in ForCrowd Srl, a new Italian equity crowdfunding platform based in Milan. The consideration of £188,709 has been settled by the issue of 54,218,847 new ordinary shares of 0.25 pence each at a price of 0.3482p per share. In December ForCrowd officially launched its crowdfunding platform.

STRATEGIC REPORT (continued)

With regard to the Company's Legacy Assets and the related legal claims:

- In August, Clear Leisure 2017, holding a first charge on Mediapolis' land officially requested the transfer of the proceeds from the auction held in 2018 (net of administrative costs). A difficult negotiation with the receiver was successfully concluded in 2020.
- In September, Clear Leisure 2017 entered into a binding agreement with Sipiem SpA buying the €10.8m legal action against the former Sipiem directors, which was filed in the Italian courts on 26 February 2019. The agreement also includes a €238,000 credit due to Sipiem by TLT SpA the parent company of the Ondaland waterpark. Under the terms the agreement, CL2017 has paid €50,000 to Sipiem to acquire the legal action from Sipiem. CL2017 will bear all legal costs going forward, capped at €35,000. CL2017 will receive 70% of any monies recovered should the ruling go in favour of the plaintiff (CL2017). The law firm acting on behalf of CL2017 will receive a small contingency fee, based on funds received from the defendants, to be paid on a successful outcome. Sipiem will receive 30% of any funds received. The first hearing, originally planned for the 6 November, was postponed to February 2020.
- In October, Clear Leisure 2017 Ltd entered into a binding agreement with Sosushi Company Srl to buy the €1.03m legal action against former Sosushi directors. The legal action originated when Sosushi's liquidator filed a claim against Sosushi's previous executive management team for fraud and mismanagement. The first court hearing was held at the Bologna Court on 4 July 2019. Under the terms of the agreement, CL2017 has paid €10,000 to Sosushi by reducing part of Clear Leisure's current shareholder loan. CL2017 will bear all legal costs which are currently estimated by the directors to be €20,000. CL2017 will receive 90% of any monies recovered should the ruling go in favour of the claimant. The law firm acting on behalf of CL2017 will receive a small contingency fee, based on funds received from the defendants, to be paid on a successful outcome.
- In October, following the acquisition of Sipiem and Sosushi claims, CL2017 became the owner of all the material Italian legal claims representing the historical assets of the Company (Fallimento Mediapolis Srl, Sipiem SpA in liquidation and Sosushi). This structure is deemed to be more effective for ring-fencing the litigations in one single vehicle under UK legal jurisdiction.

Sale of investments

The Company did not dispose of any assets during 2019 (2018: nil).

Section 172(1) Statement – Promotion of the Company for the benefit of members as a whole:

The Directors believe they have acted in the way they considered in good faith, that would most likely to promote the success of the Company for the benefit of its members as a whole, as required by s172 of the Companies Act 2006, and in doing so have had regard to:

- the likely consequences of any decision in the long term;
- The need to act fairly between the members of the Company;
- The desirability of maintaining the Company's reputation for high standards of business conduct;
- Consider the interests of the Company's employees;
- The need to foster the Company's relationships with suppliers, customers and others; and
- the impact of the Company's operations on the community and the environment.

In order to fulfil their duties under section 172, and promote the success of the Group for the benefit of all its stakeholders, the directors need to ensure that they not only act in accordance with the legal duties but also engage with, and have regard for, all its stakeholders when taking decisions. The Group has a number of key stakeholders that it is committed to maintaining a strong relationship with. Understanding the Group's stakeholders and how they and their interests will impact on the strategy and success of the Group over the long term is a key factor in the decisions that the Board make.

STRATEGIC REPORT (continued)

Shareholders The promotion of the success of the Group is ultimately for the benefit of the Company's shareholders who provide the Company's permanent capital. As a company listed on the AIM Market of the London Stock Exchange, the Company is responsible for ensuring that it is aware of shareholder needs and expectations. The Directors attach great importance to maintaining good relationships with all of its shareholders and interested parties and seeks to ensure that they have access to correct and adequate information in a timely fashion. The Directors are aware that as stakeholders, its shareholders play a vital role in the fabric of the Company and therefore regularly engages in dialogue with the Company's shareholders and is available for meetings with institutional and major shareholders following the release of the Group's Annual and Interim Results. The Directors welcome all shareholders to make contact with the Company and provide any feedback or comments that they may have, and contact details are available on the Company's website. The Company's Annual General Meeting is also an important opportunity for shareholders to meet and engage with Directors and ask questions on the Company and its performance.

Employees Our employees are key to the success of the Group and recruiting, retaining and developing our team is one of the Group's most important priorities. The Directors expect a high standard of integrity and accountability from the Group's employees. In return, they reward and incentivise the staff on the basis of merit, ability and performance. Employee engagement is a key factor of this performance and the Directors encourage an open communication forum amongst all members of staff, aided by the Group's small size and relatively flat hierarchical structure. The Directors are committed to promoting diversity and equal opportunities and consider the Group to be a supportive employer, providing training and development where required.

Response to the Covid-19 outbreak The focus of the Directors since the Covid-19 outbreak has been on keeping the employees and their families safe. In accordance with the government lockdown restrictions, all employees have been working from home and have been provided with the technology and equipment to do so, where required. Ensuring staff engagement and wellbeing at this difficult time has been of particular importance, and the Directors have ensured that regular departmental calls and online meetings have continued to take place during lockdown.

Investee Companies Engagement with the Group's portfolio of investee companies is critical to delivering the Company's long-term strategy of delivering shareholder return. Whilst the Group does not involve itself in the day to day operations of its investee companies, it does retain formal oversight by being part of the board of each investee.

Regulatory Bodies Although the Company is not itself directly regulated, it operates within a regulated environment (e.g. AIM rules) and therefore actively engages with various regulatory bodies and advisory firms to ensure that compliance standards are maintained and that the Company continues to act with the high standards of business conduct that have established its reputation thus far.

Suppliers and Advisors The Company's suppliers and advisors are integral to the day to day operation of the Group. Relationships with suppliers are carefully managed to ensure that the Group is always obtaining value for money. The Group seeks to ensure that good relationships are maintained with its suppliers and advisors through regular contact and the prompt payment of invoices.

Other stakeholders and the wider community The Directors are committed to ensuring that none of its activities have a detrimental impact on the wider community and the environment. The Group actively encourages its employees to participate in charitable work and community projects.

Decision making and section 172 of the Companies Act 2006 The Group's primary strategy is to deliver shareholder value. The key driver of this growth is the investment of the Group's resources into businesses with experienced management teams that have excellent growth potential and where the Group can offer its expertise and add value to. During the year, the Group continued to fund its existing portfolio of investee companies as well as provide investment into a new investee company. Historically the Group has used funds from past realisations and external fundraising to fund future opportunities both within its current portfolio and to new investments.

STRATEGIC REPORT (continued)

Board changes

On 22 July 2019, Mr Reg Eccles was re-elected as Director of the Company.

Events after the reporting date

During the first 9 months of 2020, the Company has been involved in the following:

Eufingest Loans:

- In February, €150,000 from Eufingest, bearing 2.5% annual interest, repayable any time before 30 June 2020.
- In June, the Company agreed with Eufingest to extend the maturity of all outstanding loans 30 September 2020. This was subsequently extended in October to 31 October 2020.
- In August, a principal amount of €550,000 and interest of €11,157, have been repaid by the Company to Eufingest.

The historic Portfolio and the related legal claims:

- In February, the first hearing in respect of the legal action against the former directors of Sipiem SpA was held in the Venice Court. Legal representatives of all parties involved in the claim appeared in Court, including the legal representatives of two insurance companies which have provided professional indemnity cover to the majority of the eight defendants. The insurance documents seen by the Directors indicate that, for this specific case, the professional insurance cover is €1,000,000 per year, per insurance company. Therefore, €2,000,000 per year of cover has been provided. The judge has set deadlines for the submissions of further documents and reconvened the parties for the second hearing on 6 May 2020. The second hearing has then been rescheduled to 30 September 2020 as a result of the Covid-19 pandemic, when the Judge appointed an independent expert to assess the value of the damages of the claim.
- In June, Clear Leisure 2017 reached an agreement with the Mediapolis Receiver regarding the transfer of the Mediapolis sales proceeds. Under the terms of the agreement an amount of €1,663,000 is payable to CL2017. As part of the agreement, CL 2017 is in a bidding process with the receiver to buy Mediapolis's rights to a potential claim against former Mediapolis directors and members of its internal audit committee, which has yet to be served. The exact amount of the claim is yet to be determined. Additionally, under Italian bankruptcy law, 20% of the auction proceeds must be kept in escrow by the Receiver until the closing of the bankruptcy process. The first payment to CL 2017, paid in August 2020, was agreed to be €1,480,933 whilst the second and final payment of €182,067 (less €50,000 if the potential claims mentioned above are assigned to CL 2017) will be made to CL 2017 at the end of the bankruptcy procedure.

The technology portfolio:

- In January, PBV Monitor, received an investment of €300,000 from an Italian investment company. The investment comprises an investment of €150,000 in PBV equity and a €150,000 subscription for a PBV 18-month convertible loan note. To maintain its holding in PBV at 10%, CL 2017 subscribed to €15,000 in PBV equity and €15,000 in the PBV convertible.
- In February, ForCrowd launched its first campaign, followed up by a second one in July.

STRATEGIC REPORT (continued)

Other new Technology Investment Initiatives:

- In August, Clear Leisure entered into the early stages of launching a new investment initiative focused on high growth technology companies. The Company has engaged Sapphire Capital Partners LLP, an FCA approved and regulated investment management partnership, to act as the Investment Manager to establish and manage an EIS fund aimed at professional and qualifying retail investors. The proposed fund will seek to invest in companies which focus on the integration of biological and digital systems.

Principal Risks and Uncertainties

The Group's investments as at 31 December 2019 were all unlisted. As a result, there is no readily available market for sale in order to arrive at a fair value. The valuation of each investment is appraised on a regular basis and requires a significant amount of judgment together with reviewing the cash flows and budgets of the investee company in order to arrive at a fair value.

The Group received a liquidity injection during the year under analysis (mainly due to the second tranche of a settlement agreement) but the Directors consider that the amounts will unlikely be sufficient to meet operating expenditure over the next 12 months and as such further funds will likely be required to pursue the Company strategy and meet the day-to-day operations of the Group. This is covered further in the Going concern section of this report and Note 3 to the financial statements.

Key performance indicators (“kpi’s”)

The key performance indicators are set out below:

	31 December 2019	31 December 2018	Change %
Net asset value	(€1,103,000)	€225,000	(590%)
Closing share price	0.30p	0.770p	(61%)
Market capitalisation	€2,342,000	€3,963,000	(41%)

Assessment of business risk

The Board regularly reviews operating and strategic risks. The Group's operating procedures include a system for reporting financial and non-financial information to the Board including:

- reports from management with a review of the business at each Board meeting, focusing on any new decisions/risks arising;
- reports on the performance of investments;
- reports on selection criteria of new investments;
- discussion with senior personnel; and
- consideration of reports prepared by third parties.

Financial risk management

Details of the Group's financial instruments and its policies with regard to financial risk management are contained in Note 20 to the financial statements.

Results for the year and dividends

The loss for the year was €1,584,000 (2018: loss of €3,740,000). Since the Group does not have any distributable reserves, the Directors are unable to recommend the payment of a dividend.

STRATEGIC REPORT (continued)

Going concern

The Group's activities generated a loss of €1,584,000 (2018: €3,740,000) and had net current assets of €2,458,000 as at 31 December 2019 (2018: net current assets of €6,900,000). The Group's operational existence is still dependent on the ability to raise further funding either through an equity placing on AIM, or through other external sources, to support the on-going working capital requirements.

After making due enquiries, the Directors have formed a judgement that there is a reasonable expectation that the Group can secure further adequate resources to continue in operational existence for the foreseeable future and that adequate arrangements will be in place to enable the settlement of their financial commitments, as and when they fall due.

For this reason, the Directors continue to adopt the going concern basis in preparing the financial statements. Whilst there are inherent uncertainties in relation to future events, and therefore no certainty over the outcome of the matters described, the Directors consider that, based upon financial projections and dependent on the success of their efforts to complete these activities, the Group will be a going concern for the next twelve months. If it is not possible for the Directors to realise their plans, over which there is significant uncertainty, the carrying value of the assets of the Group is likely to be impaired.

In relation to the impact of COVID-19 on the Company, the Company's employees can carry out their duties remotely, via the network infrastructure in place. As a result, there was no disruption to the operational activities of the Company during the COVID-19 social distancing and working from home restrictions. All key business functions continue to operate at normal capacity.

Notwithstanding the above, the Directors note the material uncertainty in relation to the Group being unable to realise its assets and discharge its liabilities in the normal course of business.

By order of the Board.

Francesco Gardin
Director
16 October 2020

DIRECTORS' REPORT

The Directors present their report together with the audited financial statements for the year ended 31 December 2019.

Principal Activity

The principal activity of the Group is that of an investment company with a portfolio of companies primarily encompassing the leisure and real estate sectors mainly in Italy and, more recently, technology sectors. The focus of management is to pursue the monetisation of all of the Company's existing assets, through selected realisations, court-led recoveries of misappropriated assets and substantial debt-recovery processes. The Company has also realigned its strategic focus to technology related investments, with special regard to interactive media, blockchain and AI sectors.

Directors

The present members of the Board of Directors together with brief biographies are shown on page 5.

The board comprised the following directors who served throughout the year and up to the date of this report save where disclosed otherwise beside their name:

Francesco Gardin

Reginald Eccles

Directors' interests

No Director had a material interest in any contract of significance to the Company or any of its subsidiaries during the period. No Director of the Company have any beneficial interests in the shares of its subsidiary companies.

The interests of the directors who served at the end of the year in the share capital of the Company at 31 December 2019 and 31 December 2018 were as follows:

Directors	31 December 2019 (0.25p ordinary shares)	Holding %	31 December 2018 (0.25p ordinary shares)
Francesco Gardin	12,437,078	2.05%	8,437,078

The closing market price of the Clear Leisure new ordinary shares of 0.25p each at 31 December 2019 was 0.30p and the highest and lowest closing prices during the year were 0.750p and 0.170p respectively.

On 29 August 2019, 4,000,000 new ordinary shares of 0.25 pence per share were issued to Francesco Gardin at a price of 0.75 pence per share, in settlement of part of his 2018 remuneration. Other than this, there have been no changes in the Directors' interests for the year ended 31 December 2019.

Remuneration

Remuneration receivable by each Director during the year was as follows:

	2019 Board fees €'000	2019 Remuneration €'000	2019 Total €'000	2018 Total €'000
Executive Directors				
Reginald Eccles	-	42	42	45
Francesco Gardin	-	134	134	294*
Total	-	176	176	339

*Of which £30,000 paid in Ordinary Shares.

None of the Directors had any pension entitlement.

DIRECTORS' REPORT (continued)

Directors' interests in share options and warrants

At 31 December 2019 the Directors had the following interest in share options or warrants in the Company:

- On 31 July 2015 Francesco Gardin was awarded 10,000,000 stock options at a strike price of 1.25p to be exercised within five years.
- On 31 July 2015 Reginald Eccles was awarded 3,000,000 stock options at a strike price of 1.25p to be exercised within five years.

All former share option plans had lapsed and no options were exercised in any of the last three financial years.

Significant shareholders

As at 25 September 2020, the parties who are directly or indirectly interested in 3 percent or more of the nominal value of the Company's share capital are as follows:

	Number of Ordinary Shares	%
EUFINGEST	86,279,102	13.03%
INTERACTIVE INVESTOR SERVICES NOMINEES LIMITED	86,255,837	13.02%
REDMAYNE (NOMINEES) LIMITED	79,020,800	11.93%
HARGREAVES LANSDOWN (NOMINEES) LIMITED	74,103,650	11.19%
VIDACONS NOMINEE LIMITED	43,824,486	6.62%
FORCROWD	40,718,847	6.15%
HSDL NOMINEES LIMITED	39,033,880	5.89%
LUKE JOHNSON	25,000,000	3.77%
AN IDEA LIVES ON LTD	22,321,429	3.37%
SECURITIES SERVICES NOMINEE LIMITED	21,916,703	3.31%

DIRECTORS' REPORT (continued)**Corporate Governance**

The Board of Directors is accountable to the Company's shareholders for ensuring good corporate governance and the Directors have agreed (on 27 September 2017) to report against the UK Quoted Companies Alliance ("QCA") Governance Code.

QCA Code Recommendation	Application by the Company
<p>Principle 1</p> <p>Establish a strategy and business model which promote long-term value for shareholders</p> <ul style="list-style-type: none"> • The board must be able to express a shared view of the company's purpose, business model and strategy. • It should go beyond the simple description of products and corporate structures and set out how the company intends to deliver shareholder value in the medium to long-term. • It should demonstrate that the delivery of long-term growth is underpinned by a clear set of values aimed at protecting the company from unnecessary risk and securing its long-term future. 	<p><i>Clear Leisure plc is an AIM listed investment company with a portfolio of companies primarily encompassing the leisure and real estate sectors mainly in Italy and the UK. The focus of the management is to pursue the monetisation of all of the Company's existing assets, through selected realisations, court-led recoveries of misappropriated assets and substantial debt-recovery processes. In addition, the Company has launched a joint venture initiative in the cryptocurrency mining sector and recently invested a data base company.</i></p> <p><i>A more detailed explanation of the Company's strategy is set out in the preface of the Company's Annual Reports and business updates released to the market which are available on the Company's website in the Regulatory News section.</i></p>
<p>Principle 2</p> <p>Seek to understand and meet shareholder needs and expectations</p> <ul style="list-style-type: none"> • Directors must develop a good understanding of the needs and expectations of all elements of the company's shareholder base. • The board must manage shareholders' expectations and should seek to understand the motivations behind shareholder voting decisions. 	<p><i>The Company endeavours to maintain a dialogue and keep both private and institutional shareholders informed through its public announcements and its corporate website.</i></p> <p><i>Shareholders are sent Annual Reports and all shareholders receive a Notice of the Meeting and are encouraged to attend the Annual General Meeting.</i></p> <p><i>Members of the Board are in attendance at the Annual General Meeting and are available to meet shareholders formally after the meeting to discuss information that is in the public domain. The Company will advise shareholders attending the AGM of the number of proxy votes lodged for and against each resolution after each resolution has been dealt with by a show of hands.</i></p> <p><i>In addition, shareholder communication may also be answered, where possible or appropriate, by the Company's Financial PR advisor, Leander PR or the Company's broker, SP Angel Corporate Finance LLP.</i></p> <p><i>Leander PR is responsible for the public relations of the Company, which includes assistance in the preparation of public announcements and liaison with the press.</i></p>

DIRECTORS' REPORT (continued)

<p>Principle 2 (continued)</p>	<p><i>The Board is responsible for the Company's public announcements to the market and where appropriate takes advice from the Company's advisors in respect of their preparation and the Company's regulatory requirements.</i></p>
<p>Principle 3</p> <p>Take into account wider stakeholder and social responsibilities and their implications for long-term success</p> <ul style="list-style-type: none"> • Long-term success relies upon good relations with a range of different stakeholder groups both internal (workforce) and external (suppliers, customers, regulators and others). The board needs to identify the company's stakeholders and understand their needs, interests and expectations. • Where matters that relate to the company's impact on society, the communities within which it operates or the environment have the potential to affect the company's ability to deliver shareholder value over the medium to long-term, then those matters must be integrated into the company's strategy and business model. • Feedback is an essential part of all control mechanisms. Systems need to be in place to solicit, consider and act on feedback from all stakeholder groups. 	<p><i>The Directors are aware of the impact the business activities have on the communities in which the Group's businesses operate and are very cognisant of the importance of stakeholders, including but not limited to shareholders, employees, advisors, business partners, regulators and the wider society.</i></p> <p><i>The Company holds formal and informal meetings, to identify both internal and external stakeholders' needs, interests and expectations.</i></p> <p><i>The Board, on a case-by-case basis, will take the decision to act on feedback from stakeholders.</i></p> <p><i>The Company does not have a policy towards charity, given the current size of the Company, but the Board may from time to time decide to make charitable donations.</i></p> <p><i>The Company works closely with its advisors to ensure it meets its listing obligations as well as the social, legal, religious and cultural requirements of the countries in which it operates.</i></p>
<p>Principle 4</p> <p>Embed effective risk management, considering both opportunities and threats, throughout the organisation</p> <ul style="list-style-type: none"> • The board needs to ensure that the company's risk management framework identifies and addresses all relevant risks in order to execute and deliver strategy; companies need to consider their extended business, including the company's supply chain, from key suppliers to end-customer. • Setting strategy includes determining the extent of exposure to the identified risks that the company is able to bear and willing to take (risk tolerance and risk appetite). 	<p><i>The Company is exposed to a variety of risks that result from its investing activities. A detailed explanation of the Board's management of each risk is outlined in the Annual Reports. Internal controls are designed to manage rather than eliminate risk and therefore even the most effective system cannot provide assurance that each and every risk, present and future, has been addressed.</i></p> <p><i>The Board is responsible for the identification, assessment and management of such risks. In assessing the risks, the Board is assisted by the Company's advisors.</i></p>

DIRECTORS' REPORT (continued)

<p>Principle 5</p> <p>Maintain the board as a well-functioning, balanced team led by the chair</p> <ul style="list-style-type: none"> • The board members have a collective responsibility and legal obligation to promote the interests of the company, and are collectively responsible for defining corporate governance arrangements. Ultimate responsibility for the quality of, and approach to, corporate governance lies with the chair of the board. • The board (and any committees) should be provided with high quality information in a timely manner to facilitate proper assessment of the matters requiring a decision or insight. • The board should have an appropriate balance between executive and non-executive directors and should have at least two independent non-executive directors. Independence is a board judgement. • The board should be supported by committees (e.g. audit, remuneration, nomination) that have the necessary skills and knowledge to discharge their duties and responsibilities effectively. • Directors must commit the time necessary to fulfil their roles. 	<p><i>Clear Leisure plc's Board of Directors is comprised of Prof Francesco Gardin as Chairman and Chief Executive Officer ("CEO"). Mr Reginald Eccles is the independent Non-executive Director of the Company, while Mr. James Douglas Gordon acts as Company Secretary.</i></p> <p><i>Both Directors allocate sufficient time to the Company to discharge their duties.</i></p> <p><i>Ultimate responsibility for the quality of, and approach to, corporate governance lies with the Chair of the Board.</i></p> <p><i>The Board is aware that the QCA Corporate Governance Code advises that, save in exceptional circumstances, the Chairman should not also fulfil the role of Executive Director. Given the current size and stage of the Company, alongside Prof Gardin's knowledge of past and present complex legal matters impacting on the Company, the Board believes that this combined role is currently appropriate. This, however, will be kept under review as the Company develops.</i></p> <p><i>The Company notes that the QCA Code also recommends that the Board include at least two Independent non-executive directors. The Board will consider the appointment of additional non-executive directors as the Group's scale and complexity grows.</i></p> <p><i>The shareholders are aware of these circumstances and have not opposed the re-election of the Board at the Annual General Meetings.</i></p> <p><i>In addition, there is a regular dialogue between the Directors and the Company Secretary to ensure every decision is correctly assessed and properly balanced.</i></p> <p><i>The Board is also supported by a number of committees including the Audit Committee and the Remuneration Committee.</i></p> <p><i>Additionally, as a holding company, Clear Leisure is supported by the Boards and independent Directors of individual operating companies.</i></p>
---	--

DIRECTORS' REPORT (continued)

<p>Principle 6</p> <p>Ensure that between them the directors have the necessary up-to-date experience, skills and capabilities</p> <ul style="list-style-type: none"> • The board must have an appropriate balance of sector, financial and public markets skills and experience, as well as an appropriate balance of personal qualities and capabilities. The board should understand and challenge its own diversity, including gender balance, as part of its composition. • The board should not be dominated by one person or a group of people. Strong personal bonds can be important but can also divide a board. • As companies evolve, the mix of skills and experience required on the board will change, and board composition will need to evolve to reflect this change. 	<p><i>Biographies and expertise of the Directors are available on both the Company's website (in the Board of Directors section) and the Annual Reports.</i></p> <p><i>In matters related to company law, the Company depends upon the legal expertise of its legal advisers.</i></p> <p><i>Where there are issues that exceed the expertise of the Directors, the Company utilises external advisors.</i></p> <p><i>The Company has engaged several law firms, in Italy and in the UK, to advise in respect of the legal matters related to the claims the Company has pursued since the appointment of the current Board in July 2015.</i></p> <p><i>The Directors' background and experience guarantee they can maintain their skillset up-to-date. Prof Francesco Gardin has maintained close connections with his former colleagues at Udine, Milan and Siena Universities, where he lectured for 30 years, regularly attends global technology and technology-related conferences and he is part of a network of advisors, CEOs and CFOs, of quoted and unquoted companies around the world, he meets regularly. Mr Reginald Eccles is a long-standing member of the Institute of Directors, through which he has access to outstanding advice and information. He is also a Freeman of a City Livery Company and a Freeman of the City of London, in which roles he continuously meets entrepreneurs and businessmen.</i></p>
<p>Principle 7</p> <p>Evaluate board performance based on clear and relevant objectives, seeking continuous improvement</p> <ul style="list-style-type: none"> • The board should regularly review the effectiveness of its performance as a unit, as well as that of its committees and the individual directors. • The board performance review may be carried out internally or, ideally, externally facilitated from time to time. The review should identify development or mentoring needs of individual directors or the wider senior management team. 	<p><i>The Board considers the evaluation process is best carried out internally given the Company's current size, However, the Board will keep this under review and may consider independent external evaluation reviews in due course as the Company grows.</i></p> <p><i>The Independent Non-executive Director chairs the Remuneration Committee and is responsible for assessing and for evaluating the effectiveness of the Executive Director (including determination of any annual bonus) by reference to the performance of the Company. This review takes place every six months.</i></p>

DIRECTORS' REPORT (continued)

<p>Principle 7 (continued)</p> <ul style="list-style-type: none"> It is healthy for membership of the board to be periodically refreshed. Succession planning is a vital task for boards. No member of the board should become indispensable. 	<p><i>The Company does not consider it necessary at the current time to have a Nominations Committee and the Board as a whole is responsible for Board and senior management nominations. The merits of constituting a separate Nominations Committee will be kept under review. The Board continues to monitor and evolves the Company's corporate governance structures and processes, and maintains that these will evolve over time, in line with the Company's growth and development.</i></p> <p><i>There is currently no focus for the Board on succession planning although this will be kept under review.</i></p>
<p>Principle 8</p> <p>Promote a corporate culture that is based on ethical values and behaviours</p> <ul style="list-style-type: none"> The board should embody and promote a corporate culture that is based on sound ethical values and behaviours and use it as an asset and a source of competitive advantage. The policy set by the board should be visible in the actions and decisions of the chief executive and the rest of the management team. Corporate values should guide the objectives and strategy of the company. The culture should be visible in every aspect of the business, including recruitment, nominations, training and engagement. The performance and reward system should endorse the desired ethical behaviours across all levels of the company. The corporate culture should be recognisable throughout the disclosures in the annual report, website and any other statements issued by the company. 	<p><i>The Board recognises that a corporate culture based on sound ethical values and behaviours is an asset and provides competitive advantages. The Company operates in different sectors and markets and is mindful that respect of individual cultures is critical to corporate success.</i></p> <p><i>The Company endeavours to conduct its business in an ethical, professional and responsible manner, treating its employees, business partners and wider stakeholders with equal courtesy and respect at all times.</i></p>

DIRECTORS' REPORT (continued)

<p>Principle 9</p> <p>Maintain governance structures and processes that are fit for purpose and support good decision-making by the board</p> <ul style="list-style-type: none"> • The company should maintain governance structures and processes in line with its corporate culture and appropriate to its: <ul style="list-style-type: none"> ○ size and complexity; and ○ capacity, appetite and tolerance for risk. • The governance structures should evolve over time in parallel with its objectives, strategy and business model to reflect the development of the company. 	<p><i>The Board is responsible for maintaining the corporate governance structure that is appropriate to its corporate culture and business growth. In maintaining the governance structure, the Board works closely with its Nominated Advisor.</i></p> <p><i>The Executive Director is responsible for running the business and implementing the decisions and policies of the Board. The Board is also responsible for ensuring the Company's communication with shareholders is timely, informative and accurate with due regard to regulatory requirements.</i></p> <p><i>The Non-Executive Director was appointed not only to provide independent oversight and constructive challenge to the Executive Director but also chosen to provide strategic advice and guidance.</i></p> <p><i>The Board is supported by the Audit Committee, and the Remuneration Committee.</i></p> <p><i>The Audit Committee meets twice a year and is responsible for dealing with accounting matters, ensuring the independence of the external auditors, financial reporting and internal controls. The committee comprises the Non-executive Director and the Chairman of the Company and is chaired by the Non-executive Director.</i></p> <p><i>The Remuneration Committee, chaired by the Non-executive Director, is responsible for the approval of the remuneration for the executive Director. The Committee meets twice a year and is comprised of the Non-executive Director and the Chief Executive Officer. In determining the total remuneration (including bonuses, if any) of the Executive Director, the Non-Executive Director may consult advisors. The Executive Director also consults the Non-executive Director with respect to overall staff remuneration.</i></p>
---	--

DIRECTORS' REPORT (continued)

<p>Principle 10</p> <p>Communicate how the company is governed and is performing by maintaining a dialogue with shareholders and other relevant stakeholders</p> <ul style="list-style-type: none"> • A healthy dialogue should exist between the board and all of its stakeholders, including shareholders, to enable all interested parties to come to informed decisions about the company. • In particular, appropriate communication and reporting structures should exist between the board and all constituent parts of its shareholder base. This will assist: <ul style="list-style-type: none"> ○ the communication of shareholders' views to the board; and ○ the shareholders' understanding of the unique circumstances and constraints faced by the company. • It should be clear where these communication practices are described (annual report or website). 	<p><i>The Chairman is responsible for maintaining a dialogue with shareholders and the financial markets, including the financial press. The Company communicates with shareholders through the Annual Report and half-year accounts, announcements to the stock market and at its Annual General Meeting.</i></p> <p><i>The AIM Rule 26 section of the Company's website provides all required regulatory information as well as additional information shareholders may find helpful.</i></p> <p><i>Historical company announcements, annual reports and circulars of Annual General Meeting are available on the Company's website in the Annual Report and Circulars and Regulatory News section.</i></p> <p><i>Results of shareholder meetings will be publicly announced through the regulatory system and displayed on the Company's website with suitable explanations of any actions undertaken as a result of any significant votes against resolutions.</i></p> <p><i>Information on the work of the various Board Committees and other relevant information are included in the Company's Annual Report.</i></p>
---	--

DIRECTORS' REPORT (continued)

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Annual Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the Group and Parent Company financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union ("EU"). Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and the Company and of the profit or loss of the Group for that period. The Directors are also required to prepare financial statements in accordance with the AIM rules of the London Stock Exchange.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable IFRSs as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group's transactions and disclose with reasonable accuracy at any time the financial position of the Group and Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Group's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions. The Group is compliant with AIM Rule 26 regarding the Group's website.

Disclosure of information to auditor

In the case of each person who was a Director at the time this report was approved:

- so far as that director is aware there is no relevant audit information of which the Group's auditor is unaware; and
- that director has taken all steps that the director ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Group's auditor is aware of that information.

Independent auditor

MHA Macintyre Hudson, having expressed their willingness to continue in office, will be deemed reappointed for the next financial year in accordance with section 487(2) of the Companies Act 2006 unless the Company receives notice under section 488(1) of the Companies Act 2006.

By order of the Board

Francesco Gardin
Chairman
16 October 2020

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC

1. Our Qualified Opinion

We have audited the financial statements of Clear Leisure plc for (the parent) and its subsidiaries (the group) the year ended 31 December 2019.

The financial statements that we have audited comprise:

- Group statement of comprehensive income
- Group and Company statement of financial position
- Consolidated statement of changes in equity
- Company statement of changes in equity
- Group and Company statement of cashflows
- Notes 1 to 27 of the financial statements, including the accounting policies.

The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

In our opinion, except for the possible effects of the matters described in the Basis for qualified opinion section:

- the financial statements give a true and fair view of the state of the Group's and of the parent company's affairs as at 31 December 2019 and the Group's loss for the year then ended;
- the financial statements have been properly prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006 and, as regards the group financial statements, Article 4 of the IAS Regulation.

2. Basis for qualified opinion

Investment in GeoSim Systems

The investment disclosed in note 15 in relation to GeoSim Systems Ltd for an amount of €596,045 has been accounted for at fair value by the Directors. The measurement of fair value by the directors is based on the share price of another share placement of the investee that took place 18 months before the year end. In our opinion the valuation technique used by the directors does not provide a reliable measurement of the fair value of the investment in GeoSim Systems Ltd at the reporting date. As the investee is a company that is still in the course of establishing itself, an income approach, in isolation or combined with a cost approach, could have been used to estimate the fair value of the investment in accordance with IFRS 13 *Fair Value Measurement*. We were unable, via our audit procedures, to obtain sufficient and appropriate audit evidence about the carrying amount of the investment in GeoSim Systems Ltd and, consequently we were unable to determine whether any adjustment to that amount was necessary.

Convertible loans

The current borrowings disclosed in note 19 include €3,750,000 (2018: €3,069,000) convertible loans and €4,678,000 (2018: €4,529,000) zero rate convertible bond 2015 loans that were issued. Both loans have been accounted for as debt whereas these are hybrid financial instruments and part of the proceeds received by the group include an equity component which should be included in equity. We have reviewed the terms of both loans and concluded that they are hybrid financial instruments that comprised a financial liability host contract and conversion option that is an embedded derivative. Additionally, the company should have assessed whether the conversion option should have been separated from the loans and accounted at fair value as a derivative. The directors decided not to revisit the accounting treatment of those financial instruments and we were unable, via our audit procedures, to quantify precisely the financial effects of the erroneous treatment on the carrying amount of the convertible loans.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC (Continued)

Mediapolis Investment S.A. and Altiak S.A.

As outlined in note 15, the group has not consolidated the subsidiary undertakings Mediapolis Investment S.A. and Altiak S.A. as the directors consider their inclusion to be immaterial to the consolidated financial statements. Although the subsidiaries have been inactive for a number of years, the information that we have obtained in the course of our audit indicates that they have outstanding liabilities that prevent their winding up. The omission of these liabilities may be material to the consolidated financial statements. However, as no financial information was prepared for the two subsidiaries, we were unable to obtain sufficient appropriate audit evidence about the financial effect of their non-consolidation and to determine whether any material adjustment was necessary.

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard as applied to listed entities, and we have fulfilled our ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

3. Material uncertainty regarding going concern

We draw your attention to note 3 in the financial statements which states that the group incurred substantial losses during the year and that the Group's operational existence is still dependent on the ability to raise further funding either through an equity placing, or through other external sources of finance. The impact of this together with other matters set out in the note, indicate that a material uncertainty exists that may cast significant doubt on the group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Overview

Materiality	
Group	€70,000 1% of total assets
Company	€20,000 1% of total assets

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC (Continued)

4. Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified. These matters included those matters which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team and, as required for listed entities, our results from those procedures. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the *Basis for Qualified Opinion* section we have determined the matters described below to be key audit matters to be communicated in our report.

Incorrect application of the foreign currency accounting standards requirements	
The Risk	Our response
<p>The group has a presentational and functional currency of Euros and all subsidiaries share this same presentational and functional currency. In accordance with IAS 21 the company is required to translate transactions in foreign currency in Euros using the date of the transaction or closing rate for monetary items.</p> <p>As a result, there should be no foreign exchange reserves on consolidation.</p> <p>During the 2019 audit process, we identified that the underlying accounting records for the parent company and the group's subsidiaries were maintained in GBP and converted from other currencies including Euros into GBP following a change in accounting system in 2017. This led to issues in the accounting processes and controls over the consolidation, which resulted in foreign exchange gains and losses being recognised on balances denominated in Euros where no change to the Euro balance had occurred.</p> <p>This was considered significant deficiency in the accounting system and control environment this resulted in a pervasive risk of material misstatement across the whole financial statements.</p>	<p>We uncovered this fundamental legacy issue at a late stage of the audit and as such undertook the following items to respond to the risk.</p> <p>We reassessed the risk connected to this matter and concluded that it was pervasive and as such a significant risk impacting the whole financial statements was required.</p> <p>We performed additional procedures on the accounting system, including consolidation, and delayed sign off of the audit to respond to the shortcomings identified.</p> <p>We assessed the ability of the client's accountant to apply the foreign exchange requirement and produce adequate accounting records from the information recorded in the bookkeeping system.</p> <p>We requested management to revise their legacy procedures and modify foreign exchange workings, dating back to the original change in system in 2017.</p> <p>We audited substantively the changes by way of analytical procedures and test of details.</p> <p>We concluded on the matter on the basis of the evidence obtained and required restatement of the financial statements for the prior period.</p> <p>We assessed whether the appropriate disclosures regarding the nature of the restatement has been adequately disclosed in the financial statements.</p>

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC (Continued)

Result of our procedures

We concluded that, whilst the underlying accounting system issue has not been rectified, the appropriate corrections to the prior year and current year financial figures had been undertaken appropriately with the material misstatements corrected and disclosed in line with accounting standards.

Contingencies and existence of assets subject to litigation claims

The Risk	Our response
<p>The group is actively engaged in ongoing litigation claims to recover receivables advanced and investments made, as well as contingent damages for breach of contract, where the group expects significant future economic benefits.</p> <p>The group is required to assess the initial and subsequent measurement of the recoverability of receivables and investments and the other proceeds of its claims in view of the requirements of IFRS 9 <i>Financial Instruments</i> and IAS 37 <i>Provisions, Contingent Liabilities and Contingent Assets</i>.</p> <p>Some of the claims are yet to be concluded in the courts and require significant judgement from management.</p> <p>The risk exists that the outcome of these claims are not assessed appropriately and that rights and obligations do not exist to the extent that the corresponding assets are recognised.</p>	<p>We reviewed the significant judgements adopted by management in respect of assets subject to litigation claims and assessed its consistency with the requirements of IFRS 9 and IAS 37.</p> <p>We reviewed and discussed each claim with management and understood their basis for the treatment of each claim.</p> <p>We tested managements calculations as to the value of any claim amount and tested the key inputs to confirmations from external legal advisers and versus similar historical claims where the group has been successful.</p> <p>We considered the presentation and measurement of the assets under litigation.</p> <p>We assessed whether the appropriate disclosures regarding the nature of the claims has been adequately disclosed in the financial statements.</p>
<h3>Result of our procedures</h3> <p>We concluded that the assets recognised in relation to litigation claims were appropriately substantiated and measured in the financial statements.</p>	

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC (Continued)

Investment Valuation (other than in relation to Geosim Systems Ltd)	
The Risk	Our response
<p>Current assets investments in the financial statements are measured at fair value through profit or loss.</p> <p>The group's investment are primarily Level 3 investments under IFRS 13 <i>Fair Value Measurement</i>, as their measurement is primarily based on unobservable inputs as they are not traded in active markets.</p> <p>Therefore, these investments involve significant judgements from management and this increases the risk of a material misstatement.</p>	<p>Our procedures included assessing each investment against the fair value measurement criteria of IFRS 13 and determining the inputs to valuation techniques used by management to measure fair value. We concluded that all investments were classified as Level 3 investments.</p> <p>We then reviewed the Directors' detailed assessment of the fair value of each investment and assessed the methods, data and significant assumptions used in the valuation.</p> <p>We considered whether the valuation produced by the Directors to estimate the fair of the investments were reasonable in the context of the evidence available.</p>
<p>Result of our procedures</p> <p>We concluded that the fair value measurement of the current investments, with the exception of Geosim Systems outlined in our basis of qualified opinion section, was reasonable in view of the requirements of IFRS 13 and the available information.</p>	

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC (Continued)

Accuracy of Accounting for Group Entities (other than in relation to Alnitak S.A. and Mediapolis Investment S.A.)	
The Risk	Our response
<p>Clear Leisure Plc is required to prepare consolidated financial statements that include the entities that it controls in accordance with the requirements of IFRS 10 <i>Consolidated Financial Statements</i>.</p> <p>There is a risk that entities have been omitted from the Groups consolidated accounts and therefore have been accounted for incorrectly.</p> <p>If 'control' exists over an entity, in accordance with the definition in IFRS 10, and this has not been consolidated, the group accounts may be materially misstated.</p> <p>The Group has shareholdings in several dormant, inactive, liquidated and in-liquidation entities that might need to be consolidated into the group accounts.</p>	<p>Our procedures included an assessment of each investment held by the group in other entities against the definition of control set out in IFRS 10.</p> <p>We sought to establish whether the investment resulted in control of the entity by reviewing relevant internal and third-party documentation about the various entities and by enquiries of the Group's management and advisers.</p> <p>We also obtained the latest available financial information for all the investments and assessed the conclusions of the Directors about the inclusion of the various entities set out in Note 15.</p>
<p>Result of our procedures</p> <p>We concluded that the entities meeting the definition of control by the Group were consolidated in accordance with IFRS 10, with the exception of Alnitak S.A. and Mediapolis Investment S.A., as outlined in our basis of qualified opinion section.</p>	

5. Our application of materiality

Our definition of materiality considers the value of error or omission on the financial statements that would change or influence the economic decision of a reasonably knowledgeable person. Materiality is used in planning the scope of our work, executing that work and evaluating the results.

Materiality in respect of the group was set at €70,000 and for the parent company was €20,000 which was determined based on 1% of total assets.

6. An overview of the scope of our audit

The group consists of three reporting components all of which were considered to be significant components of the group, Clear Leisure Plc, Clear Leisure 2017 Limited and Brainspark Associates Limited. The significant components were subjected to full scope audits for the purposes of our audit report on the group financial statements.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC (Continued)

7. Capability of the audit in detecting irregularities, including fraud

As part of our audit we identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and then design and perform audit procedures responsive to those risks, including obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion.

We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting inappropriate journal entries to both reduce costs and inflate operating profit, and management bias in accounting estimates.

Audit procedures performed by the engagement team included, but were not limited to:

- Obtaining an understanding of the legal and regulatory frameworks that the group and company operates in, focusing on those laws and regulations that had a direct effect on the financial statements. The key laws and regulations we considered in this context included UK Companies Act, AIM regulations and applicable tax legislation. In addition, we considered compliance with the UK Bribery Act and employee legislation, as fundamental to the group and company's operations;
- Discussing among the engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud;
- Discussions with group and company management and the audit committee, including consideration of known or suspected instances of non-compliance with laws and regulations and fraud;
- Enquiring of the audit committee concerning actual and potential litigation and claims;
- Evaluation of the operating effectiveness of management's controls designed to prevent and detect irregularities;
- Assessment of matters reported on the group and company's whistleblowing helpline and the results of management's investigation of such matters;
- Reading key correspondence with regulatory authorities such as the Financial Reporting Council; and
- Challenging assumptions and judgements made by management in their significant accounting estimates, in particular with respect to the classification and measurement of the convertible loan notes.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members including internal specialists and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

We did not identify any key audit matters relating to irregularities, including fraud.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC (Continued)

8. We have nothing to report on the other information in the Annual Report

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon. Our opinion of the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Strategic report and directors report

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

9. Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

Arising solely from the limitation on the scope of our work relating to GeoSystems Ltd and Mediapolis Investment S.A. and Alntiak S.A. referred to above:

- we have not obtained all the information and explanations that we considered necessary for the purpose of our audit.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires is to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received by branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CLEAR LEISURE PLC (Continued)

10. Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

11. Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

12. Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**GROUP STATEMENT OF CHANGES IN EQUITY
FOR THE YEAR ENDED 31 DECEMBER 2019**

Group	Share capital €'000	Share premium account €'000	Other reserves €'000	Retained losses €'000	Total equity €'000
At 1 January 2018	6,412	43,563	10,112	(58,887)	1,200
Prior period adjustment			(1,693)	168	(1,525)
At 1 January 2018 (Restated)	6,412	43,563	8,419	(58,719)	(325)
Total comprehensive loss for the year	-	-	-	(3,740)	(3,740)
Issue of shares	815	3,559	-	-	4,374
Share issue costs	-	(84)	-	-	(84)
Transfer between reserves			(43)	43	-
At 31 December 2018 (Restated)	7,227	47,038	8,376	(62,416)	225
Total comprehensive loss for the year	-	-	-	(1,584)	(1,584)
Issue of shares	170	86	-	-	256
At 31 December 2019	7,397	47,124	8,376	(64,000)	(1,103)

The following describes the nature and purpose of each reserve:

Share capital	represents the nominal value of equity shares.
Share premium	amount subscribed for share capital in excess of the nominal value.
Retained losses	cumulative net gains and losses less distributions made and items of other comprehensive income not accumulated in another separate reserve.
Other reserves	consist of three reserves, as detailed in Note 23, see below:
Merger reserve	relates to the difference in consideration and nominal value of shares issued during a merger and the fair value of assets transferred in an acquisition of 90% or more of the share capital of another entity.
Loan note equity reserve	relates to the equity portion of the convertible loan notes.
Share option reserve	fair value of the employee and key personnel equity settled share option scheme as accrued at the statement of financial position date.

The accounting policies and notes form part of these financial statements.

**COMPANY STATEMENT OF CHANGES IN EQUITY
FOR THE YEAR ENDED 31 DECEMBER 2019**

Company	Share capital €'000	Share premium account €'000	Other reserves €'000	Retained losses €'000	Total €'000

The accounting policies and notes form part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

1. General information

Clear Leisure plc is a company incorporated in the United Kingdom under the Companies Act 2006. The Company's ordinary shares are traded on AIM of the London Stock Exchange. The address of the registered office is given on the Company Information page. The nature of the Group's operations and its principal activities are set out in the Directors' report on page 12.

2. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the period covered by these consolidated financial statements.

Basis of preparation

The consolidated Financial Statements of Clear Leisure plc have been prepared in accordance with International Financial Reporting Standards (IFRS) and International Financial Reporting Interpretations Committee (IFRIC) as adopted by the European Union and the parts of Companies Act 2006 applicable to companies reporting under IFRS.

The financial statements have been prepared under the historical cost convention as modified by the revaluation of assets and liabilities held at fair value.

The preparation of Financial Statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated Financial Statements are disclosed in Note 3.

The Consolidated Financial Statements are presented in Euros (€), the presentational and functional currency, rounded to the nearest €'000.

New standards, amendments and interpretations adopted by the Group and Company

The Group and Company have applied the following new and amended standards for the first time for its annual reporting period commencing 1 January 2019:

- IFRS 16 Leases
- Annual improvements to IFRS Standards 2015-2017 Cycle
- Interpretation 23 'Uncertainty over Income Tax Treatments'

These new and amended standards have not had a material effect on the Group and Company financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

2. Accounting policies (continued)

New standards, amendments and interpretations not yet adopted

As at the date of approval of these financial statements, the following standards were in issue but not yet effective. These standards have not been adopted early by the Company as they are not expected to have a material impact on the financial statements other than requiring additional disclosure or alternative presentation.

		Effective date (period) beginning on or after
IFRS 3	Amendment - Definition of a Business	01/01/2020
IFRS 7, IFRS 9, IAS 39	Amendment - Interest Rate Benchmark Reforms	01/01/2020
IFRS 17	Insurance Contracts	01/01/2021
IAS 1, IAS 8	Amendment - Definition of Material	01/01/2020
IAS 1	Amendment - Correction of Liabilities as Current and Non-Current	01/01/2022

The International Financial Reporting Interpretations Committee has also issued interpretations which the Company does not consider will have a significant impact on the financial statements.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Group (its subsidiaries) made up to 31 December each year. Control is achieved where the Group has the power to govern the financial and operating policies of an investee entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the group. All intra-group transactions, balances, income and expenses are eliminated on consolidation.

Business combinations

Acquisitions of subsidiaries and businesses are accounted for using the acquisition method. The consideration for each acquisition is measured at the aggregate of the fair values (at the date of exchange) of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred.

Where applicable, the consideration for the acquisition includes any asset or liability resulting from a contingent consideration arrangement, measured at its acquisition-date fair value. Subsequent changes in such fair values are adjusted against the cost of acquisition where they qualify as measurement period adjustments (see below). All other subsequent changes in the fair value of contingent consideration classified as an asset or liability are accounted for in accordance with relevant IFRSs. Changes in the fair value of contingent consideration classified as equity are not recognised.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

2. Accounting policies (continued)

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under IFRS 3(2008) are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with IAS12 *Income Taxes* and IAS19 *Employee Benefits* respectively;
- liabilities or equity instruments related to the replacement by the Group of an acquiree's share based payment awards are measured in accordance with IFRS 2 *Share-based Payment*; and
- assets (or disposal groups) that are classified as held for sale in accordance with IFRS 5 *Non-current Assets Held for Sale and Discontinued Operations* are measured in accordance with that Standard.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see below), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

The measurement period is the period from the date of acquisition to the date the Group obtains complete information about facts and circumstances that existed as of the acquisition date and is subject to a maximum of one year.

Investments in subsidiaries

Investments in subsidiaries are stated at cost less any provision for impairment.

Foreign currency

The functional currency is Euro. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income. Exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the income statement within 'finance income or costs'. All other exchange gains and losses are presented in the income statement within 'other (losses)/gains – net'.

Changes in the fair value of monetary securities denominated in foreign currency classified as available for sale are analysed between translation differences resulting from changes in the amortised cost of the security and other changes in the carrying amount of the security. Translation differences related to changes in amortised cost are recognised in profit or loss, and other changes in carrying amount are recognised in other comprehensive income.

Taxation

The tax expense represents the sum of the tax currently payable and any deferred tax.

Current taxes are based on the results of the Group companies and are calculated according to local tax rules, using the tax rates that have been enacted or substantially enacted by the period-end date.

Deferred tax is provided in full using the financial position liability method for all taxable temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. Deferred tax is measured using currently enacted or substantially enacted tax rates. Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the statement of financial position liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

2. Accounting policies (continued)

Deferred tax assets are recognised to the extent the temporary difference will reverse in the foreseeable future and that it is probable that future taxable profit will be available against which the asset can be utilised. Deferred tax is recognised for all deductible temporary differences arising from investments in subsidiaries and associates, to the extent that it is probable that the temporary difference will reverse in the foreseeable future and taxable profit will be available against which the temporary difference can be utilised.

Revenue

The Group provides consultancy services, which are invoiced at the point of the provision of the service. Revenue is recognised as earned at a point in time on the unconditional supply of these services, which are received and consumed simultaneously by the customer. The Group measures revenues at the fair value of the consideration received or receivable for the provision of consultancy services net of Value Added Tax.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Financial instruments

Classification and measurement

The Company classifies its financial assets into the following categories: those to be measured subsequently at fair value through the income statement (FVPL) and those to be held at amortised cost.

Classification depends on the business model for managing the financial assets and the contractual terms of the cash flows.

Management determines the classification of financial assets at initial recognition. The Company's policy with regard to financial risk management is set out in Note 20. Generally, the Company does not acquire financial assets for the purpose of selling in the short term.

The Company's business model is primarily that of "hold to collect" (where assets are held in order to collect contractual cash flows). When the Company enters into derivative contracts, these transactions are designed to reduce exposures relating to assets and liabilities, firm commitments or anticipated transactions.

Financial Assets held at amortised cost

The classification applies to debt instruments which are held under a hold to collect business model and which have cash flows that meet the "solely payments of principal and interest" (SPPI) criteria.

At initial recognition, trade receivables that do not have a significant financing component, are recognised at their transaction price. Other financial assets are initially recognised at fair value plus related transaction costs, they are subsequently measured at amortised costs using the effective interest method. Any gain or loss on derecognition or modification of a financial asset held at amortised cost is recognised in the income statement.

Financial Assets held at fair value through profit or loss (FVPL)

The classification applies to the following financial assets. In all cases, transaction costs are immediately expensed to the income statement.

- Debt instruments that do not meet the criteria of amortised costs or fair value through other comprehensive income. The Company has a significant proportion of trade receivables with embedded derivatives for professional pricing. These receivables are generally held to collect but do not meet the SPPI criteria and as a result must be held at FVPL. Subsequent fair value gains or losses are taken to the income statement.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

2. Accounting policies (continued)

- Equity investments which are held for trading or where the FVOCI election has not been applied. All fair value gains or losses and related dividend income are recognised in the income statement.
- Derivatives which are not designated as a hedging instrument. All subsequent fair value gains or losses are recognised in the income statement.

Trade and other receivables

Trade and other receivables are measured at initial recognition at fair value and are subsequently measured at amortised cost using the effective interest rate method. A provision is established when there is objective evidence that the Group will not be able to collect all amounts due. The amount of any provision is recognised in the income statement.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value with maturities of three months or less from inception.

Impairment of financial assets

A forward looking expected credit loss (ECL) review is required for: debt instruments measured at amortised costs are held at fair value through other comprehensive income; loan commitments and financial guarantees not measured at fair value through profit or loss; lease receivables and trade receivables that give rise to an unconditional right to consideration.

As permitted by IFRS9, the Company applies the “simplified approach” to trade receivable balances and the “general approach” to all other financial assets. The general approach incorporates a review for any significant increase in counter party credit risk since inception. The ECL reviews including assumptions about the risk of default and expected loss rates. For trade receivables, the assessment takes into account the use of credit enhancements, for example, letters of credit. Impairments for undrawn loan commitments are reflected as a provision.

Financial liabilities

Borrowings and other financial liabilities (including trade payables but excluding derivative liabilities) are recognised initially at fair value, net of transaction costs incurred, and are subsequently measured at amortised costs.

Convertible bonds

Convertible bonds are regarded as compound instruments, consisting of a liability component and an equity component. At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible debt. The difference between the proceeds of issue of the convertible loan notes and the fair value assigned to the liability component, representing the embedded option to convert the liability into equity of the Group, is included in equity.

Issue costs are apportioned between the liability and equity components of the convertible loan notes based on their relative carrying amounts at the date of issue. The portion relating to the equity component is charged directly against equity.

The interest expense on the liability component is calculated by applying the prevailing market interest rate for similar non-convertible debt to the liability component of the instrument. The difference between this amount and the interest paid is added to the carrying amount of the convertible loan note.

Borrowings costs

Borrowing costs are recognised in profit or loss in the period in which they are incurred.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

2. Accounting policies (continued)

Trade payables

Trade payables are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

Segmental reporting

In identifying its operating segments, management generally follows the Group's service lines, which represent the main products and services provided by the Group. The measurement policies the Group uses for segment reporting under IFRS 8 are the same as those used in its financial statements. The disclosure is based on the information that is presented to the chief operating decision maker, which is considered to be the board of Clear Leisure plc.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the year-end date, taking into account the risks and uncertainties surrounding the obligation.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Group are recorded at the proceeds received net of direct issue costs.

Share capital account represents the nominal value of the shares issued.

The share premium account represents premiums received on the initial issuing of the share capital. Any transaction costs associated with the issuing of shares are deducted from share premium, net of any related income tax benefits.

Retained losses include all current and prior period results as disclosed in the statement of comprehensive income.

Other reserves consist of the merger reserve, revaluation reserve, exchange translation reserve and loan equity reserve.

- the merger reserve represents the premium on the shares issued less the nominal value of the shares, being the difference between the fair value of the consideration and the nominal value of the shares.
- the revaluation reserve represents the difference between the purchase costs of the available for sale investments less any impairment charge and the market or fair value of those investments at the accounting date.
- the exchange translation reserve represents the movement of items on the statement of financial position that were denominated in foreign before translation
- the loan equity reserve represents the value of the equity component of the nominal value of the loan notes issued.

3. Critical accounting judgements and key sources of estimation uncertainty

The preparation of Financial Statements in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

3. Critical accounting judgements and key sources of estimation uncertainty (continued)

Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible, but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

In order to arrive at the fair value of investments a significant amount of judgement and estimation has been adopted by the Directors as detailed in the investments accounting policy. Where these investments are unlisted and there is no readily available market for sale the carrying value is based upon future cash flows and current earnings multiples for which similar entities have been sold. The nature of these assumptions and the estimation uncertainty as a result is outlined in Note 15, along with sensitivities in Note 20.

Going Concern

The Group's activities generated a loss of €1,584,000 (2018: €3,740,000) and had net current assets of €2,458,000 as at 31 December 2019 (2018: net current assets of €6,900,000). The Group's operational existence is still dependent on the ability to raise further funding either through an equity placing on AIM, or through other external sources, to support the on-going working capital requirements.

After making due enquiries, the Directors have formed a judgement that there is a reasonable expectation that the Group can secure further adequate resources to continue in operational existence for the foreseeable future and that adequate arrangements will be in place to enable the settlement of their financial commitments, as and when they fall due.

For this reason, the Directors continue to adopt the going concern basis in preparing the financial statements. Whilst there are inherent uncertainties in relation to future events, and therefore no certainty over the outcome of the matters described, the Directors consider that, based upon financial projections and dependant on the success of their efforts to complete these activities, the Group will be a going concern for the next twelve months. If it is not possible for the Directors to realise their plans, over which there is significant uncertainty, the carrying value of the assets of the Group is likely to be impaired.

In relation to the impact of COVID-19 on the Company, the Company's employees can carry out their duties remotely, via the network infrastructure in place. As a result, there was no disruption to the operational activities of the Company during the COVID-19 social distancing and working from home restrictions. All key business functions continue to operate at normal capacity.

Notwithstanding the above, the Directors note the material uncertainty in relation to the Group being unable to realise its assets and discharge its liabilities in the normal course of business.

4. Segment information

The Directors are of the opinion that under IFRS 8 - "operating segment" there are no identifiable business segments that are subject to risks and returns different to the core business of investment management. The information reported to the Directors, for the purposes of resource allocation and assessment of performance is based wholly on the overall activities of the Group. Therefore, the Directors have determined that there is only one reportable segment under IFRS 8.

The Group has not generated a material level of income and has no major customers.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)**

5. Staff costs

	2019	2018
	€'000	€'000
Staff costs during the period including directors comprise:		
Wages and salaries	277	458
Social security costs and pension contributions	5	12
	282	470

6. Directors' Emoluments

	2019	2018
	€'000	€'000
Aggregate emoluments	176	339
	176	339

There are no retirement benefits accruing to the Directors. Details of directors' remuneration are included in the Directors' Report.

7. Expenses by nature

	2019	2018
	€'000	(restated) €'000
Directors emoluments	176	339
Employee emoluments	106	131
Legal and professional fees	337	705
Audit and accountancy fees	64	70
Administrative expenditure	240	327
Impairment of assets	474	155
Legal claim	-	2,095
	1,397	3,822

In September 2019, the Group entered into a binding agreement with Sipiemi SpA ("Sipiemi") to buy the €10.8m legal action against the former Sipiemi directors, which was filed in the Italian courts on 26 February 2019. The agreement also includes a €238,000 credit due to Sipiemi by TLT SpA ("TLT"), the parent company of the Ondaland waterpark. Clear Leisure is a 50.17% shareholder of Sipiemi, whilst Sipiemi owns a small stake in TLT SpA. The legal action originated when Sipiemi's liquidator filed a claim against Sipiemi's previous executive management team and internal audit committee for fraud and mismanagement.

Under the terms the agreement, the Company's subsidiary Clear Leisure 2017 Limited ("CL2017") has paid €50,000 to Sipiemi to acquire the legal action from Sipiemi and CL2017 will bear all legal costs going forward, which have been capped at €35,000. CL2017 will receive 70% of any monies recovered should the ruling go in favour of the plaintiff (CL2017).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

8. Exceptional items

	2019	2018 (restated)
	€'000	€'000
Claim settlement	-	1,300
Impairment of syndicated loans	-	(934)
	-	366

On 9 November 2018 a full and final settlement had been reached in relation to a legal claim for the sum of €1,300,000 payable in cash to Clear Leisure plc. Following impairment of syndicated loans of €934,000 net exceptional items were €366,000.

In the 2018 financial statements, the income received from the claim was disclosed below the Operating Loss line. In the 2019 financial statements, the comparatives have been restated to disclose this income above the Operating Loss line in the Group Income Statement.

9. Finance charges

	2019	2018 (restated)

Subsidiary Auditor's remuneration		
Other services pursuant to legislation	10	10
	45	45

11. Employee numbers

	2019	2018
	Number	Number
The average number of Company's employees, including directors during the period was as follows:		
Management and administration	4	4

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

12. Company income statement

An income statement for Clear Leisure plc is not presented in accordance with the exemption allowed by Section 408 of the Companies Act 2006. The parent company's comprehensive loss for the financial year amounted to €816,000 (2018: €10,447,000).

13. Taxation

	2019 €'000	2018 €'000
Current taxation	-	-
Deferred taxation	-	-
Tax charge for the year	-	-

The Group has a potential deferred tax asset arising from unutilised management expenses available for carry forward and relief against future taxable profits. The deferred tax asset has not been recognised in the financial statements in accordance with the Group's accounting policy for deferred tax.

The Group's unutilised management expenses and capital losses carried forward at 31 December 2019 amount to approximately €22 million (2018: €21 million) and €9 million (2018: €9 million) respectively.

The standard rate of tax for the current year, based on the UK effective rate of corporation tax is 19% (2018: 19%). The actual tax for the current and previous year varies from the standard rate for the reasons set out in the following reconciliation:

	2019 €'000	2018 (restated) €'000
Continuing operations	€'000	€'000
Loss for the year before tax	(1,584)	(3,740)
Tax on ordinary activities at standard rate	(301)	(711)
Effects of:		
Expenses not deductible for tax purposes	-	2
Foreign taxes	-	-
Tax losses available for carry forward against future profits	301	709
Total tax	-	-

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

14. Earnings per share

The basic earnings per share is calculated by dividing the loss attributable to equity shareholders by the weighted average number of ordinary shares in issue during the period. Diluted earnings per share is computed using the weighted average number of shares during the period adjusted for the dilutive effect of share options and convertible loans outstanding during the period.

The loss and weighted average number of shares used in the calculation are set out below:

	2019			2018 (restated)		
	Profit/ (Loss) €'000	Weighted average no. of shares 000's	Per share Amount Euro	Profit/ (Loss) €'000	Weighted average no. of shares 000's	Per share Amount Euro
Basic and fully diluted earnings per share						
Continuing operations	(1,584)	618,891	(€0.003)	(3,740)	468,986	(€0.008)
Total operations	(1,584)	618,891	(€0.003)	(3,740)	468,986	(€0.008)

The share options in issue are anti-dilutive in respect of the loss per share calculation and have therefore not been included.

IAS 33 requires presentation of diluted earnings per share when a company could be called upon to issue shares that would decrease earnings per share. In respect of 2019 and 2018 the diluted loss per share is the same as the basic loss per share as the loss for each year has an anti-dilutive effect.

15. Investments

The significant entities for which the Group owns shares, including the parent company, held at 31 December 2019 were as follows:

Group Companies	Ownership	Country	Company Status	Net Assets/(Liabilities) €,000	Date of latest accounts	Treatment
Clear Leisure PLC	100.00%	UK	Parent Company	(6,753)	2019	Consolidated

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)****15. Investments (continued)**

The directors have assessed the group's interests in other entities on an individual basis and come to the overall conclusions as detailed in the table below. Please see the note narrative for additional information on an entity by entity basis.

Clear Leisure PLC

This entity is the UK based group parent and has therefore been included in the consolidation.

Brainspark Associates Limited

This entity is a 100% owned UK incorporated subsidiary of Clear Leisure PLC and has been included in the consolidation.

Clear Leisure 2017 Limited

This entity is a 100% owned UK incorporated subsidiary of Clear Leisure PLC and has been included in the consolidation.

Milan Digital Twin Limited

This entity is a 100% owned UK company which has been incorporated on 30 December 2019 with its first accounts made up to 31 December 2020. This entity only includes unpaid share capital and has not begun operating. It has been included in the consolidation with an overall impact of nil.

London Digital Twin Limited

This entity is a 100% owned UK company which has been incorporated on 30 December 2019 with its first accounts made up to 31 December 2020. This entity only includes unpaid share capital and has not begun operating. It has been included in the consolidation with an overall impact of nil.

Clear Holiday Srl

Clear Holiday Srl is a 100% owned subsidiary of the group incorporated in Italy. However, this entity has not been consolidated on the basis that it is immaterial to the group financial statements. The balances held within the company are not with external third parties and therefore the overall impact on the accounts would be trivial.

Miner One Limited

Miner One Limited is a UK based entity, which was initially set up as a 50% joint venture with 64Bit. During the year, the other 50% shareholding has been acquired from the partner and now it is 100% owned. The entity itself was initially set up with the hope of transferring certain assets, notably a data centre located in Serbia into its possession. However, due to disputes with the previous joint venture partner this did not materialise. In 2019 this entity remained dormant and did not trade during the year. This entity only includes unpaid share capital and has not begun operating, it has been included in the consolidation with an overall impact of nil.

Alnitak S.A

Alnitak S.A is a 100% owned subsidiary incorporated in Luxembourg. The company itself is inactive, being kept registered mainly because of a claim filed by the former sole Director. The initial ruling, after losing the case in the first instance has been appealed by Alnitak S.A, but is similar to another claim previously won by Clear Leisure in the Rome court where all legal costs were settled by the claimant.

Although the entity is inactive, there is no active management in Luxembourg and therefore Clear Leisure has also had difficulty formally liquidating the company. The net liability position of Alnitak S.A is immaterial to the group and the balances are largely internal. Therefore, the non-consolidation of this entity is deemed to be immaterial to the group.

Mediapolis Investment S.A

Mediapolis Investment S.A is a 71.72% owned subsidiary incorporated in Luxembourg. The company itself is inactive and is not trading. Previous management failed to pay accountants and local directors for the previous six years and no financial statements have been filed for over seven years. Although this entity is inactive and

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)****15. Investments (continued)**

71.72% of the shares are held by the group, there is no active management in Luxemburg, and this has led to a difficulty in finalizing a liquidation.

The most recent accounts available were produced in 2010 and the main asset held by the entity is the investment of 13% of the capital in another former group company, Fallimento Mediapolis Srl, which has been liquidated. This investment is carried at approximately EUR6.6m and has been impaired to nil. Therefore, the non-consolidation of this entity is deemed to be immaterial to the group.

Sosushi Company Srl

Sosushi Company Srl is a 99.3% owned entity incorporated in Italy. The company is in the process of liquidation and will be liquidated once certain ongoing legal matters have been resolved. No accounts have been approved for this company since 2014, when the process of liquidation began. Accounting information was never passed to the sole director despite several requests to the accountant. Further actions have now been taken to resolve the issues around accounting information and a new accountant has been appointed. Due to the liquidation, it is deemed that there is no control by the group over the entity and therefore the financial information for Sosushi Company Srl has not been consolidated into the group financial statements. The investment in Sosushi Company Srl is accounted at fair value through profit or loss.

Fallimento Mediapolis Srl

Fallimento Mediapolis Srl is a 84.04% equivalent owned entity incorporated in Italy. Clear Leisure Plc holds directly 74.67% of the capital of the company whilst a 13% stake is held via Mediapolis Investment S.A as noted above. The company was liquidated in 2017 and therefore this is the date from which control is deemed to have been lost. Therefore, the financial information for Fallimento Mediapolis Srl has not been consolidated into the group financial statements. The investment in Fallimento Mediapolis Srl is accounted at fair value through profit or loss.

ORH S.P.A

ORH S.P.A was a 73.4% owned entity incorporated in Italy. The company was liquidated in 2013 and therefore this is the date from which control is deemed to have been lost. Therefore, the financial information for ORH S.P.A has not been consolidated into the group financial statements. The investment in ORH S.P.A is accounted at fair value through profit or loss.

Birdland Srl

Birdland Srl is a 52% owned entity incorporated in Italy. The stake in the entity is indirectly owned via Brainspark Associates Limited. The company was placed into liquidation in 2017 and therefore this is the date from which control is deemed to have been lost. Therefore, the financial information for Birdland Srl has not been consolidated into the group financial statements. The investment in Birdland Srl is accounted at fair value through profit or loss.

Sipiem S.P.A

Sipiem S.P.A is a 50.17% owned entity incorporated in Italy. The entity has not been trading for a number of years and has only been maintained due to the ongoing legal matters with the former directors. An amount receivable has been recognised at the group level relating to the part of the claim which is payable to Clear Leisure PLC. The company is now in liquidation which commenced in 2015. Therefore, this is the date from which control is deemed to have been lost. Therefore, the financial information for Sipiem S.P.A has not been consolidated into the group financial statements. The investment in Sipiem S.P.A is accounted at fair value through profit or loss.

Bibop Srl

Bibop Srl is a 36.94% equivalent owned investment in a company incorporated in Italy. Birdland Srl holds a majority stake in the capital of the company. As Birdland Srl is in liquidation the group does not control or exercise significant influence on Bibop Srl and, accordingly the company is not consolidated, or equity accounted in the group financial statements. As the investment is not held directly by the group, no value is recognised in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

15. Investments (continued)

ForCrowd Srl

ForCrowd Srl is a 20% owned investment in an entity incorporated in Italy. This is a new investment which has been acquired during the year and has been recognised in the accounts at its fair value.

The value of the investment under equity accounting approximates its cost, as the associate has not started significant operations prior to 31 December 2019. Under this method the amount recognised is €221,090 (2018: N.A.)

This cost has been assessed in relation to the last (and only) equity round of the company in October 2019, in which the entire post money valuation of the company was €1,105,450, with Clear Leisure directly holding the 20% of such amount.

ForCrowd is a new investment made in 2019 investment and therefore has no comparable value in 2018.

PBV Monitor Srl

PBV Monitor Srl is a 10% owned investment in an entity incorporated in Italy. The investment has been recognised in the accounts at its fair value.

The Fair Value of PBV Monitor (€300,000, 2018: €340,047) has been assessed in relation to the last equity round of the company in early 2020, in which the entire post money valuation of the company was €3,000,000, with Clear Leisure directly holding the 10% of such amount. The difference in the valuation between 2019 and 2018, attributable to lower value attributed to the company during the 2020 equity round.

The Fair Value assessment of PBV Monitor, is directly related to the company's valuation in future rounds.

Geosim Systems Limited

Geosim Systems Limited is a 4.53% owned investment in an entity incorporated in Israel. The investment has been recognised in the accounts through its fair value and is held via Brainspark Associates Limited.

The Fair Value of Geosim (€596,045, 2018: €583,319) has been assessed in relation to the last equity round of the company in 2018, in which Clear Leisure's 533,990 Geosim shares have been valued at \$1.25 each. The difference in the valuation between 2019 and 2018, attributable to the variance in the EUR/USD exchange rate.

The Fair Value assessment of Geosim is directly related to the company's valuation in future rounds and to the EUR/USD exchange rate.

Beni Immobili Srl

Beni Immobili Srl a 15.05% equivalent owned investment in an entity incorporated in Italy. The shares in this company are held via Sipiem S.P.A. No fair value is recognised for this investment as the entity has minimal net assets and the valuation would be trivial to the consolidated financial statements. Moreover, as the investment is held via Sipiem S.P.A, which is in liquidation, the investment should not be recognised as an asset.

TLT S.P.A

TLT S.P.A is a 0.25% owned investment based in Italy. No fair value is recognised for this investment as the entity has a large net liability position and due to the small shareholding, any potential valuation would be trivial to the consolidated financial statements. Moreover, as the investment is held via Sipiem S.P.A, which is in liquidation, the investment should not be recognised as an asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

15. Investments (continued)

	Group		Company	
	2019	2018 (restated)	2019	2018 (restated)
	€'000	€'000	€'000	€'000
At as 1 January	923	-	340	-
Additions	221	923	221	340
Impairment of investments	(27)	-	(40)	-
Carrying value at 31 December	1,117	923	521	340

An amount of €596,045 (2018: €583,000) included within Group investments held for trading is a level 3 investment and represents the fair value of 533,990 shares in GeoSim Systems Ltd. GeoSim Systems Ltd is an Israeli company seeking to establish itself as the world leader in building complete and photorealistic 3D virtual cities and in delivering them through the Internet for use in local searches, real estate and city planning, homeland security, tourism and entertainment. Clear Leisure owns 4.53% of GeoSim Systems Ltd.

An amount of €300,000 (2018: €340,000) included within Company investments held for trading is a level 3 investment and represents the fair value of a 10% interest in PBV Monitor Srl ("PBV"). PBV is an Italian company specialising in the acquisition and dissemination of data for the legal services industry, utilising proprietary market intelligence tools and dedicated search software. Clear Leisure acquired 10% of PBV in December 2018. As part of the investment agreement, Clear Leisure was granted a seat on the board of PBV and was appointed as exclusive advisor to PBV regarding the possible sale of PBV from 1 January 2020 for a period of four years and will be entitled to a 4% commission fee on the proceeds of any sale.

An amount of €221,000 included within Company investments held for trading is a level 3 investment and represents a 20% interest in ForCrowd Srl ("ForCrowd"). ForCrowd is an Italian equity crowdfunding platform based in Milan dedicated to Italian small/medium companies. ForCrowd was granted a mandatory Crowdfunding license in June 2019 by Commissione Nazionale per le Società e la Borsa ("Consob"), the equivalent of the UK Financial Conduct Authority in Italy. As part of the terms of the investment, Clear Leisure is entitled to a referral fee on all clients and investors introduced to ForCrowd. The referral fee will be 1% of the total amount raised for any projects Clear Leisure introduces to ForCrowd and it will receive an additional 3% of funds invested into a project by an investor introduced by the Company. ForCrowd's main shareholder is For Finanza d'Impresa e Management Srl ("ForFinanza"), a financial and management consulting company based in Milan that has extensive expertise in corporate finance and is part of a large network of individual and corporate investors in northern Italy.

16. Trade and other receivables

	Group		Company	
	2019	2018 (restated)	2019	2018 (restated)
	€'000	€'000	€'000	€'000

7% Convertible Bond 2014

This historic bond was extinguished in October 2018 following the final conversion by two bond holders of £65,000 (€73,000) including cumulative interest into 1,625,000 new ordinary shares of 0.25 pence at a price of 4.00 pence per share.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

19. Borrowings (continued)

Zero Rate Convertible Bond 2015

	2019 €'000	2018 (restated) €'000
As at 1 January	4,529	6,523
Adjustment for the conversion of bonds		(2,000)
Interest charge for the year	149	6
As at 31 December	4,678	4,529
Disclosed as:		
Non-Current Liabilities	4,678	4,529
Current Liabilities	-	-

Interest on the bonds is payable annually on 31 March each year. The bonds at 31 December 2019 includes all interest accrued to that date. The unpaid interest together with accrued interest to 31 December 2019 is included within current liabilities.

On 25 March 2013 the Company issued €3,000,000 nominal value of zero rate convertible bonds at a discount of 22%. The bonds are convertible at 15p per share and have a redemption date of 15 December 2015. During 2014 the Company issued €1,885,400 zero bonds in settlement of £1,563,000 7% bonds (see above). Also €600,000 zero bonds were issued in settlement of a debt of €518,000 and €450,000 bonds were issued for cash realising €412,000 before expenses.

On 15 December 2015 the bondholders meeting approved the amendments on the Zero Rate Convertible Bond 2015, originally due on 15 December 2015; Under new terms the final maturity date of the Bond is 15 December 2017 and the interest has been reduced from 9.5% to 7%.

On 15 December 2016 the bondholders meeting approved the amendments on the Zero Rate Convertible Bond 2015, originally due on 15 December 2017; Under new terms the final maturity date of the Bond is 15 December 2018 and the interest has been reduced from 7% to 1%.

On 19 June 2018, the holders of its €9.9m Bonds agreed to extend the final maturity date of the Bonds from 15 December 2018 to 15 December 2022. The Company is now able to convert the Bonds into new ordinary shares of 0.25p each.

On 28 December 2018, bonds with a face value of €2,100,000 plus cumulative interest were converted into 50,992,826 new ordinary shares of 0.25 pence at a price of 3.76 pence per share.

On 29 March 2019, Eufingest SA agreed to extend the repayment of the following unsecured loans from initially 31 December 2018 to 31 March 2019 and then to 30 June 2019. €50,000 & €250,000 as announced on 7 December 2017 and 2 January 2018 respectively. €200,000 as first announced on 3 October 2018. All other terms and conditions of the Loans remain unchanged.

Other Borrowings

In March 2018, the Company agreed with a lender to settle €250,000 of a loan by issuing 22,321,429 new ordinary shares of 0.25 pence at a price of 1.00 pence per share.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

20. Financial instruments

The Group's financial instruments comprise cash, investments at fair value through profit or loss, trade receivables, trade payables that arise from its operations and borrowings. The main purpose of these financial instruments is to provide finance for the Group's future investments and day to day operational needs.

The Group does not enter into any derivative transactions such as interest rate swaps or forward foreign exchange contracts, as the Group's exposure to movements in foreign exchange rates is not considered significant (see Foreign currency risk management). The main risks faced by the Group are limited to interest rate risk on surplus cash deposits and liquidity risk associated with raising sufficient funding to meet the operational needs of the business.

The Board reviews and agrees policies for managing these risks and they are summarised below.

FINANCIAL ASSETS BY CATEGORY

The categories of financial assets included in the statement of financial position and the headings in which they are included are as follows:

	2019	2018
	€'000	(restated) €'000
Financial assets:		
Financial assets held at fair value through other comprehensive income	1,117	923
Loans and receivables	6,603	7,485
Cash and cash equivalents	1	267
	7,721	8,675

FINANCIAL LIABILITIES BY CATEGORY

The categories of financial liabilities included in the statement of financial position and the headings in which they are included are as follows:

	2019	2018
	€'000	(restated) €'000
Financial liabilities at amortised cost:		
Trade and other payables	396	509
Borrowings	8,428	7,941
	8,824	8,450

Financial instruments measured at fair value:

	Level 1	Level 2	Level 3
	€'000	€'000	€'000
As at 31 December 2019			
Investments at fair value through profit or loss	-	-	1,117
	-	-	1,117
As at 31 December 2018			
Investments at fair value through profit or loss	-	-	923
	-	-	923

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

20. Financial instruments (continued)

The Group has adopted fair value measurements using the IFRS 7 fair value hierarchy.

Categorisation within the hierarchy has been determined on the basis of the lowest level of input that is significant to the fair value measurement of the relevant asset as follows:

- Level 1: valued using quoted prices in active markets for identical assets;
- Level 2: valued by reference to valuation techniques using observable inputs other than quoted prices included in Level 1;
- Level 3: valued by reference to valuation techniques using inputs that are not based on observable markets criteria.

The Level 3 investment refers to an investment in GeoSim Systems Ltd, PBV Monitor Srl, and ForCrowd Srl.

Capital risk management

The Group manages its capital to ensure that entities in the Group will be able to continue as going concerns while maximising the return to stakeholders through optimisation of the debt and equity balance. The capital structure of the Group consists of debt attributable to convertible bondholders, borrowings, cash and cash equivalents, and equity attributable to equity holders of the Group, comprising issued capital, reserves and retained earnings, all as disclosed in the Statement of Financial Position.

Significant accounting policies

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument disclosed in Note 2 to the financial statements.

Financial risk management objectives

The Company is exposed to a variety of financial risks which result from both its operating and investing activities. The Group's risk management is coordinated by the board of directors and focuses on actively securing the Company's short- and medium-term cash flows by raising liquid capital to meet current liability obligations.

Market price risk

The Company's exposure to market price risk mainly arises from movements in the fair value of its investments held for trading. The Group manages the investment price risk within its long-term investment strategy to manage a diversified exposure to the market. If the investments were to experience a rise or fall of 15% in their fair value, this would result in the Group's net asset value and statement of comprehensive income increasing or decreasing by €167,000 (2018: €138,000).

Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which monitors the Group's short, medium and long-term funding and liquidity management requirements on an appropriate basis. The Group has minimal cash balances at the reporting date (refer to Note 2 – Basis of preparation and going concern). The Group continues to secure future funding and cash resources from disposals as and when required in order to meet its cash requirements. This is an on-going process and the directors are confident with their cash flow models.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

20. Financial instruments (continued)

The following are the undiscounted contractual maturities of financial liabilities:

	Carrying Amount €'000	Less than 1 year €'000	Between 1 and 5 years €'000	Total €'000
As at 31 December 2019				
Trade and other payables	396	396	-	396
Borrowings	8,428	3,750	4,678	8,428
	8,824	4,146	4,678	8,428
As at 31 December 2018				
Trade and other payables	509	509	-	509
Borrowings	7,941	343	7,598	7,941
	8,450	852	7,598	8,450

Management believes that based on the information provided in Notes 2 and 3 – in the 'Basis of preparation' and 'Going concern', that future cash flows from operations will be adequate to support these financial liabilities.

Interest rate risk

The Group and Company manage the interest rate risk associated with the Group cash assets by ensuring that interest rates are as favourable as possible, whilst managing the access the Group requires to the funds for working capital purposes.

The Group's cash and cash equivalents are subject to interest rate exposure due to changes in interest rates. Short-term receivables and payables are not exposed to interest rate risk. The borrowings are at fixed interest rates.

	Group		Company	
	2019 €'000	2018 (restated) €'000	2019 €'000	2018 (restated) €'000
Fixed rate instruments				
Financial assets	7,721	8,675	2,014	2,003
Financial liabilities	8,428	7,941	8,428	7,941

Change in interest rates will affect the Group's income statement as follows:

Group	Gain / (loss)	
	2019 €'000	2018 €'000
Euribor +0.5% / -0.5%	- / -	- / -

The analysis was applied to financial liabilities based on the assumption that the amount of liability outstanding as at the reporting date was outstanding for the whole year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

20. Financial instruments (continued)

Foreign currency risk management

The Group undertakes certain transactions denominated in currencies other than Euro, hence exposures to exchange rate fluctuations arise. Amounts due to fulfil contractual obligations of £Nil (2018: £Nil) are denominated in sterling. An adverse movement in the exchange rate will impact the ultimate amount payable, a 10% increase or decrease in the rate would result in a profit or loss of £Nil (2018: £Nil). The Group's functional and presentational currency is the Euro as it is the currency of its main trading environment, and most of the Group's assets and liabilities are denominated in Euro. The parent company is located in the sterling area.

Credit risk management

The Group's financial instruments, which are subject to credit risk, are considered to be trade and other receivables. There is a risk that the amount to be received becomes impaired. The Group's maximum exposure to credit risk is €6,604,000 (2018: €7,485,000) comprising receivables during the period. About 67% (2018: 59%) of total receivables are due from a single company. The ageing profile of trade receivables was:

	2019		2018 (restated)	
	Total book value €'000	Allowance for impairment €'000	Total book value €'000	Allowance for impairment €'000
Group				
Current	6,604	-	7,485	-
Overdue more than one year	-	-	-	-
	6,604	-	7,485	-
Company

The deferred shares have restricted rights such that they have no economic value.

Shares issued for the year ended 31 December 2019:

On 29 August 2019, 4,000,000 new ordinary shares of 0.25 pence per share were issued to F Gardin, in settlement of part of his 2018 remuneration.

On 3 October 2019, the Company issued 54,218,847 new ordinary shares of 0.25p as consideration for the acquisition of 20% interest in ForCrowd Srl, an Italian equity crowdfunding platform based in Milan.

Shares issued for the year ended 31 December 2018:

On 26 January 2018, the Company raised a total of £350,000 (€388,000) gross of expenses through a placing of 58,333,334 new ordinary shares of 0.25 pence at a price of 0.60 pence per share.

In March 2018, the Company agreed with a lender to settle €250,000 of a loan by issuing 22,321,429 new ordinary shares of 0.25 pence at a price of 1.00 pence per share.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

21. Share capital and share premium (continued)

On 16 March 2018, the Company raised a total of £300,000 (€333,000) gross of expenses through a placing of 42,857,143 new ordinary shares of 0.25 pence at a price of 0.70 pence per share.

On 23 May 2018, the Company raised a total of £600,000 (€665,000) gross of expenses through a placing of 63,157,890 new ordinary shares of 0.25 pence at a price of 0.95 pence per share.

On 30 May 2018, the Company agreed with a lender to settle a balance of £91,722 (€102,000) of accrued interest on a loan by issuing 8,263,250 new ordinary shares of 0.25 pence at a price of 1.11 pence per share.

On 30 May 2018, the Company issued 7,868,130 new ordinary shares of 0.25 pence amounting to €100,000 to its Joint Venture Partner in Miner One Limited at a price of 1.11 pence per share.

On 5 October 2018, the Company issued 1,625,000 new ordinary shares on conversion by two bondholders of the 2010 7% Bonds ("Bonds") with a face value of £65,000 (€72,000) at a price of 4.00 pence per share.

On 28 December 2018, convertible bonds with a face value of €2,100,000 plus accrued interest were converted into 50,992,826 new ordinary shares at a price of 3.76 pence per share.

On 28 December 2018, the Company issued 35,365,389 new ordinary shares as consideration of £278,750 (€309,000) to acquire a 10% interest in PBV Monitor Srl at a price of 0.788 pence per share.

On 31 December 2018, the Company allotted 3,076,923 new ordinary shares of 0.25 pence, £30,000 (€33,000) to Francesco Gardin in settlement of his 2017 remuneration package at a price of 0.975 pence per share.

Within the year ended 31 December 2018, invoices with a cumulative value of €127,000 were settled by the issue of new ordinary shares of 0.25 pence at an average price of 0.740 pence per share. €84,000 related directly to expenses incurred during the issue of new share capital.

22. Share based payments

Equity settled share option scheme

The Company operates share-based payment arrangements to remunerate directors and key employees in the form of a share option scheme. Equity-settled share-based payments are measured at fair value (excluding the effect of non-market based vesting conditions) at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of shares that will eventually vest and adjusted for the effect of non-market based vesting conditions.

On 31 July 2015, Francesco Gardin and Reginald Eccles were granted options to subscribe for 10,000,000 and 3,000,000 new ordinary shares in the Company at an exercise price of 1.25 pence per share. The options are exercisable for a period of five years from the date of grant.

The significant inputs to the model in respect of the options granted in 2015 were as follows:

	2015
Grant date share price	0.74 pence
Exercise share price	1.25 pence
No. of share options	13,000,000
Risk free rate	1.5%
Expected volatility	50%
Option life	5 years
Calculated fair value per share	0.2 pence

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

22. Share based payments (continued)

The total share-based payment expense recognised in the income statement for the year ended 31 December 2019 in respect of the share options granted was €Nil (2018: €Nil).

The remaining contractual life at 31 December 2019 is 0.5 years (31 December 2018 – 1.5 years).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

23. Other reserves

The Group considers its capital to comprise ordinary share capital, share premium, retained losses and its convertible bonds. In managing its capital, the Group's primary objective is to maintain a sufficient funding base to enable the Group to meet its working capital and strategic investment needs. In making decisions to adjust its capital structure to achieve these aims, through new share issues, the Group considers not only their short-term position but also their long-term operational and strategic objectives.

24. Ultimate controlling party

The Group considers that there is no ultimate controlling party.

25. Related party transactions

Transactions between the company and its subsidiaries, which are related parties have been eliminated on consolidation, but are disclosed where they relate to the parent company. These transactions along with transactions between the company and its investment holdings are disclosed in the table below, with all amounts being presented in Euros and being owed to the Group:

Related party	2019 Group	2018 Group	2019 Company	2018 Company
Clear Leisure 2017 Limited	-	-	951,243	871,255
Sipiem S.P.A	340,017	174,720	340,017	174,720

	497,091	482,122	1,448,334	1,353,377

On 29 August 2019, 4,000,000 new ordinary shares of 0.25 pence per share were issued to F Gardin at a price of 0.75 pence per share, in settlement of part of his 2018 remuneration.

During the year, Metals Analysis Limited, a company in which R Eccles is a Director, charged Clear Leisure Plc €49,833 (2018: €6,000) for consultancy fees. The amount owed from Metals Analysis Limited at year end is €14,631 (2018: €3,964 owed to).

The shareholder loan as disclosed in Note 19 'Borrowings' is a loan provided by Eufingest which has a 13.03% shareholding also has an outstanding loan for €3,750,000.

Included in trade and other payables is an amount of €14,427 owed to Mr F Gardin, Director.

Remuneration of key management personnel

The remuneration of the directors, who are the key personnel of the group, is included in the Directors Report. Under "IAS 24: Related party disclosures", all their remuneration is in relation to short-term employee benefits.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)

26. Events after the reporting date

On 18 February 2020, the Company entered into a new unsecured loan facility agreement with Eufingest SA, for a further €150,000 at an interest rate of 2,5% per annum repayable on 30 June 2020.

Following the receipt of the first Mediapolis tranche, Clear Leisure repaid to Eufingest the principal amount of €550,000 plus interest accrued on such loans of €11,157. In addition, on 5 October 2020, the Eufingest loans, totaling €3,375,000 and £30,000 had their repayment date extended to 31 October 2020.

The subsidiaries operations have been strongly impacted by the COVID pandemic, delaying the launch of new projects and slowing the expected revenue stream. Clear Leisure has been supportive with its portfolio companies, assisting as much possible in this difficult period. Unfortunately, the progress of the claims has been delayed (especially in Italy) due to the Courts being closed during the national Lockdown.

In this context, the Company engaged Sapphire Capital Partners LLP, an FCA registered entity, to act as the Investment Manager in a proposed Enterprise Investment Scheme Fund ("EIS" fund) launched together with Clear Leisure, acting as Investment Manager. The fund will seek to invest in companies which focus on the integration of biological and digital systems.

On 1 October 2020, the Company's shares were temporarily suspended from trading after announcing that the Company was unable to publish its audited annual report and accounts for the year ended 31 December 2019 due to the Accounting and Audit work in respect of the these items remaining ongoing. This delay was caused by historic issues in the accounting of transactions in different foreign currencies alongside the valuation of key assets and liabilities. These have now been resolved, and as outlined in Note 27, the financial statements have been restated to reflect these changes.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019 (CONTINUED)****27. Prior year adjustment (continued)****Notes to prior year restatement tables****Group**

1. In the previous year adjustments were incorrectly made translating balances into the functional and presentational currency of the Group, when the underlying balances were already denominated in Euros. An adjustment has been made to eliminate these incorrect foreign currency translations by making an adjustment to the foreign currency reserve and other comprehensive income of €392,000. An adjustment of €43,000 has also been made between the loan note equity reserve and retained earnings. In addition, €56,000 of adjustments have been made to the Income Statement for the impairment of other receivables and foreign exchange translation differences alongside changes to the corresponding balances in the Statement of Financial Position.
2. Exceptional items disclosed after operating loss of €1,300,000 have been reclassified to exceptional items before operating losses.
3. Finance charges have been restated by €6,000 with €934,000 related to a loss on syndicated loans from Mediapolis being reclassified to "Exceptional items" before operating losses. €150,000 of Other gains and losses has been reclassified to Administrative Expenses.
4. Current asset investments totaling €1,118,000 have been reclassified with €923,000 going to Non-current asset investments and £195,000 going to Trade and Other Receivables as this more accurately reflects the underlying substance of the financial instrument.
5. Following a reclassification of €354,000 from Non-Current Asset Investments to Trade and Other Receivables, a restatement to reduce this balance by €24,000 due to foreign exchange translation errors and an impairment of €48,000, resulting in a balance of €282,000 being recognised in trade and other receivables as well as the €195,000 per note 4 above which was increased by €5,000 due to a fair value adjustment.
6. Eufingest loan balance was increased by €1,556,000 after reclassifying the equity component of loan from other reserves as the accounting treatment previously adopted has now been assessed as being incorrect.

Company

7. €9,667,000 has been reclassified from Investments to Trade and Other Receivables. Of the balance transferred, €8,956,000 has been impaired primarily relating to a balance within a subsidiary company which was considered to be not recoverable. Trade and Other Receivables has also been increased by €386,000 to correct a translation to the Company's presentational currency. A further amount of €200,000 has been reclassified from Current Asset Investments to Trade and Other Receivables as stated in note 5 above.
8. Following the various adjustments and reclassifications noted above, the Statement of Cash Flows for the Group and the Company have been recalculated.
